This edited volume constitutes the first serious, sustained examination of the study of children's books for children aged from 0 to 3 with contributions by scholars working in different domains and attempting to assess the recognition of the role and influence of children's literature on the cognitive, linguistic, psychological and aesthetic development of young children. This collection achieves a balance between theoretical, empirical, historical and cross-cultural approaches by examining the broad range of children's books for children under three years of age, ranging from early-concept books through wimmelbooks and ABC books for small children to picture books that support the young child's acquisition of behavioral norms. Most importantly, the chapters proffer new insights into the strong relationship between children's books for young children and emergent literacy, drawing on current research in children's literature research, visual literacy, cognitive psychology, language acquisition, picture theory and pedagogy.

This is a story of the unexpected. In *Destined to Witness*, Hans Massaquoi has crafted a beautifully rendered memoir -- an astonishing true tale of how he came of age as a black child in Nazi Germany. The son of a prominent African and a German nurse, Hans remained behind with his mother when Hitler came to power, due to concerns about his fragile health, after his father returned to Liberia. Like other German boys, Hans went to school; like other German boys, he swiftly fell under the Führer's spell. So he was crushed to learn that, as a black child, he was ineligible for the Hitler Youth. His path to a secondary education and an eventual profession was blocked. He now lived in fear that, at any moment, he might hear the Gestapo banging on the door -- or Allied bombs falling on his home. Ironic, moving, and deeply human, Massaquoi's account of this lonely struggle for survival brims with courage and intelligence.

"The book you are about to read is unlike anything that has ever been written. This is a courageous, exemplary book written by an extraordinary woman, an incest survivor. It is the story of a heroine who moves forward word by word, into her memory and into her story, and who risks it all with every sentence, every image. "Don't is a book that reminds us just how much sexual violence, whatever its form (incest, rape, pornography, flashing, verbal harassment), is not only a repeated assassination of our vitality, our dignity, and our creativity, but also a way for men to occupy our lives, in the same way one 'occupies' a country. "Elly Danica is without a doubt more a fighter than a survivor. She discovered within herself a way to find the thread and the colour of life. Day

after day, she patiently wove her life together until the courage came to speak, and one day the strength to be able to write." -
