A vast reconstruction of the knowledge of the ancient Jewish priest-scientists, with vital implications for contemporary spirituality and science. • Reveals an ancient science that used geometry, sound, and number to link the finite world of human experience with the infinite realm of the divine. • Uses teachings extending back thousands of years to explicate key concepts of quantum physics and quantum cosmology. For centuries the Kabbalah has fascinated devotees of mysticism while its origins have remained obscure. Now, in her brilliant new work, Leonora Leet reveals that the Kabbalah was the product of a sophisticated, though largely forgotten, Hebraic sacred science that was the rival of any in Egypt or Greece. Not only does Leet reconstruct the secret teachings of the priest-scientists of the Hebrew temple, she also shows them to be the key to understanding both biblical and kabbalistic cosmology. Unlike previous purely historical explorations of the Jewish esoteric tradition, *The Secret Doctrine of the Kabbalah* resurrects this ancient body of knowledge to reveal eternal truths that can have a profound and positive impact on contemporary spirituality. New experimental methods of practicing Hebraic sacred science are explored that explain as never before the meaning of the central cosmological diagram of the entire Western esoteric tradition--the kabbalistic Tree of Life. Leet shows that the Kabbalah and its central diagram enshrine a key to the purpose of the cosmos, a key that has vast implications

for modern physics and cosmology. In a final synthesis, she envisions a culmination in which the universe and its divine child, perfected humanity, achieve that unification of the finite and infinite which has ever been the secret doctrine of the Kabbalah.

Formerly handed down under oath of secrecy, this clear, concise handbook discusses: the fundamental principles of alchemy; directions for the formation of an inexpensive home laboratory, with illustrations of the necessary equipment; step-by-step instructions for the work of the Lesser Circulation, the alchemical transformation within the plant kingdom?the necessary prerequisite for any work in the mineral kingdom.

This book analyzes the use of symbolism and theurgy in two sections of the Zohar, the central text of the kabbalah. These compositions, Tiqqunei ha-Zohar and Ra'aya Meheimna have been particularly loved by kabbalists. Giller demonstrates the significance of their contributions to theosophical kabbalah.

Comprising well over a thousand pages of densely written Aramaic, the compilation of texts known as the Zohar represents the collective wisdom of various strands of Jewish mysticism, or kabbalah, up to the thirteenth century. This massive work continues to provide the foundation of much Jewish mystical thought and practice to the present day. In this book, Pinchas Giller examines certain sections of the Zohar and the ways in which the central doctrines of classical kabbalah took shape around them.

Throughout history, people have reported spiritual experiences that we now identify as out-of-body experiences or OBEs. In recent times, modern researchers like Robert Monroe have pioneered the scientific study and practice of OBEs. Increasingly, people are remembering spontaneous OBEs, especially from early childhood. Also, OBEs are a typical feature of near-death experiences and have been described as beautiful, painless, and ecstatic. This is the comprehensive manual for inducing out of body experiences and managing the experience. Peterson not only explores the stages of his own development, but also concludes each chapter with a specific exercise that takes you to the next level. From wiggling out of your body for the first time (the author did a back flip his first time) to traveling through other realms and dealing with your "encounters," this is one of the most practical, step-by-step guides to OBEs available. He clearly demonstrates how this consciousness-expanding experience is accessible to anyone willing to make the leap into the great beyond. This is the ultimate manual on how to leave home....

Dion Fortune's *Mystical Qabalah* remains a classic in the field. She explores all aspects of the Qabalah-whose disciplines include the esoteric sciences of astrology and tarot, and forms the basis of the Western Mystery Tradition. Her thorough explanation of the Tree of Life, which lies at the heart of Qabalistic teaching, provides a key to the practical working of this mystical system for both novice and initiate. This revised edition includes an additional chapter culled from Fortune's *Inner Light Journal* describing the paths on the Tree, an editorial update for contemporary readers, and an easy-to-use foldout containing important diagrams that augment study of the text. This third volume completes the Zohar's commentary on the book of Genesis. Throughout, the Zohar probes the biblical text and seeks deeper meaning--for example, the divine intention behind Joseph's disappearance, or the profound significance of human sexuality.

This book deals with the “Book of Splendor” (Sefer ha-Zohar), the greatest achievement of Kabbalah and one of the most influential sources of Western mysticism. This book offers a new interpretation of the Zohar, analyzing both its theoretical content and its historical context; it also brings the theory and the history together by indicating the personal and autobiographical elements in the Zohar’s teachings. The author delves into the issues of the messianic elements of the Zohar, the way it was written, and its relationship to Christianity, Gnosticism, and Talmudic literature.

THE SINISTER TRADITION is an authorized edition of three core works of the Order of Nine Angles: the Grimoire of Baphomet, Codex Saerus, and Naos. The Order is one of the oldest schools to codify Satanic practice, and these texts form the basis of the ONA's hermetic Seven-Fold Way, and the system of Traditional Satanism. Herein is described a way of sinister, predatory spirituality which will challenge its readers to find and defy the limits of self and society. Through the Grimoire of Baphomet, Codex Saerus, and Naos, the initiate learns the basics of the Septenary system, the mythos of the Dark Gods, the basics of Sinister Sorcery, Sinister Chant, the Star Game, and the Seven-Fold Way leading to Adept hood and beyond.

[T]here is a system of interpretation in numerology which is supported by experience, but has its origin beyond the realm of the phenomenal worlds. If no such system existed, it would be impossible to prove the geometrical relations of thought. But this is done daily by those who make use of numbers for purposes of divination.-from "Chapter II: Geometrical Relations of Thought"Originally published in two volumes in 1913, this classic of the art of numerology builds upon the work of the ancient Greeks, Aryans, and Egyptians to describe the dramatic effect that numbers exert upon the world all around us. Part I introduces numerological theories and practices, including how to read others' thoughts through numbers, predict and influence success and failure, and understand "chance" events. Part II explores the geometry of nature and how it affects us, numbers that sway human will, and much more.For practitioners of the paranormal arts and those interested in the history of science and pseudoscience, this is a fascinating and essential book."Sepharial" was the pseudonym of British mystic WALTER GORN-OLD (1864-1929), one of the most prolific writers on and teachers of astrology in modern times. By employing the same basic methodologies used to establish the currently accepted chronology, it has been possible for a group of young archaeologists, including David Rohl, to create a New Chronology which resolves many of the problems permeating ancient world studies. In particular, one model has been developed which has major implications for Old Testament research. Through the revision of the master chronology of ancient Egypt they have unlocked the key to biblical history - the epic events of the Bible really did happen as recorded in the Books of Genesis, Exodus, Judges, Samuel, Kings and Chronicles - the problem was

that we had previously been looking for them in completely the wrong place in time. Many of the conundrums of the past are explained, and legendary figures such as Joseph, Moses, David and Solomon find their true political setting. Exodus and Conquest will be restored to history and the magic of legend will begin to make its great comeback
