This book explains the postcolonial Indian polity by presenting an alternative historical narrative of the British Empire in India and India's struggle for independence. It pursues this narrative along two major trajectories. On the one hand, it focuses on the role of imperial judicial institutions and practices in the making of both the British Empire and the anti-colonial movement under the Congress, with the lawyer as political leader. On the other hand, it offers a novel interpretation of Gandhi's non-violent resistance movement as being different from the Congress. It shows that the Gandhian movement, as the most powerful force largely responsible for India's independence, was anchored not in western discourses of political and legislative freedom but rather in Indic traditions of renunciative freedom, with the renouncer as leader. This volume offers a comprehensive and new reinterpretation of the Indian Constitution in the light of this historical narrative. The book contends that the British colonial idea of justice and the Gandhian ethos of resistance have been the two competing and conflicting driving forces that have determined the nature and evolution of the Indian polity after independence.

The idea of an alliance between Britain and its old Commonwealth colonies has recently made a remarkable comeback in the context of Brexit. Based on belief in a special bond between the English-speaking peoples of the UK, the USA, Canada, Australia and New Zealand, it has been dubbed the 'Anglosphere' by supporters and 'Empire 2.0' by critics. In this book, leading commentators Michael Kenny and Nick Pearce trace the historical origins of this idea back to the shadow cast by the British Empire in the late Victorian era. They show how leading British political figures, from Churchill to Thatcher, consistently reworked it and how it was revived by a group of right-wing politicians, historians and pamphleteers to support the case for Brexit. They argue that, while the contemporary idea of the Anglosphere as an alternative to European Union membership is seriously flawed, it nonetheless represents an enduring account of Britain's role in the world that runs through the heart of political life over the last century. Shadows of Empire will be essential reading for everyone interested in British politics

and post-Brexit foreign policy.

A roaring, rollicking, foot-stomping farce. Ketchup Soup is an epic, and at times ribald, comedy about the lovable James Reichardt, a verbose junior copywriter who's just landed his first job at a sleepy advertising agency in New Orleans. Part genius, part naive miscreant, James suffers from illusions of grandeur, not the least of which are the beliefs that business is the key to happiness and that he is Caesar reincarnated. In his first 364 days in the Big Easy he'll join forces with the many colorful characters of the city to bring down the ad agency, swear allegiance to art and lead a revolt against capitalism at the height of Mardi Gras. A tale that is both hilarious and heartfelt, Ketchup Soup is the side-splitting story of one young man's journey through the nonconformists and dank back alleys of New Orleans.

Set just after The Return of the Jedi, this graphic novel features the shocking return of Black Sun, the vast crime syndicate. "George Black rediscovers the history and lore of one of the planet's most magnificent landscapes. Read Empire of Shadows, and you'll never think of our first—in many ways our greatest—national park in the same way again." —Hampton Sides, author of Blood and Thunder Empire of Shadows is the epic story of the conquest of Yellowstone, a landscape uninhabited, inaccessible and shrouded in myth in the aftermath of the Civil War. In a radical reinterpretation of the nineteenth century West, George Black casts Yellowstone's creation as the culmination of three interwoven strands of history - the passion for exploration, the violence of the Indian Wars and the "civilizing" of the frontier - and charts its course through the lives of those who sought to lay bare its mysteries: Lt. Gustavus Cheyney Doane, a gifted but tormented cavalryman known as "the man who invented Wonderland"; the ambitious former vigilante leader Nathaniel Langford; scientist Ferdinand Hayden, who brought photographer William Henry Jackson and painter Thomas Moran to Yellowstone; and Gen. Phil Sheridan, Civil War hero and architect of the Indian Wars, who finally succeeded in having the new National Park placed under the protection of the US Cavalry. George Black's Empire of Shadows is a groundbreaking historical account of the origins of America's majestic national landmark.

IN A PLACE OF PEACE DURING A TIME OF WAR THE UNFORGIVEN WILL NOT GO FORGOTTEN. Edenville, 1940. In a rural hamlet where the majority of men are overseas to fight Hitler's Nazi war machine, someone is killing veterans of the first world war. Wartime Special Constable 'Lame' Eddie Sommers, a crippled rich boy and the butt of derision, is doing his best to fill a uniform he believes in, yet wears too large. Inexperienced and out of his depth, he turns to a former detective and veteran of the western front for assistance. Involving Marshall Geary might be his biggest mistake. Marshall wears a copper mask, as much to hide behind as to conceal his disfigurements. He struggles against howling flashbacks and the lingering stench of his own concealed crimes. In a town meant for sanctuary, repressed horrors awaken like worms in a collapsing coffin. The closer they get to the truth, the nearer everyone is dragged to their limits, their failings and their buried pasts.

A story about romance and everyday life that takes place in the Chicagoland area.

City Council President Joseph Coolman was pissed. His eyes were filled with vinegar, bile, rage you name it! I mean hotter than Marge Tartaglione on a bad day... "I promise you on the grave of my father that I will destroy that son of bitch!" scowled Joe Coolman as he sipped his Hennessy. He was sitting in the dark of his City Council President Office firmly affixed in his big leather chair. He slowly rocked back and forth. He was like a cobra. Ready to pounce. Maybe like a panther. But not moving too quickly. This one would take a little time. "Big Blarney my ass," he spoke to himself. And a patient man he was.... NOT A HAPPY BREAKFAST Democratic Party Unity Breakfast, Philadelphia, Pennsylvania. Bellevue Stratford Hotel. No matter how bad the political war or election, primary or general, the eggs get scrambled together into an omelet. They meet the day after the election to make peace. To unify. To continue to solidify the dominant political party again no matter what. Philly is a Democrat town. No ifs, ands, or cannolis about it. With a 7 to 1 voter registration advantage in the fifth largest city in the country (No, Philly didn't drop to lower than 6th or 7th nationally except maybe in the National League East). In terms of voter advantage, not even Frank Rizzo

could switch over that Democrat number to Republican. Not even half would do it for the Bambino these days. With a voter lead like that, Johnny Bouchee and The Democratic Party of Philadelphia County / City of Philadelphia had "fuck you votes." He didn't need shit from anybody to win a general election by 4 or 5 to one in November even if the roof fell in or Rizzo appeared in the clouds over Boathouse Row. But this past primary created a lot of bad blood. A lot. The cuts went deep, and the screwing was of blarney and booze. The good of it, for Johnny Bouchee, was The Irish retook the City politically. It had been a while. But Johnny and Bobby Eamon were sitting pretty these days. They were smirking a great deal as the sun glimmered in those Irish Eyes. But like I said, this one cut deep. There was gonna be a price to pay. This Democrat's Unity Breakfast needed a lot of salve and bandages to heal. Salve? They needed more than that! They needed morphine and transplant organs to heal this trauma. The road to recovery went through the heart of North Philadelphia. The reason for it was simple. The African American Political Hierarchy took more than a haircut as James Francis Malloy became the Democratic Nominee for Mayor of Philadelphia. In truth, they got scalped. And the blood was all over Johnny Bouchee's and Bobby Eamon's hands. It happened like this every primary election. It was lick the wounds day and make peace and give respect to the vanquished over cold eggs and scrapple. In fact, Johnny Bouchee had been doing this breakfast for decades... but not today. Today, the rift was a little too big to manage over a breakfast, and Johnny knew it. It was bloody and ugly. A bad cut above the eye. The Philly Democrats looked like Rocky Balboa's face.

A masterful, thought-provoking, and wide-ranging study of how the vestiges of the imperial era shape society today. In this groundbreaking narrative, *The Shadows of Empire* explains (in the vein of *The Silk Roads* and *Prisoners of Geography*) how the world's imperial legacies still shape our lives—as well as the thorniest issues we face today. For the first time in millennia we live without formal empires. But that doesn't mean we don't feel their presence rumbling through history. From Russia's incursions in the Ukraine to Brexit; from Trump's America-First policy to China's forays into Africa; from Modi's India to the hotbed of the Middle East, Samir Puri provides a bold new framework for understanding the world's complex rivalries and politics. Organized by region, and covering vital topics such as security, foreign policy, national politics and commerce, *The Shadows of Empire* combines gripping history and astute analysis to explain why the history of empire affects us all in profound ways; it is also a plea for greater awareness, both as individuals and as nations, of how our varied imperial pasts have contributed to why we see the world in such different ways.

Soon after I came to the merchant's house I heard the drums beat remarkably loud, and the trumpets blow--the persons accustomed to this employ, are oblig'd to go upon a very high structure appointed for that purpose, that the sound might be heard at a great distance: They are higher than the steeples are in England. I was mightily pleas'd with sounds so entirely new to me, and was very inquisitive to know the cause of this rejoicing, and ask'd many questions concerning it: I was answer'd that it was meant as a compliment to me, because I was Grandson to the King of Bournou. This account gave me a secret pleasure; but I was not suffer'd long to enjoy this satisfaction, for in the evening of the same day, two of the merchant's sons (boys about my own age) came running to me, and told me, that the next day I was to die, for the King intended to behead me.--I reply'd that I was sure it could not be true, for that I came there to play with them, and to see houses walk upon
