KEEP CALM AND BE A PRINCESS! Do you enjoy writing in old fashion notebooks and journals? Then you need the Keep Calm and Be A Princess Notebook Laptop Or Paper Notebook? Technology promises to make our lives more productive. Indeed, some things are faster and easier than ever. Unfortunately, a lot of technology is designed for the task, not for the user. As a result, people are able to take more notes, yet understand less. Have you ever taken copious notes in a class or meeting using your computer only to realize afterwards you still didn't understand? Taking notes on paper forces you to synthesize rather than merely transcribe. Imagine you were wrongly accused of a crime and the world's most experienced court stenographer offered to represent you for free. Would you try to save a buck or shell out the money on an experienced attorney? The stenographer has heard as many court arguments, been in as many trials, listened to as many verdicts as most attorneys. However, their experience has primarily been that of transcription, not of comprehension and understanding. Because you desire comprehension and understanding rather than simple transcription, the Keep Calm and Be A Princess Notebook is a must. Studies About Benefits of Paper Notebooks Don't just take my word, based on a study conducted at UCLA, the Association for Psychological Science indicated that "taking notes by hand is better than taking notes on a laptop for remembering". Will you take advantage of this knowledge to gain an edge on your competition at school, work, or business? How will better understanding make things help you achieve your goals? Organize Your Life Get rid of little scraps of paper you use to capture inspirations and ideas, daily tasks, notes, and phone numbers. Use the Keep Calm and Be A Princess Notebook to neatly organize your life. From debut author Lisa Moore Ramée comes this funny and big-hearted debut middle grade novel about friendship, family, and

standing up for what's right, perfect for fans of Angie Thomas's *The Hate U Give* and the novels of Renée Watson and Jason Reynolds. Twelve-year-old Shayla is allergic to trouble. All she wants to do is to follow the rules. (Oh, and she'd also like to make it through seventh grade with her best friendships intact, learn to run track, and have a cute boy see past her giant forehead.) But in junior high, it's like all the rules have changed. Now she's suddenly questioning who her best friends are and some people at school are saying she's not black enough. Wait, what? Shay's sister, Hana, is involved in Black Lives Matter, but Shay doesn't think that's for her. After experiencing a powerful protest, though, Shay decides some rules are worth breaking. She starts wearing an armband to school in support of the Black Lives movement. Soon everyone is taking sides. And she is given an ultimatum. Shay is scared to do the wrong thing (and even more scared to do the right thing), but if she doesn't face her fear, she'll be forever tripping over the next hurdle. Now that's trouble, for real. "Tensions are high over the trial of a police officer who shot an unarmed Black man. When the officer is set free, and Shay goes with her family to a silent protest, she starts to see that some trouble is worth making." Winner of the Newbery Medal and the National Book Award! This #1 New York Times bestselling, modern classic in which boys are forced to dig holes day in and day out is now available with a splashy new look. Stanley Yelnats is under a curse. A curse that began with his no-good-dirty-rotten-pig-stealing-great-great-grandfather and has since followed generations of Yelnatses. There is no lake at Camp Green Lake. But there are an awful lot of holes. It doesn't take long for Stanley to realize there's more than character improvement going on at Camp Green Lake. Verbal Virtuoso: Guide To Improve Your Reading Comprehension (Grades 7-12/College Students/Graduate

Students/Adults) is an innovative step-by-step program that will improve your reading comprehension for any standardized reading exam. This book will enhance just about any person's reading skills by offering a reading technique to locate key points quickly and effectively. This system was originally designed to help students score higher on the reading section of the MCAT(r) (Medical College Admission Test), one of the most difficult standardized exams administered in the United States. As this workbook has helped many students score higher on the MCAT since 2009, we have decided to offer this version of the workbook to any student and adult who wishes to improve their reading abilities or score higher on any reading exam. If you wish to improve your reading abilities or reading comprehension exam scores, then this workbook will help you. The Verbal Virtuoso technique provides you with an easy and efficient system to analyze every one of the author's arguments presented in any reading passage. By asking yourself two very important questions upon reading each statement in the passage, you will develop a thorough understanding of the author's views and biases, as these simple questions force you to analyze the author's purpose in writing each individual sentence. With clear insight into how the author presents his or her argument to the reader and defends these arguments, answering the passage questions correctly will be an easier and clear-cut task. By enhancing your speed to pinpoint these arguments, you will also learn to understand the author's key points in the passage quicker than other readers who read without a technique. Furthermore, we provide you with a systematic thinking technique that ensures you read each statement and THINK about the statement's meaning and purpose within the passage. If you have trouble focusing as you read complex material, this technique may help you maintain focus as long as you keep asking yourself our two questions. We understand it is difficult to read through dense and boring passages, so we do not teach our students to read for enjoyment. Rather, we teach you to systematically analyze every statement, searching for any sign of argument. This investigation of the passage will naturally help you answer the most time-consuming and thought-provoking questions presented on reading exams (i.e. "Which of the following answer choices would most weaken the author's views presented in the passage?" or "Which of the following choices would the author most likely criticize?") Thank you, and we hope you enjoy this educational experience!
