Volumes in *Writing Spaces: Readings on Writing* offer multiple perspectives on a wide-range of topics about writing, much like the model made famous by Wendy Bishop's "The Subject Is . . ." series. In each chapter, authors present their unique views, insights, and strategies for writing by addressing the undergraduate reader directly. Drawing on their own experiences, these teachers-as-writers invite students to join in the larger conversation about developing nearly every aspect of craft of writing. Consequently, each essay functions as a standalone text that can easily complement other selected readings in writing or writing-intensive courses across the disciplines at any level. Topics in Volume 1 of the series include academic writing, how to interpret writing assignments, motives for writing, rhetorical analysis, revision, invention, writing centers, argumentation, narrative, reflective writing, Wikipedia, patchwriting, collaboration, and genres. Presents a chronology of the life of author Flannery O'Connor, comments and letters by the author about the story, and a series of ten critical essays by noted authors about her work.

From choosing the right topic to proofreading their finished work, *RESEARCH PAPERS, 16e* helps students confidently tackle the process of creating a successful research paper, one step at a time.

The story is about a golden-haired youth who wanders into the city of Teloth, telling tales of the great city of Aira, where he was prince. While Iranon enjoys singing and telling his tales of wonder, few appreciate it. A city solon even orders Iranon to cease his singing & music, and become apprenticed to the cobbler - or leave the city by sunset. When a disenfranchised boy named Romnod suggests leaving Teloth to go to the famed city of Oonai (which he thinks may be Aira, now under a different name), Iranon takes him up on his offer.

Learning and identity development are lifetime processes of becoming. The construction of self, of interest to scholars and practitioners in adult development and adult learning, is an ongoing

process, with the self both forming and being formed by lived experience in privileged and oppressive contexts. Intersecting identities and the power dynamics within them shape how learners define themselves and others and how they make meaning of their experiences in the world. *I Am What I Become: Constructing Identities as Lifelong Learners* is an insightful and diverse collection of empirical research and narrative essays in identity development, adult development, and adult learning. The purpose of this series is to publish contributions that highlight the intimate connections between learning and identity. Our aim is to promote reflection and research at the intersection of identity and adult learning at any point across the adult lifespan and in any space where learning occurs: in school, at work, or in community. The series aims to assist our readers to understand and nurture adults who are always in the process of becoming. Adult educators, adult development scholars, counselors, psychologists, and sociologists, along with education and training professionals in formal and informal learning settings, will revel in the rich array of qualitative research designs, methods, and findings as well as autobiographies and narrative essays that transform and expand our understanding of the lived experience of people both like us and unlike us, from the U.S. and beyond. Volume One, *Identity and Lifelong Learning in Higher Education*, contains

This short story is regarded as an important early work of American feminist literature, due to its illustration of the attitudes towards mental and physical health of women in the 19th century. Narrated in the first person, the story is a collection of journal entries written by a woman whose physician husband (John) has rented an old mansion for the summer. Forgoing other rooms in the house, the couple moves into the upstairs nursery. As a form of treatment, the unnamed woman is forbidden from working, and is encouraged to eat well and get plenty of air, so she can recuperate from what he calls a "temporary nervous depression – a slight hysterical tendency", a diagnosis common to women during that period.

I didn't know decisions in arranged marriage were made so quickly. When it comes to love marriage there are huge ifs and buts. That the lovers know and understand each other is never taken into consideration. But when it comes to arranged marriage, parents are ready to throw you to sleep with a complete stranger just because he has a secure job and therefore, a good future. They say getting to know each other automatically develops with time. What the ...!

The History of the English Language has been a standard university course offering for over 150 years. Yet relatively little has been written about teaching a course whose very title suggests its prodigious chronological, geographic, and disciplinary scope. In the nineteenth century, History of the English Language courses focused on canonical British literary works. Since these early curricula were formed, the English language has changed, and so have the courses. In the twenty-first century, instructors account for the growing prominence of World Englishes as well as the English language's transformative relationship with the internet and social media. Approaches to Teaching the History of the English Language addresses the challenges and circumstances that the course's instructors and students commonly face. The volume reads as a series of "master classes" taught by experienced instructors who explain the pedagogical problems that inspired resourceful teaching practices. Although its chapters are authored by seasoned teachers, many of whom are preeminent scholars in their individual fields, the book is designed for instructors at any career stage—beginners and veterans

alike. The topics addressed in *Approaches to Teaching the History of the English Language* include: the unique pedagogical dynamic that transpires in language study; the course's origins and relevance to current university curricula; scholarly approaches that can offer an abiding focus in a semester-long course; advice about navigating the course's formidable chronological ambit; ways to account for the language's many varieties; and the course's substantial and pedagogical relationship to contemporary multimedia platforms. Each chapter balances theory and practice, explaining in detail activities, assignments, or discussion questions ready for immediate use by instructors.

In a book as illuminating as it is captivating, Thomas E. Drabek presents an in-depth analysis of the emotional impacts of disaster events and the many ripple effects that follow. Through the technique of storytelling, a series of nine fictional stories where characters experience actual disasters of different types throughout the United States illustrate the vulnerabilities and resilience to enhance the readers understanding of disaster consequences. Designed for classroom use, each story is followed by an "Analysis" section wherein discussion and research paper topics are recommended. These highlight links to published research findings. A "References" section details citations for all works included. Brief commentary in a "Notes" section adds further connections to other disasters and relevant research studies. *The Sociology of Disaster* is an important innovation in disaster education and will become an invaluable resource within universities and
