Chinese businessmen to success and to prominence. He also examines Chinese business practices, considering cultural elements as well as state and market forces, and highlights unique features of the Chinese experience in Singapore. By viewing Singapore from the perspective of a well established non-governmental organisation as it struggled, negotiated and cooperated with the state, this book offers an alternative to conventional political histories.

Singapore Country Study Guide Volume 1 Strategic Information and Developments - Everything you need to know about the country - Geography, history, politics, economy, business, etc.

Despite the efforts of Southeast Asian governments and of ASEAN, transboundary haze continues to be a major environmental problem in Southeast Asia. This book demonstrates that the issue is complex, and explains why efforts to solve the problem in purely political terms are ineffective, and likely to continue to be ineffective. The book shows how state-led, state-incentivised agribusiness development lies at the heart of the problem, leading to a large rise in palm oil production, with extensive clearing of forests, leading to deliberate or accidental fires and the resulting haze. Moreover, although the forest clearing is occurring in

An encyclopedic view of doing business with Singapore. Contains the how-to, where-to and who-with information needed to operate internationally.

This book is a macro-study of Indian business communities in Singapore through different phases of their growth since colonial times. It goes beyond the conventional labour-history approach to study Indian immigrants to Southeast Asia, both in terms of themselves and their connections with the peoples' movements. It looks at how Indian business communities negotiated with others in the environments in which they found themselves and adapted to them in novel ways. It especially brings into focus the patterns and integration of the Indian networks in the large-scale transnational flows of capital, one of the least-studied aspects of the diaspora history in this part of the world.

domestic limits to economic growth and is encouraging its companies to invest overseas to create its "external economic wing". Collaboration in information technology (IT) formed the key to initiating economic cooperation between Singapore and India. India has excellent IT talent but inadequate infrastructure to tap this talent for economic growth while Singapore has excelled in building high technology parks. The resulting collaboration is Singapore's flagship investment, the IT Park in Bangalore, India.
