Presents an epic history that covers the period from the end of World War I through the 1970s, chronicling the decades-long migration of African Americans from the South to the North and West through the stories of three individuals and their families.

Perhaps the most accurate story of LRRPs at war ever to appear in print! When Frank Johnson arrived in Vietnam in 1969, he was nineteen, a young soldier untested in combat like thousands of others--but with two important differences: Johnson volunteered for the elite L Company Rangers of the 101st Airborne Division, a long range reconnaissance patrol (LRRP) unit, and he kept a secret diary, a practice forbidden by the military to protect the security of LRRP operations. Now, more than three decades later, those hastily written pages offer a rare look at the daily operations of one of the most courageous units that waged war in Vietnam. Johnson served in I Corps, in northern Vietnam, where combat was furious and the events he recounts emerge, stark and compelling: walking point in the A Shau Valley, braving enemy fire to rescue a downed comrade, surviving days and nights of relentless tension that suddenly exploded in the blinding fury of an NVA attack. Undimmed and unmuddied by the passing of years, Johnson's account is unique in the annals of Vietnam literature. Moreover, it is a timeless testimony to the sacrifice and heroism of the LRRPs who dared to risk it all.

One of the 20th century's enduring works, *One Hundred Years of Solitude* is a widely beloved and acclaimed novel known throughout the world, and the ultimate achievement in a Nobel Prize-winning career. The novel tells the story of the rise and fall of the mythical town of Macondo through the history of the Buendía family. It is a rich and brilliant chronicle of life and death, and the tragicomedy of humankind. In the noble, ridiculous, beautiful, and tawdry story of the Buendía family, one sees all of humanity, just as in the history, myths, growth, and decay of Macondo, one sees all of Latin America. Love and lust, war and revolution, riches and poverty, youth and senility -- the variety of life, the endlessness of death, the search for peace and truth -- these universal themes dominate the novel. Whether he is describing an affair of passion or the voracity of capitalism and the corruption of government, Gabriel García Márquez always writes with the simplicity, ease, and purity that are the mark of a master. Alternately reverential and comical, *One Hundred Years of Solitude* weaves the political, personal, and spiritual to bring a new consciousness to storytelling. Translated into dozens of languages, this stunning work is no less than an accounting of the history of the human race.

A landmark novel of the Vietnam War The men of the Long-Range Reconnaissance Patrol—Stagg, Wolverine, Mopar, Marvel Kim, and Gonzales—are commando-style soldiers, called “Lurps” for short. Five men, completely dependent on one another. Proud to the point of arrogance. They’re joined by Tiger, their mascot: a flea-bitten scavenging stray or “dust dog,” a sneak and a coward, lazy and haughty. But, like his masters in this dirtiest of all wars, a survivor. When their buddies on Team Two-One disappear, the Lurp team members have to fight their own brass to go on a mission to find them. And suddenly a grueling war becomes an unimaginable nightmare.

"Stunning... The intelligent, cerebral plot finds contemporary parallels in Euripides's tragedies, Jacobean dramas such as *The Duchess of Malfi*, and Tennyson's poetry. The devastating ending shows just how little the troubled Mariana knows about the human psyche or herself. Michaelides is on a roll." —Publishers Weekly, starred review  
"A deliciously dark, elegant, utterly compulsive read—with a twist that blew my mind. I loved this even more than I loved *The Silent Patient* and that's saying something!"

—Lucy Foley, New York Times bestselling author of *The Guest List* From the #1 New York Times bestselling author of *The Silent Patient* comes a spellbinding tale of psychological suspense, weaving together Greek mythology, murder, and obsession, that further cements “Michaelides as a major player in the field” (Publishers Weekly). Edward Fosca is a murderer. Of this Mariana is certain. But Fosca is untouchable. A handsome and charismatic Greek tragedy professor at Cambridge University, Fosca is adored by staff and students alike—particularly by the members of a secret society of female students known as *The Maidens*. Mariana Andros is a brilliant but troubled group therapist who becomes fixated on *The Maidens* when one member, a friend of Mariana’s niece Zoe, is found murdered in Cambridge. Mariana, who was once herself a student at the university, quickly suspects that behind the idyllic beauty of the spires and turrets, and beneath the ancient traditions, lies something sinister. And she becomes convinced that, despite his alibi, Edward Fosca is guilty of the murder. But why would the professor target one of his students? And why does he keep returning to the rites of Persephone, the maiden, and her journey to the underworld? When another body is found, Mariana’s obsession with proving Fosca’s guilt spirals out of control, threatening to destroy her credibility as well as her closest relationships. But Mariana is determined to stop this killer, even if it costs her everything—including her own life.

“Enthralling. . . . Lying and stealing and invading, it should be said, make for captivating reading, especially in the hands of a storyteller as skilled as Anderson.” —The New York Times Book Review

**A NEW YORK TIMES NOTABLE BOOK OF THE YEAR** At the end of World War II, the United States was considered the victor over tyranny and a champion of freedom. But it was clear—to some—that the Soviet Union was already seeking to expand and foment revolution around the world, and the American government’s strategy in response relied on the secret efforts of a newly formed CIA. Chronicling the fascinating lives of the agents who sought to uphold American ideals abroad, Scott Anderson follows the exploits of four spies: Michael Burke, who

organized parachute commandos from an Italian villa; Frank Wisner, an ingenious spymaster who directed actions around the world; Peter Sichel, a German Jew who outwitted the ruthless KGB in Berlin; and Edward Lansdale, a mastermind of psychological warfare in the Far East. But despite their lofty ambitions, time and again their efforts went awry, thwarted by a combination of ham-fisted politicking and ideological rigidity at the highest levels of the government. Told with narrative brio, deep research, and a skeptical eye, *The Quiet Americans* is the gripping story of how the United States, at the very pinnacle of its power, managed to permanently damage its moral standing in the world.

The sequel to *Marine Sniper: 93 Confirmed Kills* continues the story of U.S. Marine Corps sniper Carlos Hathcock and his accomplishments as a veteran of the Vietnam War, detailing his most difficult and dangerous missions. Reprint.

A profile of the 101st Airborne Division recounts the grueling 1965 search to select its members and describes their experiences as recalled by one of its veterans. Reissue.

Tells a story about the strange relationship of two migrant workers who are able to realize their dreams of an easy life until one of them succumbs to his weakness for soft, helpless creatures and strangles a farmer's wife.

The tranquility of Mars is disrupted by humans who want to conquer space, colonize the planet, and escape a doomed Earth.

Vietnam was a different kind of war, calling for a different kind of soldier. The LRRPs--Long Range Reconnaissance Patrols--were that new breed of fighting man. They operated in six-man teams deep within enemy territory, and were the eyes and ears of the units they served. This is their story--of perseverance under extreme hardship and uncommon bravery--and how they carried out the war's most hazardous missions.

**MORE GRIPPING, NO-HOLDS-BARRED LRRP ACCOUNTS FROM THE FRONT LINES** During the Vietnam War, few combat operations were more dangerous than LRRP/Ranger missions. Vastly outnumbered, the patrols faced overwhelming odds as they fought to carry out their missions, from gathering intelligence, acting as hunter/killer teams, or engaging in infamous "Parakeet" flights-- actions in which teams were dropped into enemy areas and expected to "develop" the situation. **PHANTOM WARRIORS II** presents heart-pounding, edge-of-your-seat stories from individuals and teams. These elite warriors relive sudden deadly firefights, prolonged gun battles with large enemy forces, desperate attempts to help fallen comrades, and the sheer hell of bloody, no-quarter combat. The LRRP accounts here are a testament to the courage, guts, daring, and sacrifice of the men who willingly faced death every day of their lives in Vietnam.

Vietnam for more than two years, the Brigade LRRPs were ordered to join forces with the division once again. But even as these formidable hunters and killers were themselves swallowed up by the Screaming Eagles' Division LRRPs to eventually become F Co., 58th Infantry, they continued the deadly, daring LRRP tradition. From saturation patrols along the Laotian border to near-suicide missions and compromised positions in the always dangerous A Shau valley, the F/58th unflinchingly faced death every day and became one of the most highly decorated companies in the history of the 101st.

The hardcore 1st Brigade LRRPs of the 101st Airborne Division are ordered to join forces with the division after working on their own in Vietnam for more than two years, becoming the most highly decorated company in the history of the 101st. Original. In three straight years he was a paratrooper, and army seaman, and a LRRP—and he lived to tell about it. As an FNG paratrooper in the 173d Airborne, John Leppelman made that unit's only combat jump in Vietnam. Then he spent months in fruitless search of the enemy, watching as his buddies died because of poor leadership and lousy weapons. Often it seemed the only way out of the carnage in the Central highlands was in a body bag. But Leppelman did get out, transferring first to the army's riverboats and then the all-volunteer Rangers, one of the ballsiest units in the war. In three tours of duty, that ended only when malaria forced him back to the States, Leppelman saw the war as few others did, a Vietnam that many American boys didn't live to tell about, but whose valor and sacrifice survive on these pages.
