

Sixth Sense A Psychic Crystal Mystery Book 1

The Sixth Sense is Mental Fire perceiving and registering the other five. There can be no perception without a unitary percipient whose identity enables it to grasp an object as an entirety, says Plotinus. Reason is purely human; instinct, an endowment of deity. Divine or Spiritual Soul (????) without Anima Mundi is rational and noetic (?????); Animal or Astral Soul (????) within Anima Mundi, irrational and phrenic (?????). Reason is the outcome of a slow development of the human brain (????????); instinct, the spiritual unity of the five senses endowed by Deity (?????????). Reason is purely human; instinct, an endowment of Deity. But reason can only develop at the expense of natural instinct. The Sixth Sense will be fully developed in the average man of the Sixth Race by Buddhi, when galvanised by the essence of the awakened Manas. Water, one of four primordial Elements, was transmitted to us by the Fourth Race, as we shall transmit Ether, the Fifth Element, to the Sixth. Then our Sixth Sense shall be awakened. The Sixth Sense or "normal clairvoyance" will correspond to the next Element of Matter or "permeability," i.e., spiritual sight. Then, those who have been seeking a "fourth dimension" to explain the passage of matter through matter shall find what they sought, a sixth characteristic of matter. Abstractions such as the "fourth dimension," being outside mental perception and experience, are errors of realism if not unfortunate verbalisms. When the Fifth Principle has merged with the Sixth, man will acquire and enjoy Jnanashakti, the power and privileges of enlightened mind. Man is the child of Cyclic Destiny. Cycles of Materiality will be succeeded by Cycles of Spirituality, and fully developed faculties will open up the Sixth Sense. The majority of future men will be glorious Adepts. Having acquired physical development at the expense of spirituality from the Second Race to the end of the Fourth, Fifth Race humanity has now crossed the meridian of perfect adjustment between Spirit and Matter, or equilibrium between spiritual perception and brain intellect. But as the Sixth Sense has hardly sprouted above the soil of materiality, few can at present enjoy the legitimate outgrowth and endowments of the higher life. When the Third Eye or Dangma Eye of the Stanzas of Dzyan opens again, the minds of those who will live at that time shall be awakened and become as pellucid as crystal. Finally, when the Sixth Sense has awakened the Seventh, Chr?stos shall be regenerated as Christos and will illumine the souls of all men. "And they will listen to my voice; and they shall become one flock under one Shepherd." What does it mean to be psychic? Is there another "reality" beyond the visible world? Psychic powers aren't weird or unusual -- they're as natural as any other ability, and they can be developed like any other skill. Learn how to use crystals to get what you want out of life! This comprehensive sourcebook of 100 essential crystals for manifestation is both a practical handbook packed with advice and a fascinating sourcebook about each stone and its spiritual qualities. Offering detailed information about each crystal's attributes, power, and divination strengths, this book is the only book which specifically addresses the manifestation power of crystals and how to help then guide you to get what you want out of life. For thousands of years, crystals have been used for manifestation, divination, and empowerment, and to guide users in their quests for fulfillment. The ancient Taoists believed sacred stones vibrated with ch'i or universal energy; the Greeks and Romans believed they embodied the gods and the planets while indigenous peoples believed they were alive with spirit and knowledge. Crystals for Positive Manifestation includes introductory chapters on what crystals are, both from their scientific legacy and their magical one, caring for and choosing crystals, the importance of chakras and color, plus background on why these particular stones have been used for centuries to help us get what we want out of life. There is also a practical chapter about working with these stones specifically chosen for manifestation. The alphabetical sourcebook section that follows provides information about the uses and benefits for each crystal listed.

What is African theology? What are its distinctive traits and characteristics, modes of investigation, and style of expression? Can African theology reach wider and run deeper than simple propositional articulation? What concerns and special circumstances have shaped its outlook? What unique burdens or hurdles imposed by the past must African theology surmount? What challenges and opportunities lie before it? What are African theology's prospects? As a field of Christian engagement, is it condemned to be only an appendage to theology imported from the West and the North? Or does it have a distinctive contribution to make and gifts to share, not just within the continent of Africa, but also with the Christian world at large? These questions exercise the mind and soul of the African church. A worthy capstone to a lifetime of service as a theologian, educator, and ecumenical leader, this volume offers John Samuel Pobee's considered and mature reflections on issues he raised nearly forty years ago when he published *Toward an African Theology*.

With his down-to-earth, friendly manner celebrity psychic medium Mitchell Coombes provides the reader with an intriguing and illuminating entrée into the world of Spirit. Have you ever experienced an uncanny coincidence? Do you wonder about your Spirit Guide? Have you been trying to get in contact with a loved one? Do you need help deciphering signals from Spirit? Since his childhood Mitchell Coombes has been able to see dead people, except he called them 'green people' and considered his gift a normal part of life. In *Sensing Spirit* he shows how everybody else can make their own psychic abilities part of their everyday lives too. Mitchell shares the funny and heart-warming stories of his life as a psychic medium and reveals the ways that spirits may try and connect with their living loved ones. Most importantly he shows us how to hear, know or see when a spirit is trying to make contact. *Sensing Spirit* includes many incredible real-life stories - like Maxine who witnessed her daughter Bella sitting up in bed hugging the air right before Maxine received a phone call to say her mother had just died. Before she had a chance to tell Bella the news, Bella asked her if Grandma was going on a holiday because she'd just come and given Bella a hug goodbye. Or like Judy who had a terrifying dream her husband had an accident with a black Mazda and rang to warn him. Her husband laughed it off, until he nearly crashed into a broken-down black Mazda moments later. Mitchell explains how to understand these signs from Spirit as well as discussing psychic phenomena like mysterious orbs, apparitions, electrical disturbances and how to achieve protection from psychic vampires. The book contains the answers to frequently asked psychic questions: 'Can Spirits tell us winning lottery numbers?' 'Do pets have sixth sense?' and 'Do spirits watch us all the time?' He also includes a helpful guide to what to expect when meeting a psychic medium and explores the tools of the trade - crystal balls, tarot cards, psychometry. You garner that energy through compassion, kindness, introspection, and solidity." After reading this book, your perception of life in all its subtlety and vastness will reach beyond the mundane to a special level of spirituality.
