Biographer Margaret Lea returns one night to her apartment above her father's antiquarian bookshop. On her steps she finds a letter. It is a hand-written request from one of Britain's most prolific and well-loved novelists. Vida Winter, gravely ill, wants to recount her life story before it is too late, and she wants Margaret to be the one to capture her history. The request takes Margaret by surprise—she doesn't know the author, nor has she read any of Miss Winter's dozens of novels. Late one night, while pondering whether to accept the task of recording Miss Winter's personal story, Margaret begins to read her father's rare copy of Miss Winter's *Thirteen Tales of Change and Desperation*. She is spellbound by the stories and confused when she realizes the book only contains twelve stories. Where is the thirteenth tale? Intrigued, Margaret agrees to meet Miss Winter and act as her biographer. As Vida Winter unfolds her story, she shares with Margaret the dark family secrets that she has long kept hidden as she remembers her days at Angelfield, the now burnt-out estate that was her childhood home. Margaret carefully records Miss Winter's account and finds herself more and more deeply immersed in the strange and troubling story. In the end, both women have to confront their pasts and the weight of family secrets. As well as the ghosts that haunt them still.

confronts a plot of astonishing audacity as New York Times-bestselling author Alex Berenson goes beyond today's headlines to tomorrow's all-too-real threats. It was supposed to be a terrorist sting. The guns were supposed to be disabled. Then why was there so much blood? The target was the American Airlines Center, the home of the Dallas Mavericks. The FBI had told Ahmed Shakir that his drug bust would go away if he helped them, and they'd supply all the weaponry, carefully removing the firing pins before the main event. It never occurred to Ahmed to doubt them, until it was too late. When John Wells is called to Washington, he's sure it's to investigate the carnage in Dallas, but it isn't. The former CIA director, now president, Vinnie Duto has plenty of people working in Texas. He wants Wells to go to Colombia. An old asset there has information to share--and it will lead Wells to the deadliest mission of his life, an extraordinary confluence of sleeper cells, sniper teams, false flag operations, double agents high in the U.S. government--and a Russian plot to take over the government itself. If it succeeds, what happened in Texas will be only a prelude.

Drawn into Benyu's inner circle, it soon becomes clear to Ryker that in Chabon, the lines between good and bad, and right and wrong, are nearly impossible to identify. With a crisis of epic proportions unfolding before his eyes, Ryker knows one thing for sure: with or without the backing of his superiors, he must take drastic action, and quickly, or risk putting millions of innocent lives in danger.
