The Bloomsbury Handbook of Popular Music Educationdraws together current thinking and practice on popular music education from empirical, ethnographic, sociological and philosophical perspectives. Through a series of unique chapters from authors working at the forefront of music education, this book explores the ways in which an international group of music educators each approach popular music education. Chapters discuss pedagogies from across the spectrum of formal to informal learning, including "outside" and "other" perspectives that provide insight into the myriad ways in which popular music education is developed and implemented. The book is organized into the following sections: - Conceptualizing Popular Music Education - Musical, Creative and Professional Development - Originating Popular Music - Popular Music Education in Schools - Identity, Meaning and Value in Popular Music Education - Formal Education, Creativities and Assessment Contributions from academics, teachers, and practitioners make this an innovative and exciting volume for students, teachers, researchers and professors in popular music studies and music education.

In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and mobile entertainment issues and trends.

How can you make your iPad or iPhone app stand out in the highly competitive App Store? While many books simply explore the technical aspects of iPad and iPhone app design and development, App Savvy also focuses on the business, product, and marketing elements critical to pursuing, completing, and selling your app -- the ingredients for turning a great idea into a genuinely successful product. Whether you're a designer, developer, entrepreneur, or just someone with a unique idea, App Savvy explains every step in the process, with guidelines for planning a solid concept, engaging customers early and often, developing your app, and launching it with a bang. Author Ken Yarmosh details a proven process for developing successful apps, and presents numerous interviews with the App Store's most prominent publishers. Learn about the App Store and how Apple's mobile devices function Follow guidelines for vetting and researching app ideas Validate your ideas with customers -- and create an app they'll be passionate about Assemble your development team, understand costs, and establish a workable process Build your marketing plan while you develop your application Test your working app extensively before submitting it to the App Store Assess your app's performance and keep potential buyers engaged and enthusiastic

A monthly journal for the musician, the music student, and all music lovers.
