The new memoir tracing story of cycling since the 1980s, through the eyes of Jonathan Vaughters, founder of team Education First and one of the sport's most towering figures. Jonathan Vaughters' story is the story of modern cycling. From his early years as a keen cyclist in his hometown in Colorado to his unflinching rite of passage as a professional rider with US Postal to his elevation as one of cycling's most resilient, ethical and intelligent team bosses, the highs and lows of his career have mirrored those of the sport itself. Vaughters has had a front-row seat for most of the major events in cycling over the past three decades. He was both a former teammate of Lance and a leading witness against him. And he went on to renounce doping and start the first pro cycling team to dedicate itself to clean riding, which has grown into one of the most successful teams competing today and started a movement that has swept across the sport. This is also not simply a story of races won and lost: Vaughters shows readers how he navigated the complex, international business of building Slipstream into a world-class cycling team. Over the past decade, he has led the sport out of the scandal-plagued Armstrong era. By presenting the world with a team made of talented racers built around a rigorous approach to clean racing, he set a new standard within cycling that has since spread across the peloton. Written from the unique perspective of both a racer and a team manager, *One-Way Ticket* gives the complete story of what it takes to build a winning team and repair the reputation of a sport.

Each read-aloud book in the Mouse Math series focuses on a single, basic math concept and features adorable mice, Albert and Wanda, who live in a People House. Entertaining fiction stories capture kids' imaginations as the mice learn about numbers, shapes, sizes and more. Wanda's big show is tomorrow. Rehearsals are going well, but what should the Nibblettes wear? When a costume disaster strikes, it's Albert to the rescue! Every Mouse Math title includes back matter activities that support and extend reading comprehension and math skills, plus free online activities. (Math concept: Patterns)

"Now a major motion picture! Includes full-color movie photos and exclusive content!"--Dust jacket.

Camille loves to build sand forts at the beach. But it's hard to build a big fort alone. Camille and her friends make a plan. They find that they can get more done--and have more fun--when they work together.

One year has passed since Phoebe skipped a rock across a pond, accidentally hit a unicorn in the face, and was granted a single wish—which she used to make the unicorn, Marigold Heavenly Nostrils, her obligational best friend. In some ways, not much has changed. At school Phoebe still clashes with her rival--and sometimes “frenemy”--he ever-taunting and imperious Dakota. Outside of school, she still fills her free time with extra-credit homework assignments, dramatic monologues about the injustices associated with school cliques, and imaginative conspiracy theories regarding global forces like the “powerful construction paper lobby.” But unlike before, Phoebe now has a best friend to share it with—someone to make her laugh and to listen to all her extravagant ideas. In this second volume of Dana Simpson's Phoebe and Her Unicorn series, titled, Unicorn on a Roll, the reader is invited on a journey into the lives of Phoebe and Marigold as they navigate the difficulties of grade school, celebrate the winter holidays, and explore their super hero/super villain personas together. Join in the fun, as Phoebe competes against Dakota for the leading role of “Lisa Ladybug” in their fourth-grade play—or as she struggles to “manage” the PR debacle related to her nose-picking-scandal. (“I will neither confirm nor deny the events surrounding Boogergate.”) Witness a band of unicorns staging an “intervention” and learn all the details of Marigold’s secret crush on a mysterious creature she has never seen. Perhaps most important, watch as this surprising friendship between a charming, nine-year-old dreamer and a vain, mythical beast forever changes both of them for the better.

Dana Simpson's Phoebe and Her Unicorn is back with more sparkles than ever! In this fourth volume, join in the adventure as Phoebe and Marigold confront messy rooms, trouble at school, and a nasty case of “Sparkle Fever.” Follow the pair back to Camp Wolfgang, where their old pals Sue (a.k.a. “Monster Girl”) and Ringo, the lake creature, remind them that being weird is WAY more fun than being normal.

Young children become confused and hurt when their parents constantly argue, then decide to divorce. This sensitively written book assures boys and girls that children are in no way responsible for their parents' inability to get along together. It lets kids know that although one parent chooses to move away from the home, both parents continue to love their little boy or girl. Both Mom and Dad will continue to spend happy times with them. Even very young children have concerns and anxieties, and "Tell Somebody Books " are written and illustrated especially for them. Parents are advised to read these books aloud while their preschooler listens and looks at illustrations of the boys and girls in each story. Many children in early grades will be able to read the stories for themselves. "Tell Somebody Books " encourage children to explore their feelings, and then to speak openly about things that trouble them.

It's time for Little Hoo to start school! Like with so many other things, Little Hoo is nervous about starting school. As the little owl gets ready for the first day of school, the littlest readers will join in the fun and watch worries disappear as mom explains there's more fun than fear when it's time to go to school. Little Hoo Goes to School is part of the Little Hoo series featuring cute and reassuring texts for toddlers and preschoolers.

This title will examine the month of February and cover information like what month number it is, what kind of weather to expect in certain areas, fun activities, historical birthdays, and federal, religious, and multi-cultural holidays. Bright and colorful photographs accompany simple text. Aligned to Common Core Standards and correlated to state standards. Abdo Kids Jr. is an imprint of Abdo Kids, a division of ABDO.

When an unobservant zookeeper goes home, all the animals he thinks he has left behind in the zoo follow him. On board pages.

How does a wheelchair-bound individual manage to find purpose in his disability and use such a condition to empower others to believe in themselves and reach their full potential? How does somebody with Muscular Dystrophy avoid seeing his disability as an excuse to feel sorry for himself, but instead obtain a Master's Degree in Counseling Psychology from Florida International University (FIU), become a Golden Key International Honour Society member, and earn a Worlds Ahead Graduate Award? How does somebody with a troubled youth involving drug use and distribution go on to become a substance abuse counselor for at-risk teens who are currently battling drug addiction, an AIDCP-certified Life Coach who guides those who have lost their path, and a motivational speaker seeking to awaken the Warrior within each and every person he encounters? My name is Juan Morales, and this is my story...

School's out! That means no more teachers, no more books, and lots of time to compliment Marigold Heavenly Nostrils on her good looks. In this third volume, Phoebe and her obligational best friend, Marigold, learn that summer still has plenty of surprises for the both of them. All of our old friends are back—Phoebe's part-time "frenemy" Dakota, upon whom Marigold has bestowed sentient hair, Phoebe's goofy parents, and even Lord Splendid Humility (but please, ignore his magnificence if you can)! Have fun as Phoebe and Marigold continue the "Phoebegold Detective Agency," spend a week at Wolfgang Music Camp, and find themselves in more misadventures, thanks to Marigold's enchanted sparkles! Along the way, Phoebe makes some new friends, such as Sue—her unique clarinet-playing bunkmate, Florence Unfortunate Nostrils, Marigold's estranged sister, and Camp Wolfgang's lake monster who enjoys tacos and Wi-Fi. When school resumes, read along as Phoebe enjoys (or suffers from) a brief case of popularity, mentally catalogs her grievances against dodge ball, and, with Marigold's help, rescues Dakota and her hair from the queen of the goblins. Through these wacky adventures, Phoebe and Marigold learn that their friendship is the second most magical thing of all, after Marigold's beauty, of course. Includes an introduction by Cory Doctorow and his daughter Poesy!

Positing that modern society is an adolescent culture, driven by greed and power and lying on the cusp of an era of spiritual growth and shifting values, this book explores mythic themes in various historical eras to explain the past, present, and future of the human experience. It suggests that the world is facing a rite of passage into adulthood and that

a time of cooperation, stabilization, and sharing is approaching. With an original theory of history based on developmental psychology, including an analysis of masculine and feminine archetypes, this thoughtful guide weaves the narratives of human history and individuals' experiences into a path of enlightenment and a way to catalyze social change.

Feeling different, especially as a kid, can be tough. But in the same way that different types of plants and flowers make a garden more beautiful and enjoyable, different types of people make our world more vibrant and wonderful. In *Just Ask*, United States Supreme Court Justice Sonia Sotomayor celebrates the different abilities kids (and people of all ages) have. Using her own experience as a child who was diagnosed with diabetes, Justice Sotomayor writes about children with all sorts of challenges--and looks at the special powers those kids have as well. As the kids work together to build a community garden, asking questions of each other along the way, this book encourages readers to do the same- When we come across someone who is different from us but we're not sure why, all we have to do is *Just Ask*.

4,000 words and phrases are organized thematically within 163 topics. Includes English to Spanish translations of vocabulary throughout, and an extensive index in Spanish at the back of the book. A fully integrated vocabulary development program in American English, progressing from essential words to the more complex, delivered in short thematic units. Realistic scenarios and modern artwork are easy to relate to and these, together with story pages and practice exercises, have been applauded for their success in promoting critical thinking skills. Content is fully supported by a range of components (in English only) - including Workbooks, Classroom Activities, Audio and website.

Queridos amigos, Aprendí a leer desde muy niña buenas lecturas, cuando ya leía de "corrido" me nutrí en la biblioteca de mi abuelo, un militar ermitaño ya pensionado; mi imaginación también volaba oyendo los cuentos de las tertulias de antaño, que se daban en expresiones de admiración de temor, y de risas y cololoquios de familias pueblerinas. Hoy a mis años, las mezclas de entre los recuerdos y los sueños y en mi soledad la visita de alguno que otro fantasma que comparte conmigo amablemente lo que fueron sus vidas, me han abismado al mundo de la imaginación y de las letras, no queriendo pasar al "otro mundo" sin relatarles mis cuentos, me he permitido coger la pluma con el perdón (si acaso) de la audiencia. Pues, he concluído casi al final de mi camino que la vida es un cuento único de cada uno de nosotros, y muchas veces fantástico, de nuestras obras buenas o malas, lo segundo no será lo de menos, pero tampoco es lo de más, eso depende de cómo uno se acepte a sí mismo, nadie es perfecto, venimos a aprender. Pues la vida entre más intensa más problemática, y es que la vida, como la comida sin especias, es insípida; así es que lo bello de la vida es eso, vivir intensamente. Espero sea para ustedes el disfrute de una amena lectura. Andrea

With over 1.6 million copies sold, the Phoebe and Her Unicorn book series for middle-grade readers is an immensely popular and magical world of unicorns, adventure, and friendship. Marigold Heavenly Nostrils is one magical unicorn—and she knows it! But sometimes it's harder for humans like Phoebe to understand that they can be magical, too. In the latest Phoebe and Her Unicorn adventure, the pair visits the science museum, tests out an extra-special virtual unicorn reality, and performs in the school talent show. With the help of her best friend and

an emergency sparkle transfusion, Phoebe learns about confidence, empathy, and resilience—and even how to live without her cellphone. It's all part of the very real excitement of Virtual Unicorn Experience.
