She's found her stride professionally as the owner of a successful art gallery. Life is good. And she's found love with handsome, confident Jeremiah Franklin. But Jeremiah has accepted a large pastorate in a different state, so Elle turns her life upside down to take "the call" with him. When Jeremiah has a change of heart, Elle is hurt—and her faith is shaken. New York lawyer and recent widower Heath McCord imagines the lowcountry cottage he's rented for the summer is the balm his grieving heart needs. That and time to connect with his little girl. He's unprepared to meet his beautiful landlord, Elle Garvy, or the love her friendship awakens. But God has new blessings in store for the two grieving hearts. Can Elle trust so soon after losing Jeremiah? Can Heath release the memory of his wife and love again? Could love be as simple as trusting enough to take the first step? In the tradition of *12 Years a Slave* and Lee Daniels' *The Butler*, the provocative true account of the hanging of four black people by a white lynch mob in 1912—written by the great-granddaughter of the Sheriff charged with protecting them. Hamilton County, Georgia, 1912. A white man, the beloved nephew of the

county Sheriff, is shot dead on the porch of a black woman. Days after the Sheriff is sworn into office, he oversees the lynching of a pregnant woman and three men, all African American. Now, in a personal account like no other, the great-granddaughter of that Sheriff, Karen Branan, digs deep into the past to deliver a shattering historical memoir a century after that gruesome day. In researching her family's history, Branan spent nearly twenty years combing through diaries and letters, visiting the Harris County countryside and courthouse, and conversing with community elders to piece together the events and motives that led up to the lynching. But this is more than a historical narrative; throughout Branan weaves her own personal reflections about coming into touch with difficult, inexplicable feelings surrounding race and family, and ultimately challenging her own self-image as an educated, modern woman who transcends the racism practiced and experienced by the people who raised her. Part of that came with uncovering a startling truth: Branan is not only related to the Sheriff; she is a relative of the four African Americans as well. A story of racism, power, jealousy, and greed, *The Family Tree* transports you to a small Southern town entrenched in racial tension and bound by family ties. What emerges is a gripping explanation of that awful day in history, but also the crucial issues that follow us into the present.

A fresh, modern translation of key works of the apostolic fathers. These translations by Rick Brannan are perfect for use by students, scholars, and everyday Christians interested in these treasures of the early church.

The tombs and graves of the St. Louis Cemeteries rise from the ground, creating labyrinthine memorials aptly dubbed "cities of the dead." Most are in even rows with quaint street names. Some are of crumbling brick and broken marble. Others are miniature mansions clad in decorative ironwork with angelic guardians. Grand or humble, each is a relic of the story of New Orleans. Politicians, pirates, Mardi Gras Indian chiefs and one voodoo queen rest below. In an unprecedented inquiry, author Sally Asher reveals the lives within the mysterious and majestic tombs of the St. Louis Cemeteries.

In the United States today there is lively discussion, both among educators and

employers, about the best way to prepare students with high-level language and cross-cultural communication proficiency that will serve them both professionally and personally in the global environment of the twenty-first century. At the same time, courses in business language and medical language have become more popular among students. Language for Specific Purposes (LSP), which encompasses these kinds of courses, responds to this discussion and provides curricular models for language programs that build practical language skills specific to a profession or field. Contributions in the book reinforce those models with national survey results, demonstrating the demand for and benefits of LSP instruction. With ten original research-based chapters, this volume will be of interest to high school and university language educators, program directors, linguists, and anyone looking to design LSP courses or programs in any world language.

Over the past few years Hekate has gained increasing popularity around the world. While there are books written about the historical Hekate, there is a lack of information applying this knowledge for personal development and practicing witchcraft. *Keeping Her Keys* blends the 'keys' of personal development, magick and the ancient goddess, Hekate, together. Topics include the power of prayer, how to create sacred space, and guidance on spell crafting. In the final chapter readers can perform an optional self-initiation to become a Keeper of Her Keys. Book 2 of the *Son of Samson* series. Hired to join her caravan as her personal bodyguard, Branan escorts the girl on her journey home, battling slave traders and a huge crocodile to protect her. In a dream he is reminded of how his father Samson was betrayed by the beautiful Delilah---and when Saphira leads him into her luxurious home in the Philistine city of Jabneel, Branan discovers that this infamous woman is Saphira's mother! Subdued by Delilah's two giant henchmen, he's shackled and imprisoned. Has history repeated itself? Is Saphira just as treacherous as her mom? Feeling abandoned, Branan cries out to God in despair, then learns he's not alone---God is with him in the dungeon, along with a fellow prisoner who knew his father and offers an amazing insight into Samson's faith.

Like a chip off the old block, Samson's mighty son Branan uses unusual weapons---such as melons and tree trunks---to deal with the Philistines in *The Judge of God*, book 1 of the *Son of Samson* series. Looking for information about his father, Branan finds his grandfather Manoah, who tells him how God set Samson apart for a special purpose before he was born. When Branan questions his father's poor choices as an adult, the old man teaches him a lesson about God's grace. Then Manoah points him toward Ramath Lehi, the place where Samson slew a thousand Philistines with a donkey's jawbone. Branan's exploits sometimes mirror Samson's in strange, hilarious ways as he traces his footsteps, seeking to understand his

father---and himself. Meanwhile, the leader of the Philistines, Lord Pathrus, has determined that this new hero of the Hebrews, who seems too much like his old enemy, must be eliminated.
