

St Nicholas Greek Orthodox Church January 2010 From Maria

"Nicholas Cabasilas' Commentary on the Divine Liturgy is a remarkable product of Byzantium's last great flowering of theology. The work has long been essential reading for specialists in the fields of comparative liturgy and history of liturgy, since Cabasilas comments in detail on the Byzantine rite of his day and is able to draw comparisons with the Roman liturgy as well. The work is also invaluable for all those who wish to understand more about the theory and practice of worship in the Orthodox Church. In this edition the text of the Commentary, translated by J. M. Hussey and P. A. McNulty, has been supplemented by a brief foreword which places Cabasilas' work in its historical context. A helpful introduction by R. M. French describes the celebration of the liturgy in the Orthodox Church."--BOOK JACKET. Title Summary field provided by Blackwell North America, Inc. All Rights Reserved

When Alexi learns from his babuska that a Russian village church has been closed for sixty years, the resourceful young boy decides to prepare it for a Christmas miracle.

Whether you're newly together and eager to make it work or a longtime couple looking to strengthen and deepen your bond, *Eight Dates* offers a program of how, why, and when to have eight basic conversations with your partner that can result in a lifetime of love. "Happily ever after" is not by chance, it's by choice—the choice each person in a relationship makes to remain open, remain curious, and, most of all, to keep talking to one another. From award-winning marriage researcher and bestselling author Dr. John Gottman and fellow researcher Julie Gottman, *Eight Dates* offers an ingenious and simple-to-implement approach to effective relationship communication. Here are the subjects that every serious couple should discuss: Trust. Family. Sex and intimacy. Dealing with conflict. Work and money. Dreams, and more. And here is how to talk about them—how to broach subjects that are difficult or embarrassing, how to be brave enough to say what you really feel. There are also suggestions for where and when to go on each date—book your favorite romantic restaurant for the Sex & Intimacy conversation (and maybe go to a yoga or dance class beforehand). There are questionnaires, innovative exercises, real-life case studies, and skills to master, including the Four Skills of Intimate Conversation and the Art of Listening. Because making love last is not about having a certain feeling—it's about both of you being active and involved.

Before the Brooklyn Battery Tunnel, the World Trade Center, and Battery Park City, Manhattan's southern tip was home to a vibrant community of thousands of Slovakian, Irish, Syrian, Greek, and Lebanese immigrants. Living closely in five-story tenement buildings, these early New Yorkers, many of whom filled the low-wage jobs of Wall Street, built a multicultural neighborhood where the weekdays were filled with the hustle of business and the nights and weekends were filled with stickball games, dances, and worship. The Financial District's Lost Neighborhood: 1900-1970 celebrates this little-known neighborhood while highlighting some of New York City's most famous landmarks: Trinity Church, St. Nicholas Greek Orthodox Church, Battery Park and the New York Aquarium, and the Downtown Athletic Club, home of the Heisman Memorial Trophy.

St. Nicholas Russo-Greek Orthodox Church of Wostok (Bukowina) in Alberta, Canada, is one of the oldest Ukrainian churches in Alberta. It was founded in 1900 and now observing its 121 anniversary. This historic church and its congregation are a symbol of faith and commitment in western Canada. The book is filled with historic images of the people and the magnificent religious artifacts and paintings painted by the founding people over one hundred years ago

Consists of photocopies of newspaper articles and other documents.

Do you need a break from the demands and pressures of daily life? Spending a weekend, a few days, or even just an hour away from the world may be exactly what you need to renew your spirit. Going on spiritual journeys and retreats is not new—people have been going on pilgrimages and journeying to sacred shrines for centuries. Florida's modern options include monasteries, spiritual retreat centers, and unique religious sites in peaceful, secluded, and spiritually nurturing settings that you can enjoy individually or in groups.

From modest chapels to majestic cathedrals, and historic synagogues to modern mosques and Buddhist temples: this photo-filled, pocket-size guidebook presents 1,079 houses of worship in Manhattan and lays to rest the common perception that skyscrapers, bridges, and parks are the only defining moments in the architectural history of New York City. With his exhaustive research of the city's religious buildings, David W. Dunlap has revealed (and at times unearthed) an urban history that reinforces New York as a truly vibrant center of community and cultural diversity. Published in conjunction with a New-York Historical Society exhibition, *From Abyssinian to Zion* is a sometimes quirky, always intriguing journey of discovery for tourists as well as native New Yorkers. Which popular pizzeria occupies the site of the cradle of the

Christian and Missionary Alliance movement, the Gospel Tabernacle? And where can you find the only house of worship in Manhattan built during the reign of Caesar Augustus? Arranged alphabetically, this handy guide chronicles both extant and historical structures and includes 650 original photographs and 250 photographs from rarely seen archives 24 detailed neighborhood maps, pinpointing the location of each building concise listings, with histories of the congregations, descriptions of architecture, and accounts of prominent priests, ministers, rabbis, imams, and leading personalities in many of the congregations

Meet Anastasia, a very special candle. Anastasia, along with St. Nicholas Greek Orthodox Church became a symbol of hope and light after the tragic events of September 11, 2001. Anastasia's journey begins in the year 1919, as she travels to New York City and finds a home in the church. She shares with the reader, daily events and special moments she and her family become a part of over the years. Through the beautifully illustrated pages, her courageous journey comes to life. The book tells her story through the events of September 11, 2001 up until the historic rebuild of The St. Nicholas National Shrine. Anastasia holds hope for a brighter future not only for her home in New York City, but for the world.

Palmer Park is Detroit's underappreciated architectural jewel. Located around the intersection of McNichols Road (Six Mile) and Woodward Avenue, it embraces every style of the late nineteenth and early twentieth centuries. United States senator Thomas Palmer originally developed the property as farmland and donated it to the city in the 1890s. Between 1924 and 1964, its character changed with some of the best examples of modern apartment living from top local architects, including one of just five buildings credited to the world-renowned Albert Kahn. Author Gregory C. Piazza showcases the exceptional story of building Palmer Park.

A photo tour of some of New York State's Greek Orthodox Churches, including Iconography, Architecture, and historical facts. This book is the first volume in the series.

Built in the fifth century b.c., the Parthenon has been venerated for more than two millennia as the West's ultimate paragon of beauty and proportion. Since the Enlightenment, it has also come to represent our political ideals, the lavish temple to the goddess Athena serving as the model for our most hallowed civic architecture. But how much do the values of those who built the Parthenon truly correspond with our own? And apart from the significance with which we have invested it, what exactly did this marvel of human hands mean to those who made it? In this revolutionary book, Joan Breton Connelly challenges our most basic assumptions about the Parthenon and the ancient Athenians. Beginning with the natural environment and its rich mythic associations, she re-creates the development of the Acropolis—the Sacred Rock at the heart of the city-state—from its prehistoric origins to its Periklean glory days as a constellation of temples among which the Parthenon stood supreme. In particular, she probes the Parthenon's legendary frieze: the 525-foot-long relief sculpture that originally encircled the upper reaches before it was partially destroyed by Venetian cannon fire (in the seventeenth century) and most of what remained was shipped off to Britain (in the nineteenth century) among the Elgin marbles. The frieze's vast enigmatic procession—a dazzling pageant of cavalymen and elders, musicians and maidens—has for more than two hundred years been thought to represent a scene of annual civic celebration in the birthplace of democracy. But thanks to a once-lost play by Euripides (the discovery of which, in the wrappings of a Hellenistic Egyptian mummy, is only one of this book's intriguing adventures), Connelly has uncovered a long-buried meaning, a story of human sacrifice set during the city's mythic founding. In a society startlingly preoccupied with cult ritual, this story was at the core of what it meant to be Athenian. Connelly reveals a world that beggars our popular notions of Athens as a city of staid philosophers, rationalists, and rhetoricians, a world in which our modern secular conception of democracy would have been simply incomprehensible. The Parthenon's full significance has been obscured until now owing in no small part, Connelly argues, to the frieze's dismemberment. And so her investigation concludes with a call to reunite the pieces, in order that what is perhaps the greatest single work of art surviving from antiquity may be viewed more nearly as its makers intended. Marshalling a breathtaking range of textual and visual evidence, full of fresh insights woven into a thrilling narrative that brings the distant past to life, *The Parthenon Enigma* is sure to become a landmark in our understanding of the civilization from which we claim cultural descent.

Includes Pastoral Guidelines and Church Etiquette.

Just released 224 pages, more than 400 full-color, original photographs, hard cover with striking dust jacket, 11" by 11" coffee-table book showcasing the beauty of the Greek Orthodox Churches of the Midwest! *ECCLESIA, Greek Orthodox Churches of the Chicago Metropolis*, by Panos Fiorentinos, takes the reader on a photographic and historic journey through all 59 churches of the Chicago Metropolis, one of the nine regions of the Greek Orthodox Archdiocese of North America. This one-of-a-kind photographic chronicle captivates the reader with the unique beauty and rich tradition of these parishes, some of them established more than 100 years ago and located in cities and towns throughout Illinois, Indiana, Iowa, Minneapolis, Missouri and Wisconsin. In addition to showcasing these churches through stunning photography, Fiorentinos has chronicled, for the first time in one place, their individual histories. *ECCLESIA* educates through scholarly essays that explain the Greek Orthodox Church's architecture, fundamental beliefs and history, as well as the meaning of its icons and symbols. It also provides a historical perspective about the Greek immigrants who founded many of these churches, while paying tribute to the various ethnic groups and converts who are now part of these parishes' heritage. This book will appeal to those interested in the architecture and interior adornment of churches, the establishment and growth of religion, genealogy, immigration, and regional history, and will be a unique addition to the historical, religious and photography collections of colleges, universities and local and regional community libraries.

A practical resource for restoring the microbial balance in our guts and rebooting overall health, featuring a simple 6-day, 2-phase detox cleanse and over 50 delicious Paleo-meets-Mediterranean recipes. The key to great digestive health lies in rewilding the gut and keeping the diverse microbes that inhabit it happy and thriving. In *Wild Mediterranean* Stella Metsovas breaks down the complex science behind digestive health and shares a deceptively simple and down-to-earth plan for ending the digestive issues that can have far-reaching effects on our everyday lives. Using foods you already know, trust, and love—delicious Mediterranean cuisine—it's easy to reintroduce essential microbes to your system and cultivate a healthy microbiome to banish bloating, discomfort, and irregularity forever. At the heart of *Wild Mediterranean* are Stella's unique village-to-table recipes, all based on the historically prebiotic-rich cuisines favored by the world's healthiest populations and her own family heritage. Packed with pre-tox and detox protocols for preparing the gut to heal, key lifestyle practices to support overall wellness, and the scientific evidence to back it all up, *Wild Mediterranean* is a practical resource for restoring the microbial balance in your gut and realizing your best digestive health.
