

Stack Silver Get Gold How To Buy Gold And Silver Bullion Without Getting Ripped Off

"Throughout the ages, many things have been used as currency: livestock, grains, spices, shells, beads, and now paper. But only two things have ever been money: gold and silver. When paper money becomes too abundant, and thus loses its value, man always turns back to precious metals. During these times there is always an enormous wealth transfer, and it is within your power to transfer that wealth away from you or toward you." --Michael Maloney, precious metals investment expert and historian; founder and principal, Gold & Silver, Inc. The Advanced Guide to Investing Gold and Silver tells readers: The essential history of economic cycles that make gold and silver the ultimate monetary standard. How the U.S. government is driving inflation by diluting our money supply and weakening our purchasing power Why precious metals are one of the most profitable, easiest, and safest investments you can make Where, when, and how to invest your money and realize maximum returns, no matter what the economy's state Essential advice on avoiding the middleman and taking control of your financial destiny by making your investments directly.

On January 18, 1980, the price of silver had rocketed upward by 724% in less than a year, from \$6 to \$50 an ounce. So high in fact, that people formed long lines to cash in their silver at local coin and pawn shops. Ladies were selling their tea sets, families

Access PDF Stack Silver Get Gold How To Buy Gold And Silver Bullion Without Getting Ripped Off

were hocking their silverware and coin collectors were cashing in their collections. As dramatic as that sounds, leading experts today think silver could dwarf that 1980 event. They are calling this the opportunity of a lifetime. Yet today, the public is unaware of silver's potential value, and the forces that could propel it to great heights. But after reading this book you'll be ahead of the crowd. You'll know how to turn those forces to your financial advantage and opportunity. And we'll show how silver can also preserve your wealth by protecting you from the ravages of inflation and the devaluation of our currency. And provide financial disaster insurance too. And you get all of these benefits for free, while poised for a great profit in the future. Which means silver is a great tool to protect your investment portfolio and build a more secure financial future for you and your family. Here's what you'll discover in Silver Investing For Beginners... * Why the price of silver could explode in the future. * Why silver offers greater profit potential than gold. * How silver could help protect you in a financial crisis. * How to find and buy your first silver bullion. * The best silver coins to invest in when you start. * How you can even open an automated silver buying account. * How to invest in silver related stocks and funds. * And how to protect your silver investments. And it will describe all of this for you in simple terms you already understand. Not complicated theory. Not a mind-numbing blitz of technical buzzwords. Just what you need to know and the few specific steps you can take to get started. So that by the end of this book, you will be able to buy your first ounce of silver. And your first silver stock too, if you wish. You will know the simple

Access PDF Stack Silver Get Gold How To Buy Gold And Silver Bullion Without Getting Ripped Off

steps to start on your path to a more secure financial future.

Stack Silver Get Gold was written by Hunter Riley III. Hunter spent most of his twenties on the futures trading floor of the rough and tumble pits in Chicago Mercantile Exchange and has been investing in silver and gold for more than a decade. He's witnessed all the ways the gold and silver bullion market will try to chew you up and spit you out and he wrote this book so you can overcome them and be a successful gold and silver investor. His short, no fluff, straight to the point book boils down over a decade's worth of investing do's and donts into about 100 pages. You can literally read this book and start investing in gold and silver with total confidence, safety & ease on the same day you buy it. The funny thing is that this is probably the shortest book on gold and silver investing ever written but it's

Acces PDF Stack Silver Get Gold How To Buy Gold And Silver Bullion Without Getting Ripped Off

also is the only book you'll ever need to invest in gold and silver. Hunter values his time very much and he's written this book as straight to the point as possible because he knows you value your time as well. Go buy this book now. It will SAVE you a ton of money.

"Interior designer Nina Freudenberger, New Yorker writer Sadie Stein, and Architectural Digest photographer Shade Degges give readers a peek at the private libraries and bookshelves of passionate readers all over the world, including Larry McMurtry, Silvia Whitman of Shakespeare and Co., Gay and Nan Talese, and Emma Straub.

Throughout, gorgeous photographs of rooms with rare collections, floor-to-ceiling shelves, and stacks upon stacks of books inspire readers to live better with their own collections"--Amazon.com.

We Americans are never taught anything about gold and silver through our education system. That's why many gold dealers are able to easily rip off unsuspecting buyers of gold and silver. Financial advisors and journalists aren't giving you the truth either, as to how gold and silver fit into a properly diversified portfolio. So naturally, people are looking for answers. "Buy Gold and Silver Safely" provides those answers by explaining why gold and silver need to be a part of everyone's portfolio, and helping people learn about buying or selling gold and silver... the safe way.

Investment industry veteran E.B. Tucker shows readers the gold market from the inside. This 3-part book breaks gold down into must know sections. 1. Why Gold? -

Acces PDF Stack Silver Get Gold How To Buy Gold And Silver Bullion Without Getting Ripped Off

History reveals an ugly pattern of governments spending tomorrow's hard-earned savings today leaving unknowing savers holding the bag.² Why Now? - Recent events foretell a dangerous future for money today.³ A Gold Market "How To" Manual - From bars to coins and everything in between Tucker walks readers through the gold market in simple terms. There's a reason why the world's elite count gold as a core asset. During periods of financial turmoil, it's invaluable. Gold is the only asset that's not someone else's liability. Apartments rely on paying tenants, stocks rely on company profits, bonds rely on stable interest payments. Gold doesn't rely on anyone or anything for its value. Tucker guides investors in simple terms through the ways to own gold, from physical bars, to coins, and even mining stocks. He reveals his favorite method, gold royalty companies. From a financial novice to an investment professional looking to get up to speed on the gold market, Why Gold? Why Now? is the essential guide to the world of gold.

Make the most out of your investment with Precious Metal Investing For Dummies.

In Pollyanna Grows Up we follow the titular character as she “grows up” through a story told in two connected parts. The first part takes place in Boston when she is age 13, having just been rehabilitated from severe injuries sustained in an automobile accident. As she leaves the hospital, she is sent to stay with a nearby dowager, who has long withdrawn into grief, pining for her lost nephew. Pollyanna is to be her “cure.” After leaving Boston, Pollyanna leaves the country with her Aunt Polly and doesn't return to Vermont until she is 20 years old. While in Boston, Pollyanna observes her host's isolation and depression, which sits in stark contrast with the opulence of her home and her material wealth. Meanwhile, naive, relentlessly positive, literal-minded Pollyanna, often oblivious to the structure of society around her, slowly comes to

Access PDF Stack Silver Get Gold How To Buy Gold And Silver Bullion Without Getting Ripped Off

understand the dire, grinding poverty, isolation, and alienation that turn-of-the-century Boston was also home to. Human connection is a central theme of the book and Pollyanna begins to engage with broader cultural and moral questions of her society before departing the country. In the second half of the book, Pollyanna acts as host to the friends she made in Boston. As such, she reconnects with them and puts them in touch with her friends and family in Vermont. As a part of growing up, Pollyanna must now address questions of how these relationships might change as her age and social status change. She must reconcile the sense of obligation she feels with her desires, and with the wants and needs of those around her. Old relationships are expanded, and new relationships are formed (or revealed) with each, in the end, more connected to all. This book is part of the Standard Ebooks project, which produces free public domain ebooks.

How far will four friends go for immortality? This novel is Hugo and Nebula Award-winning author “Robert Silverberg at his very best” (George R. R. Martin). After Eli, a scholarly college student, finds and translates an ancient manuscript called *The Book of Skulls*, he and his friends embark on a cross-country trip to Arizona in search of a legendary monastery where they hope to find the secret of immortality. On the journey with Eli, there’s Timothy, an upper-class WASP with a trust fund and a solid sense of entitlement; Ned, a cynical poet and alienated gay man; and Oliver, a Kansas farm boy who escaped his rural origins and now wants to escape death. If they can find

Acces PDF Stack Silver Get Gold How To Buy Gold And Silver Bullion Without Getting Ripped Off

the House of Skulls where immortal monks allegedly reside, they'll undergo a rigorous initiation. But do those eight grinning skulls mean the joke will be on them? For a sacrifice will be required. Two must die so that two may live forever . . . Stretching the boundary between science fiction and horror, Robert Silverberg masterfully probes deeper existential questions of morality, brotherhood, and self-determined destiny in what Harlan Ellison refers to as "one of my favorite nightmare novels." This ebook features an illustrated biography of Robert Silverberg including rare images from the author's personal collection.

Porchlight's Best Leadership & Strategy Book of The Year An inspiring memoir from the CEO of DICK's Sporting Goods that is "not only entertaining but will be of great value to any entrepreneur" (Phil Knight, New York Times bestselling author of Shoe Dog), this book shows how a trailblazing business was created by giving back to the community and by taking principled, and sometimes controversial, stands—including against the type of weapons that are too often used in mass shootings and other tragedies. It's How We Play the Game tells the story of a complicated founder and an ambitious son—one who transformed a business by making it about more than business, conceiving it as a force for good in the communities it serves. In 1948, Ed Stack's father started Dick's Bait and Tackle in Binghamton, New York. Ed Stack bought the business from his father in 1984, and grew it into the largest sporting goods retailer in the country, with 800 locations and close to \$9 billion in sales. The transformation Ed

Acces PDF Stack Silver Get Gold How To Buy Gold And Silver Bullion Without Getting Ripped Off

wrought wasn't easy: economic headwinds nearly toppled the chain twice. But DICK's support for embattled youth sports programs earned the stores surprising loyalty, and the company won even more attention when, in the wake of yet another school shooting—at Marjory Stoneman Douglas High School in Parkland, Florida—it chose to become the first major retailer to pull all semi-automatic weapons from its shelves, raise the age of gun purchase to twenty-one, and, most strikingly, destroy the assault-style-type rifles then in its inventory. With vital lessons for anyone running a business and eye-opening reflections about what a company owes the people it serves, *It's How We Play the Game* is “a compelling narrative...In a genre that can frequently be staid, Mr. Stack's corporate biography is deeply personal...[Features] surprising openness [and] interesting and humorous anecdotes” (Pittsburgh Post-Gazette).

The world has changed forever. Governments have expanded their reach over their citizens' lives, Power is being consolidated by an elite few, and The world economy has become more volatile and unpredictable. coins, how to test your products for authenticity, and how to find gold, silver and coins without running around to yard sales, flea markets and estate sales! We will examine rare coins and explain how they relate to the topics mentioned. This book will end with an introduction to coin collecting: learn how to get started and why it is so important to know about coins and how they relate to precious metal investing.

The world economy is now approaching the final death rattle of the greatest Ponzi scheme in history: a scheme in which politicians stood by as the financial industry and sovereign governments created a vast overhang of debt, a mountain of low-quality assets - and laid the foundations for an economic disaster which will dwarf any other in history. There are four possible outcomes for our future: * economic growth (unlikely) * stagnation (probable) * inflation (bad) * default (disastrous) Which of the four it will be depends on choices that are being made right now, not always wisely, by politicians, technocrats and bankers. Planet Ponzi is a provocative assessment of the state of today's global economy. Mitch Feierstein reveals the true debts of US government and the eurozone - the full picture, not the figures the politicians would have us believe.

Sink your teeth into the first novel in the #1 New York Times bestselling Sookie Stackhouse series—the books that gave life to the Dead and inspired the HBO® original series True Blood. Sookie Stackhouse is just a small-time cocktail waitress in small-town Bon Temps, Louisiana. She's quiet, doesn't get out much, and tends to mind her own business—except when it comes to her “disability.” Sookie can read minds. And that doesn't make her too dateable. Then along comes Bill Compton. He's tall, dark, handsome—and Sookie can't hear a word he's

Access PDF Stack Silver Get Gold How To Buy Gold And Silver Bullion Without Getting Ripped Off

thinking. He's exactly the type of guy she's been waiting for all her life... But Bill has a disability of his own: he's a vampire with a bad reputation. And when a string of murders hits Bon Temps—along with a gang of truly nasty bloodsuckers looking for Bill—Sookie starts to wonder if having a vampire for a boyfriend is such a bright idea.

A Treatise on a very under appreciated asset class, notably Silver. During a time when the global economy is in turmoil and more importantly all the major currencies, silver (and gold) are the ultimate safe havens although most in the western world fail to realize this. Even most americans don't know the U.S. was founded on a silver standard. A fiat monetary system in unviable and led to over 60 instances of hyperinflations in the 20th century. In the near future, a wave of fiat monetary systems around the world will collapse as all major economies (notably in the western world) are laden with debt, the earmarking of every currency collapse in history. Silver (and gold) have been monies for over 5,000 years, since the advent of handwriting. It was silver, that was used as a unit of account in journal entries. This treatise covers all aspects of silver including a monetary history, both worldwide and in the United States. The fundamentals of silver (supply and demand) are examined in detail, including the fact silver is the best conductor of heat and electricity, making it vital to our civilization, especially in technology. On top of the industrial component is the monetary aspect, which has increased at

Access PDF Stack Silver Get Gold How To Buy Gold And Silver Bullion Without Getting Ripped Off

furious pace following the 2008 financial crisis, gaining steam and shattering records for the last two years. It will be the monetary demand which propels silver to unthinkable levels in the short-medium term and the industrial demand driving prices in the long term. A detailed analysis of money, banking and remarkable debt accumulation have laid the foundation for the coming currency crisis. Austrian Business Cycle Theory is explained and applied to both the past (when Nixon closed the gold window) to present day as well as applied to our forecast of why there is (realistically) no way of avoiding a currency crisis (monetary reset, hyperinflation, etc). There is a high probability that the precious metals will once again play an important role in monetary systems around the world.

Written in clear layman's terms, this forward-thinking book is packed with information to help gold and silver investors navigate an exciting, timely, and largely unexplored market.

Do you want to build your wealth and secure your financial future? Do you want to ensure that inflation does not eat away at everything that you have worked so hard for? Do you want to own wealth outside of the paper financial system? If your answer to these three questions is yes, then you need to own real money. Not rands, dollars or euros: these are merely fiat currencies. You want to own gold and silver, as without them, your wealth is only worth the value of the ink and the paper on which it is printed. For thousands of years, holders of gold and silver have discovered that both metals are monetary antidotes against global financial chaos caused by debt, fiscal imprudence and ad infinitum money-printing. The proprietor of even a few ounces of gold is not only an investor but an individual with the assurance that their wealth and purchasing power remains preserved. Going for Gold is not an attempt to coerce investors into allocating a portion of their total investment portfolio to precious metals. Rather, it

Access PDF Stack Silver Get Gold How To Buy Gold And Silver Bullion Without Getting Ripped Off

speaks directly to the South African investor and declutters and contextualises the vast amounts of information available about precious metals, providing counsel that the mainstream financial industry has disregarded at best, and suppressed at worst.

Diversify your portfolio with gold and silver Investing and trading in gold and silver is always a sound idea—and that goes double in a time of unusual market fluctuation. As people look for safe places to diversify their investment risk, you'll likely see the value of your investment go up where other stocks are vulnerable. Gold and silver saw increases in value of 16% and 15% respectively in 2019—putting them among the top ten most desirable commodities out there—and are projected to experience even more of a bear market as the dollar wobbles in an uncertain post-COVID world. This year, 2020, gold and silver are set up to have their best year of price appreciation over the past 40+ years. Written in an easy-to-follow, no-jargon style by CFP and bestselling author, Paul Mladjenovic, Investing in Gold & Silver For Dummies explains the different complex processes and vehicles for buying gold and silver. You'll find out the best ways to add these to your portfolio, how to balance risk and reward, and how to adapt time-tested investing plans and strategies to your goals. Identify your goals and form a plan Buy gold and silver safely to diversify your portfolio Use ETFs and options to

Access PDF Stack Silver Get Gold How To Buy Gold And Silver Bullion Without Getting Ripped Off

profit from market ups and downs Understand when a gold and silver investment is legitimate Use technical analysis to time your market entries Whatever your current familiarity with gold and silver, this book gives you the extra expert knowledge you need navigate your gold and silver investment portfolio safely through a bear or bull market.

An Indie Next Pick Now in paperback, Natasha Pulley's "witty, entrancing novel . . . burnishes her reputation as a gifted storyteller" (Publishers Weekly, starred review). In 1859, ex-East India Company smuggler Merrick Tremayne is trapped at home in Cornwall with an injury that almost cost him his leg. When the India Office recruits him for an expedition to fetch quinine--essential for the treatment of malaria--from deep within Peru, he knows it's a terrible idea; nearly every able-bodied expeditionary who's made the attempt has died, and he can barely walk. But Merrick is eager to escape the strange events plaguing his family's crumbling estate, so he sets off, against his better judgment, for the edge of the Amazon. There he meets Raphael, a priest around whom the villagers spin unsettling stories of impossible disappearances, cursed woods, and living stone. Merrick must separate truth from fairy tale, and gradually he realizes that Raphael is the key to a legacy left by generations of Tremayne explorers before him, one which will prove more valuable than quinine, and far more dangerous.

"Covers GNU Make basics through advanced topics, including: user-defined functions, macros, and path handling; creating makefile assertions and debugging makefiles; parallelization; automatic dependency generation, rebuilding targets, and non-recursive Make; and using the GNU Make Standard Library"--

From the award-winning and bestselling author of *Cod* comes the dramatic, human story of a simple substance, an element almost as vital as water, that has created fortunes, provoked revolutions, directed economies and enlivened our recipes. Salt is common, easy to obtain and inexpensive. It is the stuff of kitchens and cooking. Yet trade routes were established, alliances built and empires secured – all for something that filled the oceans, bubbled up from springs, formed crusts in lake beds, and thickly veined a large part of the Earth’s rock fairly close to the surface. From pre-history until just a century ago – when the mysteries of salt were revealed by modern chemistry and geology – no one knew that salt was virtually everywhere. Accordingly, it was one of the most sought-after commodities in human history. Even today, salt is a major industry. Canada, Kurlansky tells us, is the world’s sixth largest salt producer, with salt works in Ontario playing a major role in satisfying the Americans’ insatiable demand. As he did in his highly acclaimed *Cod*, Mark Kurlansky once again illuminates the big

Access PDF Stack Silver Get Gold How To Buy Gold And Silver Bullion Without Getting Ripped Off

picture by focusing on one seemingly modest detail. In the process, the world is revealed as never before.

Experts are predicting a significant recession that may be worse than the global economic crisis of 2008. Gold Rush 2020 shows how gold can be the ultimate insurance policy for these uncertain times, why its place in our financial system has become more important than ever, and why gold should be a part of any wise investor's portfolio.

For those interested in protecting themselves against inflation, hyperinflation or an economic collapse that makes today's currency worthless, stacking silver is the best option. Investing in gold and silver is an excellent way to get that protection. There are plenty of financial experts that are sounding the alarm about the current state of the economy. Those experts are telling people to start investing in silver and gold, rather than the volatile stock market. Stacking silver is one way regular people can save themselves the heartache of losing their hard earned savings in a stock market crash. There are some key points you need to know before you go out and start buying silver and gold pieces. This book will explain why you want to invest in silver and how to go about doing it. Stacking silver is a fun hobby that will quickly become a way of life. You will find yourself checking the change you get from the store and visiting new coin shops in search

Don't put off learning about silver and gold investing another day. Now is the time to start securing your future by stacking silver.

In this grand and thrilling narrative, the acclaimed biographer of Magellan, Columbus, and Marco Polo brings alive the singular life and adventures of Sir Francis Drake, the pirate/explorer/admiral whose mastery of the seas during the reign of Queen Elizabeth I changed the course of history “Bergreen masterly portrays ... the swashbuckling life and times of the explorer who achieved what Magellan could not—and made England’s fortune in the process.” —Kirkus, STARRED review Before he was secretly dispatched by Queen Elizabeth to circumnavigate the globe, or was called upon to save England from the Spanish Armada, Francis Drake was perhaps the most wanted—and successful—pirate ever to sail. Nicknamed "El Draque" by the Spaniards who placed a bounty on his head, the notorious red-haired, hot-tempered Drake pillaged galleons laden with

New World gold and silver, stealing a vast fortune for his queen—and himself. For Elizabeth, Drake made the impossible real, serving as a crucial and brilliantly adaptable instrument of her ambitions to transform England from a third-rate island kingdom into a global imperial power. In 1580, sailing on Elizabeth's covert orders, Drake became the first captain to circumnavigate the earth successfully. (Ferdinand Magellan had died in his attempt.) Part exploring expedition, part raiding mission, Drake's audacious around-the-world journey in the Golden Hind reached Patagonia, the Pacific Coast of present-day California and Oregon, the Spice Islands, Java, and Africa. Almost a decade later, Elizabeth called upon Drake again. As the devil-may-care vice admiral of the English fleet, Drake dramatically defeated the once-invincible Spanish Armada, spurring the British Empire's ascent and permanently wounding its greatest rival. The relationship between Drake and Elizabeth is the missing link in our understanding of the rise of the British Empire, and its importance has not been fully described or appreciated. Framed around Drake's key voyages as a window into this crucial moment in British history, *In Search of a Kingdom* is a rousing adventure narrative entwining epic historical themes with intimate passions. In recent years, metals have been among the safest and most lucrative investments around, but they are not entirely risk-free. In this Commodity Trading

Manual, you will learn why gold and silver need to be a part of everyone's basic investment strategy to counter the U.S. dollar's glaring weaknesses and the government's inability to control spending that has pushed the U.S. to be the world's largest debtor nation. You'll also learn how gold and silver fit into a properly diversified portfolio and what type and how much gold and silver to buy. Most importantly you'll learn the one question to ask every gold dealer to know whether or not their recommendation is in your best interest or theirs. This straightforward guide eases you into the precious metals market with sound advice on trading and owning these profitable investments, including gold and silver!

The dollar is in trouble. Its value on foreign exchange markets has been falling for the past six years, and now its gradual decline is about to become a rout. This spells big trouble for the American economy—but potential riches for smart investors. In *The Collapse of the Dollar and How to Profit from It*, financial gurus James Turk and John Rubino show how the dollar arrived at this precipice, why it will continue to plunge, and how you can profit from the resulting financial crisis. The United States today is the world's biggest debtor nation. To finance this mountain of debt, we're flooding the world with dollars. The resulting oversupply of dollars will cause its value to decline until it is displaced as the world's

dominant currency. Precious metals will soar in value, and gold will reclaim its monetary role at the center of the global financial system. James Turk, a leading gold authority and the founder of GoldMoney.com, and John Rubino, editor of the popular Web site DollarCollapse.com offer strategies for investing in gold coins, gold stocks, gold-based digital currencies, and other hard assets to create a profitable portfolio. *The Collapse of the Dollar and How to Profit from It* is a must read for every citizen and investor.

Development of the thin film and coating technologies (TFCT) made possible the technological revolution in electronics and through it the revolution in IT and communications in the end of the twentieth century. Now, TFCT penetrated in many sectors of human life and industry: biology and medicine; nuclear, fusion, and hydrogen energy; protection against corrosion and hydrogen embrittlement; jet engine; space materials science; and many others. Currently, TFCT along with nanotechnologies is the most promising for the development of almost all industries. The 20 chapters of this book present the achievements of thin-film technology in many areas mentioned above but more than any other in medicine and biology and energy saving and energy efficiency.

Josh has chosen to side neither with his twin sister Sophie nor Nicholas Flamel, but rather to fight alongside Dr. John Dee and Virginia Dare, while the immortal

Machiavelli and Billy the Kid plan to set loose the monsters of Alcatraz on San Francisco.

Why The Price of Silver Is Set To Explode! Many were stunned to see The Big Short and realize that there were a few savvy traders who saw the subprime crisis in advance, and used that knowledge to make a fortune in the financial markets. Shockingly, a similar situation is playing out in the silver market at this very moment, and The Big Silver Short provides the perfectly timed handguide to profit from one of the greatest investing opportunities in history! Featuring interviews with 15 of the world's top silver experts--including Ted Butler, Andrew Maguire, Bart Chilton, Rick Rule, and David Morgan--the book reveals: Why a dramatically higher silver price has become a matter of "when" rather than "if" How the Wall Street banks have effectively sold each ounce of silver to over 500 people Former CFTC Commissioner Bart Chilton's stunning revelations about J.P. Morgan and silver manipulation Why Ted Butler thinks J.P. Morgan has more than 800 million ounces of silver The real story about the Hunt brothers The truth about Warren Buffett's silver position and how he got forced out of it Why the Federal Reserve will never raise interest rates So if you're watching the Fed's hyperinflation campaign, and you want to be prepared and keep your money safe (or even profit at Wall Street's expense), get The Big Silver Short today!

The shocking truth about where the markets are headed and why owning physical gold—not paper assets—is a far better strategy to building real wealth. An indispensable resource for the everyday investor, *Gold Is A Better Way* turns the strategies recommended by Wall Street on their head and makes the case for a return to sound investing. Adam Baratta strips away all the confusion and complexities surrounding investing and breaks down investment concepts and the simple fundamentals driving markets. He provides a roadmap for how to win at the game of investing and, more importantly, explains the “why” so readers can continue to win. Everyday investors gain tools that allow them to know with certainty they are making sound investment decisions, as well as an understanding of where to diversify investments that have historically performed well. There is a massive environmental shift happening in financial markets. Interest rates are rising and what has been very easy for investors in the past is about to become very hard. Everything people think they know about investing is being turned on its head. It's time to change investing behavior. “A fresh new voice in the world of gold . . . Baratta’s book and cutting edge platform make the undeniable case why gold demands consideration in every portfolio.”
