Running behind, he's shocked to find that his office sent him reinforcements - and that his bored colleagues tricked the new guy into wearing a go-go getup. Drinks at the Happy Hour Inn follow a hard day at work as Hunter, a tough Army vet, takes it upon himself to become Brad's guardian angel. But Brad pulls his weight at the most unexpected of times, showing Hunter a future he had never imagined. 'Blew my mind... so magically written and most of all that it is based on true events... a hard-hitting, soul-crushing book... I loved every moment of it... immersive, heart-wrenching, I feel emotional writing this review.' Goodreads reviewer, 5 stars Wanted: Company Daughters. Virtuous young ladies to become the brides of industrious settlers in a foreign land. The Company will pay the cost of the lady's dowry and travel. Returns not permitted, orphans preferred. Amsterdam, 1620. Jana Beil has learned that life rarely provides moments of joy. Having run away from a violent father, her days are spent searching for work in an effort to stay out of the city brothels, where desperate women trade their bodies for a mouthful of bread. But when Jana is hired as a servant for the wealthy and kind Master Reynst and his beautiful daughter Sontje, Jana's future begins to look brighter. Then Master Reynst loses his fortune on a bad investment, and everything changes. The house is sold to creditors, leaving Jana back on the street and Sontje without a future. With no other choice, Jana and Sontje are forced to sign with the East India Company as Company Daughters: sailing to a colonial Dutch outpost to become the brides of male settlers they know nothing about. With fear in their hearts, the girls begin their journey – but what awaits them on the other side of the world is nothing like what they've been promised... Based on true history, this is a gripping and unputdownable historical novel, perfect for fans of *Girl with a Pearl Earring*, *The Miniaturist* and *The Indigo Girl*. Or maybe you've already read the book, but need a refresh on the most important takeaways. In a quick, easy listen, you can take the main principles from Inside Out! In her 2019 memoir, *Inside Out*, Demi Moore writes about three areas of her life: survival, success, and surrender. She invites the reader into her private world and shares how she wound up a low point, alone in her empty house, feeling like a failure in all areas of her life that gave her joy. Through this low point, she begins to explore the complex and long history leading to this point. With painstaking accuracy, she provides accounts of impactful and painful elements of her life, and through each of these experiences, she surmises important psychological revelations about herself, enabling her to move beyond the past rather than repeating it. A captivating book that gives a glimpse into the life of one of the most prolific and scrutinized actresses of her time, Demi Moore powerfully navigates through her troubled childhood, portraying her very flawed parents with compassion and humanity despite their harmful shortcomings. Further, Moore does the same of her three marriages, fairly depicting her own point of view while not villainizing the people who have

caused her trauma and distress. She steers the readers through her substance abuse, eating disorders, traumas, and ultimately, Moore shows her never-ending drive forward to become a better and healthy person.
