"To understand the history and spirit of America, one must know its wars, its laws, and its presidents. To really understand it, however, one must also know its cheeseburgers, its love songs, and its lawn ornaments. The long-awaited Guide to the United States Popular Culture provides a single-volume guide to the landscape of everyday life in the United States. Scholars, students, and researchers will find in it a valuable tool with which to fill in the gaps left by traditional history. All American readers will find in it, one entry at a time, the story of their lives."--Robert Thompson, President, Popular Culture Association. "At long last popular culture may indeed be given its due within the humanities with the publication of The Guide to United States Popular Culture. With its nearly 1600 entries, it promises to be the most comprehensive single-volume source of information about popular culture. The range of subjects and diversity of opinions represented will make this an almost indispensable resource for humanities and popular culture scholars and enthusiasts alike."--Timothy E. Scheurer, President, American Culture Association "The popular culture of the United States is as free-wheeling and complex as the society it animates. To understand it, one needs assistance. Now that explanatory road map is provided in this Guide which charts the movements and people involved and provides a light at the end of the rainbow of dreams and expectations."--Marshall W. Fishwick, Past President, Popular Culture Association

Features of The Guide to United States Popular Culture: 1,010 pages
1,600 entries
500 contributors
Alphabetic entries
Entries range from general topics (golf, film) to specific individuals, items, and events
Articles are supplemented by bibliographies and cross references
Comprehensive index

Cartoonists and animators have given animals human characteristics for so long that audiences are now accustomed to seeing Bugs Bunny singing opera and Mickey Mouse walking his dog Pluto. The Animated Bestiary critically evaluates the depiction of animals in cartoons and animation more generally. Paul Wells argues that artists use animals to engage with issues that would be more difficult to address directly because of political, religious, or social taboos. Consequently, and principally through anthropomorphism, animation uses animals to play out a performance of gender, sex and sexuality, racial and national traits, and shifting identity, often challenging how we think about ourselves. Wells draws on a wide range of examples, from the original King Kong to Nick Park's Chicken Run to Disney cartoons such as Tarzan, The Jungle Book, and Brother Bear to reflect on people by looking at the ways in which they respond to animals in cartoons and films.

As an increasingly significant aspect of primary teaching, Creative Approaches to Teaching Primary RE is the essential companion to help bring creativity to life in the classroom. The text begins with a discussion of creative education and the value of Religious Education, moving on to reflect on the cross-curricular nature of the subject, exploring ways of introducing creativity to the classroom, through the medium of Religious Education. Each chapter provides ideas and activities demonstrating how pedagogy and theory can be applied in practice within a school setting. The inclusion of case studies will help you consider how to develop creative approaches in all curriculum areas. This book invites you to ask questions such as:

- What is Creative

Education? · Why should RE be included in the ever-changing curriculum? · How can I use Religious Education to generate a more creative environment in the classroom? Before Star Trek, there was Space Patrol. Science fiction television has its roots in this live, action-packed series that captured the imagination of Americans from 1950 to 1955, when space travel was just a dream. This book explores the freewheeling spirit of live TV, where anything could go wrong before millions of viewers—and often did. It spotlights (often in personal interviews) the risk-taking Space Patrol cast and crew who laid vital groundwork for television today. Included are episode logs for both television and radio shows as well as a complete guide to Space Patrol memorabilia.

Do you remember the arrival of the fish finger, the rise and fall of Angel Delight, Vesta curries and Wimpy hamburgers? Did you own a fondue set or host a Tupperware party, or were you starving yourself on the Cabbage Soup Diet? Was life always too short to stuff a mushroom? And what was the point of Nouvelle Cuisine? There has been a revolution in our kitchens. In 1950, the average housewife worked a seventy-five-hour week. No one owned a fridge or had seen a teabag, let alone an avocado or a Curly Wurly. Ten years later, sugar consumption had rocketed: we ate more biscuits for dinner than vegetables and fruit. It was not until the mid 1990s that we started to worry about 'five a day'. And now, nearly twenty years on from the first vegetable-box delivery scheme, we are fatter than ever before . . . Has there ever been a golden age of the family meal? Full of delicious detail, this marvellous companion to the BBC series is rich with nostalgia and provides a feast of extraordinary factual nuggets. Who can guess the filling of the first pre-packed sandwich in 1984? And who could have foreseen then that a kitchen robot that can write your shopping list is now just around the corner? Reflecting all the fads and fashions that have graced our table, Back in Time for Dinner is much more than a book about dinner; it holds a mirror to our changing family lives.

The popularity of cartoon music, from Carl Stalling's work for Warner Bros. to Disney sound tracks and "The Simpsons" song parodies, has never been greater. This lively and fascinating look at cartoon music's past and present collects contributions from well-known music critics and cartoonists, and interviews with the principal cartoon composers. Here Mark Mothersbaugh talks about his music for "Rugrats," Alf Clausen about composing for "The Simpsons," Carl Stalling about his work for Walt Disney and Warner Bros., Irwin Chusid about Raymond Scott's work, Will Friedwald about "Casper the Friendly Ghost," Richard Stone about his music for "Animaniacs," Joseph Lanza about "Ren and Stimpy," and much, much more.

Your remarkable life is happening right here, right now. You may not be able to see it – your life may seem predictable and your work insignificant until you look at your life as Frederick Buechner does. Based on a series of mostly unpublished lectures, Frederick Buechner reveals how to stop, look, and listen to your life. He reflects on how both art and faith teach us how to pay attention to the remarkableness right in front of us, to watch for the greatness in the ordinary, and to use our imaginations to see the greatness in others and love them well. As you learn to listen to your life and what God is doing in it, you will uncover the plot of your life's story and the sacred opportunity to connect with the Divine in each moment.

Based on the 7th ed. of the Oxford dictionary of quotations. Includes extensive coverage of literary and historical quotations and contains up-to-date material from

today's influential literary and cultural figures. Includes 1,000 new quotes in categories such as catchphrases, film lines, official advice, and political slogans.

"How long do I have to convince you that my brother is not capable of murdering sixty people?" Christopher Rice, the author of four New York Times bestselling novels by the age of thirty, returns with his first female protagonist since *The Snow Garden*. In *The Moonlit Earth*, he delivers a compelling psychological thriller about a young woman who must act to save her brother's reputation and life when he is accused of being involved in a terrorist event. When Megan and Cameron Reynolds's father walked out on their mother, they forged an unbreakable bond. If their father could not be there to take care of them, they would always be there to take care of each other. But life intervenes, and siblings go separate ways . . . until something happens to reforge that bond. At thirty, faced with disappointments in career and romance, Megan Reynolds returns to the safety of Cathedral Beach, the home of her mother, who lives among the wealthy with no money of her own. Cameron worries that his sister will lose herself around their mother's frivolous life, but Megan worries more about her brother. She worries that Cameron's care-free charm, which makes him popular in both his work as a flight attendant on a luxury airline and the West Hollywood party scene he enjoys, could lead him into danger. When a bomb goes off in a high-end hotel in Hong Kong, security-camera footage appears on television showing two men escaping: one Middle Eastern and one American. Megan and her mother recognize the young American as Cameron—and find that he has become enmeshed with a mysterious family of wealthy Saudis. In her desperate journey to save her brother's life, Megan uncovers a trail of secrets and intrigue that snakes from the decadent beaches of southern Thailand to the glass skyscrapers of Hong Kong—and finds herself part of a dark global conspiracy that involves a member of her own family.

Teens earning allowances or working part-time jobs may often be tempted to spend what they make. However, one of the earliest steps they can take on the path to financial literacy and independence is to start saving money early. This useful volume explains how to create a set of practical long-term goals, how to make and follow a budget, the benefits and potential dangers of credit, and much more. Sample budget and interest calculations provide easy-to-follow examples for readers, and tips on what teens can ask a financial expert to help them save and build wealth are also included.

Many associate early western music with the likes of Roy Rogers and Gene Autry, but America's first western music craze predates these "singing cowboys" by decades. Written by Tin Pan Alley songsters in the era before radio, the first popular cowboy and Indian songs circulated as piano sheet music and as cylinder and disc recordings played on wind-up talking machines. The colorful fantasies of western life depicted in these songs capitalized on popular fascination with the West stoked by Buffalo Bill's Wild West shows, Owen Wister's novel *The Virginian*, and Edwin S. Porter's film *The Great Train Robbery*. The talking machine music industry, centered in New York City, used state-of-the-art recording and printing technology to produce and advertise songs about the American West. *Talking Machine West* brings together for the first time the variety of cowboy, cowgirl, and Indian music recorded and sold for mass consumption between 1902 and 1918. In the book's introductory chapters, Michael A. Amundson explains how this music reflected the nostalgic passing of the Indian and the frontier while incorporating modern ragtime music and the racial attitudes of Jim Crow America. Hardly Old West ditties, the songs gave voice to changing ideas about Indians and assimilation, cowboys, the frontier, the rise of the New Woman, and ethnic and racial equality. In the book's second part, a chronological catalogue of fifty-four western recordings provides the full lyrics and history of each song and reproduces in full color the cover art of extant period sheet music. Each entry also describes the song's composer(s), lyricist(s), and sheet music illustrator and directs readers to online digitized recordings of each song. Gorgeously illustrated throughout, this book is as entertaining as it is informative, offering the first

comprehensive account of popular western recorded music in its earliest form.

Despite an often unfair reputation as being less popular, less successful, or less refined than their bona-fide Broadway counterparts, Off Broadway musicals deserve their share of critical acclaim and study. A number of shows originally staged Off Broadway have gone on to their own successful Broadway runs, from the ever-popular A Chorus Line and Rent to more off-beat productions like Avenue Q and Little Shop of Horrors. And while it remains to be seen if other popular Off Broadway shows like Stomp, Blue Man Group, and Altar Boyz will make it to the larger Broadway theaters, their Off Broadway runs have been enormously successful in their own right. This book discusses more than 1,800 Off Broadway, Off Off Broadway, showcase, and workshop musical productions. It includes detailed descriptions of Off Broadway musicals that closed in previews or in rehearsal, selected musicals that opened in Brooklyn and in New Jersey, and American operas that opened in New York, along with general overviews of Off Broadway institutions such as the Light Opera of Manhattan. The typical entry includes the name of the host theater or theaters; the opening date and number of performances; the production's cast and creative team; a list of songs; a brief plot synopsis; and general comments and reviews from the New York critics. Besides the individual entries, the book also includes a preface, a bibliography, and 21 appendices including a discography, filmography, a list of published scripts, and lists of musicals categorized by topic and composer.

Essential Nursing Care for Children and Young People is the definitive guide for all nursing and healthcare students and professionals caring for children and young people. Designed to meet the 2010 NMC competency standards for pre-registration nurses, the textbook supports you through the process of caring for children and young people with varied needs and conditions across all healthcare settings. A practical, patient-centred approach is taken throughout, with the 'voices' of children, their families and their carers used to tie theoretical knowledge to the real experience of providing care. The inclusion of the latest research and health and social care policies ensures that you are fully in line with the latest clinical practice, whilst the book's activities and exercises allow you to regularly check your understanding and develop confidence during your journey from student to nursing professional. Main features: Course-Focused Approach – pedagogy and content designed specifically for all three years of the child nursing degree programme. Contemporary Content – research note features and policy integrated throughout to give you instant access to the latest evidence-based practice. Illustrated Throughout – this highly accessible text regularly uses pictures and diagrams to highlight key issues. Voices – include authentic experiences of children, young people, parents, carers and professionals to help develop a patient-focused attitude to care. Pertinent A&P – includes coverage of all relevant anatomy and physiology for child and young person nursing courses. Practice Guidelines – provide practical guidance on everyday procedures for your quick reference. Activities and Answers – allow you to check your knowledge and build confidence. Specialist Authors – each chapter is written by leading experts in each area. Essential Nursing Care for Children and Young People is the ideal main textbook for all undergraduate child and young person nursing students, as well as professionals wanting to ensure they are using the latest practice. This text is also relevant to any student or professional involved in the health and social care of children and young adults.

An unprecedented collection of rare and life-changing classics from the pioneering author of *The Power of Your Subconscious Mind*. The newest Tarcher Success Classic

pulls together, in one convenient and inspiring compendium, some of the rarest and most extraordinary books by mind-power master Joseph Murphy. This unmatched anthology features more than twenty books and pamphlets, including Murphy's most beloved works, such as *The Power of Your Subconscious Mind* and *How to Attract Money*--as well as extraordinary but difficult-to-find early classics, such as *The Meaning of Reincarnation*, *Nuclear Religion*, *Why Did This Happen to Me?*, and *Fear Not*. These works are drawn from the most prolific and potent period in Murphy's career, in the years just before he shook the world with his self-development landmark *The Power of Your Subconscious Mind* (1963). It is a must-have for Murphy readers.

A continuation of 1994's groundbreaking *Cartoons*, Giannalberto Bendazzi's *Animation: A World History* is the largest, deepest, most comprehensive text of its kind, based on the idea that animation is an art form that deserves its own place in scholarship. Bendazzi delves beyond just Disney, offering readers glimpses into the animation of Russia, Africa, Latin America, and other often-neglected areas and introducing over fifty previously undiscovered artists. Full of first-hand, never before investigated, and elsewhere unavailable information, *Animation: A World History* encompasses the history of animation production on every continent over the span of three centuries. Volume III catches you up to speed on the state of animation from 1991 to present. Although characterized by such trends as economic globalization, the expansion of television series, emerging markets in countries like China and India, and the consolidation of elitist auteur animation, the story of contemporary animation is still open to interpretation. With an abundance of first-hand research and topics ranging from Nickelodeon and Pixar to modern Estonian animation, this book is the most complete record of modern animation on the market and is essential reading for all serious students of animation history.

A new and revised edition of the seminal tome *Folk Horror Revival: Field Studies*. A collection of essays, interviews and artwork by a host of talents exploring the weird fields of folk horror, urban wyrd and other strange edges. Contributors include Robin Hardy, Ronald Hutton, Alan Lee, Philip Pullman, Thomas Ligotti, Kim Newman, Adam Scovell, Gary Lachman, Susan Cooper and a whole host of other intriguing and vastly talented souls. An indispensable companion for all explorers of the strange cinematic, televisual, literary and folkloric realms. This edition contains numerous extra interviews and essays as well as updating some information and presented with improved design. 100% of all sales profits of this book are charitably donated at quarterly intervals to The

Wildlife Trusts.

This book will show you what prayer is and how to use the healing power within. Based on the book of John, Dr. Murphy explains how you can use the most powerful, spiritual medicine in the world to bring peace, health, harmony, and abundance into your life. Murphy had rare expertise in healing therapy and the ability to explain even the most profound truths in clear and simple terms. Dr. Joseph Murphy has been acclaimed as a major figure in the human potential movement. He was one of the best selling authors in the mid-twentieth century. With thirty books to his credit, his most notable, *The Power Of Your Subconscious Mind*, has sold millions of copies and has been translated into seventeen languages. Dr. Murphy wrote, taught, counseled, and lectured to thousands of people all over the world as Minister-Director of the Church of Divine Science in Los Angeles and through his daily radio program. "God, or Life, is no respecter of persons. Life plays no favorites. Life, or God, seems to favor you when you align yourself with the principle of harmony, health, joy, and peace." - Joseph Murphy
