

## Stop Walking On Eggshells Taking Your Life Back When Someone You Care About Has Borderline Personality Disorder

NO MORE WALKING ON EGGSHELLS, A Practical Guide To Understanding, Coping And Living With Someone Who Has Borderline Personality Disorder Or Narcissistic Personality Disorder \*\*\*\*\*3rd Edition\*\*\*\*\* This book is a well-rounded introduction to the complications presented by the mental disorders of Narcissistic Personality Disorder (NPD) and Borderline Personality Disorder (BPD). It paints a clear picture of who a narcissist is and who a person with BPD is. You get to learn from this book that narcissism has variations and that each category of narcissists needs to be handled in a unique manner for normalcy or the semblance of it to prevail in life. One thing that this book brings out clearly is the fact that despite the fact that life is difficult with a narcissist around, the same narcissist can contribute positively in a community if the environment is right, and if people around them understand what to expect of a narcissist. That makes this book all the more valuable because it outlines clearly how to handle each type of narcissist for you to get the best out of them and to keep them from making the social or working environment toxic. Any time you want to write off a narcissist, read through this book again and get to see where you can place that person as far as categories of narcissism are concerned. Then see what the book says about handling such people. You may be surprised that some steps you may pick from this book can be the solution nobody ever suggested to you before. And hence the person you loathed begins to make fruitful contributions to your group or community, and incidences of friction between the narcissist and other people begin to reduce. In this book, you will learn: What Narcissistic Personality Disorder is What Borderline Personality Disorder is How NPD varies from BPD The red signs that will alert you when you are dating a narcissist The red signs that will alert you when an employee is a narcissist How narcissism affects leadership in religious circles The best way to handle a partner who is narcissistic What to do to stop falling victim to narcissistic manipulation How to behave when living with a person with BPD How to bring happiness into your life despite having a narcissist in it Various positive contributions you can derive from a narcissist How to keep a narcissist in check while keeping your cool And much, much more.. So don't delay and get your copy today

If you or someone you love is struggling with borderline personality disorder (BPD), you need up-to-date, accurate, and accessible information on the problems you're facing and where you can turn for help. But where do you look? Much of the professional literature on BPD is too technical and confusing to be of much help. And searching the Internet for accurate information can be treacherous, with some sites providing useful information and others giving dangerous advice and misinformation. If you're living with BPD, this compassionate book offers what you really need: an easy-to-follow road map to guide you through this disorder and its treatment. This book provides answers to many of the questions you might have about BPD: What is BPD? How long does it last? What other problems co-occur with BPD? Overviews of what we currently know about BPD make up the first section of the book. Later chapters cover several common treatment approaches to BPD: DBT, mentalization-based treatment (MBT), and medication treatments. In the last sections of the book, you'll learn a range of useful coping skills that can help you manage your emotions, deal with suicidal thoughts, and cope with some of the most distressing symptoms of BPD. This book has been awarded The Association for Behavioral and Cognitive Therapies Self-Help Seal of Merit — an award bestowed on outstanding self-help books that are consistent with cognitive behavioral therapy (CBT) principles and that incorporate scientifically tested strategies for overcoming mental health difficulties. Used alone or in conjunction with therapy, our books offer powerful tools readers can use

## Where To Download Stop Walking On Eggshells Taking Your Life Back When Someone You Care About Has Borderline Personality Disorder

to jump-start changes in their lives.

The Borderline Personality Disorder Survival Guide is organized as a series of answers to questions common to BPD sufferers: What is BPD? How long does it last? What other problems co-occur with BPD? Overviews what we currently know about BPD make up the first section of the book. Later chapters cover several common treatment approaches to BPD: dialectical behavior therapy (DBT), mentalization-based therapy (MBT), and medical treatment using psychoactive drugs. In the last sections of the book, readers learn a range of day-to-day coping skills that can help moderate the symptoms of BPD.

Borderline personality disorder (BPD) is characterized by unstable moods, negative self-image, dangerous impulsivity, and tumultuous relationships. Many people with BPD excel in academics and careers while revealing erratic, self-destructive, and sometimes violent behavior only to those with whom they are intimate. Others have trouble simply holding down a job or staying in school. *Overcoming Borderline Personality Disorder* is a compassionate and informative guide to understanding this profoundly unsettling--and widely misunderstood--mental illness, believed to affect approximately 6% of the general population. Rather than viewing people with BPD as manipulative opponents in a bitter struggle, or pitying them as emotional invalids, Valerie Porr cites cutting-edge science to show that BPD is a true neurobiological disorder and not, as many come to believe, a character flaw or the result of bad parenting. Porr then clearly and accessibly explains what BPD is, which therapies have proven effective, and how to rise above the weighty stigma associated with the disorder. Offering families and loved ones supportive guidance that both acknowledges the difficulties they face and shows how they can be overcome, Porr teaches empirically-supported and effective coping behaviors and interpersonal skills, such as new ways of talking about emotions, how to be aware of nonverbal communication, and validating difficult experiences. These skills are derived from Dialectical Behavior Therapy and Mentalization-based Therapy, two evidence-based treatments that have proven highly successful in reducing family conflict while increasing trust. *Overcoming Borderline Personality Disorder* is an empowering and hopeful resource for those who wish to gain better understanding of the BPD experience--and to make use of these insights in day-to-day family interactions. Winner of the ABCT Self Help Book Seal of Merit Award 2011

Explores the frightening world of BPD patients and helps readers understand their pain.

Introducing a breakthrough, integrative approach to managing your borderline personality disorder (BPD). If you've been diagnosed with BPD you may feel a number of emotions—including shock, shame, sadness, abandonment, emptiness, or even anger. Even worse, you may be tempted to research your diagnosis online, only to find doomsday scenarios and terrible prognoses everywhere you click. Take a deep breath. You can get through this—and this workbook will help guide you. Despite what you may have read or been told, BPD is not the worst thing that can happen to you. Like many mental health issues, it manifests on a spectrum, and while some people may encounter extreme symptoms and consequences on one end, others may be less affected on the other. What do you all have in common? You likely experience difficulty balancing your emotions, thoughts, and behaviors. And you may even have trouble seeing yourself clearly—continuously switching from the hero to the villain of the story you've written about your life. So, how can you make sense of it all and start on the road to healing? Rather than utilizing a one-size-fits-all treatment, this groundbreaking and comprehensive workbook meets you where you are on your therapeutic journey, and provides an integrative approach to treating BPD drawing on evidence-based dialectical behavior therapy (DBT), acceptance and commitment therapy (ACT), cognitive behavioral therapy (CBT), and interpersonal therapy. With this compassionate workbook, you'll gain a greater understanding of your BPD, uncover your own emotional triggers, and discover your own personal motivators

## Where To Download Stop Walking On Eggshells Taking Your Life Back When Someone You Care About Has Borderline Personality Disorder

for positive change. Your BPD has determined how you see and live your life, but it doesn't have to define you forever. With this workbook as your guide, you'll be ready to face your diagnosis head-on, and take those important first steps toward lasting wellness.

Are your moods out of control? Discover the truth about Borderline Personality Disorder (BPD) and learn how to live a happier life. If you love someone with BPD you will learn exactly how to support your loved one. Get it today.

An empowering memoir that can inspire others to break the cycle of abuse and forge happiness out of extreme adversity. The ninth child of bounty hunter Duane Chapman, made famous on the A&E show Dog the Bounty Hunter, Lyssa Chapman has overcome an upbringing that can only be called tragic. In her piercing memoir, she shares the details of her harrowing childhood and her journey to faith, and offers compassionate guidance, advice, and hope to those who might feel overwhelmed in their own circumstances. As a child, Baby Lyssa's parents divorced and left her neglected. Things only got worse from there. Walking on Eggshells reveals Lyssa's nightmare passage from mental and physical abuse to removal from school and confinement at home, flight from protective services, and teen pregnancy. Despite it all, and against incredible odds, Lyssa found her faith. She also found her way out of the spiral of bad decisions to build a healthy relationship with her parents and forge a rewarding, positive life with God. An astonishing true story of one young woman's trek from poverty and abuse to fulfillment and stardom, Walking on Eggshells is heartrending, powerful, and inspiring.

People with borderline personality disorder (BPD) can be intensely caring, warm, smart, and funny—but their behavior often drives away those closest to them. If you're struggling in a tumultuous relationship with someone with BPD, this is the book for you. Dr. Shari Manning helps you understand why your spouse, family member, or friend has such out-of-control emotions—and how to change the way you can respond. Learn to use simple yet powerful strategies that can defuse crises, establish better boundaries, and radically transform your relationship. Empathic, hopeful, and science based, this is the first book for family and friends grounded in dialectical behavior therapy (DBT), the most effective treatment for BPD.

Paul Mason's father was a policeman. He was also a member of a sadistic paedophile ring. He would keep Paul locked up and naked in a tiny cupboard under the stairs of their home before sexually abusing him. This cycle of abuse continued for several years and also affected his brother. The cupboard became a horrific prison where fear and terror filled his every moment. The Cupboard Under the Stairs is a story of abuse at the mercy of adults whom Paul should have been able to trust. There followed a life almost destroyed by their actions. It is the harrowing story of one man's fight for justice and an end to the horrific memories that still haunt him daily.

With astonishing honesty, this memoir reveals what mental illness looks and feels like from the inside, and how healing from borderline personality disorder is possible through intensive therapy and the support of loved ones. With astonishing honesty, this memoir, Get Me Out of Here, reveals what mental illness looks and feels like from the inside, and how healing from borderline personality disorder is possible through intensive therapy and the support of loved ones. A mother, wife, and working professional, Reiland was diagnosed with borderline personality disorder at the age of 29--a diagnosis that finally explained her explosive anger, manipulative behaviors, and self-destructive episodes including bouts of anorexia, substance abuse, and promiscuity. A truly riveting read with a hopeful message. Excerpt: "My hidden secrets were not well-concealed. The psychological profile had been

## Where To Download Stop Walking On Eggshells Taking Your Life Back When Someone You Care About Has Borderline Personality Disorder

right as had the books on BPD. I was manipulative, desperately clinging and prone to tantrums, explosiveness, and frantic acts of desperation when I did not feel the intimacy connection was strong enough. The tough chick loner act of self-reliance was a complete facade."

Gentle counsel and realistic advice for families contending with one of today's most misunderstood forms of mental illness. "Randi Kreger has done it again! With her new book, she continues to make the dynamics of Borderline Personality Disorder (BPD) readily accessible to those of us who love, live with and treat people who suffer from this complex condition." Blaise Aguirre, MD, Medical Director, Adolescent Dialectical Behavior Therapy Residential Program, McLean Hospital "Kreger's communication techniques, grounded in the latest research, provide family members with the essential ability to regain a genuine, meaningful relationship with their loved one with Borderline Personality Disorder." Debra Resnick, Psy.D., President, Psychological Services and Human Development Center "This book offers hope for those who think their situation has none." Rachel Reiland, author of *Get Me Out of Here: My Recovery from Borderline Personality Disorder* For family members of people with Borderline Personality Disorder (BPD), home life is routinely unpredictable and frequently unbearable. Extreme mood swings, impulsive behaviors, unfair blaming and criticism, and suicidal tendencies common conduct among those who suffer from the disorder leave family members feeling confused, hurt, and helpless. In *Stop Walking on Eggshells*, Randi Kreger's pioneering first book which sold more than 340,000 copies, she and co-author Paul T. Mason outlined the fundamental differences in the way that people with BPD relate to the world. Now, with *The Essential Family Guide to Borderline Personality Disorder*, Kreger takes readers to the next level by offering them five straightforward tools to organize their thinking, learn specific skills, and focus on what they need to do to get off the emotional rollercoaster: Take care of yourself Uncover what keeps you feeling stuck Communicate to be heard Set limits with love Reinforce the right behaviors Together the steps provide a clear-cut system designed to help friends and family reduce stress, improve their relationship with their borderline loved one, improve their problem-solving skills and minimize conflict, and feel more self-assured about setting limits. Randi Kreger is the co-author of *Stop Walking on Eggshells* and the author of *The Stop Walking on Eggshells Workbook*. She operates [bpdcentral.com](http://bpdcentral.com), one of the top web-based resources for those living with BPD, and runs the Welcome to Oz online family support groups based at her web site. Cofounder of the Personality Disorder Awareness Network, Kreger is frequently invited to lecture on BPD and related issues, both for clinicians and laypeople.

Isn't it time you stopped walking on eggshells? Learn how with this fully revised and updated third edition of a self-help classic—now with more than one million copies sold! Do you feel manipulated, controlled, or lied to? Are you the focus of intense, violent, and irrational rages? Do you feel you are 'walking on eggshells' to avoid the next confrontation? If the answer is 'yes,' someone you care about may have borderline personality disorder (BPD)—a mood disorder that causes negative self-image, emotional instability, and difficulty with interpersonal relationships. *Stop Walking on Eggshells* has already helped more than a million people with friends and family members suffering from BPD understand this difficult disorder, set boundaries, and help their loved ones stop relying on dangerous BPD behaviors. This fully revised third edition has been updated with the very latest BPD

research on comorbidity, extensive new information about narcissistic personality disorder (NPD), the effectiveness of schema therapy, and coping and communication skills you can use to stabilize your relationship with the BPD or NPD sufferer in your life. This compassionate guide will enable you to: Make sense out of the chaos Stand up for yourself and assert your needs Defuse arguments and conflicts Protect yourself and others from violent behavior If you're ready to bring peace and stability back into your life, this time-tested guide will show you how, one confident step at a time.

This highly anticipated second edition of *Splitting* includes new chapters on abuse, alienation, and false allegations; as well as information about the four types of domestic violence, protective orders, and child custody disputes. Are you divorcing someone who's making the process as difficult as possible? Are they sending you nasty emails, falsifying the truth, putting your children in the middle, abusing you, or abusing the system? Are they "persuasive blamers," manipulating and fooling court personnel to get them on their side? If so, you need this book. For more than ten years, *Splitting* has served as the ultimate guide for people divorcing a high conflict person, one who often has borderline or narcissistic (or even antisocial) personality disorder. Among other things, it has saved readers thousands of dollars, helped them keep custody of their children, and effectively guided them through a difficult legal and emotional process. Written by a family law attorney and therapist, and the author of *Stop Walking on Eggshells*, *Splitting* is an essential legal and psychological guide for anyone divorcing a persuasive blamer: someone who suffers from borderline personality disorder (BPD), narcissistic personality disorder (NPD), and/or antisocial personality disorder (ASPD). This second edition includes new information about antisocial personalities; expanded information about domestic violence, child abuse, alienation, and false allegations; how to approach protective orders and deal with child custody disputes; and a new chapter on how to successfully present your case to decision makers. Turn to this guide to help you: Predict what your spouse may do or say in court Take control of your case with assertiveness and strategic thinking Choose a lawyer who understands your case Learn how e-mails and social networking can be used against you If you need help navigating a high-conflict divorce from a manipulative spouse, this book includes all of the critical information you need to work through the process of divorce in an emotionally balanced, productive way.

*Stop Walking on Eggshells: Taking Your Life Back When Someone You Care About Has Borderline Personality Disorder* (2010), by Paul T. Mason and Randi Kreger, is a guidebook for loved ones of people with borderline personality disorder (BPD). The book was originally published in 1998 and has sold more than half a million copies. Purchase this in-depth summary to learn more. Being a parent is usually all about giving of yourself to foster your child's growth and development. But what happens when this isn't the case? Some parents dismiss the needs of their children, asserting their own instead, demanding attention and reassurance from even very young children. This may especially be the case when a parent has narcissistic tendencies or narcissistic personality disorder. From the author of *Working with the Self-Absorbed* and *Loving the Self-Absorbed*, this major revision of a self-help classic offers a step-by-step approach to resolving conflict and building a meaningful relationship with a narcissistic parent. *Children of the Self-Absorbed* offers clear definitions of narcissism and narcissistic personality disorder to help

## Where To Download Stop Walking On Eggshells Taking Your Life Back When Someone You Care About Has Borderline Personality Disorder

you identify the extent of your parent's problem. You'll learn the different types of destructive narcissism and how to recognize their effects on relationships. With the aid of proven techniques, you'll discover that you're not helpless against your parent's behavior and that you needn't consider giving up on the relationship. Instead, realistic strategies and steps are suggested for learning to set mutually agreed upon behaviors that can help you fulfill your needs and expectations.

Toxic relationships are destroying our lives. We care too much about what people think of us, or what they say about us. Meaningful relationships go right out the window, we become cold and impersonal in a hurry, depression, anxiety and nervousness rears its ugly head and there goes out self-confidence right out the window! Gaslighting is a book that will help you regain your self-worth, livelihood and empowerment! Life was meant to be free and being able to break free from our past, being in the NOW is all that matters. Life will beat us down if we let it, that is why you need to learn how to let it all go. Once you take action and learn the steps of self-realization, you then come to an awareness that permeates your soul. 3 BOOKS in 1 Codependent No More: Boost Your Self Esteem, Now What, Relationship, End Codependency, Cure Your Soul Insecure in Love: Stop Attachment Issues, End Negativity, Anxiety, Gain Positivity in Relationships, Marriage, Divorce Help, Trust Issues, Online Dating Strategies and More! Do you want to feel strong mentally and physically again? Then you have the right book An easy and practical book for legal professionals or anyone else disputing with someone with a high-conflict personality.

The symptoms of borderline personality disorder (BPD) include severe mood shifts, unfounded accusations and wildly inappropriate displays of anger, a range of self-destructive behaviors, and frantic efforts to avoid abandonment. For the friends and families of people with BPD, The Stop Walking on Eggshells Workbook supports and reinforces the ideas in its partner book Stop Walking on Eggshells. The Stop Walking on Eggshells Workbook can be used by itself, or as an accompaniment to the first book. A practical guide to successfully navigating life with someone with BPD, it's chock full of worksheets, checklists, and exercises to help them apply what they've learned to their own relationship. It includes a form to help to fill in when looking for a clinician, a list of phrases to use, and a glossary of BPD-related terms. The book is easy to read and right to the point.

We raise our children to be independent and lead fulfilling lives, but when they finally do, staying close becomes more complicated than ever. And for every bewildered mother who wonders why her children don't call, there is a frustrated son or daughter who just wants to be treated like a grownup. Now, renowned editor Jane Isay delivers the perfect gift to both parents and their adult children—real-life wisdom and advice on how to stay together without falling apart. Using extensive interviews with people from ages twenty-five to seventy, Isay shows that we're far from alone in our struggles to make this new, adult relationship work. She offers up groundbreaking insights and deeply moving stories that will inspire those in even the toughest situations. Isay's warmth and wit shine through on every page as she charts an invaluable course through the confusing, and often painful, interactions parents and children can face. Walking on Eggshells is the much-needed road map that will keep you connected to the people you love most.

In this groundbreaking book, psychologist Daniel Lobel offers essential skills based in dialectical behavior therapy (DBT) and cognitive behavioral therapy (CBT) to help you understand your daughter's disorder, define appropriate boundaries, put an end to daily emergencies,

## Where To Download Stop Walking On Eggshells Taking Your Life Back When Someone You Care About Has Borderline Personality Disorder

and rebuild the family's structure from the ground up. If you have a daughter with borderline personality disorder (BPD), you may feel frustration, shame, and your family may be at the breaking point dealing with angry outbursts, threats, and constant emergencies. You may even feel guilty for not enjoying spending time with your child—but how can you when her behavior is abusive toward you and the rest of your family? You need solid skills you can use now to help your daughter and hold your family together. In this important guide, you'll learn real solutions and strategies based in proven-effective DBT and CBT to help you weather the storm of BPD and restore a sense of normalcy and balance in your life. You'll find an overview of BPD so you can better understand the driving forces behind your daughter's difficult behavior. You'll discover how you can help your daughter get the help she needs while also setting boundaries that foster respect and self-care for you and others in your family. And, most importantly, you'll learn “emergency parenting techniques” to help you put a stop to abusive patterns and restore peace. If your daughter has BPD and your family is struggling to make it through each day, this book offers essential skills to help you cope and recover a sense of stability.

Drake Eastburn, one of modern-day hypnotherapy's leading writers, makes another significant contribution to the art of unchaining the mind through hypnosis in this exemplary publication. In this book you'll find a wealth of information on what it means to apply hypnosis in a therapeutic manner from the moment of first contact with a client, through the waking hypnosis of your pre-talk, the choice of inductions, suggestion and/or interactive approaches during trance, positive and affirmative emergence, right up to the time the client leaves your office. Excellent tips on how to handle abreactions, resistance, client defense mechanisms, and secondary gain are included, as are methods to avoid dependence and attachment. This book is a must-have for the libraries of professional hypnotherapists.

A source of hope, expert advice, and guidance for people with borderline personality disorder and those who love them Do you experience frightening, often violent mood swings that make you fear for your sanity? Are you often depressed? Do you engage in self-destructive behaviors such as drug or alcohol abuse, anorexia, compulsive eating, self-cutting, and hair pulling? Do you feel empty inside, or as if you don't know who you are? Do you dread being alone and fear abandonment? Do you have trouble finishing projects, keeping a job, or forming lasting relationships? If you or someone you love answered yes to the majority of these questions, there's a good chance that you or that person suffers from borderline personality disorder, a commonly misunderstood and misdiagnosed psychological problem afflicting tens of millions of people. Princess Diana was one of the most well-known BPD sufferers. As a source of hope and practical advice for BPD sufferers and those who love them, this new book by Dr. Jerold J. Kreisman and Hal Straus, bestselling authors of *I Hate You, Don't Leave Me*, offers proven techniques that help you:

- \* Manage mood swings
- \* Develop lasting relationships
- \* Improve your self-esteem
- \* Keep negative thoughts at bay
- \* Control destructive impulses
- \* Understand your treatment options
- \* Find professional help

People with Borderline Personality Disorder (BPD) challenge those close to them with their often bewildering mood shifts and unpredictable behavior. This resource articulates specific strategies that those close to the person with BPD can use to effectively cope with these behaviors.

This second edition of *Borderline Personality Disorder in Adolescents* offers parents, caregivers, and adolescents themselves a complete understanding of this complex and tough-to-treat disorder. It is a comprehensive guide which thoroughly explains what BPD is and what a patient's treatment options are, including an overview of the revolutionary new treatment called dialectic behavior therapy. Author Blaise A. Aguirre, M.D., one of the foremost experts in the field, describes recent advances in treatments and brings into focus what we know, and don't know, about this condition. Revised and updated from the previous edition, readers will learn all about the scientific development of

## Where To Download Stop Walking On Eggshells Taking Your Life Back When Someone You Care About Has Borderline Personality Disorder

BPD; treatment options (e.g., medication and therapy); myths and misunderstandings; tips and strategies for parents; the prognosis for BPD; and practical techniques for effective communication with those who have BPD. They will also hear from BPD adolescents and parents who have learned how to make the best of the cards they have been dealt. Here's what some experts in the field had to say about the previous edition: "Families and their children with BPD will find this book a very useful guide as they struggle together toward a more fully realized life."

- Mary C. Zanarini, Ed.D., Director, Laboratory for the Study of Adult Development, McLean Hospital and Professor of Psychology, Harvard Medical School "A must-have book for every parent with a borderline child." - Randi Kreger, Coauthor of Stop Walking on Eggshells: Taking Your Life Back When Someone You Care about Has Borderline Personality Disorder "Borderline Personality Disorder in Adolescents is a long overdue book that eloquently and expertly addresses the wide-ranging issues surrounding borderline personality disorder in adolescents. This compassionate book is a must for parents with children suffering from borderline personality disorder, as well as clinicians, educators, pediatricians, and clergy trying to understand and help adolescents with this serious, chronic disorder." - Perry D. Hoffman, Ph.D., President, National Education Alliance for Borderline Personality Disorder

People with Borderline or Narcissistic Personality Disorders are master manipulators; Caretakers fall for them every time. This book helps Caretakers break the cycle and puts them on a new path of personal freedom, discovery, and self-awareness, through the use of real stories and practical suggestions from a seasoned therapist.

"A revised and updated third edition of the bestselling guide to understanding borderline personality disorder"--

Details a five-step process for learning how to communicate effectively in order to improve health, strengthen relationships, and reduce stress, while becoming comfortable with having honest exchanges.

Those raised by a BPD parent endured a volatile and painful childhood. This book offers readers step-by-step guidance to understanding and overcoming the lasting effects of being raised by a person with this disorder. Readers discover coping strategies for dealing with low self-esteem, lack of trust, guilt, and hypersensitivity.

People with Borderline Personality Disorder (BPD) challenge those close to them with their often bewildering mood shifts and unpredictable behavior. For those people who have relationships with persons with BPD, whether they be relatives, friends, spouses, parents, or children, this book should prove a godsend. It delineates the ways in which borderline individuals' (BPs) behavior and communications frustrate and perplex those around them but goes further in articulating specific strategies that those close to the person with Borderline Personality Disorder (non-BPs, as they are termed in this book) can effectively cope with these kinds of behaviors. ----Larry J. Siever, M.D.

Stop Walking on Eggshells Taking Your Life Back when Someone You Care about Has Borderline Personality Disorder New Harbinger Publications

The authoritative guide to understanding and living with borderline personality disorder, now fully revised and updated Millions of Americans suffer from borderline personality disorder (BPD), a psychiatric condition marked by extreme emotional instability, erratic and self-destructive behavior, and tumultuous relationships. Though it was once thought to be untreatable, today researchers and clinicians know that there is every reason for hope. Dr. Robert Friedel, a leading expert and pioneer in pharmacological treatment for BPD, combines his extensive knowledge and personal experience into this comprehensive guide. Borderline Personality Disorder Demystified shares: The latest findings on the course and causes of the disorder Up-to-date information on diagnosis An accessible overview of cutting-edge treatment options For those who have been diagnosed and those who think they may have the illness, and for the family and friends who love and support them, this book illuminates new information and points the way to an ever more hopeful future. The revised edition includes new forewords from Donald W. Black, MD, and Nancee S. Blum, MSW, and family educators James and Diane Hall.

Based on the self-help classic, Stop Walking on Eggshells, this essential guide offers powerful skills and strategies for parenting a child of any age with borderline personality disorder (BPD)--without sacrificing their family or themselves. If you have a child with BPD, you are all-too-aware of the behavioral and emotional issues that are linked to this disorder--including rages, self-harm, sexual acting out, substance abuse, suicidal behaviors, physical and emotional attacks, and more. Traditional parenting strategies that work on other kids just don't work with a borderline child. But you shouldn't lose hope. The good news is that there are parenting strategies that do work. With this comprehensive resource, you will learn all about borderline personality disorder, how it shows up in children, adolescents, and your adult children, how to obtain proper treatment, and how to manage your child's condition at home. You'll find proven-effective strategies to help you communicate and improve your relationship with your child of any age, and, as a result, improve your own life as a parent and an individual. You'll also find real stories and advice from parents who have also experienced raising a child with BPD. Most importantly, you'll learn how to maintain boundaries and validate your child while also meeting your own needs. Whether your child is 5 or 25, this book offers tools to help you and your family thrive.

In this compassionate guide, Jerold Kreisman—author of I Hate You, Don't Leave Me—offers a powerful set of tools to

## Where To Download Stop Walking On Eggshells Taking Your Life Back When Someone You Care About Has Borderline Personality Disorder

help you express yourself, set boundaries, and cultivate healthy communication with a loved one who is diagnosed with borderline personality disorder (BPD). If you have a loved one with BPD, you need real, proven-effective strategies to help you navigate the intense emotions and conflict that can arise in daily interactions and conversations. People with BPD often feel anger, pain, and hurt from a history of invalidation and disappointment, and their difficulty in regulating emotions can lead to moments of lashing out that can confuse and upset those around them. Written by a psychiatrist with more than 40 years of experience in treating BPD, *Talking to a Loved One with Borderline Personality Disorder* offers a breakthrough, compassionate approach to communicating with a loved one who has BPD. The SET (support, empathy, truth) method outlined in this book is a powerful and simple tool that will allow you to honestly address your loved one's demands, assertions, and feelings while still maintaining appropriate boundaries. Each step builds on the last, helping you build up a consistent and reliable communication process. In this book, you'll find a review of BPD and the common communication problems inherent in the disorder. You'll learn how SET can address these issues. And finally, you'll find detailed examples of specific scenarios that can arise when talking to a loved one with BPD.

Remember—validation isn't the same as agreement. You can help your loved one feel validated while still maintaining your own boundaries. This essential guide will show you how.

Discusses the signs and symptoms of borderline personality disorder and explains how the families and friends of patients can cope with BPD behavior while taking care of themselves.

*Rise Again* marks a vivid and powerful fiction debut from an author who “balances kinetically choreographed scenes of zombie carnage with studies of well-drawn characters and enough political intrigue to give his tale more gravity and grounding than most zombie gorefests” (Publishers Weekly). A mysterious contagion. Mass hysteria. Sudden death. And a warning that would come all too late... Forest Peak, California. Fourth of July. Sheriff Danielle Adelman, a troubled war veteran, thinks she has all the problems she can handle in this all-American town after her kid sister runs away from home. But when a disease-stricken horde of panicked refugees fleeing the fall of Los Angeles swarms her small mountain community, Danny realizes her problems have only just begun—starting with what might very well be the end of the world. Danny thought she had seen humanity at its worst in war-torn Iraq, but nothing could prepare her for the remorseless struggle to survive in a dying world being overrun by the reanimated dead and men turned monster. Obsessed with finding her missing sister against all odds, Danny's epic and dangerous journey across the California desert will challenge her spirit . . . and bring her to the precipice of sanity itself. . . .
