

Streaming Radio Guide Hannity

Respected conservative talk show host, blogger and TV commentator Dana Loesch gives her views on the history and intent of the Second Amendment and discusses what she believes gun confiscation would mean to Americans' basic rights as citizens. How many people in America today are truly well-versed in the history of the Second Amendment, and why it was included in the Bill of Rights? In *HANDS OFF MY GUN*, Dana Loesch explains why the Founding Fathers included the right to bear arms in the Bill of Rights, and argues that "gun control" regulations throughout history have been used to keep minority populations under control. She also contends that current arguments in favor of gun control are primarily based on emotions and fear. This narrative is a must-read for every Second Amendment supporter. Dana Loesch is a determined and fierce advocate for those rights and shouts out: hands off my gun!

"Rescuing Sprite" is a stunningly intimate look at the love between a family and a dog, one that movingly shows, in Levin's words, that in the end, we humans are the lucky ones. A portion of the proceeds of this book will be donated to animal shelters.

Today's media landscape is changing faster than ever, and students are experiencing these developments firsthand. *Media & Culture* pulls back the curtain on the media and shows students what all these new trends and developments really mean — giving students the deeper insight and context they need to become informed media critics. The 2013 Update also includes the must-cover events and trends students need to know to become informed media consumers and critics — from social media's influence on political events like the Occupy Wall Street movement and the Arab Spring revolutions and what the News Corp. phone-hacking scandal means for journalism to the continued growth of television streaming and apps and the advent of tablet-only newspapers. Read the preface.

Every Christian parent faces a daily dilemma: How can I bring up my children to be people of character in a culture that undermines my values? Media and cultural expert Rebecca Hagelin knows how overwhelming it is to raise kids in today's morally toxic environment. In this practical guidebook, she helps you: Learn how to battle the culture, not your child Know the difference between your principles and your preferences Understand how marketers target your children and how to keep them safe online Develop and follow your "mother's intuition" and "father-knows-best" instincts Teach your children to be good stewards of money, time, and work You must fight to protect your children's innocence, their childhood, their character—and their future. It's a battle worth fighting. And it's a battle you can win.

The march to the Trump presidency began in 1988, when Rush Limbaugh went national. Brian Rosenwald charts the transformation of AM radio entertainers into political kingmakers. By giving voice to the conservative base, they reshaped

Get Free Streaming Radio Guide Hannity

the Republican Party and fostered demand for a president who sounded as combative and hyperbolic as a talk show host.

Barack Obama and his radical team of self-professed socialists, fringe activists, and others are trying to remake the American way of life. They have used their new Democratic majority to launch an alarming assault on our capitalist system—while abandoning the war on terror, undermining our national security, and weakening our position in the eyes of our enemies. The "candidate of change" is threatening to change our country irreparably, and for the worse—if we don't act to stop him now. Sean Hannity has been sounding the alarms about Obama and his agenda from the start. Now—in his first new book in six years—he issues a stirring call to action. Hannity surveys all the major Obama players—from the president's affiliation with radical theology to his advisers' history of Marxist activism, repression of the media, support for leftist dictators, and worse. He exposes their resulting campaign to dismantle the American free-market system and forfeit our national sovereignty. But he draws on the examples of Ronald Reagan and the GOP's Contract with America to show how conservatives can unite behind this country's most cherished principles and act now to get America back on the right track—while we still can.

Based on dozens of interviews conducted over six years, Green spins the master narrative of the 2016 campaign from its origins in the far fringes of right-wing politics and reality television to its culmination inside Trump's penthouse on election night.

The instant New York Times bestseller that reveals the collusion between Fox News and Donald Trump—with explosive new reporting covering the election and the January 6 riot. As the nation recovers from the Trump presidency, many questions remain: Why was the COVID-19 pandemic so grossly mishandled? How did we get so politically polarized? What caused white nationalist groups to come out of the shadows, and are they here to stay? The answers lie the twisted story of the relationship between Donald Trump and Fox News. Through firsthand accounts from over 250 current and former Fox insiders, CNN anchor and chief media correspondent Brian Stelter unlocks the inner workings of Rupert Murdoch's multibillion-dollar media empire. The confessions are shocking: "We don't really believe all this stuff," a producer says. "We just tell other people to believe it." Stelter completes the story of the Trump years and looks toward the future of the network that made him. Hoax is a book for anyone who reads the news and wonders how we got here, and what happens next.

Eighty stories feature unusual facts and anecdotes, largely forgotten or ignored, involving historical and contemporary events and personalities.

"The Fight shines a much needed light on the troubling games DC politicians and insiders play with the American people." -Sean

Get Free Streaming Radio Guide Hannity

Hannity "The Fight is a lesson plan for fighting back against the Washington DC political machine." - Mark Levin In The Fight, Dan Bongino picks up the story where his New York Times bestselling book Life Inside the Bubble ends to tackle current political and security issues and offer new solutions. From Hilary's emails to the security failings at the White House (including the drone crash and the fence jumper); from Charlie Hebdo to Bowe Bergdahl--the author examines how our current administration has allowed our security efforts to lapse both at home and abroad. He also offers solutions to the growing terrorist threat and how we can protect American citizens while also deconstructing what's wrong with our political process and what his experience running for office has taught him. As a former member of the elite Presidential Protection Division who served three Presidents, Bongino is uniquely qualified to provide a view from behind the curtain to warn readers about the political system that is failing them, and the security future that won't protect them. The majority of Americans only come into contact with security when they fly or enter their workplace. They are rarely able to become acquainted with the politicians they know from robo-calls and TV ads. Bongino has experienced the inner-workings of the national security apparatus and the failed political theater that we all feel but rarely understand. Using a mix of current events, an insider's analysis, and tales from his time protecting the president, he shows where clear and foreseeable leadership failures from our current administration led to grave consequences. From a broken political process to a president who consistently misreads the American people, he shows us where America has gone wrong and how we can fight back.

"Weekly, there are major threats, mass killings, terrorist attacks, and even weather-related disasters--the list goes on. And this increasingly dangerous world includes more violent and deadly threats that are specifically targeting everyday civilians ... [Via this safety bible], ... you can make educated predictions using the new key questions of who, why, where, when, and how from the attacker's point of view"--Amazon.com.

Now a New York Times bestseller! America is at war. The fight against global jihad has cost 7,000 American lives and almost \$2 trillion, and yet, most Americans do not understand what is at stake. The public lacks knowledge and safety because two presidents and their administrations neglected the most basic strategic question: who is the enemy? Presidents Bush and Obama both named the global jihadi movement—a movement with an intent to destroy the West—"violent extremism." Their tidy term was an attempt to maintain peace with the Muslim community. But when they failed to appropriately name the enemy, they failed to fully understand Islamic extremism. This failure is why the U.S. has been in Afghanistan for sixteen years with no end in sight. But this war is eminently winnable if we remove our ideological blinders, accurately name our enemy, and draw up a strategy to defeat the ideas that inspire terrorism. So says Dr. Sebastian Gorka, one of the most experienced and sought-after authorities on counterterrorism. Dr. Gorka has been one of the intelligence community's go-to experts on counterterrorism since 9/11. He's been called to brief Congress and the Marine Corps and was asked to analyze the Patriot's Day Boston Marathon Bombing for the US government. Dr. Gorka's report for the trial of Dzhokhar "Jahar" Tsarnaev was widely circulated in counterterrorism circles and the media because it accurately painted a picture, not of a teenager on the cover of Rolling Stone, but of a terrorist. Dr. Gorka

Get Free Streaming Radio Guide Hannity

is respected by peers because he understands our enemy is not "terror" or "violent extremism." Our enemy is the global jihadi movement, a modern totalitarian ideology rooted in the doctrines and martial history of Islam whose goals are to build an empire, suppress "false Muslims," and engage in guerilla warfare against infidels. Taking his cue from the formerly top-secret analyses that shaped the U.S. response to the communist threat, Dr. Gorka has produced a compelling profile of the jihadi movement—its mind and motivation—and a plan to defeat it.

As Americans, we face two fundamental questions: First, are we truly prepared to fight this new war to wipe out terrorism and terrorist regimes, and win it decisively -- no matter what sacrifices it requires or how long it takes? Second, are we once again prepared to teach our children the fundamental principles and values that make this country great -- the values that make this country worth fighting for, living for, and dying for? Sean Hannity is the hottest new phenomenon in TV and talk radio today. His gutsy, take-no-prisoners interviews and commentary on the Fox News Channel's Hannity & Colmes have made him one of cable television's most popular personalities. And his ascendance to the top of the talk radio world with ABC Radio's The Sean Hannity Show has won him a huge and devoted following that includes not only conservatives but anyone else who values straight talk over pandering and excuses. Now, in *Let Freedom Ring*, Sean Hannity offers a survey of the world -- political, social, and cultural -- as he sees it. Devoting special attention to 9/11, the war on terror, and the continuing threat we face at home and abroad, he makes clear that the greatest challenge we have to overcome may not be an attack from overseas, but the slow compromising of our national character. And he asks why, particularly in this time of war, should we entrust our future to the voices of the Left -- the very people who have spent decades ravaging so many of our core values and traditions? Our nation, as Hannity reminds us, was founded on the idea of freedom. And in order to protect our freedoms, he argues, we must stand vigilant against liberal attempts to compromise our strengths. From our military and intelligence forces, to our borders and airports, to our unified commitment to root out terrorists at home and abroad, he reveals how our strongest lines of defense have come under attack -- by left-wing voices within our government, media, schools, and elsewhere. And he shows how even domestic issues like taxation, education, patriotism, and the family have been exploited by liberals with their own agendas -- with potentially disastrous results. Filled with the commonsense commentary and passionate argument that have made Sean Hannity the most compelling conservative voice since Rush Limbaugh, *Let Freedom Ring* is an urgent call to arms. For, as Hannity warns, "We are engaged in a war of ideas. And civilization is at stake."

During my half a century in public life, my image and reputation have had more ups and downs than the Cyclone roller coaster at Coney Island. I have been called savior and sinner, fool and wise man, crusader and exploiter, hothead and dope. I am routinely scorned, admired, beloved, and belittled—which one is usually based on when the viewer tuned in. Were you around for my early days as a crusading local newsman? Did you waste an evening with me inside Al Capone's empty vault? Were you watching when the bombs dropped in Afghanistan or Iraq, or did you tune in to the raucous talk show when my nose was broken in the best television studio brawl ever caught on tape? Since the attacks of September 11, 2001, and my employment by the conservative

Get Free Streaming Radio Guide Hannity

rabble-rousers of Fox News—and, more recently, with the coming of the Age of Trump—my professional life has been even more difficult to define. How could a sincerely progressive native-born Jew-Rican New Yorker like me ever work for an outfit better suited to the vibes of Orange County, California, the Dixie, Appalachia, or the Mountain West? How could I not condemn and obstruct a wrecking ball like Donald Trump? Over five decades, I have met most of the era's good and bad guys, from Ronald Reagan to Charles Manson, Fidel Castro to Yasser Arafat, Muhammad Ali to John Lennon, and Elvis Presley to Michael Jackson. Two figure heavily in this book, both longtime friends: Roger Ailes, the disgraced yet undeniably brilliant creator of Fox News; and Donald Trump, once a flamboyant playboy, billionaire businessman, and now 45th President of the United States. At the vigorous twilight of a long and largely improvised life lived in plain sight, I have little left to prove. Faced with a series of random chances, for better and worse, what I made of my life is what I made of those chances. Time has enlightened and humbled me. Sincerely, Geraldo Rivera

Your iPad at Work, Second Edition Supercharge your business effectiveness with any model of iPad—in the office, on the road, everywhere! Do you have an iPad? Put it to work! If you're a manager, entrepreneur, or professional... a consultant, salesperson, or freelancer... this book will make you more efficient, more effective, and more successful! Your iPad at Work includes the latest information about the new iPad (third generation) and iOS 5.1, but also applies to the original iPad and iPad 2. It's packed with easy, nontechnical business solutions you can use right now—each presented with quick, foolproof, full-color instructions. Securely connect your iPad to your network; sync your email, contacts, calendar, Office documents, and smartphone; make the most of iPad's latest productivity apps; capture up-to-the-minute news and financial data; even discover powerful specialized apps for your job and your industry. You already know how much fun your iPad is, now discover how incredibly productive it can make you!

- Secure your iPad with passwords and data encryption
- Connect your iPad to a wireless printer
- Discover today's most powerful iPad business apps
- Manage contacts and relationships using your iPad and the VIPorbit app
- Do your word processing, spreadsheet and database management while on the go
- Access your email and surf the Web from almost anywhere
- Make winning sales and business presentations from your iPad
- Read PC and Mac files, from Microsoft Office to Adobe PDF
- Manage your next project from your iPad
- Use your iPad more efficiently on the road and while traveling
- Manage your company's social networking presence from your tablet
- Hold iPad-based video conferences and virtual meetings
- Use your iPad as an ebook reader, and find the best new business and productivity books online
- Reduce your communications costs with FaceTime and Skype
- Create and distribute iPad content, or have a custom app developed for your business
- Add hardware and accessories that make your iPad even more useful

In the past few years, trust in traditional media has reached new lows. Many Americans disbelieve what they hear from the "mainstream media," and have turned to getting information from media echo chambers which are reflective of a single party or ideology. In this book, Paul Matzko reveals that this is not the first such moment in modern American history. The Radio Right tells the story of the 1960s far Right, who were frustrated by what they perceived to be liberal bias in the national media, particularly the

Get Free Streaming Radio Guide Hannity

media's sycophantic relationship with the John F. Kennedy administration. These people turned for news and commentary to a resurgent form of ultra-conservative mass media: radio. As networks shifted their resources to television, radio increasingly became the preserve of cash-strapped, independent station owners who were willing to air the hundreds of new right-wing programs that sprang up in the late 1950s and 1960s. By the early 1960s, millions of Americans listened each week to conservative broadcasters, the most prominent of which were clergy or lay broadcasters from across the religious spectrum, including Carl McIntire, Billy James Hargis, and Clarence Manion. Though divided by theology, these speakers were united by their distrust of political and theological liberalism and their antipathy towards JFK. The political influence of the new Radio Right quickly became apparent as the broadcasters attacked the Kennedy administration's policies and encouraged grassroots conservative activism on a massive scale. Matzko relates how, by 1963, Kennedy was so alarmed by the rise of the Radio Right that he ordered the Internal Revenue Service and Federal Communications Commission to target conservative broadcasters with tax audits and enhanced regulatory scrutiny via the Fairness Doctrine. Right-wing broadcasters lost hundreds of stations and millions of listeners. Not until the deregulation of the airwaves under the Carter and Reagan administrations would right-wing radio regain its former prominence. The Radio Right provides the essential pre-history for the last four decades of conservative activism, as well as the historical context for current issues of political bias and censorship in the media.

Suggests that conservative talk radio blossomed after the FCC voted to stop enforcing the Fairness Doctrine, and expresses concern that the Obama administration and Democratic Congress may reinstate it to stifle free speech.

As a reporter covering the culture war for FOX News, Todd Starnes is on the front lines of these attacks against traditional values. In *God Less America*, he uses both recent news stories and compelling interviews with today's top conservative leaders to bring to light what is happening across our country.

In this essential exploration of the American heartland, Kayleigh McEnany presents an eye-opening collection of interviews and stories about the powerful grassroots populist movement of frustrated Americans left behind by the government that changed the landscape of political campaigns forever. Kayleigh McEnany spent months traveling throughout the United States, conducting interviews with citizens whose powerful and moving stories were forgotten or intentionally ignored by our leaders. Through candid, one-on-one conversations, they discussed their deeply personal stories and the issues that are most important to them, such as illegal immigration, safety from terrorist attacks, and religious freedom. *The New American Revolution* chronicles both the losses of these grassroots voters, as well as their ultimate victory in November 2016. Kayleigh also includes interviews with key figures within President Trump's administration—including Ivanka Trump, Secretary Ben Carson, Jared Kushner, and many more—and their experiences on the road leading up to President Trump's historic win. Kayleigh's journey takes her from a family cabin in Ohio to the empty factories in Flint, Michigan, from sunny Florida to a Texas BBQ joint—and, of course, ends up at the White House. The collective grievance of the American electorate reveals a deep divide between leaders and citizens. During a time of stark political division, Kayleigh discovers a personal unity and common thread of humanity that binds us nevertheless. Through

Get Free Streaming Radio Guide Hannity

faith in God and unimaginable strength, these forgotten men and women have overcome, even when their leaders turned their heads. An insightful book about the triumph of this powerful movement, *The New American Revolution* is a potent testament to the importance of their message.

#1 NEW YORK TIMES BESTSELLER America's top-rated cable news host offers his first book in over ten years: a look at America's fight against those who would reverse our tradition of freedom. America is great for a reason. Built on principles of freedom, rugged individualism, and self-sufficiency, no country has ever accumulated more power and wealth, abused it less, or used that power more to advance the human condition. And yet, as America blossomed, leftwing radicalism and resentment festered beneath the surface, threatening to undermine democracy in the form of social justice warriors, the deep state, and compromised institutions like academia and the mainstream media. With the Democratic victory in 2020, we are now at risk for a big step toward full-blown socialism along with the economic dysfunction and social strife that are its hallmarks. With radical Democrats demanding the Green New Deal, socialized medicine, abortion on demand, open borders, abolishing the Electoral College, packing the Supreme Court, and an end to free speech, our great nation will be fundamentally transformed beyond recognition. Ronald Reagan once said, "Freedom is but one generation away from extinction," and his words have never rung truer. In *Live Free or Die*, Sean demonstrates why now is an All Hands on Deck moment to save the Republic.

This riveting book provides a nonpartisan examination of how the technological changes and financial imperatives of the media have led to an entertainment-driven news system poorly suited to report on American politics. * Interviews with C-SPAN CEO Brian Lamb, Time magazine's TV critic James Poniewozak, Saturday Night Live Weekend Update head writer Alex Baze, and others shed light on today's media * A chronology examines the technological progression of the American media and the financial developments of media corporate ownership over the past 50 years

The story of the untimely death of Terri Schiavo, why it should not have happened, and its meaning for life in the legal and political arenas.

NEW YORK TIMES BESTSELLER • As seen on *The Daily Show*: an illustrated portrait of the Donald J. Trump Twitter account, with analysis and "scholarly" commentary from the writers of *The Daily Show* and an introduction by Trevor Noah In June 2017, just steps from Trump Tower in midtown Manhattan, *The Daily Show* with Trevor Noah opened *The Donald J. Trump Presidential Twitter Library*, a 4,000-square-foot museum space that gave the 45th president and his amazing Twitter legacy the respect they deserve. In the single weekend it was open to the public, the Library pop-up drew 7,500 visitors and had to turn away countless others. But the Presidential Twitter Library experience should not be limited to the elite coastal few. Not fair! All citizens, even the Mexican ones, should have the chance to see Donald Trump's tweets in their rightful context—organized and commented on in the fearless, hilarious, insightful voice of *The Daily Show*. This one-of-a-kind exhibition catalog presents the Library's complete contents, including: • *The Masterpieces*: In-depth critical appreciations of history's most important Trump tweets, from "Very Stable Genius" to "Covfefe" to "Trump Tower Taco Bowl/I Love Hispanics!" • *The Greatest Battles*: @realDonaldTrump's brutal

Twitter campaigns against fellow Republicans, Diet Coke, women generally, and Kristen Stewart specifically • Sad! A Retrospective: a compendium of the many people, events, and twists of fate that apparently made Donald Trump feel this human emotion • Trumpstradamus: DJT's amazing 140-character predictions—none of which came true! • The Hall of Nicknames: the greatest of Trump's monikers, from "Lyn' Ted" to "Low I.Q. Crazy Mika," accompanied by original caricature artwork • Trump vs. Trump: You're going to want to sit for this one. Donald Trump has sometimes been known to contradict himself. • Always the Best: the greatest boasts of the greatest boaster of all time, ever! Comprising hundreds of Trump tweets, and featuring a foreword by Pulitzer Prize-winning historian Jon Meacham, and even a place for readers to add their own future Trump tweet highlights—because he is making new Twitter history literally every day—The Donald J. Trump Presidential Twitter Library is a unique portrait of an artist whose masterworks will be studied by historians, grammarians, and mental health professionals for years to come.

In early 2012, conservative radio host Rush Limbaugh claimed that Sandra Fluke, a Georgetown University law student who advocated for insurance coverage of contraceptives, "wants to be paid to have sex." Over the next few days, Limbaugh attacked Fluke personally, often in crude terms, while a powerful backlash grew, led by organizations such as the National Organization for Women. But perhaps what was most notable about the incident was that it wasn't unusual. From Limbaugh's venomous attacks on Fluke to liberal radio host Mike Malloy's suggestion that Bill O'Reilly "drink a vat of poison... and choke to death," over-the-top discourse in today's political opinion media is pervasive. Anyone who observes the skyrocketing number of incendiary political opinion shows on television and radio might conclude that political vitriol on the airwaves is fueled by the increasingly partisan American political system. But in *The Outrage Industry* Jeffrey M. Berry and Sarah Sobieraj show how the proliferation of outrage—the provocative, hyperbolic style of commentary delivered by hosts like Ed Schultz, Bill O'Reilly, and Sean Hannity—says more about regulatory, technological, and cultural changes, than it does about our political inclinations. Berry and Sobieraj tackle the mechanics of outrage rhetoric, exploring its various forms such as mockery, emotional display, fear mongering, audience flattery, and conspiracy theories. They then investigate the impact of outrage rhetoric—which stigmatizes cooperation and brands collaboration and compromise as weak—on a contemporary political landscape that features frequent straight-party voting in Congress. Outrage tactics have also facilitated the growth of the Tea Party, a movement which appeals to older, white conservatives and has dragged the GOP farther away from the demographically significant moderates whose favor it should be courting. Finally, *The Outrage Industry* examines how these shows sour our own political lives, exacerbating anxieties about political talk and collaboration in our own communities. Drawing from a rich base of evidence, this book forces all of us to consider the negative consequences that flow from our increasingly hyper-partisan political media.

Written by recognized leaders in the field, *MEDIA PROGRAMMING* delivers the most accurate coverage of techniques and strategies used in the programming industry today. Reflecting the latest developments from real-world practice, this market-leading text covers all aspects of media programming for broadcast and cable television, radio, and the Internet with clear, current illustrations and examples. It offers in-depth

Get Free Streaming Radio Guide Hannity

coverage of emerging trends, including multiplatform strategies, cross-media, new media, high definition media, new programming strategies, and wireless and pay-per-view media. This proven text continues to focus on how programs (units of content) are selected (or not selected), arranged, evaluated, and promoted with the need to consider pressures from technology, financing, regulations, policies, and marketing. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Liberal media activists beware! Richard A. Viguerie, venture capitalist of the conservative movement (described as funding father of the right) and David Franke, a founder of the conservative movement, detail how conservatives-shut out by the liberal mass media of the 1950s and '60s-came to power by utilizing new and alternative media, and then created their own mass media.

“Take it from someone who has been on the inside, who understands the fight we are currently in, and who knows what must be done to save our country. Dr. Sebastian Gorka’s latest book, *The War for America’s Soul*, leverages the former White House strategist’s expertise, driven by his determination to preserve what made America great in the first place.” — MARK LEVIN Our country is at war with itself. On one side are American patriots, dedicated to freedom under the Constitution; on the other side are leftists campaigning not just to win elections, but to radically transform the nation. In this political war for the soul of our country, America’s patriots need a strategist with a blueprint for victory. Luckily, we have such a man in Dr. Sebastian Gorka—a former strategist for President Trump and now a nationally syndicated radio host and a fearless culture warrior. In his essential new book, *The War for America’s Soul*, Dr. Gorka shows how America’s elite—in both parties—betrayed our heartland, sabotaged the American dream, and accepted national decline as inevitable. It took a candidate with remarkable vision, dauntless courage, and unbreakable determination to change the narrative. That man was Donald Trump. A candidate who owed no favors to special interests, Trump articulated a new American nationalism that has been an extraordinary force for economic and political renewal.

It's no secret today's media landscape is evolving at a fast and furious pace — and students are experiencing these developments firsthand. While students are familiar with and may be using the latest products and newest formats, they may not understand how the media has evolved to this point or what all these changes mean. This is where Media and Culture steps in. The eighth edition pulls back the curtain and shows students how the media really works, giving students the deeper insight and context they need to become informed media critics. BUNDLE SUMMARY of David Horowitz's BLITZ - Trump Will Smash the Left and Win & Sean Hannity's LIVE FREE OR DIE - America (and the World) on the Brink The author, David Horowitz, is a conservative writer who used this opportunity to narrate and expose the machinations in the United States of America's political arena, specifically on the Presidency of Donald Trump and the strong opposition from the Democrats. This book provides an opportunity for readers to have a robust understanding of the United States of America's political situations, while the 2020 presidential election is lurking in the corner. This book summary also reveals the author's perception and viewpoints of President Trump's administration and that of the Democrats. He assessed how power tussle and determination of the Democrats to take power and depose Donald Trump began and gradually developed over the course of President Trump's first tenure, and how President Trump was able to outmaneuver the Leftists. A power tussle that led to series of name-calling, accusations, and counter-accusations from all the parties involved. He categorized his book into fourteen and they include: 1) The Trump threat 2) Divide, sabotage and resist 3) Identity politics 4) Make America safe again 5) Impeachment by hearsay 6) What the President actually did, etc***** Sean Hannity, the author of *Live Free or Die America (And the World) On the Brink*, is a self-proclaimed conservative writer, media personality, who is currently the host of Hannity on Fox News and the nationally syndicated radio program, *The*

Get Free Streaming Radio Guide Hannity

Sean Hannity Show, a Christian, who used his book to uncover and reveal the current events in the political scene towards the United States of America's forthcoming Presidential election. He is also widely known as the author of three New York Times bestsellers - Conservative Victory, Deliver Us from Evil and Let Freedom Ring. The author analyzed how power skirmish and eagerness of the Democrats to take over the presidency and oust Donald Trump started and deliberately grew all of a sudden over the period of President Trump's 4 years remarkable tenure, and how Donald Trump, in return, through his formidable policies and zeal to make America Great Again, completely outsmarted the Democrats and the media. A political battle that had led to a cycle of defamation, indictments, and counter-accusations from both sides of the political divide. He categorized his book into Ten Chapters and they include: 1) A Republic-If You Can Keep It 2) Welcome to Fantasyland: The Democrats' 2020 Agenda 3) Deep State I: Russian Collusion-The Hoax of the Century 4) Enemy of the People: The Hate-Trump Media Mob 5) Trump's Response to the Coronavirus and America's Great Comeback In this extensive and well-detailed discussion and summary of the work of David Horowitz and Sean Hannity, readers will gain a profound understanding of what the authors meant by Blitz: Trump Will Smash the Left and Win & Live Free or Die: America (and the World) on the Brink. Also, by outlining key points and summary of each chapter, this resource will precisely offer readers a satisfactory perception of Donald Trump Administration. PLEASE TAKE NOTE: It should be well understood that this summary and analysis is not the original book nor in any way affiliated to the original work of the authors. Also, it does not in any way ridicule or criticize the work of David Horowitz and Sean Hannity, rather it makes the book a successful guide to help readers understand the need for a better leadership and administration. CLICK THE BUY BUTTON AND GET A COPY TODAY!

Nearly three years have passed since that tragic day in September. Since then, our wounds have healed, but our senses and memories have dulled. At first, the nation rallied behind its leader. But by the time the confrontation with Iraq presented itself, our courage and moral certainty seemed to fade in the face of partisan bickering and posturing. Now the political left and the Democratic Party are trying to use the demanding aftermath of the war to exploit our national cause for their own political advantage. How could we allow ourselves to forget so soon? --from Deliver Us from Evil Sean Hannity's first blockbuster book, the New York Times bestseller Let Freedom Ring, cemented his place as the freshest and most compelling conservative voice in the country. As the host of the phenomenally successful Hannity & Colmes on the Fox News Channel and The Sean Hannity Show on ABC Radio, Hannity has won a wildly devoted fan base. Now he brings his plainspoken, take-no-prisoners style to the continuing War on Terror abroad -- and liberalism at home -- in Deliver Us from Evil. "Evil exists," Hannity asserts. "It is real, and it means to harm us." And in these pages he revisits the harsh lessons America has learned in confronting evil in the past and the present, to illuminate the course we must take in the future. Tracing a direct line from Adolf Hitler and Joseph Stalin through Saddam Hussein and Osama bin Laden, he reminds us of the courage and moral clarity of our great leaders. And he reveals how the disgraceful history of appeasement has reached forward from the days of Neville Chamberlain and Jimmy Carter to corrupt the unrepentant leftists of the modern Democratic Party -- from Howard Dean and John Kerry to Bill and Hillary Clinton. As Americans face the ongoing war against terrorists and their state sponsors around the world, Sean Hannity reminds us that we must also cope with the continuing scourge of accommodation and cowardice at home. With his trademark blend of passion and hard-hitting commentary, he urges Americans to recognize the dangers of putting our faith in toothless "multilateralism" when the times call for decisive action. For only through strong defense of our freedoms, at home and around the world, can we preserve America's security and liberty in the dangerous twenty-first century.

Strategy is a term borrowed from a Saturday Night Live skit and self-deprecatingly adopted by the White House for their meetings. White House Correspondent Bill Sammon is borrowing it yet again in his latest account of this unlikely - yet historic - president. It is written with

Get Free Streaming Radio Guide Hannity

verve and piercing insight by Sammon, who has been granted unprecedented access to President Bush, Vice President Cheney and their most senior advisers. No other journalist has interviewed the president more times than Sammon. "A most revealing book that captures firsthand Bush's 'strategy' of honesty, decency and doing what he says he's going to." —Rush Limbaugh "Bill Sammon has some of the best sources within the Bush campaign.... This book contains a treasure trove of insight." —James Carville "The most interesting and readable account to date of the 2004 campaign and the momentous events that have followed it." —Brit Hume

Pull up a chair, pour some eggnog, and enjoy the Christmas spirit with friends... From the wind-swept, snowy ranges of Wyoming to Florida beaches glowing with Christmas lights, *All American Christmas* traces holiday traditions across the United States. In this beautiful personal keepsake, Rachel Campos-Duffy and Sean Duffy present a dazzling collection of emotional stories, treasured family photographs, and homegrown Christmas recipes from some of Fox News' most beloved personalities. Dana Perino takes readers out west to the cattle ranch where she celebrated Christmas with real life "Marlboro Men"—her uncles and grandfather. Maria Bartiromo reflects on growing up in Brooklyn and the famously brilliant light displays in her neighborhood. Brit Hume looks back at the day he and a friend rushed onto the Washington Senators' field—and how his parents later warned him that he was now on Santa Claus' naughty list. For Lauren Green, her understanding of Christmas has evolved with her growing faith. Beautifully designed to reflect the color and spirit and sparkle of the season and featuring 16 pages of color photographs, *All American Christmas* is a gift of love from the Fox News family and is sure to be cherished for seasons to come.

National Bestseller! Sports media superstar Clay Travis wants to save sports from the social justice warriors seeking to turn them into another political battleground. Have you ever tuned into your favorite sports highlights show, only to find the talking heads yammering about the newest Trump tweets or what an athlete thinks about the second amendment? The way Clay Travis sees it, sports are barely about sports anymore. Whether it's in the stadium or the studio, the conversation isn't about who's talented and who stinks. It's about who said the right or wrong thing from the sidelines or on social media. And we know which side is playing referee in that game. Having ruined journalism and Hollywood, far left-wing activists have now turned to sports. Travis argues it's time for right-thinking fans everywhere to put down their beers and reclaim their teams and their traditions. In *Republicans Buy Sneakers, Too* he replays the arguments he's won and lays out all the battles ahead. His goal is simple: to make sports great again. Travis wants sports to remain the great equalizer and ultimate meritocracy—a passion that unites Americans of all races, genders, and creeds, providing an opportunity to find common ground and an escape from polarizing commentary. He takes readers through the recent politicization of sports, controversy by controversy and untalented-but-celebrated hero by hero, and skewers outlets like ESPN which spend more time mimicking MSNBC than covering sports. Travis hopes that if we can stop sports from being just another political battlefield, and return it to our common ground, we can come together as a country again. *War and the Presidency: Restoring the Republic from Congressional Failure* discusses the limited role for the presidency that our nation's founders envisioned and its evolution into an out-of-control imperial position of power. Dr. Eland

concludes that the presidency has gained more power through congressional timidity and abdication rather than through presidential overreach. The written Constitution enshrined Congress as the dominant branch of government. Thus, the dangerous imperial presidency is contingent and can be rolled back only with a congressional reawakening. To get Congress to do this, the author suggests ways in which internal congressional incentives can be changed to provide motivation for a legislative pushback. The author also outlines important actions Congress could take in order to reign in executive power as well as structural reforms that might limit the role of the imperial presidency.

This New York Times and Wall Street Journal bestseller shows us that America's political system isn't broken. The truth is scarier: it's working exactly as designed. In this "superbly researched" (The Washington Post) and timely book, journalist Ezra Klein reveals how that system is polarizing us—and how we are polarizing it—with disastrous results. "The American political system—which includes everyone from voters to journalists to the president—is full of rational actors making rational decisions given the incentives they face," writes political analyst Ezra Klein. "We are a collection of functional parts whose efforts combine into a dysfunctional whole." "A thoughtful, clear and persuasive analysis" (The New York Times Book Review), *Why We're Polarized* reveals the structural and psychological forces behind America's descent into division and dysfunction. Neither a polemic nor a lament, this book offers a clear framework for understanding everything from Trump's rise to the Democratic Party's leftward shift to the politicization of everyday culture. America is polarized, first and foremost, by identity. Everyone engaged in American politics is engaged, at some level, in identity politics. Over the past fifty years in America, our partisan identities have merged with our racial, religious, geographic, ideological, and cultural identities. These merged identities have attained a weight that is breaking much in our politics and tearing at the bonds that hold this country together. Klein shows how and why American politics polarized around identity in the 20th century, and what that polarization did to the way we see the world and one another. And he traces the feedback loops between polarized political identities and polarized political institutions—that are driving our system toward crisis. "Well worth reading" (New York magazine), this is an "eye-opening" (O, The Oprah Magazine) book that will change how you look at politics—and perhaps at yourself.

The Curse of the Boyfriend Sweater is a memoir about life truths learned through crafting. People who craft know things. They know how to transform piles of yarn into sweaters and scarves. They know that some items, like woolen bikini tops, are better left unknit. They know that making a hat for a newborn baby isn't just about crafting something small but appreciating the beginnings of life, which sometimes helps make peace with the endings. They know that if you knit your boyfriend a sweater, your relationship will most likely be over before the last stitch. Alanna Okun knows that crafting keeps her anxiety at bay. She knows that no one will ever be as good a knitting teacher as her beloved grandmother.

And she knows that even when we can't control anything else, we can at least control the sticks, string, and fabric right in front of us. Okun lays herself bare and takes readers into the parts of themselves they often keep hidden. Yet at the same time she finds humor in the daily indignities all crafters must face (like when you catch the dreaded Second Sock Syndrome and can't possibly finish the second in a pair). Okun has written a book that will speak to anyone who has said to themselves, or to everyone within earshot, "I made that."

SUMMARY of Sean Hannity's LIVE FREE OR DIE - America (and the World) on the Brink Sean Hannity, the author of Live Free or Die America (And the World) On the Brink, is a self-proclaimed conservative writer, media personality, who is currently the host of Hannity on Fox News and the nationally syndicated radio program, The Sean Hannity Show, a Christian, who used his book to uncover and reveal the current events in the political scene towards the United States of America's forthcoming Presidential election. He is also widely known as the author of three New York Times bestsellers - Conservative Victory, Deliver Us from Evil and Let Freedom Ring. The author used the book to let Americans and readers to get the actual happenings and have a vigorous insight into the United States of America's political elements. His primary focus is on the heavy opposition and endless attacks on the administration and personality of President Donald Trump, majorly from the Democrats, Leftists, and Progressives. Again, the original work sought to display the conspiracies, collision, and politics in which the political and pull of power events is based, mainly between President Donald Trump, Democrats, and the Media. The author analyzed how power skirmish and eagerness of the Democrats to take over the presidency and oust Donald Trump started and deliberately grew all of a sudden over the period of President Trump's 4 years remarkable tenure, and how Donald Trump, in return, through his formidable polices and zeal to make America Great Again, completely outsmarted the Democrats and the media. A political battle that had led to a cycle of defamation, indictments, and counter-accusations from both sides of the political divide. He categorized his book into Ten Chapters and they include: 1) A Republic-If You Can Keep It 2) Welcome to Fantasyland: The Democrats' 2020 Agenda 3) Deep State I: Russian Collusion-The Hoax of the Century 4) Enemy of the People: The Hate-Trump Media Mob 5) Trump's Response to the Coronavirus and America's Great Comeback This book thoroughly delivers a comprehensive and well-explained dialogue and an overview of Sean Hannity's original work. This summary will help readers gain substantial knowledge of what the author meant by Live Free or Die: America (and the World) on the Brink. Therefore, based on each chapter's key themes and overview, this book will strictly provide the readers with an adequate understanding of Donald Trump's Administration. PLEASE TAKE NOTE: It should be well understood that this summary and analysis is not the original book nor in any way affiliated to the original work of the author. Also, it does not in any way ridicule or criticize the work of Sean Hannity, rather it makes the book a successful guide to help readers understand

the need for a better leadership and administration. **CLICK THE BUY BUTTON AND GET A COPY TODAY!**

Six-time New York Times bestselling author, FOX News star, and radio host Mark R. Levin “trounces the news media” (The Washington Times) in this timely and groundbreaking book demonstrating how the great tradition of American free press has degenerated into a standardless profession that has squandered the faith and trust of the public. Unfreedom of the Press is not just another book about the press. In “Levin’s finest work” (Breitbart), he shows how those entrusted with news reporting today are destroying freedom of the press from within—not through actions of government officials, but with its own abandonment of reportorial integrity and objective journalism. With the depth of historical background for which his books are renowned, Levin takes you on a journey through the early American patriot press, which proudly promoted the principles set forth in the Declaration of Independence and the Constitution. This is followed by the early decades of the Republic during which newspapers around the young country were open and transparent about their fierce allegiance to one political party or another. It was only at the start of the Progressive Era and the 20th century that the supposed “objectivity of the press” first surfaced, leaving us where we are today: with a partisan party-press overwhelmingly aligned with a political ideology but hypocritically engaged in a massive untruth as to its real nature. “A modern conservative classic.” - Sean Hannity “Men in Black couldn’t be more timely or important....a tremendously important and compelling book.” - Rush Limbaugh “One of the finest books on the Constitution and the judiciary I’ve read in a long time....There is no better source for understanding and grasping the seriousness of this issue.” - Edwin Meese III “The Supreme Court has broken through the firewalls constructed by the framers to limit judicial power.” “America’s founding fathers had a clear and profound vision for what they wanted our federal government to be,” says constitutional scholar Mark R. Levin in his explosive book, Men in Black. “But today, our out-of-control Supreme Court imperiously strikes down laws and imposes new ones to suit its own liberal whims—robbing us of our basic freedoms and the values on which our country was founded.” In Men in Black: How the Supreme Court Is Destroying America, Levin exposes countless examples of outrageous Supreme Court abuses, from promoting racism in college admissions, expelling God and religion from the public square, forcing states to confer benefits on illegal aliens, and endorsing economic socialism to upholding partial-birth abortion, restraining political speech, and anointing terrorists with rights. Levin writes: “Barely one hundred justices have served on the United States Supreme Court. They’re unelected, they’re virtually unaccountable, they’re largely unknown to most Americans, and they serve for life...in many ways the justices are more powerful than members of Congress and the president.... As few as five justices can and do dictate economic, cultural, criminal, and security policy for the entire nation.” In Men in Black, you will learn: How the Supreme Court protects virtual child pornography and flag burning as forms of free speech but denies teenagers the right to hear an

invocation mentioning God at a high school graduation ceremony because it might be “coercive.” How a former Klansman and virulently anti-Catholic Supreme Court justice inserted the words “wall of separation” between church and state in a 1947 Supreme Court decision—a phrase repeated today by those who claim to stand for civil liberty. How Justice Harry Blackmun, a one-time conservative appointee and the author of *Roe v. Wade*, was influenced by fan mail much like an entertainer or politician, which helped him to evolve into an ardent activist for gay rights and against the death penalty. How the Supreme Court has dictated that illegal aliens have a constitutional right to attend public schools, and that other immigrants qualify for welfare benefits, tuition assistance, and even civil service jobs.
