scale to any chord in any situation. the second half of the book is comprised of Ken Hatfield's original compositions and transcriptions of his improvised solos. Both the tunes and the transcribed solos demonstrate how the theoretical material in the first half of the book can be artfully applied within the context of compositions representing three musical genres that have served as wellsprings of renewal throughout jazz's deep and illustrious history: blues, rhythm changes, and standards. the 14-track companion CD includes all the music from the second half of the book. the music is recorded in a variety of contexts, including solo, duo, trio, and quartets of differing strumentations. Two of the songs are designed so that the student can play along with the rhythm section. Twelve songs feature Ken playing the heads and the solos. Ten of these are transcribed in their entirety, while two leave the solos for the student to transcribe (in total or in part) as ear training exercises.
