Filmmaker Alejandro Jodorowsky's insights into the Tarot as a spiritual path • Works with the original Marseille Tarot to reveal the roots of Western wisdom • Provides the key to the symbolic language of the Tarot's "nomadic cathedral" • Transforms a simple divination tool into a vehicle for self-realization and healing Alejandro Jodorowsky's profound study of the Tarot, which began in the early 1950s, reveals it to be far more than a simple divination device. The Tarot is first and foremost a powerful instrument of self-knowledge and a representation of the structure of the soul. The Way of Tarot shows that the entire deck is structured like a temple, or a mandala, which is both an image of the world and a representation of the divine. The authors use the sacred art of the original Marseille Tarot--created during a time of religious tolerance in the 11th century--to reconnect with the roots of the Tarot's Western esoteric wisdom. They explain that the Tarot is a "nomadic cathedral" whose parts--the 78 cards or "arcana"--should always be viewed with an awareness of the whole structure. This understanding is essential to fully grasp the Tarot's hermetic symbolism. The authors explore the secret associations behind the hierarchy of the cards and the correspondences between the suits and energies within

human beings. Each description of the Major Arcana includes key word summaries, symbolic meanings, traditional interpretations, and a section where the card speaks for itself. Jodorowsky and Costa then take the art of reading the Tarot to a depth never before possible. Using their work with Tarology, a new psychological approach that uses the symbolism and optical language of the Tarot to create a mirror image of the personality, they offer a powerful tool for self-realization, creativity, and healing.

Before the Metabarons there were the Castakas, a clan of lawless pirates - this is their story.

The impending disaster has thrown governments around the world into chaos, and the end as Dr. Shidou Yurizaki predicted it is fast approaching. Illegal coils, Collectors, Adrastea-everything will play a role in the upcoming plan! Fantasy artist Jennifer Galasso has created Crystal Visions Tarot in a unique style with ethereal faerie imagery and a vibrant color scheme inspired by the four seasons and the four elements. Crystal Visions Tarot remains true to the classic Rider-Waite 78-card system in much of its symbolism, as well as in card and suit names. The luscious card imagery also illustrates the elemental aspects of each suit in order to aid the novice in forming associations with the cards. The Crystal Visions Tarot deck includes 78 cards with an additional unknown card for gazing into future situations that have not yet been revealed, or for exploring issues with deeper insight. The instruction booklet offers both upright and reversed meanings.

From the psychomagical guru who brought you *The Holy Mountain* and *Where the Bird Sings Best* comes a supernatural love-and-horror story in which a beautiful albino giantess unleashes the slaving animal lurking inside the men of a small village. When two women—an amnesiac goddess and her protector, a leather-tough woman called Crabby—arrive in a Chilean desert town, Albina's otherworldly allure and unfettered sensuality turn men into wild beasts. Chased by a clubfooted corrupt cop, evil corporate overlords, giant-hare-riding narcos, and Himalayan cultists, Albina and Crabby must find a magical cactus that will cure Albina and the men's monstrous affliction before the town consumes itself in an orgy of lust and violence. *Albina and the Dog-Men* is Alejandro Jodorowsky's darkly funny, shocking, and surreal hybrid of mystical folktale, road novel, horror story, and social parable, ultimately uniting in a universal story of love against the odds and what makes us human. Praise for *Albina and the Dog-Men* "Deeply psychological and mysterious, the book will stimulate the imagination of the reader's mind to the extreme."

—Marina Abramovi? "In his latest novel, Jodorowsky

builds on his multi-decade long assault of the public imagination . . . a fantastical and genre-defying parable of love and friendship. . . . Throughout this dark dream of a novel, Jodorowsky's writing is comic and occasionally mesmerizing. It is also ripe with horror and philosophical questions about what it means to belong, everywhere and nowhere. And while some of the subject matter is disturbing, it often carries the air of something ancient that you read children by a fire. For years Jodorowsky has proven the intensity of his imagination, and how far he is willing to go to present his singular vision to the world. He is a fully realized artist whose tales demand attention. At its core, *Albina and the Dog-Men* is a love story about two people committed to one another's survival and to discovering their potential. And, as with life, it is sometimes only through the weathering of a storm that our true capacities are made clear.” —Juan Vidal, NPR Books “[*Albina and the Dog-Men*] may be the ultimate piece of Jodorowsky arcana, a mind-bending adventure story on par with his wildest cinematic visions. . . . A surrealist novel par excellence, *Albina and the Dog-Men* is a dream, a prophecy, a hallucination, and a transfiguration such as only Jodorowsky could induce.” —Publishers Weekly “Composed like a feverish fairytale, *Albina and the Dog-Men* is a South American parable of self-acceptance and belonging that is fueled by prurience and colored with vivid, hallucinogenic details. . . . No moment of Jodorowsky's book is at all predictable or familiar, and those who have a taste for the uncanny will be in awe over its undulations into strange, even godly, territory. The sensuality of the prose thickens as

Albina's situation becomes more tenuous, resulting in heady and appealing constructions. . . . As Albina and her followers traipse over barren lands and into forests protected by ancient Incans, the novel winds toward territory both magical and needfully human. The surreal methods of redemption in the novel's final pages prove both glorious and moving. Jodorowsky's is a work of unforgettable weirdness, a work whose movements are directed by sometimes violent mysticism and whose final lessons may speak to all who have ever dreamed of transformation." —Michelle Anne Schingler, Foreword Reviews, Five-Star Review

Near future. The NASA is confident it finally discovered an exoplanet likely to accommodate life. Jodorowsky's memoirs of his experiences with Master Takata and the group of wisewomen--magiciennes--who influenced his spiritual growth • Reveals Jodorowsky turning the same unsparing spiritual vision seen in El Topo to his own spiritual quest • Shows how the author's spiritual insight and progress was catalyzed repeatedly by wisewoman shamans and healers In 1970, John Lennon introduced to the world Alejandro Jodorowsky and the movie, El Topo, that he wrote,

starred in, and directed. The movie and its author instantly became a counterculture icon. The New York Times said the film “demands to be seen,” and Newsweek called it “An Extraordinary Movie!” But that was only the beginning of the story and the controversy of *El Topo*, and the journey of its brilliant creator. His spiritual quest began with the Japanese master Ejo Takata, the man who introduced him to the practice of meditation, Zen Buddhism, and the wisdom of the koans. Yet in this autobiographical account of his spiritual journey, Jodorowsky reveals that it was a small group of wisewomen, far removed from the world of Buddhism, who initiated him and taught him how to put the wisdom he had learned from his master into practice. At the direction of Takata, Jodorowsky became a student of the surrealist painter Leonora Carrington, thus beginning a journey in which vital spiritual lessons were transmitted to him by various women who were masters of their particular crafts. These women included Doña Magdalena, who taught him “initiatric” or spiritual massage; the powerful Mexican actress known as La Tigresa (the “tigress”); and Reyna D’Assia, daughter of the famed spiritual teacher G. I. Gurdjieff. Other important wisewomen on Jodorowsky’s spiritual path include María Sabina, the priestess of the sacred mushrooms; the healer Pachita; and the Chilean singer Violeta Parra. The teachings of these women enabled him to discard the emotional armor that was hindering his advancement on the path of spiritual awareness and enlightenment.

After the Greek tragedy of "The Metabarons," Alexandro

Jodorowsky comes back to his biblical roots with this quest reminiscent of Moses and set on a galactic scale. To top it off, the characters and the theme of virtual reality are tailor-made for artist Zoran Janjetov ("Before The Incal"), who finds in Jodorowsky his perfect match. Albino, hero of this space odyssey, remembers here his childhood, his apprenticeship, and the big and small battles he had to fight to fulfill his ambitions in a universe where technological advances are paradoxically matched only by the cruelty and the barbarism of the forces controlling it.

The seminal series' spin-off story recounting how the mightiest warrior in the universe built his arsenal of war.

The magnum opus from Alejandro Jodorowsky—director of *The Holy Mountain*, star of Jodorowsky's *Dune*, spiritual guru behind *Psychomagic* and *The Way of Tarot*, innovator behind classic comics *The Incal* and *Metabarons*, and legend of Latin American literature. There has never been an artist like the polymathic Chilean director, author, and mystic Alejandro Jodorowsky. For eight decades, he has blazed new trails across a dazzling variety of creative fields. While his psychedelic, visionary films have been celebrated by the

likes of John Lennon, Marina Abramovic, and Kanye West, his novels—praised throughout Latin America in the same breath as those of Gabriel García Márquez—have remained largely unknown in the English-speaking world. Until now. Where the Bird Sings Best tells the fantastic story of the Jodorowskys' emigration from Ukraine to Chile amidst the political and cultural upheavals of the 19th and 20th centuries. Like *One Hundred Years of Solitude*, Jodorowsky's book transforms family history into heroic legend: incestuous beekeepers hide their crime with a living cloak of bees, a czar fakes his own death to live as a hermit amongst the animals, a devout grandfather confides only in the ghost of a wise rabbi, a transgender ballerina with a voracious sexual appetite holds a would-be saint in thrall. Kaleidoscopic, exhilarating, and erotic, *Where the Bird Sings Best* expands the classic immigration story to mythic proportions. Praise "This epic family saga, reminiscent of Gabriel García Márquez's *One Hundred Years of Solitude* in structure and breadth, reads at a breakneck pace. Though ostensibly a novelization of the author's own family history, it is a raucous carnival of the surreal, mystical, and grotesque." —Publishers Weekly "A man whose life has been defined by cosmic ambitions." —The New York Times Magazine "A great eccentric original....A legendary man of many trades." —Roger Ebert For more information on Alejandro Jodorowsky, please visit www.restlessbooks.com/alejandro-jodorowsky

Based on a true story, *Once Upon a Time in France* follows the life of Joseph Joanovici, a Romanian Jew

who immigrated to France in the 1920s and became one of the richest men in Europe as a scrap-metal magnate. For some, he was a villain. For others, a hero. As Germany occupies France, Mr. Joseph thinks his influence can keep his family safe, but he soon finds that the only way to stay one step ahead of the Nazis is to keep his friends close and his enemies closer. Though he plays both sides of the fence as a Nazi collaborator and French resistant, a tangled web of interests forms around him that proves it will take a lot more than money to pay for the survival of his family. An international bestseller with over 1 million copies sold, the French series *Once Upon a Time in France*, collected here in one omnibus edition, has won the BDGest'Arts Best Scenario Award, BDGest'Arts Album of the Year, and Angoulême International Comics Festival Best Series Award, among many others.

The complete series of filmmaker Alejandro

Jodorowsky's spiritual comics, translated into English for the first time • Contains all 284 of Jodo's Panic Fables comics, published weekly from 1967 to 1973 in Mexico City's El Heraldo newspaper • Includes an introduction describing how the Panic Fables came to be • Explains how he incorporated Zen teachings, initiatory wisdom, and sacred symbology into his Panic Fables, as well as himself as one of the characters In 1967, in response to theatrical censorship rules that put him on the political "black list" in Mexico City and caused his plays and his pantomime classes at the School of Fine Arts to be cancelled, Alejandro Jodorowsky decided to pursue a new form of artistic expression to earn his living: comics. Working with his friend Luis Spota, the editor of the cultural section of the newspaper El Heraldo de México, Jodo initially planned 3 months' worth of weekly comics,

which he would draw himself. However, his "Panic Fables"--named after his early '60s avant-garde theater movement in Paris--were met with such insatiable popularity that he continued the series for six and a half years, from June 1967 until December 1973. Appearing for the first time in English, this book presents all 284 of Jodorowsky's Panic Fables in full color, along with an introduction by the author. He reveals how his first comics reflected his pessimism about the future and the meaning of life, the negativity of which soon exhausted him. He realized he needed to show the positivity that he encountered in life, and thus, little by little, he began incorporating Zen teachings, initiatory wisdom, and sacred symbology into his Panic Fables. Through this transformation and the outpouring of support from his devoted readers, many of whom cite the Panic Fables as providing pivotal guidance during their adolescence, Jodo discovered that art can serve to heal as well as raise consciousness. Writing himself into his comics, Jodo can be glimpsed as the character of the disciple who talks with his master and, as the series progresses, gradually grows to assume the role of master, providing psychomagic solutions to the problems of everyday life. In reading the complete Panic Fables in chronological order, much like his film *The Dance of Reality*, we witness in colorful detail Jodorowsky's own path of spiritual growth.

Winner of the prestigious Grand Prize of the 2010 Angouleme Comics Festival, *5,000 Kilometers Per Second* tells—or almost tells—the love story between Piero and Lucia, which begins with a casual glance exchanged by teenagers across the street through a window and ends with a last, desperate hook-up between two older, sadder one-time lovers. Executed in stunning watercolors and broken down into five chapters (set in Italy, Norway, Egypt, and Italy again), *5,000 Kilometers Per Second* manages to refer to Piero and Lucia's actual love story only obliquely, focusing instead on its first stirrings and then episodes in their life during which they are separated—a narrative twist that makes it even more poignant and heart-wrenching. *5,000 Kilometers Per Second* is another delicate graphic-novel masterpiece from Europe.
