In 1945 Bob Mizer began taking photographs of strapping young men on Muscle Beach in Venice, California. In December of that year he formed the Athletic Model Guild to market his photos, and "physique photography" was born. Before Mizer there were body builders and men who photographed them, but AMG photos, even those of the same men, were different, subtly provocative, discretely aimed at a gay audience. They weren't nude, but showed as much as the law allowed in 1945. ... TASCHEN's two-volume edition of "1000 Model Directory" contains prints from Mizer's original 4 x 5 negatives to present these handsome hunks in stunning clarity. Editor Dian Hanson trawled through a quarter million male nudes to select this lineup of top models, including movie stars Sammy Jackson, Richard Harrison, and Ed Fury. Glenn Corbett of TV's 77 Sunset Strip is also here, as well as Nick Adams, star of The Rebel, and top body builders Chris Dickerson, Dick Dubois, Vince Gironda, Bill Grant, Zabo Koszewski, Henry Lenz, Don Peters, Bob Shealy, Charles Stroeder, Armand Tanny, and John Tristram. --Publisher.

This book explores Alan Moore's career as a cartoonist, as shaped by his transdisciplinary practice as a poet, illustrator, musician and playwright as well as his involvement in the Northampton Arts Lab and the hippie counterculture in which it took place. It traces Moore's trajectory out from the underground comix scene of the 1970s and into a commercial music press rocked by the arrival of punk. In doing so it uncovers how performance has shaped Moore's approach to comics and their political potential. Drawing on the work of Bertolt Brecht, who similarly fused political dissent with experimental popular art, this book considers what looking

This lovely gift book--available in three striking cover options that will be shipped to customers at random--will beguile a new generation with flirtatious representations of femininity from the 1940s and 50s. Illustrations of irresistible pinup models bring teasing frivolity to a range of everyday situations, organized thematically from morning to evening. From sun-kissed beauties at the beach to ski bunnies hitting the slopes, bedside nurses ready to take your temperature to scantily clad runaways, rakish shipmates to not-so-conscientious secretaries, these smiling cuties are ready for fun. Representations of women who embrace their sexuality--flirtatious but never vulgar--have been around since the late nineteenth century, but the pin-up genre skyrocketed into popularity during World War II. The penny arcade trading cards originally viewed on a peep-show style reel and reproduced here as detachable illustrations feature both established pin-up artists and those waiting to be rediscovered. Each illustration is accompanied by a humorous and memorable celebrity quote.

British Fashion photographer Terry Richardson produces strikingly beautiful images that sit on the fine line between art and commercialism; he is known for his work in *W*, *The Face*, *ID* and *Vogue Hommes International*. Son of Bob, however, explores some edgier and raunchier territory. It is a gleeful show of sex, travelogue scenes of an American underbelly, amorous masked and caped crusaders, professional wrestling fans, Harmony Korine, genitalia, food, and assorted candid portraits. These are party nights and hangover mornings, an extreme display of confrontational horseplay and rude humor. Citing "America's Funniest Home Videos", the amateur shots in *Hustler*, and archival photos from family albums and portraits from school or Woolworth's as influences, Richardson combines these opposing sensibilities into a provocative documentary approach that will indeed push some buttons, in addition to finding a ravenous audience.

Contemporary Harmony: Romanticism Through the Twelve-Tone Row is by Ludmila Ulehla. The understanding of the musical techniques of composition cannot be reduced to a handbook of simplified rules. Music is complex and ever changing. It is the purpose of this book to trace the path of musical growth from the late Romantic period to the serial techniques of the contemporary composer. Through the detailed analysis of the musical characteristics that dominate a specific style

of writing, a graduated plan is organized and presented here in the form of explanations and exercises. A new analytical method substitutes for the diatonic figured bass and makes exercises and the analysis of non-diatonic literature more manageable. The explanations describing each technique are thorough. They are designed to help the teacher and the student see the many extenuating circumstances that affect a particular analytical decision. More important than a dogmatic decision on a particular key center or a root tone, for example, is the understanding of why such an underdeterminate condition may exist.

Crumb's fertile imagination From the very beginning, even before the sexual revolution made Robert Crumb the world's most celebrated underground cartoonist, he felt compelled to commit his sexual fantasies to paper. Once upon a time, he'd destroy them, fearful of others discovering his quirky tastes. Then he found that baring his soul provided a sort of therapy, and he has memorialized his every desire since. Crumb's personal selection of these works first appeared in 2007 in a gorgeous, but pricey, TASCHEN Collector's Edition, complete with slipcase, lithographic print, and many strips hand-colored by Crumb himself. Now, this compact edition is offering the same high-quality obsession at a bargain price! This compendium includes the strips *My Troubles With Women*, *If I Were a King*, *A Bitchin' Bod*, and *How To Have Fun With a Strong Girl*, as well as 60 single page drawings. Recurring motifs include big strong girls, artistic wimps triumphantly subduing said girls, cavewomen, Yetis, vulture demonesses, bitter little guys, and did we mention big strong girls?

Fifteen years after founding Vice, Gavin McInnes has poured his creative juices into a new endeavor: StreetCarnage.com. Growing in size and influence at an alarming rate, the site's main feature is the new and improved version of Gavin's "DOs and DON'Ts," now tantalizingly called Street Boners. These Boners have been polished and compounded into a book that takes the best of the site and adds hundreds more gems! With 1,312 photos, hilarious captions, and a harsh new rating system—from one to 10 kitten faces—STREET BONERS makes sure no glorious fashion statement goes unnoticed. Innocent citizens are either damned to hell or relentlessly exalted into heaven. Chloe Sevigny, Debbie Harry, Fred Armisen, and Tim & Eric also contribute their scathing wit to the book, and the end result is a New York fashion bible no bathroom should be without.

Sasha Grey, rising adult film and pop-culture star, takes control in her new monograph "neu sex," moving out from in front of the camera to behind it, turning the lens on the wild world she inhabits. "When I first got into the adult industry, I decided to take my photography much more seriously. I started taking a camera with me to capture my experiences on set, so it was a moment in time, a memory for myself—not the video that would be seen by thousands of people. On days where I was physically unable to capture an image, Ian, my fiancé, became my third arm. He understands my aesthetic, or lack thereof. Ian is a photographer, yet the work in this book is quite different from his usual style. When you are so close with someone, there is a shorthand and true

understanding of what the other person is trying to accomplish. If there's something I am physically unable to photograph, I can say one word and Ian can assist me with my vision. Ian can capture intimate moments with me that nobody can fabricate, because of our relationship. The strong sense of familiarity eliminates all boundaries between the subject and the photographer. "Documenting myself has almost become a necessity. "There are so many photos of me, taken by other people, that aesthetically I have no control over. Documenting myself allows me to reflect on the day, on the feelings I am having at that second. When you work in the entertainment industry, there are always surprises; there certainly isn't one day that is similar to the last. Personally, it's important to embrace this and appreciate it every day. "Still images vividly capture emotion, a second in time that can be left open for interpretation by the viewer and the creator. I am inspired by the work of Cindy Sherman and Nan Goldin. Sherman's work continues to inspire me to develop certain characters. I figured if I am on set I might as well take advantage of my surroundings, and document my life in an exciting, untraditional manner. I look back at photos, and see how much I've grown, how my opinions have changed, and how they will continue to change." --Sasha Grey

The Modern Californian Beach House catalogues the eclectic and always original modernist beach house architecture of Patrick Killen, founder of studio 9 one 2. Killen helped introduce serious modern design to the Los Angeles beach communities in the mid-80s, which at the time was a crazy quilt of fantasy structures all built on postage-stamp sized lots . The projects featured in this collection span Killen's stellar career, from the Shearin House, which established modernism as a viable architectural motif on the western edge of Los Angeles, to 139 Hermosa Avenue, a definitive and welcome statement of modernity amid a sea of ramshackle and derelict LA beachside structures. Killen's beach houses have added another textural element to the architectural stewing pot that is beachside LA. He is committed to modernism, which he claims is the architecture of our time , and his architecture reflects a regionalism and

humour that encapsulates the California lifestyle. Porn stars, supermodels, transsexuals, hillbillies, friends, pets, and celebrities do for photographer Terry Richardson what they do for no other because in his world, taboos are null and void, and fashion finds sex a perfect fit.

Back in 1974, the sexual revolution was in full swing and the adult entertainment business was on the verge of becoming Big Business. Deep Throat had created America's first porn star in 1972, but by 1974 Linda Lovelace was already retired and the industry was seeking the next big thing. Vanessa del Rio should have been that thing, except in 1974 there were no ethnic sex stars. Undeterred, Vanessa took any role they'd give her, because, amazingly, she was there for the sex more than the money. Fans, awed by her ferocious onscreen sexuality, made her a top box office draw and America's first Latina star. Retired since 1986, Vanessa del Rio remains a sexual icon who cuts across all ethnic boundaries. What her fans don't know is that her real life was, and is, as wild as anything she did on film. In this sumptuous over-sized volume, TASCHEN celebrates a remarkably candid, confident and exuberantly sexual woman. Presented through Vanessa's own archive, in her own words, is a life at once shocking, titillating, amusing, and inspiring. And because paper and ink can't do justice to a personality this big, an original 140 minute DVD documentary is included. If you aren't already convinced, this book will end all doubt that there could ever be another woman like Vanessa del Rio. Vanessa del Rio is limited to a total of 1,500 numbered copies,

This book presents a conversation between two prominent archaeologists who have been exploring the concept of time in their discipline for several decades. It is a discussion on key issues of time in archaeology filtered through their unique perspectives, which sometimes meet and at other times, clash. Key features include discussions on the nature of change and time in the archaeological record, the relation between the present and past, the connection between time and the goals of archaeology and the relevance of the Anthropocene to disciplinary practice. Situated in how the authors' own views on the topic of time have developed over their careers, the conversation offers an intimate and personal insight into how two leading scholars think and debate a topic of central importance to the discipline. All archaeologists with an interest in contemporary theory and the topic of time will find this book of relevance. Also the student who wants a front-row seat onto a live debate on this topic will find it an invaluable complement to the more traditional textbook.

weeks before his 28th birthday, sent shockwaves of grief through the art world, though it was not unexpected. Since his late teens, Snow had used photography to document his days and nights of extreme hedonism nights which, as he famously claimed, he might not otherwise remember. As these Polaroid photographs began to be exhibited in the early 2000s, Snow was briefly launched to art-world superstardom, keeping company with the likes of Dan Colen and Ryan McGinley, with whom he pioneered a photographic style whose subject matter is best characterized in McGinley's brief memoir of Snow: Irresponsible, reckless, carefree, wild, rich we were just kids doing drugs and being bad, out at bars every night. Sniffing coke off toilet seats. Doing bumps off each others fists. Driving down one-way streets in Milan at 100 miles an hour blasting I Did It My Way in a white van. Dash Snow: I Love You, Stupid compiles these famous Polaroids, previously only published in relatively expensive editions. Opening with scenes of friends crashed on beds and couches, floors and even the street, it records hazily snatched glimpses of sex, hard drugs and hanging out; adventures in cars, baths, pools, subway cars, friends apartments, on boardwalks and rooftops. With 430 colour reproductions, this definitive and affordable monograph constitutes an extraordinary document of a life lived at full pitch.
