Marine explorer Dirk Pitt faces off against an elite army from an era gone-by in order to uncover the secrets of an ancient civilization in this #1 New York Times-bestselling series. A group of anthropologists uncover strange inscriptions on the wall of a Colorado mine just as an explosion traps them deep within the earth. But their work won't stay buried long. Dirk Pitt is on hand during the blast and quick to initiate a rescue operation. He is then tapped to lead a research crew on behalf of the U.S. National Underwater and Marine Agency to further study these uncanny artifacts. And that's when his ship is set upon and nearly sunk by an impossibility—a vessel that should have died 56 years before. Clearly, another group knows about the relics of this long-forgotten but highly-advanced seafaring culture. And they'll stop at nothing to keep the rest of the world in the dark.

If you intend to look at the New Testament as a collection of unconnected writings, or if you have doubts about its role in guiding your life, then take this opportunity to get yourself informed! This book is a labor of love for the Scriptures, for readers, for learning, for teaching, and for God himself. Robert W. Yarborough

First published in 1895-96 as a serial in the Warsaw Illustrated Weekly, Pharaoh is one of the classic novels of Polish literature. It sets a timeless political drama in ancient Egypt during the fictional reign of Ramses XIII. Representing extensive historical research, this engrossing novel presents a panoramic and unforgettable view of Egyptian statecraft, industry, and social life. This new translation by Christopher Kasperek supersedes an earlier incomplete English version published in 1912.

Fifteen-year-old Will Besting is sent by his doctor to Fort Eden, an institution meant to help patients suffering from crippling phobias. Once there, Will and six other teenagers take turns in mysterious fear chambers and confront their worst nightmares—with the help of the group facilitator, Rainsford, an enigmatic guide. When the patients emerge from the chamber, they feel emboldened by the previous night's experiences. But each person soon discovers strange, unexplained aches and pains. . . . What is really happening to the seven teens trapped in this dark Eden? Patrick Carman's Dark Eden is a provocative exploration of fear, betrayal, memory, and—ultimately—immortality.

The latest Jack Howard thriller from internationally bestselling mastermind David Gibbins. 258 As the blood of martyred Christians runs through Rome's catacombs, Pope Sixtus entrusts their most sacred object to a devoted follower. Soon after, the Holy Grail disappears into the darkness of time. 1684 While overseeing the evacuation of the English colony of Tangier, Samuel Pepys attempts to retrieve a treasure which has resurfaced after more than a thousand years. Meanwhile, a Jewish merchant is tortured by the Altamanus, a secret group determined to locate the Grail. Present Day A wreck off the Cornish coast reveals clues to a mystery that marine archaeologist Jack Howard had thought beyond solving. He embarks on an epic quest that takes him to the sunken ruins of the pirate city of Port Royal in Jamaica. But the specter of the deadly Inquisition dogs his every step, and Jack must face a descent into hell itself if he is to uncover the greatest reward in Christendom. Gibbins, who has led

numerous underwater archeology expeditions around the world, writes with an authority that makes “the astounding seem more than plausible” (Parmenion Books). This latest Jack Howard novel brings together historical details and a thrilling plot for an action-packed adventure.

How far would you go for Rome? Carthage, 146 BC. This is the story of Fabius Petronius Secundus – Roman legionary and centurion – and of his general Scipio Aemilianus, and his rise to power: from his first battle against the Macedonians, that seals the fate of Alexander the Great's Empire, to total war in North Africa and the Siege of Carthage. Scipio's success brings him admiration and respect, but also attracts greed and jealousy – for the closest allies can become the bitterest of enemies. And then there is the dark horse, Julia, of the Caesar family – in love with Scipio but betrothed to his rival Paullus – who causes a vicious feud. Ultimately for Scipio it will come down to one question: how much is he prepared to sacrifice for his vision of Rome? Inspired by Total War: Rome II, from the bestselling Total War computer strategy game series, Destroy Carthage is the first in an epic series of novels. Not only the tale of one man's fate, it is also a journey to the core of Roman times, through a world of extraordinary military tactics and political intrigue that Rome's warriors and citizens used to cheat death.

Callum O' Shaughnessy is Liverpool Irish. Ninth child of a tumultuous, affectionate, mostly devout, sometimes too outspoken family. He has 'got on', working his way up by sheer hard work and dedication to be master of his own ship. Maris Woodall's family know about ships as well. They own them. Along with their kin, the Osbournes, they live the comfortable life of the landed gentry. Callum and Maris, from families that seem fated to meet and collide, are so different in class, experience and even age; ill-matched yet passionately attracted. But as the Depression years of the 1930's give way to World War, everything around them is in a state of violent upheaval that echoes their own stormy love.

Old homestead in Virginia, celebrations over the passage of the Fifteenth Amendment, and his hope for the future."--BOOK JACKET.

An all-encompassing book with more than a thousand quotations, this work breathes life into an era unprecedented in world history. It looks at World War II in a new way with quotations from speeches, news accounts, memoirs, and interviews. Represented, too, are captured documents and material from Ultra and Magic, which broke the German and Japanese secret codes. All major political and military figures of the war are included, as well as many hitherto unknown. In addition, the encyclopedia serves as a lexicon of slang, nicknames and code names, and of war movies and war songs.

Perfect for fans of Clive Cussler and Dan Brown, Pharaoh is a pulse-pounding new adventure starring intrepid marine archaeologist Jack Howard, on the trail of a shattering revelation about an ancient secret buried deep under the Egyptian pyramids. 1351 BC: Akhenaten the Sun-Pharaoh rules supreme in Egypt . . . until the day he casts off his crown and mysteriously disappears into the desert, his legacy seemingly swallowed up by the remote sands beneath the Great Pyramids of Giza. AD 1884: A British soldier serving in the Sudan stumbles upon an incredible discovery—a submerged temple containing evidence of a terrifying religion whose god was fed by human sacrifice. The soldier is on a mission to reach General Gordon before Khartoum falls. But he hides a secret of his own. Present day: Jack Howard and his team are excavating one of the most amazing underwater sites they have ever encountered, but dark forces are watching to see what they will find. Diving into the Nile, they enter a world three thousand years back in history, inhabited by a people who have sworn to guard the greatest secret of all time. Praise for Pharaoh “[David Gibbins’s] love of archaeology and of diving really brings these books to life. . . . Add to this . . . a true passion for history and a writing skill that has grown book by book. By the time we get to Pharaoh the series is a serious example of how this genre should be written; it does not get much better than this. . . . Gibbins makes the astounding seem more than plausible, he writes the history in such a way that the myth feels

factual or at least highly plausible, and it's more that just places and names; it's a philosophical undertone to the extended plot, to the ethos of Jack Howard and his search for the facts and the truth. . . . History, mystery and myth all brought together to astound the reading senses . . . a true leader of his genre and his art."—Parmenion Books "Utterly absorbing . . . When the adventure is as exciting as it is here, it is too good not to be allowed to speak for itself. . . . Put aside your assumptions of what a thriller should be and instead immerse yourself in one of the best historical adventures you'll read this year."—For Winter Nights Praise for David Gibbins "What do you get if you cross Indiana Jones with Dan Brown? Answer: David Gibbins."—Daily Mirror (U.K.), on Atlantis "An exciting mix of fact and fiction, with shades of Clive Cussler and Indiana Jones."—York Evening Press, on Crusader Gold For centuries, people have speculated about the fabled lost libraries of antiquity. If one were found, what marvels would it contain? Now a fearless team of adventurers is about to unearth that long-hidden secret, and it will lead them to the most astonishing discovery ever made. In the treacherous waters off the rugged Sicilian coast, marine archaeologist Jack Howard and his team of scientific experts and ex-Special Forces commandos make a shocking find while searching for the legendary shipwreck of the apostle Paul. And when a second artifact is uncovered in the ruins of a buried city, Jack is on the verge of a discovery that could shake the world to its foundations: the handwritten words of Jesus Christ himself. As he follows a hunch from the dying confession of an emperor to the burial crypt of a medieval pagan queen, Jack is chasing a conspiracy whose web stretches to the highest levels of international power—and he will have to risk everything to stop the controversial document from falling into the hands of a shadowy brotherhood determined to fulfill their murderous vows.

Were Jonah's experiences true to the history of ancient Israel? Were they meant to be read comically, philosophically, allegorically, symbolically, or realistically? And is God godly when acting beyond the comprehension of prophets, let alone ordinary human beings? These issues, and many more, are thoughtfully considered in this meticulously detailed and insightful translation of the original Hebrew text of Jonah as created by Jewish authorities during the second half of the first millennium B.C.E. In these profound and enduring tales, realistic events and miraculous incidents merge, and we never have to wait long to witness the power of God's love or wrath. One of the twelve prophets, Jonah faced more challenges in a short span of time than any other biblical hero. He went to sea and nearly drowned in the belly of a great fish. On land, Jonah journeyed east to Nineveh, where his mission was to spread the word of God in a city plagued by evil. He was tested by God at every turn. But even during his darkest hours, his faith never wavered and through all the tumult, he always listened for the comforting voice of the Lord. Author Jack M. Sasson employs the very latest information in biblical scholarship to interpret the many nuances in Jonah's seemingly simple story. Providing Greek, Hebrew, Latin, Aramaic, and, occasionally, Syriac and Arabic translations, this work is an exciting addition to the world-acclaimed Anchor Bible commentaries. From the Hardcover edition.

Revised and updated version of the bestselling political biography of 2010. This edition contains some completely new content from Mr Howard, including his thoughts on the 2013 election campaigns. John Howard's autobiography, Lazarus Rising, is the biggest-selling political memoir Australia has seen. In it he talks about his love for his family, his rollercoaster ride to the Lodge and how - as prime minister - he managed a strongly growing Australian economy and led Australia's war on terrorism. Drawing on his deep interest in history, he paints a fascinating picture of a changing Australia. In this edition, fully updated to take into account the return of the Liberal National Party to government after the 2013 election, Howard analyses the crucial years between the 2010 election which gave rise to the minority government of Julia Gillard, and the consequent unprecedented and destabilising leadership struggles within the Labor party. He discusses the significance of Tony Abbott's achievements in defeating the Labor Government in 2013, and provides a masterful summary of legacy of the

Rudd/Gillard years for Australia. Lazarus Rising is essential reading for all followers of politics. PRAISE FOR LAZARUS RISING: 'John Howard has written a magisterial autobiography, compulsively readable in its way' the Weekend Australian 'Underneath Howard's plain political style lies an excellent communicator. His capacity to express his thoughts clearly, calmly and simply shines through' Sydney Morning Herald

The first thrilling novel in Raymond Khoury's New York Times bestselling Templar series. In 1291, a young Templar knight flees the fallen holy land in a hail of fire and flashing sword, setting out to sea with a mysterious chest entrusted to him by the Order's dying grand master. The ship vanishes without a trace. In present day Manhattan, four masked horsemen dressed as Templar Knights stage a bloody raid on the Metropolitan Museum of Art during an exhibit of Vatican treasures. Emerging with a strange geared device, they disappear into the night. The investigation that follows draws archaeologist Tess Chaykin and FBI agent Sean Reilly into the dark, hidden history of the crusading knights—and into a deadly game of cat and mouse with ruthless killers—as they race across three continents to recover the lost secret of the Templars.

Biography of Howard Aiken, a major figure of the early digital era, by a major historian of science who was also a colleague of Aiken's at Harvard. Howard Hathaway Aiken (1900-1973) was a major figure of the early digital era. He is best known for his first machine, the IBM Automatic Sequence Controlled Calculator or Harvard Mark I, conceived in 1937 and put into operation in 1944. But he also made significant contributions to the development of applications for the new machines and to the creation of a university curriculum for computer

science. This biography of Aiken, by a major historian of science who was also a colleague of Aiken's at Harvard, offers a clear and often entertaining introduction to Aiken and his times. Aiken's Mark I was the most intensely used of the early large-scale, general-purpose automatic digital computers, and it had a significant impact on the machines that followed. Aiken also proselytized for the computer among scientists, scholars, and businesspeople and explored novel applications in data processing, automatic billing, and production control. But his most lasting contribution may have been the students who received degrees under him and then took prominent positions in academia and industry. I. Bernard Cohen argues convincingly for Aiken's significance as a shaper of the computer world in which we now live.

From the fall of the Roman Empire to the last days of Nazi power, marine archaeologist Jack Howard and his team of adventurers are hot on the trail of history's most elusive and desired treasure: the lost golden menorah of Jerusalem. And what they discover could change the world forever.... Deep beneath the windswept waters near Istanbul, Jack and his crack team of experts have uncovered a surprising clue to the location of the fabled treasure plundered during the Crusades. Meanwhile, in a dusty cathedral library, someone unearths a long-forgotten medieval map. Together the two discoveries will solve an ancient mystery—and spark a race to stop a present-day conspiracy of staggering proportions. From diving into the core of an arctic iceberg to the last stand of a Viking warship to an extraordinary revelation deep in the jungles of Central America, Jack is headed straight into a globe-spanning clash of civilizations, into an astounding underground labyrinth steeped in blood and horrors—and to a confrontation with a killer on a shattering crusade of his own.

Presents the text of the classic comedy, in which Isabella is asked to sacrifice her virtue to save her brother's life, along with explanatory notes and commentary.

In 2007 English Heritage commissioned initial research into links with transatlantic slavery or its abolition amongst families who owned properties now in its care. This was part of the commitment by English Heritage to commemorate the bicentenary of the abolition of the British transatlantic slave trade with work that would make a real difference to our understanding of the historic environment in the longer term. The research findings and those of other scholars and heritage practitioners were presented at the 'Slavery and the British Country House' conference which brought together academics, heritage professionals, country house owners and community researchers from across Britain to explore how country houses might be reconsidered in the light of their slavery linkages and how such links have been and might be presented to visitors. Since then the conference papers have been updated and reworked into a cutting edge volume which represents the most current and comprehensive consideration of slavery and the British country house as yet undertaken.

The papers in this volume, including two important and previously unpublished essays on sociological method, represent most of Howard Beckers work of the

past twenty years that has not appeared in book form. They reflect the way of thinking about society and how to study it that has established Professor Beckers place among the leading sociologists of our time. The result is an important statement of the distinctive theoretical and methodological views associated with the "Chicago School" of sociology, reflecting a deep concern with the study at first hand of the processes and human consequences of collective action and interaction. The first part of the book treats problems of method as problems of social interaction and lists a series of research problems, which require analytic attention-gaining access to research sites, choosing a theoretical framework within which to approach a group or community, avoiding error, and developing hypotheses. They also exemplify this approach by analyzing the interactional aspects of definition, proof with qualitative evidence, bias, and the value commitments of sociology. Part Two illustrates Professor Beckers approach through full reports on two of his major research projects. Part Three contains four theoretical statements on how people change (a sociological approach to what psychologists call "personality"), and Part Four makes important contributions to the study of deviance. The papers here ask what we can learn about American society from looking at its common forms of deviance and illustrate the need to study deviance as part of the general study of society, not as an isolated specialty.

Here is the most explosive adventure yet from the New York Times bestselling author of *Atlantis* and *The Lost Tomb*—a whiplash-inducing novel that sends marine archaeologist Jack Howard and his team on a treasure hunt . . . and a race against time to stop a terrifying threat. Greece, 1876. Renowned archaeologist Heinrich Schliemann unearths the tomb of legendary King Agamemnon and makes a mind-blowing discovery. Determined to keep it secret until the time is right, he dies before it can be revealed to the world. Germany, 1945. The liberation of a concentration camp reveals clues to the lost antiquities stolen by the Nazis. But the operation is covered up after a horrific secret surfaces. Northern Aegean, present day. Jack Howard, head of the International Maritime University, and his team discover the wreckage of the legendary Greek fleet from the Trojan War, sending shockwaves around the world. But the biggest surprise is yet to come, for Jack is on the trail not only of Agamemnon, but of Schliemann's true discovery—and a mystery so explosive that it leads to the kidnapping of Jack's daughter and a confrontation with a new and evil foe. Perfect for fans of Clive Cussler and Dan Brown, *Pyramid* is a thrilling new adventure starring fearless marine archaeologist Jack Howard, in a heart-stopping quest to uncover an ancient Egyptian secret—and make the most amazing discovery of our time. **EVERYONE KNEW THE STORY OF ANCIENT EGYPT. UNTIL NOW.** For thousands of years, Egypt was a rich, ingenious civilization. Then it became a fertile hunting ground for archaeologists and explorers. Now the streets of Cairo teem with violence as a political awakening shakes the region. In the face of overwhelming danger, Jack Howard and his

team of marine archaeologists have gathered pieces of a fantastic puzzle. But putting it together may cost them their lives. Howard has connected a mystery hidden inside a great pyramid to a fossilized discovery in the Red Sea and a 110-year-old handwritten report of a man who claims to have escaped a labyrinth beneath Cairo. For that his team is stalked by a brutal extremist organization that will destroy any treasure they find. As people fight and die for their rights aboveground, Jack fights for a discovery that will shed an astounding new light on the greatest story ever told: Moses's exodus from Egypt and the true beginnings of a new chapter in human history. Praise for the novels of David Gibbins "What do you get if you cross Indiana Jones with Dan Brown? Answer: David Gibbins."—Daily Mirror (U.K.), on Atlantis "An exciting mix of fact and fiction, with shades of Clive Cussler and Indiana Jones."—York Evening Press, on Crusader Gold

Recollections and illustrations offer a look at life on the New Mexican frontier In the opening chapter of the Confession, the divines of Westminster included a clause that implied that there would no longer be any special immediate revelation from God. Means by which God had once communicated the divine will, such as dreams, visions, and the miraculous gifts of the Spirit, were said to be no longer available. However, many of the authors of the WCF accepted that

prophecy continued in their time, and a number of them apparently believed that disclosure of God's will through dreams, visions, and angelic communication remained possible. How is the cessationist clause of WCF 1:1 to be read in the light of these claims? This book reconciles this paradox in a detailed study of the writings of the authors of the Westminster Confession of Faith.

This is a comprehensive survey of the causes and consequences of declining trust in healthcare, and provides suggestions for its restoration. The authors identify the elements of trust in the environment of modern healthcare, and analyse the sources of mistrust in key areas of medicine.

No one knew where she had come from. A scrap of a girl clinging to a black cat with eerie yellow eyes. A lost child or an orphan, maybe. It was a miracle she had survived on Eden Mountain at all. Suddenly strange things began to happen in placid Ruger County, bizarre killings that the police couldn't solve. Horrifying accidents that the people couldn't comprehend. An insatiable beast was stalking their intimate hideaways, their swimming holes—and their children. No one noticed how quickly the little girl's pale cheeks turned pink with health. How her frail body filled out with sleek, lithe muscles and feline grace. And no one noticed that at night her innocent blue eyes turned an eerie, evil yellow . . .

This book is an essential guide for all practitioners. The emphasis throughout is on the practice of nuclear medicine. Primarily aimed at the radiologist, physician, physicist or technologist starting in nuclear medicine, it will also appeal to more experienced practitioners who are keen to stay up-to-date. The practical approach with tables as "recipes" for acquisition protocols means it is essential for any departmental shelf. 3rd edition expanded - now covering areas of development in nuclear medicine, such as PET and other methods of tumour imaging, data processing. All illustrations are up-to-date to reflect current standards of image quality.

The 1938 Orson Welles broadcast of *The War of the Worlds* was a landmark in the history of entertainment, sparking a public hysteria in America and a series of subsequent broadcasts around the world that elicited similar responses. This book examines the historic broadcast in-depth. It covers all aspects of the phenomenon including fascination with Mars; H.G. Wells' novel; Orson Welles and the making of the broadcast; initial reactions and the resulting "fog of war;" anxieties underlying the panic; and the aftermath. Chapters also look at later broadcasts in the United States, Latin America, Brazil and Portugal, and address the likelihood that a similar panic could happen again. The original script of the 1938 *The War of the Worlds* radio broadcast, written by Howard Koch, is included.
