What Nobody Ever Told You About Real Estate

Wholesaling and Making Serious Money from It The Secrets of Investing in Real Estate Wholesaling without Being an Agent to Turn a Profit and Potentially Change Your Life Did you know that real estate wholesaling is one of the best ways to make money from a short-term investment in the property field? This method of generating revenue is somewhat similar to flipping but you don't hold on to real estate, you don't repair properties to boost their price and you don't use them as rentals. Sounds easy and intriguing, doesn't it?

Mastering real estate wholesaling, however, has its specifics. To be a successful wholesaler, you will need to learn how to: Discover distressed properties that can be acquired below their market price Engage with motivated sellers for quick completion of the deal Build your real estate network Assess the market value of the property and the need for costly renovations Find a buyer (typically, an investor who will be upgrading the property) Could you accomplish all of these tasks without a degree

and without being licensed as a real estate agent? The short answer is yes. The long answer is yes but real estate wholesaling is not a get-rich-quick scheme. You will still need to be strategic about it and you'll have to put the work in identifying the right properties, the right markets and the right buyers. There are specific steps to master in order to turn the strategy into a long-term success. An experienced property wholesaler, for example, will have a set of potential buyers lined up before even making an offer. Do you know how to accomplish that? If you don't, you can acquire all of the essential knowledge from the right resource. In "Market Hacker" by Baxter Simon, you'll discover: What it takes to become a real estate wholesaler What it takes to cut out the realtor and ensure 100 % profitability for yourself How to identify the right market How to identify the right distressed property What it takes to identify motivated sellers and negotiate with them How to do the math and make an offer that no one can decline CIA negotiating tricks to identify, lure and negotiate with potential buyers (flippers, investors, rental entities) How to create, assign a contract and collect your fee In essence, how to turn wholesaling into a long-term income generation strategy ... and much more! What's holding you back in terms of becoming a successful real estate investor? The most common hindrance is fear of the unknown. The market can be scary and there's always some risk of making a faulty judgment and losing money. Being prepared, however, and having a comprehensive guide that pinpoints the key steps reduces the risk and maximizes your chances of generating high returns. After all, even

Were you ever advised to "just relax" before making a big speech? Don't. From Texas A&M professor and celebrity advisor, Dr. John Eliot, this insightful guide takes a sledgehammer to what most of us think we know about doing our best. Eliot explains how mainstream psychology moves us in the wrong direction when it comes to stress management and performance enhancement; techniques like visualization and goal setting, based on pseudoscience rather than empirical evidence, often get in our way rather than propel us forward. Drawing on field-tested experiments and extensive

research in neuropsychology, Eliot shares why these “common sense” strategies tend to come up short for the majority of people—and how, instead, great accomplishments are more likely to result from "Putting All Your Eggs in One Basket", "Thinking Like a Squirrel", and "Embracing Butterflies As a Good Thing". These counterintuitive practices not only trigger your full natural talent, but also teach you how to thrive under pressure, not dread it.

OVERACHIEVEMENT incorporates Eliot’s work with Fortune 500 companies, Olympic athletes, renowned surgeons, military pilots, and Grammy-winning musicians, providing you with a powerful combination of inspiring stories and life-changing tools, offering the skills needed to overcome stress and rise above your peers in the boardroom, on the playing field, or in the normal day-to-day of life. My Name is Chris Rood and I am a creative real estate investor. Over the last couple years I have been helping people to learn the secrets to totally crushing the real estate market in their area using a combination of guerrilla marketing and creative strategies few others are aware of in this industry. So why do I do what I do? When I first started out in business, I was running an oil changing service that I started from my car. I grew that to three of the largest shop in my area over the next decade. Although I was making good money, I had no time to do what I wanted. I was working 90+ hours a week. During my time running this business, I discovered the game of real estate; specifically wholesaling. Once I did, everything changed. I was able to earn more in significant less time and without all the hassles of employees. And the ultimate reason I am passionate about this business is because wholesale real estate investing has provided me, my wife, and my five children with the freedom to live life on our terms. I would love to help you do the same.
