debilitating disease. Sanjit, a seasoned Shakti, agrees to accompany Halim to the Kunlun Mountains in search of a sacred medicine from an ancient monastery. Halim's impulsive sister, Taja, insists on joining them too. When the three travellers confront the Ignogai, a barbaric tribe with a bloodthirsty shaman, they must flee across hazardous and unfamiliar terrain to avoid being captured and persecuted for their Shakti Prana. With a little bit of magic, determination, and some help from a few extraordinary people, the trio must fight for their lives to make it back home in time to save Halim's mother from certain demise.

A Collection of Matt Shaw's heartbreaking dramas Matt Shaw does not just write horror. In fact, when asked what his favourite books are, he often names the tales collected within this set. Stories of heartbreak, loss and grief - all with an element of hope... A hope we often forget when dealing with grief. Contained within this collection Heaven's Calling BOY: Built to Love The Missing Years of Thomas Pritchard (unpublished short story) Alone Heaven's Calling Josh and Holly could face anything thrown at them all the time they had each other. Their love would conquer anything and the world was their oyster. But when a tragic accident tears Josh away from Holly she realises that, without her husband, she cannot cope and her world begins to crumble; her loss being more than she can handle. Until, that is, she receives a phone call. Her late husband. The same time

every day; he doesn't appear to know what has happened to him and Holly can't bring herself to tell him. She isn't even sure if it really is him calling or whether it's all in her tormented mind. Especially seeing as the calls only happen when she is alone. Is it all in her head, has she gone mad, or is heaven really calling? Boy: Built to Love No parent should have to bury their own child and yet that was exactly what they had to do. Stillborn; a young boy never to open his eyes to take in the world around him. And now Lucy and Jack's marriage was on the verge of crumbling under the strain of the grief they struggled to cope with. A grief made worse when the doctors tell them they'll never be able to have a child of their own due to complications from the last pregnancy. But what if it didn't have to be that way? What if there was a way of using science and technology to create a son they could love? What if Jack was able to use Artificial Intelligence to create A Boy: Built to Love? Is the answer to their problems to be found within the world of science-fiction or are they setting themselves up for yet more grief and sadness? The Missing Years of Thomas Pritchard August 3rd. 6:03am. The tranquil summer's morning was shattered by the desperate screams of Thomas' mother echoing down the near deserted suburban street. The few people milling about outside getting ready for their daily business had said they couldn't make out what the cries were about when they were interviewed. Not initially. Not until

Anne, a pretty woman in her early thirties with shoulder length blonde hair, spilled out onto the street wearing nothing more than her dressing gown and slippers anxiously calling out for her five year old son, Thomas, to come out from wherever he was hiding. Eye witnesses reported Anne was closely followed by her husband Bill - a professional, clean-shaven man in his late thirties with dark, short hair - half dressed for work in his suit trousers and unbuttoned white shirt, and that he too looked just as frantic as the mother did. The year was 2003; the year Thomas disappeared from his home without a trace. \* \* \* \* \* August 3rd. 6:03am. A young, fragile looking hand knocked confidently on the white PVC of the front door to number twenty-two. The hand belonged to a smartly dressed, skinny fourteen year old, fresh-faced boy. Whilst waiting for an answer to his knocking he slid a brown leather satchel off his shoulder down onto the floor as though the weight was too much for him to bear any more. He went to knock again but stopped himself when he heard the sound of footsteps from the other side of the door as the freshly woken homeowner came to answer his initial knocking. There was the slightest of pauses as keys were twisted in locks before the door opened as much as the strong, gold, security chain would permit it to. "Can I help you?" asked the homeowner, a frail looking woman in her late sixties. "Where's my mum?" asked the boy. The year was 2012; the year Thomas came

Every field has its "bossman"--the one who sets the style and makes the rules. In bluegrass and early country music the man was Bill Monroe. In the world of urban blues, the man was Muddy Waters. Using their own words and dozens of remarkable photographs by David Gahr, Carl Fleischhauer and John Byrne Cooke, the author compares and contrasts the careers of these two bossmen. Both grew up in remote rural areas. Muddy Waters heard field hollers, church music, jubilees, shouts, string band music, and the raw sound of the delta blues; for Bill Monroe it was square dance music, hymns, old country ballads and the fiddling of his Uncle Pen Vandiver. Both brought their music to the big cities: Bill to Nashville, Muddy to Chicago. Musicians who passed through their bands went on to form bands of their own, giving rise to the worlds of Bluegrass and Chicago Blues. But this is more than a book about music; it is a book about black and white America. In microcosm, it is almost a history of this country; and it sets up striking comparisons that cut deep into our heritage and ways. In the words of Pete Seeger: "Anyone in the world wanting to understand American music could well start right here."

Prophet Muhammad The Black Banners is the ultimate insider's account of the realities of counter-terrorism. During a decade on the front lines, as the FBI's lead investigator into Al Qaeda, Ali Soufan thwarted plots around the world and won some of the most important confessions from terrorists - without laying so much as a hand on them. Most of these stories have never been reported before, and never by anyone with such intimate firsthand knowledge. Soufan takes us into the interrogation rooms, into the hideouts. He even gives us a ringside seat at bin Laden's personal celebration of the 9/11 bombings. This is a gripping blow-by-blow account of the ten-year hunt for the most dangerous and well-connected Islamist terrorists - some of whom are still at large. In The Black Banners Soufan also explains why the pervasive use of torture is not helping in the 'War on Terror', and how a more enlightened approach to intelligence is not only possible, but essential. This is a story not just of intrigue and bravery, but of empathy. He shows us how terrorists think and operate. And he shows that through this understanding, they can be stopped and finally brought to justice. Ali Soufan knows the truth about the successes and failures of countering terrorism. His knowledge is essential to us all.

even rarer still that an Incubo would reach out to a Mortal for help. The money was good, and the job seemed easy enough. Keep a young Incubo woman alive until her wedding day. Not long after arriving at the stately manor of her betrothed did I realize that there was more to this mysterious species than Mortals were led to believe. Secret royal families. Unspoken alliances. Murder plots. If I'm to live long enough to see this job through, I may end up seeing society as I know it topple. Under The Black Banners is the first book of this urban fantasy series. Follow Isa Nera as she learns more about the secret societies that even her found family, The Black Banners, hadn't known about. This urban fantasy weaves subtle magic and realistic romance into an exciting journey from neutral third party to possibly the only Mortal with the skills to stop a war from devouring and ending an entire species.

Having survived the worst effects of the Civil War, the city of Memphis, battered but unbowed, finds itself facing a far more dangerous foe. It is invisible, lethal, and unstoppable: a plague of yellow fever. It is the story of JP Mahoney, 14-year-old farm boy who dreams of escape from tedious chores and farmlife routine. It is the story of a courageous young woman, Ginnie Moon, onetime Confederate spy, who now operates a boarding house for men who have survived the war. And it is the story of Kevin O'Boyle, an embittered riverfront laborer, who blames the world

for his troubles, and finds the crippled city his perfect prey. Several characters in the novel are actual historical figures, most notably Ginnie Moon, Judge "Pappy" Hadden, and Cap'n Jim Lee. Over the past thirty years, while the United States has turned either a blind or dismissive eye, Iran has emerged as a nation every bit as capable of altering America's destiny as traditional superpowers Russia and China. Indeed, one of this book's central arguments is that, in some ways, Iran's grip on America's future is even tighter. As ex-CIA operative Robert Baer masterfully shows, Iran has maneuvered itself into the elite superpower ranks by exploiting Americans' false perceptions of what Iran is—by letting us believe it is a country run by scowling religious fanatics, too preoccupied with theocratic jostling and terrorist agendas to strengthen its political and economic foundations. The reality is much more frightening—and yet contained in the potential catastrophe is an implicit political response that, if we're bold enough to adopt it, could avert disaster. Baer's on-the-ground sleuthing and interviews with key Middle East

players—everyone from an Iranian ayatollah to the king of Bahrain to the head of Israel’s internal security—paint a picture of the centuries-old Shia nation that is starkly the opposite of the one normally drawn. For example, Iran’s hate-spouting President Ahmadinejad is by no means the true spokesman for Iranian foreign policy, nor is Iran making it the highest priority to become a nuclear player. Even so, Baer has discovered that Iran is currently engaged in a soft takeover of the Middle East, that the proxy method of war-making and co-option it perfected with Hezbollah in Lebanon is being exported throughout the region, that Iran now controls a significant portion of Iraq, that it is extending its influence over Jordan and Egypt, that the Arab Emirates and other Gulf States are being pulled into its sphere, and that it will shortly have a firm hold on the world’s oil spigot. By mixing anecdotes with information gleaned from clandestine sources, Baer superbly demonstrates that Iran, far from being a wild-eyed rogue state, is a rational actor—one skilled in the game of nations and so effective at thwarting perceived Western colonialism that even rival Sunnis relish fighting under its banner. For U.S. policy makers, the choices have narrowed: either cede the world’s most important energy corridors to a nation that can match us militarily with its asymmetric capabilities (which include the use of suicide bombers)—or deal with the devil we know. We might just find that in allying with Iran, we’ll have

increased not just our own security but that of all Middle East nations. The alternative—to continue goading Iran into establishing hegemony over the Muslim world—is too chilling to contemplate.

A roaring, rollicking, foot-stomping farce. Ketchup Soup is an epic, and at times ribald, comedy about the lovable James Reichardt, a verbose junior copywriter who's just landed his first job at a sleepy advertising agency in New Orleans. Part genius, part naive miscreant, James suffers from illusions of grandeur, not the least of which are the beliefs that business is the key to happiness and that he is Caesar reincarnated. In his first 364 days in the Big Easy he'll join forces with the many colorful characters of the city to bring down the ad agency, swear allegiance to art and lead a revolt against capitalism at the height of Mardi Gras. A tale that is both hilarious and heartfelt, Ketchup Soup is the side-splitting story of one young man's journey through the nonconformists and dank back alleys of New Orleans.

"When he succeeded his father in 1999, King Abdullah of Jordan released a batch of political prisoners in the hopes of smoothing his transition to power. Little did he know that among those released was Abu Musab al-Zarqawi, a man who would go on to become a terrorist mastermind too dangerous even for al-Qaeda and give rise to an Islamist movement bent on dominating the Middle East.

Zarqawi began by directing hotel bombings and assassinations in Jordan from a base in northern Iraq, but it was the American invasion of that country in 2003 that catapulted him to the head of a vast insurgency. By identifying him as the link between Saddam and bin Laden, the CIA inadvertently created a monster. Like-minded radicals saw him as a hero resisting the infidel occupiers and rallied to his cause. Their wave of brutal beheadings and suicide bombings continued for years until Jordanian intelligence provided the Americans with the crucial intelligence needed to eliminate Zarqawi in a 2006 airstrike. But his movement endured, first called al-Qaeda in Iraq, then renamed Islamic State of Iraq and Syria, or ISIS, seeking refuge in unstable, ungoverned pockets on the Iraq-Syria border. And as the Syrian civil war broke out in 2011, ISIS seized its chance to pursue Zarqawi's dream of a sweeping, ultra-conservative Islamic caliphate. Drawing on unique access to CIA and Jordanian sources, Joby Warrick weaves together heart-pounding, moment-by-moment operational details with overarching historical perspectives to reveal the long trajectory of today's most dangerous Islamic extremist threat"--

The book the government doesn't want you to read. President Trump wants to bring back torture. This is why he's wrong. In his more than thirty years as an NCIS special agent and counterintelligence officer, Mark Fallon has investigated some of the most significant terrorist operations in US history, including the first bombing of the World Trade Center and the 2000 attack on the USS Cole. He knew well how to bring criminals to justice, all the while upholding the Constitution. But in the aftermath of September 11, 2001, it was clear that America was dealing with a new kind of enemy. Soon after the attacks, Fallon was named Deputy Commander of the newly formed Criminal Investigation Task Force (CITF), created to probe the al-Qaeda terrorist

network and bring suspected terrorists to trial. Fallon was determined to do the job the right way, but with the opening of Guantanamo Bay and the arrival of its detainees, he witnessed a shadowy dark side of the intelligence community that emerged, peddling a snake-oil they called “enhanced interrogation techniques.” In *Unjustifiable Means*, Fallon reveals this dark side of the United States government, which threw our own laws and international covenants aside to become a nation that tortured—sanctioned by the highest-ranking members of the Bush Administration, the Army, and the CIA, many of whom still hold government positions, although none have been held accountable. Until now. Follow along as Fallon pieces together how this shadowy group incrementally—and secretly—loosened the reins on interrogation techniques at Gitmo and later, Abu-Ghraib, and black sites around the world. He recounts how key psychologists disturbingly violated human rights and adopted harsh practices to fit the Bush administration’s objectives even though such tactics proved ineffective, counterproductive, and damaging to our own national security. Fallon untangles the powerful decisions the administration’s legal team—the Bush “War Counsel”—used to provide the cover needed to make torture the modus operandi of the United States government. As Fallon says, “You could clearly see it coming, you could wave your arms and yell, but there wasn’t a damn thing you could do to stop it.” *Unjustifiable Means* is hard-hitting, raw, and explosive, and forces the spotlight back on to how America lost its way. Fallon also exposes those responsible for using torture under the

guise of national security, as well as those heroes who risked it all to oppose the program. By casting a defining light on one of America's darkest periods, Mark Fallon weaves a cautionary tale for those who wield the power to reinstate torture.

After finding a 1940s photograph of a group of women in front of the Gibson Guitar Factory in Kalamazoo, Michigan, author John Thomas discovers that they built guitars for the company during World War II, a fact denied by the company for years. After locating some of these women, he interviews them to preserve their stories for posterity, interweaving his narrative with examples of "Banner" guitars and the people who played them. In the process the reader learns about the times and conditions during the war years, and learns the details of these highly-valued guitars.

The al-Qaeda Organization (AQO) and the Islamic State Organization (ISO) are transnational adversaries that conduct terrorism in the name of Sunni Islam. It is declared U.S. Government (USG) policy to degrade, defeat, and destroy them. The present book has been written to assist policymakers, military planners, strategists, and professional military educators whose mission demands a deep understanding of strategically-relevant differences between these two transnational terrorist entities. In it, one shall find a careful comparative analysis across three key strategically relevant dimensions: essential doctrine, beliefs, and worldview; strategic concept, including terrorist modus operandi; and specific implications and recommendations for current USG policy and strategy. Key questions that are addressed include: How is each terrorist entity related historically and doctrinally to the broader phenomenon of transnational Sunni "jihadism"? What is the exact nature of the ISO? How, if at all, does ISO differ in

strategically relevant ways from AQO? What doctrinal differences essentially define these entities? How does each understand and operationalize strategy? What critical requirements and vulnerabilities characterize each entity? Finally, what implications, recommendations, and proposals are advanced that are of particular interest to USG strategists and professional military educators?

Life is all about risk. Sometimes you embrace it. Other times, fate forces your hand. A. C. "You're in luck, Alfred," he declared. "That's the most interesting man in New York-one of the most interesting in the world. That's Sanford Quest." "Who's he?" "You haven't heard of Sanford Quest?" "Never in my life." The young man whose privilege it was to have been born and lived all his days in New York, drank half a glassful of wine and leaned back in his chair. Words, for a few moments, were an impossibility. "Sanford Quest," he pronounced at last, "is the greatest master in criminology the world has ever known. He is a magician, a scientist, the Pierpont Morgan of his profession." "Say, do you mean that he is a detective?" The New Yorker steadied himself with an effort. Such ignorance was hard to realise-harder still to deal with. "Yes," he said simply, "you could call him that-just in the same way you could call Napoleon a soldier or Lincoln a statesman..."

An ISIS/Trump update to the bestselling book about the FBI's role in manufacturing terrorist plots.

Winner of the National Jewish Book Award of 1979, this classic novel of love and war is now available in ebook format for the first time! Violence shattered her golden world, and Leah's journey began... It swept her from the burning villages

of old Russia to the tenements of New York, from the glittering showrooms of Paris to the settlements of war-torn Israel. It brought her marriage to a man who yearned for her sweet, denied love - and passion for a man who yearned only for danger. It gave her a son born of shame, and a daughter born to destiny. It tested her love in the shadow of the Depression and the hell of the Nazi fury... And then Leah's journey brought her home.
