Following their adventures in the Border Sea, Arthur and Leaf head for home. But only Leaf gets through the front door. Arthur is blocked because someone or something has assumed his identity and is taking over his life. Before Arthur can take action, he is drafted by Sir Thursday and forced to join the Glorious Army of the Architect. The Army has its headquarters in the Great Maze, a defensive area of the house. Half of the Maze has already been dissolved by Nothing, and hordes of Nithlings emerge regularly to attack the rest. If the Nithling invasion can overcome the Army and the Great Maze, the House will be lost and the whole universe destroyed. While Leaf tries to banish Arthur's doppelganger on Earth, Arthur must survive his basic training, avoid getting posted to the Front and work out how he can free part four of the Will and gain the fourth key from Sir Thursday.

This carefully crafted ebook: “Rob Roy + The Heart of Midlothian (2 Unabridged and fully Illustrated Classics with Introductory Essay and Notes by Andrew Lang)” is formatted for your eReader with a functional and detailed table of contents. Rob Roy (1817) is a historical novel by Walter Scott. It is a tale of adventure in the 18th century, set in the Scottish highlands, whose hero is the legendary maverick outlaw Rob Roy Macgregor. Though Rob Roy is not the lead character, his personality and actions are key to the novel's development. The Heart of Midlothian is a novel of Scottish history by Sir Walter Scott, published in four volumes in 1818. It is often considered to be his finest novel. The Old Tolbooth prison in Edinburgh is called “the heart of Midlothian,” and there Effie

Deans is held on charges of having murdered her illegitimate son. Her sister, Jeanie Deans, makes a dangerous journey through outlaw-infested regions to London to seek the queen's pardon for Effie. Justice and Scottish Presbyterianism are discussed at length, and issues of conscience provide the novel's themes. Sir Walter Scott (1771-1832) was a prolific Scottish novelist, poet, historian, and biographer who is often considered both the inventor and the greatest practitioner of the historical novel.

This is an account of the wanderings of a spiritualist, geographical and speculative. Should the reader have no interest in psychic things-if indeed any human being can be so foolish as not to be interested in his own nature and fate, -then this is the place to put the book down. It were better also to end the matter now if you have no patience with a go-as-you-please style of narrative, which founds itself upon the conviction that thought may be as interesting as action, and which is bound by its very nature to be intensely personal. I write a record of what absorbs my mind which may be very different from that which appeals to yours. But if you are content to come with me upon these terms then let us start with my apologies in advance for the pages which may bore you, and with my hopes that some may compensate you by pleasure or by profit. I write these lines with a pad upon my knee, heaving upon the long roll of the Indian Ocean, running

large and grey under a grey streaked sky, with the rain-swept hills of Ceylon, just one shade greyer, lining the Eastern skyline. So under many difficulties it will be carried on, which may explain if it does not excuse any slurring of a style, which is at its best but plain English. There was one memorable night when I walked forth with my head throbbing and my whole frame quivering from the villa of Mr. Southey at Merthyr. Behind me the brazen glare of Dowlais iron-works lit up the sky, and in front twinkled the many lights of the Welsh town. For two hours my wife and I had sat within listening to the whispering voices of the dead, voices which are so full of earnest life, and of desperate endeavours to pierce the barrier of our dull senses. They had quivered and wavered around us, giving us pet names, sweet sacred things, the intimate talk of the olden time. Graceful lights, signs of spirit power had hovered over us in the darkness. It was a different and a wonderful world

"It's becoming fast apparent that the only way I'm going to be able to stay away from a certain diner waitress is if she orders me away. . . Even then, it's going to be difficult to stay away."Hollywood heartthrob Nate Stone returns to his south Louisiana hometown to direct his first movie, but once he gets there all he can think about is the pretty waitress at the local diner. Tori Wilson knows that the smoking hot actor-turned-director will stop at nothing to get her into his bed, but

he can only offer her a short affair-and he's asking for a lot more than simple sex. Tori has never wanted anyone as badly as she wants Nate, but is she willing to let him take control when she's already been burned before? And if she submits to his commands, will he dominate her heart?"Nate Stone leaves devastation in his wake. When he walks away from me the last time, I'll be a different person than I was before I met him. It would be smart of me to end it here and now, but god help me, I'm in too deep already and the only way this will end is when he leaves me for good, crushed and alone. I can't stop it and I won't--I'll continue to fall with only the hope that there will be something left of my heart on the other side. Even so, I want everything he can give me. . ."

Sherlock Holmes: The Complete Novels and Stories contains, in two volumes, all fifty-six short stories and four novels featuring Sir Arthur Conan Doyle's world-famous detective. Volume I includes the novels and stories that introduced the brilliant and unflappable Sherlock Holmes and his partner, Dr. Watson, to the world. A Study in Scarlet is a drama of long-simmering revenge that ranges from the fog-bound streets of London to the pioneer settlements of Utah. The Sign of Four weaves together a stolen treasure from India, poison darts, and double-crossing thieves, while The Hound of the Baskervilles sets the legend of a diabolical hellhound and an old family curse against the backdrop of a moonlit

moor. The short stories in this volume include such favorites as "A Scandal in Bohemia," "The Red-Headed League," "The Adventure of the Speckled Band," and "The Final Problem," tales that have thrilled generations of readers with Holmes's astounding powers of deduction.

A historical adventure set during the Hundred Years' War. The story follows a young man as he leaves the shelter of an abbey in England and becomes involved with Edward, the Black Prince's campaign in Spain. Doyle later wrote a prequel, titled "Sir Nigel", concerning the early life of one of the heroes in this novel. "We go to France, and from thence I trust to Spain, in humble search of a field in which we may win advancement and perchance some small share of glory. For this purpose I would have you know that it is not my wont to let any occasion pass where it is in any way possible that honor may be gained. I would have you bear this in mind, and give great heed to it that you may bring me word of all cartels, challenges, wrongs, tyrannies, infamies, and wronging of damsels. Nor is any occasion too small to take note of, for I have known such trifles as the dropping of a gauntlet, or the flicking of a breadcrumb, when well and properly followed up, lead to a most noble spear-running."- Sir Nigel, "The White Company".

Sir Phillip knew that Eloise Bridgerton was a spinster, and so he'd proposed, figuring that she'd be homely and unassuming, and more than a little desperate for an offer of marriage. Except . . . she wasn't. The beautiful woman on his doorstep was anything but quiet, and when she stopped talking long enough to close her mouth, all he wanted to do was kiss her . . . and more. Did he think she was mad? Eloise Bridgerton couldn't marry a man she had never met! But then she started thinking . . . and wondering . . . and before she knew it, she was in a hired carriage in the middle of the night, on her way to meet the man she hoped might be her perfect match. Except . . . he wasn't. Her perfect husband wouldn't be so moody and ill-mannered, and while Phillip was certainly handsome, he was a large brute of a man, rough and rugged, and totally unlike the London gentlemen vying for her hand. But when he smiled . . . and when he kissed her . . . the rest of the world simply fell away, and she couldn't help but wonder . . . could this imperfect man be perfect for her?

In Respected Sir, Mahfouz retells a familiar theme—vaulting ambition—in a powerful and religious metaphor. Othman Bayuumi's humble origins do not stop him from coveting the Director-Generalship of the governmental department he has entered as an archives clerk. It is a vision that becomes a lifelong pursuit, superseding all other interests or people in his life. What is essentially a prosaic experience becomes—in Mahfouz's hands—a beautifully crafted story of an exalted and arduous holy quest.

Part three of the Masterpieces collection. Contains narratives from Wilkie Collins, Edgar Allan Poe and many others. Originally published in 1922.
