

The Garden Of Eden Ernest Hemingway

From a National Book Critics Circle Award winner, a brilliantly conceived and illuminating reconsideration of a key period in the life of Ernest Hemingway that will forever change the way he is perceived and understood. Focusing on the years 1934 to 1961—from Hemingway’s pinnacle as the reigning monarch of American letters until his suicide—Paul Hendrickson traces the writer’s exultations and despair around the one constant in his life during this time: his beloved boat, *Pilar*. We follow him from Key West to Paris, to New York, Africa, Cuba, and finally Idaho, as he wrestles with his best angels and worst demons. Whenever he could, he returned to his beloved fishing cruiser, to exult in the sea, to fight the biggest fish he could find, to drink, to entertain celebrities and friends and seduce women, to be with his children. But as he began to succumb to the diseases of fame, we see that *Pilar* was also where he cursed his critics, saw marriages and friendships dissolve, and tried, in vain, to escape his increasingly diminished capacities. Generally thought of as a great writer and an unappealing human being, Hemingway emerges here in a far more benevolent light. Drawing on previously unpublished material, including interviews with Hemingway’s sons, Hendrickson shows that for all the writer’s boorishness, depression, and

alcoholism, and despite his choleric anger, he was capable of remarkable generosity—to struggling writers, to lost souls, to the dying son of a friend. We see most poignantly his relationship with his youngest son, Gigi, a doctor who lived his adult life mostly as a cross-dresser, and died squalidly and alone in a Miami women's jail. He was the son Hemingway forsook the least, yet the one who disappointed him the most, as Gigi acted out for nearly his whole life so many of the tortured, ambiguous tensions his father felt. Hendrickson's bold and beautiful book strikingly makes the case that both men were braver than we know, struggling all their lives against the complicated, powerful emotions swirling around them. As Hendrickson writes, "Amid so much ruin, still the beauty." Hemingway's *Boat* is both stunningly original and deeply gripping, an invaluable contribution to our understanding of this great American writer, published fifty years after his death.

Featuring a previously published author introduction, a personal foreword by his son and a new introduction by his grandson, a definitive edition of the lauded World War I classic collects all 39 of the Nobel Prize-winning author's alternate endings to offer new insights into his creative process. First book-length study of the novel that transformed Hemingway scholarship
When *The Garden of Eden* appeared in 1986, roughly twenty-five years after Ernest Hemingway's death, it was a watershed event that changed readers and scholars' perceptions of the famous American author. Following five months in the life of protagonist David Bourne, a rising young writer of fiction, and his highly intelligent but artistically frustrated wife, Catherine, the novel is unique among Hemingway's works. Its exploration of gender roles and identities, unconventional sexual practices, race, and artistic expression challenged the traditional notions scholars and readers had of the iconic writer, and it sparked a debate that has revolutionized Hemingway studies. Suzanne del Gizzo and Frederic J. Svoboda have collected the best essays and reviews pieces that examine the novel's themes, its composition and structure, and the complex issue of editing a manuscript for posthumous publication and placed them in a single, cohesive volume.

First published in 1927, *Men Without Women* represents some of Hemingway's most important and compelling early writing. In these fourteen stories, Hemingway begins to examine the themes that would occupy his later works: the casualties of war, the often uneasy relationship between men and women, sport

and sportsmanship. In “Banal Story,” Hemingway offers a lasting tribute to the famed matador Maera. “In Another Country” tells of an Italian major recovering from war wounds as he mourns the untimely death of his wife. “The Killers” is the hard-edged story about two Chicago gunmen and their potential victim. Nick Adams makes an appearance in “Ten Indians,” in which he is presumably betrayed by his Indian girlfriend, Prudence. And “Hills Like White Elephants” is a young couple's subtle, heart-wrenching discussion of abortion. Pared down, gritty, and subtly expressive, these stories show the young Hemingway emerging as America's finest short story writer.

Bursting with wicked humor and driven by an incomparable understanding of what it means to be human, *The World to Come* is the inimitable work of “the most ambitious story writer in America” (*The Daily Beast*). Now a major motion picture Shepard traverses both borders and centuries, seamlessly inhabiting a multitude of disparate men and women, and giving voice to visionaries, pioneers, and secret misfits—from nineteenth-century explorers departing on one of the Arctic's most nightmarish expeditions to twentieth-century American military wives maintaining hope at home. Shepard's characters confront everything from the emotional pitfalls of everyday life to colossal catastrophes, battling natural forces, the hazards of new technology, and their own implacable shortcomings.

First published in 1926, *The Torrents of Spring* is a hilarious parody of the Chicago school of literature. Poking fun at that "great race" of writers, it depicts a vogue that Hemingway himself refused to follow. In style and substance, *The Torrents of Spring* is a burlesque of Sherwood Anderson's *Dark Laughter*, but in the course of the narrative, other literary tendencies associated with American and British writers akin to Anderson—such as D. H. Lawrence, James Joyce, and John Dos Passos—come in for satirical comment. A highly entertaining story, *The Torrents of Spring* offers a rare glimpse into Hemingway's early career as a storyteller and stylist.

The "dandy," a nineteenth-century character and concept exemplified in such works as Wilde's *The Picture of Dorian Gray*, reverberates in surprising corners of twentieth- and twenty-first-century culture. Establishing this character as a kind of shorthand for a diverse range of traits and tendencies, including gentlemanliness, rebelliousness, androgyny, aristocratic pretension, theatricality, and extravagance, Len Gutkin traces Victorian aesthetic precedents in the work of the modernist avant-garde, the noir novel, Beatnik experimentalism, and the postmodern thriller. As defined in the period between the fin de siècle and modernism, dandyism was

inextricable from representations of queerness. But, rinsed of its suspect associations with the effeminate, dandyism would exert influence over such macho authors as Hemingway and Chandler, who harnessed its decadent energy. Dandyism, Gutkin argues, is a species of gendered charisma. The performative masquerade of Wilde's decadent dandy is an ancestor to both the gender performance at work in American cowboy lore and the precious self-presentation of twenty-first-century hipsters. We cannot understand modernism and postmodernism's negotiation of gender, aesthetic abstraction, or the culture of celebrity without the dandy. Analyzing the characteristic focus on costume, consumption, and the well-turned phrase in readings of figures ranging from Wyndham Lewis, Djuna Barnes, and William Burroughs to Patricia Highsmith, Bret Easton Ellis, and Ben Lerner, Dandyism reveals the Victorian dandy's legacy across the twentieth century, providing a revisionist history of the relationship between Victorian aesthetics and twentieth-century literature.

The famous "Nick Adams" stories show a memorable character growing from child to adolescent to soldier, veteran, writer, and parent—a sequence closely paralleling the events of Hemingway's life.

A masterpiece of Biblical scope, and the magnum opus of one of America's most enduring authors, in a commemorative hardcover edition In his journal, Nobel Prize winner John Steinbeck called *East of Eden* "the first book," and indeed it has the primordial power and simplicity of myth. Set in the rich farmland of California's Salinas Valley, this sprawling and often brutal novel follows the intertwined destinies of two families—the Trasks and the Hamiltons—whose generations helplessly reenact the fall of Adam and Eve and the poisonous rivalry of Cain and Abel. The masterpiece of Steinbeck's later years, *East of Eden* is a work in which Steinbeck created his most mesmerizing characters and explored his most enduring themes: the mystery of identity, the inexplicability of love, and the murderous consequences of love's absence. Adapted for the 1955 film directed by Elia Kazan introducing James Dean, and read by thousands as the book that brought Oprah's Book Club back, *East of Eden* has remained vitally present in American culture for over half a century.

The Dangerous Summer is Hemingway's firsthand chronicle of a brutal season of bullfights. In this vivid account, Hemingway captures the exhausting pace and pressure of the season, the camaraderie and pride of the matadors, and the mortal drama—as in fight after fight—the rival matadors try to outdo each other with ever more daring performances. At the same time Hemingway offers an often complex and deeply personal self-portrait that reveals much about one of the twentieth century's preeminent writers.

In the fall of 1948, Ernest Hemingway and his fourth wife traveled for the first time to Venice, which Hemingway called "absolutely god-damned wonderful." A year shy of his fiftieth birthday,

Hemingway hadn't published a novel in nearly a decade when he met and fell in love with Adriana Ivancich, a striking Venetian girl just out of finishing school. Here Andrea di Robilant re-creates with sparkling clarity this surprising, years-long relationship, during which Adriana inspired a man thirty years her senior to complete his great final work. Hemingway used Adriana as the model for Renata in *Across the River and into the Trees*, and continued to visit Venice to see her; when the Ivanciches traveled to Cuba, Adriana was there as he wrote *The Old Man and the Sea*. The illuminating story of writer and muse--which also examines the cost to a young woman of her association with a larger-than-life literary celebrity--*Autumn in Venice* is an intimate look at Hemingway's final years.

A new collection showcasing the best of Ernest Hemingway's short stories including his well-known classics, as featured in the magnificent three-part, six-hour PBS documentary by Ken Burns and Lynn Novick—introduced by award-winning author Tobias Wolff. Ernest Hemingway, a literary icon and considered one of the greatest American writers of all time, is the subject of a major documentary by award-winning filmmakers Ken Burns and Lynn Novick. This intimate portrait of Hemingway—who brilliantly captured the complexities of the human condition in spare and profound prose, and whose work remains deeply influential in literature and culture—interweaves a close study of biographical events with excerpts from his work. *The Hemingway Stories* features Hemingway's most significant short stories in chronological order, so viewers of the film as well as fans old and new can follow the trajectory of his impressive life and career. Hemingway's beloved classics, such as "The Short and Happy Life of Francis Macomber," "Up in Michigan," "Indian Camp," and "The Snows of Kilimanjaro," are accompanied by fresh insights from renowned writers around the world—Mario Vargas Llosa,

Tobias Wolff's introduction adds a new perspective to Hemingway's work, and Wolff has selected additional stories that demonstrate Hemingway's talent and range. The power of the Ernest Hemingway's revolutionary style is perhaps most striking in his short stories, and here readers can encounter the tales that created the legend: stories of men and women in love and in war and on the hunt, stories of a lost generation born into a fractured time. This collection is a perfect introduction for a new generation of Hemingway readers and a vital volume for any fan. From childhood on, Ernest Hemingway was a passionate fisherman. He fished the lakes and creeks near the family's summer home at Walloon Lake, Michigan, and his first stories and pieces of journalism were often about his favorite sport. Here, collected for the first time in one volume, are all of his great writings about the many kinds of fishing he did—from angling for trout in the rivers of northern Michigan to fishing for marlin in the Gulf Stream. In *A Moveable Feast*, Hemingway speaks of sitting in a café in Paris and writing about what he knew best—and when it came time to stop, he “did not want to leave the river.” The story was the unforgettable classic “Big Two-Hearted River,” and from its first words we do not want to leave the river either. He also wrote articles for *The Toronto Star* on fishing in Canada and Europe and, later, articles for *Esquire* about his growing passion for big-game fishing. Two of his last books, *The Old Man and the Sea* and *Islands in the Stream*, celebrate his vast knowledge of the ocean and his affection for its great denizens. *Hemingway on Fishing* is an encompassing, diverse, and fascinating assemblage. From the early Nick Adams stories and the memorable chapters on fishing the Irati River in *The Sun Also Rises* to such late novels as *Islands in the Stream*, this collection traces the evolution of a great writer's passion, the range of his interests, and

Featuring Hemingway's only full-length play, *The Fifth Column* and *Four Stories of the Spanish Civil War* brilliantly evokes the tumultuous Spain of the 1930s. These works, which grew from Hemingway's adventures as a newspaper correspondent in and around besieged Madrid, movingly portray the effects of war on soldiers, civilians, and the correspondents sent to cover it.

The subject of endless biographies, fictional depictions, and critical debate, Ernest Hemingway continues to command attention in popular culture and in literary studies. He remains both a definitive stylist of twentieth-century literature and a case study in what happens to an artist consumed by the spectacle of celebrity. *The New Hemingway Studies* examines how two decades of new-millennium scholarship confirm his continued relevance to an era that, on the surface, appears so distinct from his—one defined by digital realms, ecological anxiety, and globalization. It explores the various sources (print, archival, digital, and other) through which critics access Hemingway. Highlighting the latest critical trends, the contributors to this volume demonstrate how Hemingway's remarkably durable stories, novels, and essays have served as a lens for

It's Hemingway's stature as a Pulitzer Prize- and Nobel Prize-winning author that draws so many biographers and historians to his work. It is also the wealth of material he left behind that makes him such a compelling, engaging, and often polarizing figure.

A sensational bestseller when it appeared in 1986, *The Garden of Eden* is the last uncompleted novel of Ernest Hemingway, which he worked on intermittently from 1946 until his death in 1961. Set on the Côte d'Azur in the 1920s, it is the story of a young American writer, David Bourne, his glamorous wife, Catherine, and the dangerous, erotic game they play when they fall in love with the same woman. "A lean, sensuous narrative...taut, chic, and strangely contemporary," *The Garden of Eden* represents vintage Hemingway, the master "doing what nobody did better" (R. Z. Sheppard, *Time*).

Ernest Hemingway witnessed many of the seminal conflicts of the twentieth century—from his post as a Red Cross ambulance driver during World War I to his nearly twenty-five years as a war correspondent for *The Toronto Star*—and he recorded them with matchless power. This landmark volume brings together Hemingway's most important and timeless writings about the nature of human combat. Passages from his beloved World War I novel, *A Farewell to Arms*, and *For Whom the Bell Tolls*, about the Spanish Civil War, offer an unparalleled portrayal of the physical and psychological impact of war and its aftermath. ABOUT THE BOOK In our youth we are prone to indulging in the idea of love. Young love is primarily concerned with purity, passion, and unconditional care. All too often the immature mind glosses over the more painful moments connected to love and only remembers love as a beautiful force. But as those who have loved and lost will attest, love is rarely the blissful emotion that fairytales make it out to be. Love is messy, and sometimes even dangerous if mixed with some measure of obsession, and a need to control. Such is the case with Ernest Hemingway’s posthumously published classic, *The Garden of Eden*. *The Garden of Eden* was released in the late 1980s, a little over two decades after Ernest Hemingway’s death. The novel’s posthumous publication forced readers and scholars to rethink their perceptions of its author. Early critics of Hemingway often praised his male-centric view of the world. Most of his memorable characters were men performing masculine pursuits. Most of his women were presented as characters that weakened the male protagonist or lead to the deterioration of his life. However, in *The Garden of Eden*, Hemingway presents two female characters (Catherine

and Marita) who are both not molded to fit the “weak” female characters portrayed in Hemingway’s other novels. In fact, Catherine is often presented as more “manly” than her husband. This exploration of gender roles, sexual identity, and sexual deviance drastically deviated from what was expected from Hemingway. The novel also stirred up much criticism about how it was edited. The fact remains that the novel was never finished. This begs the question, how much of it was edited out before finally getting published? Moreover, what other changes would Hemingway have made if he had had the chance to revise his work? Such has always been the problem with posthumously published work. We may never really know what Hemingway’s novel might have turned out to be. But the material that did make it to print seems to suggest that this piece was something that would have broken new ground for him. Unlike his previous stories, *The Garden of Eden* didn’t focus on some thrilling, albeit vicarious, adventure. Instead Hemingway ventures into territory that seems more the province of romance novelists than an author of his stature. Moreover, his two main characters seem to go against type. Perhaps reflective of the story’s role-reversing, gender-bending explorations, Hemingway’s leading male character, David Bourne, is passive, while his lead female, Catherine Bourne, is the one pulling the strings. Those familiar with Hemingway’s previously published novels such as *A Farewell to Arms*, or *For Whom the Bell Tolls* will note that while Hemingway has written strong female leads before, he has never really written such relatively timid male characters. EXCERPT FROM THE BOOK At this point in the novel some readers are probably wondering to what point and purpose highlighting such an innocuous, and possibly tangential, element could have on the story? Hemingway may have wanted to develop a stronger link between the act of satisfying a physiological need to consume food with the

need to satisfy sexual cravings. While this observation is by no means intended to be a Freudian interpretation, it is interesting to note how remarkably similar both types of cravings can be. More to the point, while crafting a love scene and a scene involving food may seem different, the writing skills needed to be able to engage a reader's senses are the same for both. Bereft of any visuals, the storyteller must rely purely on the power their words have on the reader's imagination. These initial chapters focus on the relationship that exists between the Catherine and David.

Things heat up quickly in Eden, U.S.A., however, when Ed Harris, the banker, finds his wife in bed with his best friend, Hayden Elkins. Ed picks up a shotgun, escorts them both to the door, and tells friend Hayden, "Guess what? She's yours!" "I've got a wife, Ed," says Hayden. "Now you have two. . . ." Forced to take his paramour to live under his own roof (after all, they had only intended to share an afternoon of delight, not to leave their spouses), Hayden suddenly finds himself the butt of every joke in town. That's where things start to spin out of control. Before long, Elijah Murphy, the town drunk, and the snooping widow next door, to whom he'd exposed himself, are falling in love; sleazy Sheriff's Deputy Delmar Clay is about to get a butt-full of birdshot for the pictures he's been snapping of young couples getting hot and heavy in parked cars; and the Barrow Boys are out of jail and looking for trouble. Soon, Neely finds that managing the crises in the sticks is a full-time job, and it takes a whole community--from the compassionate local magistrate to the new female preacher--to keep things from exploding big-city style.

one of the most important twentieth-century American novelists. For Debra A. Modellmog, the intense debate about the nature of his identity reveals how critics' desires give shape to an author's many guises. In her provocative book, Modellmog interrogates Hemingway's persona and work to show how our perception of the writer is influenced by society's views on knowledge, power, and sexuality. She believes that recent attempts to reinvent Hemingway as man and as artist have been circumscribed by their authors' investment in heterosexist ideology; she seeks instead to situate Hemingway's sexual identity in the interface between homosexuality and heterosexuality. Modellmog looks at how sexual orientation, gender, race, nationality, able-bodiedness—and the intersections of these elements—contribute to the formation of desire. Ultimately, she makes a far-reaching and suggestive argument about multiculturalism and the canons of American letters, asserting that those who teach literature must be aware of the politics and ethics of the authorial constructions they promote.

Colm Tóibín's second "lovely, understated" novel that "proceeds with stately grace" (The Washington Post Book World) about an uncompromising judge whose principles, when brought home to his own family, are tragic. Eamon Redmond is a judge in Ireland's high court, a completely legal creature who is just beginning to discover how painfully unconnected he is from other human beings. With effortless fluency, Colm Tóibín reconstructs the history of Eamon's relationships—with his father, his first "girl," his wife, and the children who barely know him—and he writes about Eamon's affection for the Irish coast with such painterly skill that the land itself becomes a character. The result is a novel of stunning power, "seductive and absorbing" (USA Today).
