

The Great Oil Conspiracy How The Us Government Hid The Nazi Discovery Of Abiotic Oil From The American People

Geschiedenis van de internationale olieindustrie, van de opkomst van de oliemaatschappijen en de politieke macht die zij verkregen en wisten te behouden tot de bewustwording van de olieproducerende landen.

On October 28th 1890 the great wall of the Barsdon Dam gave way, and the Eagle Star reservoir buried the small Arizona town of Jackson Hope under forty feet of water. Men, women and children perished in the devastating flood, nobody survived. For over a hundred years the town lay forgotten at the bottom of a vast lake, but it has been a particularly harsh summer in Arizona, and the town is starting to emerge. Experts will come and survey the land, hoping to prospect for a bright and lucrative new project, but they will get more than they bargained for. Bit by bit they will uncover the truth behind the disaster which wiped a small farming community off the map, and as they do they will learn with devastating consequences that some secrets should stay buried forever.

A healing herb kept secret for centuries. A TV show host who stands to lose everything. Castile de Granada, 1492: Risking her life, Spanish author Ana-Maria de Carbonela vowed to keep an unknown yet powerful healing herb's location hidden. It remained a secret ... Until now. TV show host Kelby Wade is forced into the search when her niece is targeted by the relentless assassin who killed her brother. She is pursued on a perilous quest, from a grotto in rural Andalusia to a bizarre hospital in Surrey, to uncover the mystery found between crumbling sheets of parchment in the ruins of a rural Spanish farm. In a race against a conspiracy who want the herb's power, she struggles to piece together the puzzle and follow the trail her brother left to trace the mysterious plant before the deadly conspirators locate it. It's only a matter of time before the ancient secret gets exposed ... Described by readers as a must-have book for fans of Glenn Cooper, Kate Mosse and James Rollins. The first in the Torcal series, *The Grotto's Secret* is a fast-paced, historically rich page-turner that captures the vivid history of medieval Spain woven between modern-day London. Past and present blended vividly together in this exhilarating historical conspiracy thriller guaranteed to leave readers tingling with suspense. If you love an action-packed conspiracy thriller, download a sample to see for yourself! Or grab free sample chapters at Paula Wynne's website. Readers who have read *The Grotto's Secret* have had this to say ... "Past and present blended masterfully together in this page turning historical conspiracy thriller guaranteed to leave readers wanting more." Angela Crouch "The Grotto's Secret is a fast-paced, exhilarating thriller that left me panting for more." Ros Brookman "The Grotto's Secret's first chapter had me hooked straight away." Helen Johnson "A good read for fans of Kate Mosse and Glenn Cooper. I was hooked very early in the story and kept paced throughout."

Online Library The Great Oil Conspiracy How The Us Government Hid The Nazi Discovery Of Abiotic Oil From The American People

Graham Bird "The Grotto's secret is a real page turner. Paula is a great writer, I could envision all the characters on screen. I highly recommend it to others."
Clare Keogh "Fascinating and absorbing, an exciting debut novel from an established business writer." Debbie Jenkins "I found "The Grotto's Secret" very entertaining. I am sort of a history buff so that aspect was what caught my interest. Paula did a wonderful job tying past and present together, and her description of the Spanish countryside was spectacular." Niles Jacobsen "The book was great and hard to put down. I can't wait to find out the mystery behind the Maria father's stone in the next book!" Marsha Campbell "I really enjoyed the book, it draws you in from page one! I like that the characters are so easy to identify with, I keep thinking to myself 'oh, that's just like so-and-so'" Debbie Harding "I finished The Grotto's Secret last night - wow! Have to say I couldn't put it down. I felt engaged with the characters and the sweep of history and geography gave me some real food for thought." Jayne West "

A tale of Gilded Age corruption and greed from the frontier of Alaska to America's capital. In the feverish, money-making age of railroad barons, political machines, and gold rushes, corruption was the rule, not the exception. Yet the Republican mogul "Big Alex" McKenzie defied even the era's standard for avarice.

Charismatic and shameless, he arrived in the new Alaskan territory intent on controlling gold mines and draining them of their ore. Miners who had rushed to the frozen tundra to strike gold were appalled at his unabashed deviousness. A Most Wicked Conspiracy recounts McKenzie's plot to rob the gold fields. It's a story of how America's political and economic life was in the grip of domineering, self-dealing, seemingly-untouchable party bosses in cahoots with robber barons, Senators and even Presidents. Yet it is also the tale of a righteous resistance of working-class miners, muckraking journalists, and courageous judges who fought to expose a conspiracy and reassert the rule of law. Through a bold set of characters and a captivating narrative, Paul Starobin examines power and rampant corruption during a pivotal time in America, drawing undoubted parallels with present-day politics and society.

Not your typical letter book, this story uses the alphabet to express the hopes and desires we have for every young life. The words engage the reader and the rhythm entertains the young learner. The illustrations complement the story but also offer additional learning opportunities with the use of color, letters and animals. This story is more than just an alphabet book but a celebration of all the wonders of life.

The Earth is flat, the World Trade Center collapse was a controlled demolition, planes are spraying poison to control the weather, and actors faked the Sandy Hook massacre.... All these claims are bunk: falsehoods, mistakes, and in some cases, outright lies. But many people passionately believe one or more of these conspiracy theories. They consume countless books and videos, join like-minded online communities, try to convert those around them, and even, on occasion, alienate their own friends and family. Why is this, and how can you help people,

Online Library The Great Oil Conspiracy How The Us Government Hid The Nazi Discovery Of Abiotic Oil From The American People

especially those closest to you, break free from the downward spiral of conspiracy thinking? In *Escaping the Rabbit Hole*, author Mick West shares over a decade's worth of knowledge and experience investigating and debunking false conspiracy theories through his forum, MetaBunk.org, and sets forth a practical guide to helping friends and loved ones recognize these theories for what they really are. Perhaps counter-intuitively, the most successful approaches to helping individuals escape a rabbit hole aren't comprised of simply explaining why they are wrong; rather, West's tried-and-tested approach emphasizes clear communication based on mutual respect, honesty, openness, and patience. West puts his debunking techniques and best practices to the test with four of the most popular false conspiracy theories today (Chemtrails, 9/11 Controlled Demolition, False Flags, and Flat Earth) — providing road maps to help you to understand your friend and help them escape the rabbit hole. These are accompanied by real-life case studies of individuals who, with help, were able to break free from conspiracism. With sections on: the wide spectrum of conspiracy theories avoiding the “shill” label psychological factors and other complications (and concluding with) a look at the future of debunking Mick West has put forth a conclusive, well-researched, practical reference on why people fall down the conspiracy theory rabbit hole and how you can help them escape.

"Jerry Corsi may just be the best investigative journalist working today and this incredible book proves it."—Roger Stone, New York Times bestselling author

At the end of World War II, U.S. intelligence agents confiscated thousands of Nazi documents on what was known as the “Fischer-Tropsch Process”—a series of equations developed by German chemists unlocking the secrets of how oil is formed. When the Nazis took power, Germany had resolved to develop enough synthetic oil to wage war successfully, even without abundant national oil reserves. For decades, these confiscated German documents remained largely ignored in a United States where petro-geologists and petro-chemists were convinced that oil was a “fossil fuel” created by ancient decaying biological debris. Clearly, big U.S. oil companies had no financial interest in explaining to the American people that oil was a natural product made on a continual basis deep within the earth. If there were only so many fossils in geological time, there could only be so much oil. Big oil could then charge more for a finite, rapidly disappearing resource than for a natural, renewable, and probably inexhaustible one. The Great Oil Conspiracy explains how Stalin at the end of World War II demanded his petro-geologists “dig deeper” when petro-scientists in the United States had determined that the Soviet Union, like Germany, lacked national oil reserves. Russia today has challenged Saudi Arabia for the lead in oil production and exportation. Once oil is understood as an abundantly available resource, there is no reason hydro-carbon fuels cannot indefinitely propel the development and production of cheap energy reserves the United States needs to maintain its dominant position in the emerging global economy.

Jess has been in love with her best friend, Kate, for seven years, but her feelings

Online Library The Great Oil Conspiracy How The Us Government Hid The Nazi Discovery Of Abiotic Oil From The American People

have never been returned. One night they sleep together, and Jess finds out how much it is possible to be hurt by someone close. Jess and Kate struggle to redefine their friendship. They spend a week at Jess's family holiday house in a small seaside town, Awatangi, intending to make the time to talk things through, but the conversations never happen. Kate makes vague promises, but begins to have second thoughts. Jess wants Kate, and nothing else, and is heartbroken that isn't enough. Jess decides – while everything is changing in her life – that she doesn't want to go on living in the city, that she wants to return to Awatangi. Part of her hopes some physical distance between them may help things with Kate, and part of her – frustrated and upset – simply wants to leave Kate behind. In Awatangi, Jess meets Keri, a local lawyer who has also recently returned home. Like Jess, Keri surfs, and like Jess, she seems to feel some attachment to her family roots in Awatangi. Jess is drawn to Keri, but forces herself not to let anything happen. Despite everything, Kate is still Jess's closest friend, and she has loved Kate all her life. She feels she has to give the situation with Kate as long as she can to work itself out. Awatangi is about coping with feelings for a close friend that are not returned, set in a small holiday township on the West Coast of the South Island of New Zealand. It is an exploration of getting what you've always wanted and it not being enough, of being in love with one person and wanting another, and of finding out that life doesn't always turn out as expected.

Following the Great War (1914~1918) there was admission that its first victim was truth. World War Two (1933~1990) was no exception. There was no remorse over falsehoods told to enable the USSR and U.S to divide the world as they saw fit. On May 8, 1945 Germany's armed forces and England's Empire signed their assets away. As the fumes of cordite and corpses of tens of millions vaporised there was no admission that, since Hitler's 1933 election, the conflict had been propaganda-led and still is. Wars commence only when those who do the fighting are psychologically conditioned to do the suffering and the dying. A war without propaganda is a war without arms. The All Lies Invasion takes the reader on a fascinating odyssey. In hundreds of instances, many bizarre or amusing and others pathetic, The All Lies Invasion is a warning of political and media deception and public naiveté.

NATIONAL BOOK AWARD FINALIST • NATIONAL BESTSELLER • A twisting, haunting true-life murder mystery about one of the most monstrous crimes in American history, from the author of *The Lost City of Z*. In the 1920s, the richest people per capita in the world were members of the Osage Nation in Oklahoma. After oil was discovered beneath their land, the Osage rode in chauffeured automobiles, built mansions, and sent their children to study in Europe. Then, one by one, the Osage began to be killed off. The family of an Osage woman, Mollie Burkhart, became a prime target. One of her relatives was shot. Another was poisoned. And it was just the beginning, as more and more Osage were dying under mysterious circumstances, and many of those who dared to investigate the killings were themselves murdered. As the death toll rose, the newly created FBI took up the case, and the young director, J. Edgar Hoover, turned to a former Texas Ranger named Tom White to try to unravel the mystery. White put together an undercover team, including a Native American agent who infiltrated the region, and together with the Osage began to expose one of the most chilling conspiracies in American history.

Dubliners is a collection of picturesque short stories that paint a portrait of life in middle-class

Online Library The Great Oil Conspiracy How The Us Government Hid The Nazi Discovery Of Abiotic Oil From The American People

Dublin in the early 20th century. Joyce, a Dublin native, was careful to use actual locations and settings in the city, as well as language and slang in use at the time, to make the stories directly relatable to those who lived there. The collection had a rocky publication history, with the stories being initially rejected over eighteen times before being provisionally accepted by a publisher—then later rejected again, multiple times. It took Joyce nine years to finally see his stories in print, but not before seeing a printer burn all but one copy of the proofs. Today *Dubliners* survives as a rich example of not just literary excellence, but of what everyday life was like for average Dubliners in their day. This book is part of the Standard Ebooks project, which produces free public domain ebooks.

Bill Cooper, former United States Naval Intelligence Briefing Team member, reveals information that remains hidden from the public eye. This information has been kept in Top Secret government files since the 1940s. His audiences hear the truth unfold as he writes about the assassination of John F. Kennedy, the war on drugs, the Secret Government and UFOs. Bill is a lucid, rational and powerful speaker who intent is to inform and to empower his audience. Standing room only is normal. His presentation and information transcend partisan affiliations as he clearly addresses issues in a way that has a striking impact on listeners of all backgrounds and interests. He has spoken to many groups throughout the United States and has appeared regularly on many radio talk shows and on television. In 1988 Bill decided to "talk" due to events then taking place worldwide, events which he had seen plans for back in the early '70s. Since Bill has been "talking," he has correctly predicted the lowering of the Iron Curtain, the fall of the Berlin Wall and the invasion of Panama. All Bill's predictions were on record well before the events occurred. Bill is not a psychic. His information comes from Top Secret documents that he read while with the Intelligence Briefing Team and from over 17 years of thorough research. "Bill Cooper is the world's leading expert on UFOs." -- Billy Goodman, KVEG, Las Vegas. "The onlt man in America who has all the pieces to the puzzle that has troubled so many for so long." -- Anthony Hilder, Radio Free America "William Cooper may be one of America's greatest heros, and this story may be the biggest story in the history of the world." -- Mills Crenshaw, KTALK, Salt Lake City. "Like it or not, everything is changing. The result will be the most wonderful experience in the history of man or the most horrible enslavement that you can imagine. Be active or abdicate, the future is in your hands." -- William Cooper, October 24, 1989.

Caution: this book is a document from the future, on how the United States finally split into two independent republics in 2029, and its aftermath. The topic is so sensitive, that its futuristic author must be identified merely as John Doe, Ph.D. Dateline: 2029. The "One Nation, Indivisible," finally divides. - A political satire.

Michael Chenault, award-winning investigative journalist with the New York Times, is roused in the middle of the night by NYPD detectives and accused of the bizarre murder of a complete stranger. After clearing himself, Chenault finds that Martin Koplanski, the retired history professor he'd been accused of murdering, was likely killed for a mysterious Mormon relic long thought to be just a myth. Twenty-four hours later, Chenault receives an email with a photo of the recently murdered wife of Presidential candidate, Brockston Ratchford. She too appears to have been ritually killed in the exact manner as Koplanski, right down to having the same cryptic character scrawled in blood across her forehead. With way more than just a hunch to now go on, Chenault heads out to Salt Lake City, the site of the Ratchford murder investigation, to find out what, if any, connection there is between the murders. With the help of a beautiful young reporter he meets along the way, Chenault comes to learn the dark family secrets of a rising political star, along with the rather strange but true history of the Mormon church. As he pieces the story together of what appears to be an ever-growing conspiracy, Chenault is pursued by The Brothers, two murderous zealots who will stop at nothing to retrieve the Mormon relic Chenault is also trying to find. What Chenault eventually discovers is

Online Library The Great Oil Conspiracy How The Us Government Hid The Nazi Discovery Of Abiotic Oil From The American People

that what he's uncovered may not only affect the outcome of the next Presidential election, but decide the fate of an entire religion-if he can manage to stay alive. In the tradition of Raymond Khoury, Brad Meltzer, Dan Brown and Steve Berry, The Moroni Deception is a cleverly conceived, twisting tale of political and religious intrigue by a new master of the conspiracy thriller.

Phillips was born in Madison, Indiana. After graduating high school Phillips entered Asbury College following which he degreed from College of New Jersey in 1887. After completing his education, Phillips worked as a newspaper reporter in Cincinnati, Ohio before moving on to New York City where he was employed as a columnist and editor with the New York World until 1902. In his spare time, he wrote a novel, The Great God Success that was published in 1901. The book sold well enough that his royalty income was sufficient enough to allow him to work as a freelance journalist while dedicating himself to writing fiction. Writing articles for various prominent magazines, he began to develop a reputation as a competent investigative journalist. Considered a progressive, Phillips' novels often commented on social issues of the day and frequently chronicled events based on his real-life journalistic experiences.

"Jerry Corsi may just be the best investigative journalist working today and this incredible book proves it."—Roger Stone, New York Times bestselling author A shocking investigation revealing why greedy oil companies are lying to the American people. At the end of World War II, U.S. intelligence agents confiscated thousands of Nazi documents developed by German chemists unlocking the secrets of how oil is formed. When the Nazis took power, Germany had resolved to develop enough synthetic oil to wage war successfully, even without abundant national oil reserves. For decades, these confiscated German documents remained largely ignored in a United States where petro-geologists and petro-chemists were convinced that oil was a "fossil fuel" created by ancient decaying biological debris. Clearly, big U.S. oil companies had no financial interest in explaining to the American people that oil was a natural product made on a continual basis deep within the earth. If there were only so many fossils in geological time, there could only be so much oil. Big oil could then charge more for a finite, rapidly disappearing resource than for a natural, renewable, and probably inexhaustible one. Once oil is understood as an abundantly available resource, there is no reason hydro-carbon fuels cannot indefinitely propel the development and production of cheap energy reserves the United States needs to maintain its dominant position in the emerging global economy. The Great Oil Conspiracy, updated for this paperback release with a new chapter by Dr. Corsi, explains how German chemists had cracked the code to synthetic oil, and why the U.S. government is trying to keep their findings from you to this day. Skyhorse Publishing, as well as our Arcade imprint, are proud to publish a broad range of books for readers interested in history--books about World War II, the Third Reich, Hitler and his henchmen, the JFK assassination, conspiracies, the American Civil War, the American Revolution, gladiators, Vikings, ancient Rome, medieval times, the old West, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

Enjoy 20 limited-detail illustrations, designed for those who would rather keep it simple. Each page was hand-drawn and edited by K J Kraemer, with you in mind. If you don't want to spend days on a project or just want room to get creative, this adult coloring book is for you!

A teenage boy uncovers a horrific family secret. A widower seeks vengeance on the creatures that killed his wife. A drug addled writer stalks the woman of his dreams, a woman much more sinister than she appears. A federal agent races to find the cursed relic powering this city full of spooks, spirits, and serial killers. The lives of these and others will collide in the dark and dangerous streets of Adderlass. A seed of evil was

Online Library The Great Oil Conspiracy How The Us Government Hid The Nazi Discovery Of Abiotic Oil From The American People

planted under Adderlass, a city where monsters hide behind masks of humanity and ordinary people shuffle anesthetized and addicted by the sickly supernatural power wafting up from below. The city was built over the crystalline skull of a bloodthirsty beast. Now, the hunt is on for this lost treasure and whoever finds it first will control the fate not only of Adderlass but of the entire world. Sixteen-year-old Simon Cubbins, young and naive, may be the key to unlocking the mystery buried in this twisted labyrinth of hidden agendas. He also unknowingly harbors a secret that could destroy the Cubbins bloodline. As different characters fight for control over Simon, he will have to decide whether or not to carry on his family's legacy.

This definitive guide to the world's most controversial conspiracies wanders through a maze of sinister secrets, suspicious cover-ups hidden agendas and clandestine operations to explore all these questions - and many many more. Now available in PDF format.

Here's your chance to say "goodnight" to Obama in a very special way. Join former president Obama in his nightcap and PJ's as he says "goodnight" to America: Goodnight birth certificate of unknown source Goodnight jobs, without any remorse Goodnight safety, let's open the borders Goodnight constitution, by executive order Featuring cameos of: Michael Moore Hillary Clinton Reverend Wright Ellen DeGeneres Vladimir Putin And many more!

Envious of her best friends lavish lifestyle, a young woman wonders how different her life would be if she had an opportunity to change her past.

Two stolen Pakistani nuclear bombs, a conspiracy to manipulate the global market in rare earths and a plot to assassinate the President of the United States. It's going to be a busy week for Ali Monpour, special investigator for the National Security Advisor. *Rare Earths* is a fast-paced political thriller ripped from today's headlines! Action and intrigue intertwine from the deserts of Balochistan to the halls of power in Washington, D.C. This is a memoir presented in an anthological - like format; in other words, a collection of short stories, on the life of the author. It starts when he was growing

Online Library The Great Oil Conspiracy How The Us Government Hid The Nazi Discovery Of Abiotic Oil From The American People

up in the Philippine countryside of Ilocos Sur province. Just like a normal kid, he played with his friends, did crazy things, went to school and moved to Manila, for his college education. He got married while in fifth year college, but still graduated on time. This book relates his struggles, failures, as well as successes, including his coming to America. Searching for the American Dream was no picnic either, but with perseverance, he achieved some of them in modest ways. Foreigners planning to immigrate to the great ol' USA could get glimpses, on what it takes, to come and live in America.

If you ever read "Rich dad poor dad" and "Think and Grow Rich" you would love to read "Think Big Grow Bigger." This book will help you to understand exactly your sequence of Actions that cause results. You'll enjoy in changing the sequence to gain better results. You'll enjoy to add some actions or delete that... you'll enjoy testing other sequences. The incredible fact is that you'll have the chance to recognize and apply the sequence of wealthy people. The Stickies Strategy (r) is really powerful!!! What happen If you need some help? The Author, Riccardo Proetto, is here to help you with seminars, courses and coaching. He applied this theory for himself. In 2009 he lost everything. Something like some million euros, house... car.. everything. The problem: Even if he has frequented courses and seminars for himself, that is always a good thing, no one has explained to him how to avoid the same mistakes. He used a lot of strategies, listened a lot of guru... but what his was looking for was not the cure. He wanted the healing. He wanted to help people and himself to avoid mistakes, to accelerate the learning process, to recognize the actions sequence of everything: wealthy style, healthy style... The good news is that he found the solution and the funny thing is that everything is based on personal meanings. The result: the system is always applicable. If you'll have the opportunity to participate at one of his seminars you'll listen with your ears and you'll see with your eyes how is his story. Inside Of This Book You'll Discover The Results To These Shocking Tests: 80% of modern millionaires were able to get there on annual incomes of \$55,000 or less. Even meager savings eventually add up to thousands or millions of dollars.... (this one is almost dumb, cause it's SO easy) (Page 9) Net Worth Formula Simplified The rich have a net worth often double or triple the amount. The average American has less than half. The goal is to double your net worth. (Page 9) Sense of Spending The truly rich hold off gratification, knowing that what is trendy, popular or a must have today may not last until tomorrow. (Page 11) How interest affects your debt Pay more than the minimum on loans. The more you pay now, the less you pay later.(Page 13) Today millionaires spend more time selecting what to buy than buying the product itself. They look for the best bargain before laying their money down. (Page 15) THE STICKIES STRATEGY (r) ... I've seen during these years that our personal meaning of things is the real engine that let us go forward or backward. So I've developed the Stickies Strategy. You can find your exact sequence of actions through the "meanings" and improve or change that one...(Page 54) ...extra Steps: How to

Online Library The Great Oil Conspiracy How The Us Government Hid The Nazi Discovery Of Abiotic Oil From The American People

Use Your Passion to Succeed Over time, we often forget the passions of our childhood or even the ones we discover as we age." Take a stroll down memory lane and make a list. What would you do if you had all of the money you needed and didn't have to worry about paying your bills?"

The Great Conspiracy, Volume 3 by John Alexander Logan is a rare manuscript, the original residing in some of the great libraries of the world. This book is a reproduction of that original, typed out and formatted to perfection, allowing new generations to enjoy the work. Publishers of the Valley's mission is to bring long out of print manuscripts back to life.

During a chance night shift on the cops beat, newsroom assistant Madeleine Harrington stumbles on the corruption story of a lifetime – a plot that would reshape the entire city. She teams up with her dad, a downtrodden columnist at the paper, to unearth the mystery. The muckrakers find the plot goes deeper – and contains more skeletons among the city's powerbrokers – than they imagined.

Shayla had no idea her life would turn out like it did. She had two kids, independent, a college degree, owns a Top Business Consulting firm in Buckhead, Atlanta and a Non-profit organization for the community, but in the midst of it all she was Trapped. herself into the maw of evil. Her guiding beacon is the need to satisfy her craving for retribution.

Perfect book to record and save important addresses and birthdays. As time goes by and the fullness and complexity of the days increase, this is more and more important. You can keep these addresses and birthdays from family, friends, business partners etc. for many years.

A cyanide capsule and a bullet to the head. This is how Adolf Hitler is about to kill himself. The date is the 30th of April, the year is 1945. Hitler and his wife of less than two days, Eva Braun, are together in the Fuhrerbunker, an underground complex near the Reich Chancellery in Berlin. Berlin itself is not yet under siege, but it is apparent to all that it soon will be. For the Allies have defeated the Wehrmacht in the Belgian Ardennes and have already crossed the Rhine into Germany. While at the same time, the Red Army are advancing westwards towards the German capital, unstoppable since their decisive victory at Stalingrad. As a result, SS generals are now refusing to obey Hitler's orders. Stuck down in his bunker and feeling powerless, Hitler has begun to suffer a mental breakdown. The war is lost and he knows it now. Germany surrendered, unconditionally, a week after Hitler's death, on the 7th of May, 1945. The following day was declared Victory in Europe Day. The Second World War on the European continent was formally confirmed over. The war would continue in Asia for another three months, eventually ending on the 15th of August, 1945 - just over a week after the dropping of the Little Boy and Fat Man atomic bombs on the Japanese cities of Hiroshima and Nagasaki. Germany was in utter ruins and occupied by the armies of the Soviet Union, France, America, and Britain and her Commonwealth. Meanwhile the world had witnessed the utterly destructive power of atomic weapons. This was how the Second World War ended; it was also how the Cold War began. The Cold War would last nearly half a century, with flashpoints occurring in locations all across the globe; from Afghanistan to Vietnam, Korea to Cuba. The real Cold War battlefront, though, was in Germany. It was here where the militaries of the Soviet Union and the Warsaw Pact countries faced off against the militaries of America and her European NATO allies. It was here where the bulk of the nuclear missiles were located, where the troops were based. Germany - then Germanies - was the true frontier of the Cold War. Following the collapse of the Berlin Wall in 1989, and the dissolution of the Soviet Union shortly after in 1991, the militaries that had based themselves in Germany for the past 50 years started to slowly return to their respective home countries. The military bases, and all the infrastructure that went along with sustaining them, were stripped bare and left behind. The purpose of this book is to document these Cold War sites as they are today, in 2016. They will not be around for much longer; most face imminent demolition, and the ones that don't are decaying and succumbing to nature. The hope is that by documenting how these bases currently are, as well as providing a short history on each of the sites, an audience unable to visit them themselves will learn something new about the Cold War. It was a military stand-off on a scale of which the world has never seen before. We have history books that communicate that scale; that communicate the dangers faced; the close calls and near misses; the fallibility of all those involved. Perhaps this book, and the pictures it contains, can help to communicate some of these things too, but in a different way.

In 2019, America is bordering on financial collapse after engaging in a third conflict in

Online Library The Great Oil Conspiracy How The Us Government Hid The Nazi Discovery Of Abiotic Oil From The American People

Iraq. On the home front, the president has provided funding for stem cell research, but medical success is overshadowed after corporate greed intervenes. The intention to benefit those with the greatest need quickly disappears as the replication process is used to clone all major organs. With the advent of cloning, the inevitable occurs when Americas population reaches the saturation point. A chip is now implanted into all citizens, which signals when someone reaches the mandatory age of death. Years left on a chip are for sale, and the hunt for new chips is on. Meanwhile, overseas, the war rages, where people die irrespective of age. Lieutenant Roger DeMarco must put an end to the murder of entire innocent Iraqi villages by those who would harvest the enemy and civilians alike. Doctors are caught on opposing sides of science, and even a reality TV star becomes of national interest when he sells his chip and plans to slowly kill himself in a parade of hedonism. Progress, profit, and morality collide with stunning ferocity as America must evolve or die.

Glass--The new billion-dollar drug. It's cheaper than cocaine, more addictive...and it's got a secret. Admitting the drug trade was out of control and the War on Drugs a complete failure, a covert collaboration between the DEA and the CIA develops a drug that in only five years has completely devastated the illegal drug market. The first half of the mission a success, the plan to eradicate the drug lords and then focus on treatment has gone terribly wrong. All because someone in the agency doesn't want to relinquish control. Now Daniel Burke is fighting for his life. A double-crossed CIA agent, he's forced to confront his own people, in addition to an overzealous FBI agent known for always getting her man--and the combined forces of the Colombian drug lords who see Burke as "target number one." Can Burke evade his own people, escape the FBI and still manage to bring the drug cartels to their knees?

I've spent the last year cleaning up the mess Percy left after his failed coup. It isn't glamorous, but it's a job, and it pays well enough. Percy altered the Cure in a way to make it easier to create his little vampire army, but his new vampires have attitude problems and are worse at playing by the rules than I am, and they are the mess I'm trying to clean up. No biggie, I'm pretty good at that kind of housecleaning. The only problem is that someone called the cops on Percy's little house party. Homeland Security got hold of the new and improved Cure, made their own vampire anti-terrorist unit, and dropped them into freaking Yemen. Like most ill-conceived government projects, this one went bad real fast, and guess who has to fix it? Now I have to I have to hunt down and kill these rogue vampires, take on the U.S. government, and destroy all evidence of our existence. And, oh yeah, there's a freaking bomb in my head!
