

The Highly Sensitive Person

In this groundbreaking classic, Dr. Elaine Aron, a research and clinical psychologist and a HSP herself, shows the reader how to identify the HSP trait. Drawing on her many years of research, this fully updated edition features guidance and self-assessment tests to help identify particular sensitivities. With a new Author's Note, the latest scientific research, and a fresh discussion of anti-depressants, this edition of *The Highly Sensitive Person* is more essential than ever for creating the sense of self-worth and empowerment every HSP deserves and our planet needs.

Reclaim your power from narcissists, manipulators, and other toxic people. If you're a highly sensitive person, or identify as an "empath," you may feel easily overwhelmed by the world around you, suffer from "people-pleasing," experience extreme anxiety or stress in times of conflict, or even take on the emotions of others. Due to your naturally giving nature, you may also be a target for narcissists and self-centered individuals who seek to exploit others for their own gain. So, how can you protect yourself? In *The Highly Sensitive Person's Survival Guide to Dealing with Toxic People*, you'll learn evidence-based skills grounded in cognitive-behavioral therapy (CBT) and dialectical behavior therapy (DBT) to help you recognize and shut down the common manipulation tactics used by toxic people, such as gaslighting, stonewalling, projection, covert put-downs, and love bombing. You'll also discover targeted tips to protect yourself from the five main types of toxic people: Garden-variety boundary-steppers Crazy-makers and attention-seekers Emotional vampires Narcissists Sociopaths and psychopaths Finally, you'll learn how to heal from toxic or narcissistic abuse, and find strategies for establishing healthy boundaries and a strong sense of self. If you're an HSP who is ready to take a stand against the toxic people in your life, this book has everything you need to survive and thrive.

In a culture that ranks sociability and extroversion above the introverted traits of deep thinking and being alone, Ilse Sand shows how to find joy and meaning as an introvert or highly sensitive person. She debates whether these traits are caused by nature or nurture, and shows how someone like this can organize their life to keep them content. What she says is appropriate for people who are temporarily, or for some other reason, in a sensitive situation - for example, because of stress, trauma or burn-out. It describes the introverted personality type and the highly sensitive trait, highlighting the strengths that come with it such as good listening skills and rich imagination, and suggests ways to overcome the negatives such as the need to avoid overstimulation and over-critical thinking. Including advice from other introverts or highly sensitive people, and two self-tests for sensitive and introverted traits, this book provides a deeper understanding of introversion and high sensitivity and gives those with these personality types greater faith and courage in their own talents.

Are you often told to stop taking things to heart or to toughen up? Do you have a lot of empathy for others? Overanalyze things and get 'stuck in your own head'? Or become easily overwhelmed and frequently need to withdraw? If the answer is YES, you are probably a Highly Sensitive Person and this Handbook will be your survival guide! One in five people are born with the trait of high sensitivity. Yet, there is a general lack of awareness of the trait in our society, which leaves many people struggling physically, emotionally, mentally and spiritually with being highly sensitive in a non-sensitive world. More often than not, HSPs are yearning for acceptance of their trait, not just from other people but also for themselves. When they realize their sensitivity is 'normal' and it's acknowledged in a positive way, a deep sense of relief arises and they can begin to flourish – feeling empowered to bring their unique abilities of empathy, compassion, creativity, healing and much more into the world. Presented in four sections that lead the reader on a journey of true holistic self-understanding, the book starts with a section exploring the main qualities and challenges of the trait, and how it can be a real gift in life; not a flaw. The second section then delves into impacts of living as an HSP, such as the many masks that they tend to wear (people-pleasing and so on), the relationships they attract, and how they can start on the journey to feeling more valued. The third section provides a wide range of practical strategies to manage the trait more effectively, from more self-love, coping with over-arousal, tapping for emotional freedom, energy protection, dealing with loss and bereavement, and tuning into the healing power of animals. And the final section touches on the more spiritual aspect of life that many HSPs are searching for, whether knowingly or not – from past-life themes to the unseen world, such as angels – in their quest to fully accept themselves, and to live the authentic, fulfilling lives they deserve.

In today's fast-paced, increasingly public society, we are expected to be resilient, to have the energy to manage a packed work schedule, social calendar, and a large network of friends, both online and offline, day and night. If you find yourself struggling to live up to, or even enjoy, these non-stop social expectations, then this book is for you. Written for highly sensitive people, the book explains the characteristics of being highly sensitive and how to overcome common difficulties, such as low self-esteem and the exhausting effects of socialising. Ilse Sand also encourages you to explore and appreciate the advantages of high sensitivity, including your aptitude for depth, intensity and presence, and suggests activities to calm and inspire.

The 25TH ANNIVERSARY EDITION of the original ground-breaking book on high sensitivity with over 500,000 copies sold. ARE YOU A HIGHLY SENSITIVE PERSON? Do you have a keen imagination and vivid dreams? Is time alone each day as essential to you as food and water? Are you noted for your empathy? Your conscientiousness? Do noise and confusion quickly overwhelm you? If your answers are yes, you may be a highly sensitive person (HSP) and Dr. Elaine Aron's *The Highly Sensitive Person* is the life-changing guide you'll want in your toolbox. Over twenty percent of people have this amazing, innate trait. Maybe you are one of them. A similar percentage is found in over 100 species, because high sensitivity is a survival strategy. It is also a way of life for HSPs. In this 25th anniversary edition of the groundbreaking classic, Dr. Elaine Aron, a research and clinical psychologist as well as an HSP herself, helps you grasp the reality of your wonderful trait, understand your past in the light of it, and make the most of it in your future. Drawing on her many years of study and face-to-face time spent with thousands of HSPs, she explains the changes you will need to make in order to lead a fuller, richer life. Along with a new Author's Note, the latest scientific research, and a fresh discussion of anti-depressants, this edition of *The Highly Sensitive Person* is more essential than ever for creating the sense of self-worth and empowerment every HSP deserves and our planet needs. "Elaine Aron has not only validated and scientifically corroborated high sensitivity as a trait—she has given a level of empowerment and understanding to a large group of the planet's population. I thank Dr. Aron every day for her having brought this awareness to the world." —Alanis Morissette, artist, activist, teacher

A psychotherapist and workshop leader presents a comprehensive collection of pre-tested exercises developed to enhance the lives of highly sensitive people and help them embrace their unique trait.

MANAGE YOUR THOUGHTS, FEELINGS, AND EMOTIONS WITH PROVEN STRATEGIES AND TECHNIQUES... Have you ever found yourself being intensely emotional in a simple situation? Would you like to get rid of stress, anxiety, and depression

once and for all? Or maybe, you are already aware of your high sensitivity, and you had problems because of that? If your answer is "Yes" to at least one of these questions, then keep reading... "THE HIGHLY SENSITIVE PERSON" - a complete guide for all sensitive people out there who want to have full control over their physical and emotional life. You probably already heard or have been told that high sensitivity is a completely normal thing, and you shouldn't worry about it. Well, in some cases, it is, but most of the time it affects you more negatively than positively - in other words, it is just an excuse not to do anything about it. Fear, anxiety, stress, depression, anger, frustration - these are the most common words or combination of them that can describe highly sensitive people. The first thing you should understand is that everything happens in your childhood when your brain and other organs formate - first, you become a sensitive child and only then you become a highly sensitive adult. In this book, we will teach you the most important, scientifically proved methods and strategies on how to develop mental toughness, reduce or get rid of high sensitivity, and finally start living a life of your dreams. Take a look at only a few things you will get out of this book: 5 myths about highly sensitive people Complete anger management guide What are highly sensitive empaths, and why should you know about them? 1 GOLDEN RULE that no other self-help book will tell you about high sensitivity Stress effect in your life (how to get rid of it) Much much more... Now it is your turn to take this book and use it the best you can. Scroll up, click on "Buy Now" and start living the life you always wanted!

In this groundbreaking book, psychologist Zeff explores the unique challenges of sensitive boys, showing parents, educators, and mentors how to help them grow into strong, happy, and confident men.

There are real differences in the HSP brain and Julie Bjelland, a psychotherapist who specializes in the highly sensitive has developed innovative tools specifically for HSPs in this 8-week training program. Feel true self-acceptance, improve your self-esteem and learn to access your HSP gifts and super strengths. Build skills to reduce overstimulation and overwhelming feelings. Learn how to get out of your intense emotional reactions and how to respond, instead of react, to emotions. Improve your health, strengthen your immune system and increase your energy levels. Discover new neuroscience and research about the real differences in your HSP brain.

Imagine accepting yourself for the first time. Imagine realizing that you aren't the only person who feels the way you do. Imagine no longer wishing you were like everyone else. A Highly Sensitive Person's Life is like having a cup of tea with a good friend while chatting about issues that only another HSP would understand. Highly Sensitive Person (HSP), introvert, blogger, and podcaster Kelly O'Laughlin balances humor and sound advice in this blog-style collection of personal stories and honest reflections. Readers may see themselves described in these pages and think: "I didn't know anyone else felt this way!" You might even discover surprising new insights. Many HSPs have spent years feeling defective, wrong, or weird. O'Laughlin's relatable, down-to-earth narrative provides a sense of being part of a community, empowering the reader to understand and accept his or herself, and how to deal-and thrive-in a world that is full of stimulus. (With a sense of humor and some attitude.) A variety of topics are covered, including: loud noises, bad smells, stagnant air, caffeine, scary & violent movies, creativity, empathy, dealing with loss, anxiety, decisions, peacefulness, misophonia, parties & social events, friendship, childhood, control, commitment, appreciation of art & nature, and aging. This book is based on topics from the author's podcast and blog at HighlySensitivePerson.net.

The legacy of the sacred feminine The Chalice and the Blade tells a new story of our cultural origins. It shows that warfare and the war of the sexes are neither divinely nor biologically ordained. It provides verification that a better future is possible—and is in fact firmly rooted in the haunting dramas of what happened in our past.

Highly Sensitive People and Empaths: Finding peace and empowerment for those who feel too much. "Don't be so sensitive." "Just get it over it." "You're just so intense" If you're a highly sensitive person or an empath, you've probably heard these statements many times. Maybe you feel different because you're just more tuned in and sensitive than most people you know. You notice things others don't. You can easily pick up on the mood of the room. You're bothered by small irritations, noise, and bright light. Sometimes the world just feels overwhelming, and you wonder what is wrong with you. The good news? Being highly sensitive isn't weird or wrong. It's a perfectly normal trait held by 15-20% of the population. The Little-Known Power of Being Finely Tuned As a sensitive person, you may believe you're weak and less resilient than others. This belief may have been reinforced all of your life, but nothing could be further from the truth. Highly sensitive people and empaths are gifted with unique skills making them more creative, intuitive, conscientious, and empathic. They are evolutionarily hard-wired this way to benefit the larger community, as they are the first to notice and respond to subtleties, moods, and danger. They are also first to feel deeper, positive emotions as well. Thriving Daily As a Sensitive It can be daunting to live in a world that feels overwhelming and insensitive, especially when others don't understand or appreciate you. With self-awareness, mindful communication, and proper management of your environment, you'll not only survive as a sensitive, but you'll thrive in ways you never anticipated. Life will be more enriching and joyful, and your traits as a sensitive person can be leveraged to squeeze much more fulfillment from life as you learn to accept and appreciate your amazing personality. Order: *Finely Tuned: How To Thrive As A Highly Sensitive Person or Empath* Finely Tuned is a guidebook for those with highly sensitive, empathic natures seeking relief from the pain of being misunderstood and wanting to reclaim life on their own terms, sensitivities and all. It spells out exactly why you have this keenly sensitive nature, and how you are perfectly normal in your traits and needs. It teaches you skills for understanding yourself, communicating your traits with others, and redesigning your life around your beautiful gifts so that you and others can fully benefit from them. Want to know more? Order and learn how to embrace being a highly sensitive person or empath today. Scroll to the top of the page and select the "buy" button.

The Highly Sensitive Brain is the first handbook to cover the science, measurement, and clinical discussion of sensory processing sensitivity (SPS), a trait associated with enhanced responsivity, awareness, depth-of-processing and attunement to the environment and other individuals. Grounded in theoretical models of high sensitivity, this volume discusses the assessment of SPS in children and adults, as well as its health and social outcomes. This edition also synthesizes up-to-date research on the biological mechanisms associated with high sensitivity, such as its neural and genetic basis. It also discusses clinical issues related to SPS and seemingly-related disorders such as misophonia, a hyper-sensitivity to specific sounds. In addition, to practical assessment of SPS embedded throughout this volume is discussion of the biological basis of SPS, exploring why this trait exists and persists in humans and other species. The Highly Sensitive Brain is a useful handbook and may be of special interest to clinicians, physicians, health-care workers, educators, and researchers. Presents a neurobiological perspective of sensory processing sensitivity (SPS) Provides assessment criteria and measurement tools for highly sensitive children and adults Discusses the health and social outcomes of being highly sensitive in children and adults Examines clinical issues related to high

sensitivity Offers practical applications and a future vision for integrating high sensitivity in our society

The CEFR Companion volume broadens the scope of language education. It reflects academic and societal developments since the publication of the Common European Framework of Reference for Languages (CEFR) and updates the 2001 version. It owes much to the contributions of members of the language teaching profession across Europe and beyond. This volume contains: ? an explanation of the key aspects of the CEFR for teaching and learning; ? a complete set of updated CEFR descriptors that replaces the 2001 set with: - modality-inclusive and gender-neutral descriptors; - added detail on listening and reading; - a new Pre–A1 level, plus enriched description at A1 and C levels; - a replacement scale for phonological competence; - new scales for mediation, online interaction and plurilingual/pluricultural competence; - new scales for sign language competence; ? a short report on the four-year development, validation and consultation processes. The CEFR Companion volume represents another step in a process of engagement with language education that has been pursued by the Council of Europe since 1971 and which seeks to: ? promote and support the learning and teaching of modern languages; ? enhance intercultural dialogue, and thus mutual understanding, social cohesion and democracy; ? protect linguistic and cultural diversity in Europe; and ? promote the right to quality education for all.

Do you fall in love hard, but fear intimacy? Are you sick of being told that you are “too sensitive”? Do you struggle to respect a less-sensitive partner? Or have you given up on love, afraid of being too sensitive or shy to endure its wounds? Statistics show that 50 percent of what determines divorce is genetic temperament. And, if you are one of the 20 percent of people who are born highly sensitive, the risk of an unhappy relationship is especially high. Your finely tuned nervous system, which picks up on subtleties and reflects deeply, would be a romantic asset if both you and your partner understood you better. But without that understanding, your sensitivity is likely to be making your close relationships painful and complicated. Based on Elaine N. Aron’s groundbreaking research on temperament and intimacy, *The Highly Sensitive Person in Love* offers practical help for highly sensitive people seeking happier, healthier romantic relationships. From low-stress fighting to sensitive sexuality, the book offers a wealth of practical advice on making the most of all personality combinations. Complete with illuminating self-tests and the results of the first survey ever done on sex and temperament, *The Highly Sensitive Person in Love* will help you discover a better way of living and loving.

Are you a highly sensitive person who has always felt frustrated in finding a career that works for you? In this groundbreaking book researcher and fellow HSP, Dr. Tracy Cooper, presents important new research findings that can empower you to better understand how HSPs experience the modern workplace, discover emerging new opportunities, and connect with narratives from HSPs from a wide variety of real-world viewpoints. This book is for the highly sensitive person who wishes to move beyond survival to thriving! Based on and extending the research of Dr. Elaine Aron this is a must read for all HSPs!

Highly sensitive people think deeply, empathize instinctively, and behave in an ethical way that benefits everyone. Today, with the negative effects of “toxic masculinity” and aggressive behavior in evidence all around us, we need highly sensitive people—especially men—more than ever. Yet for men in particular, being highly sensitive brings distinct challenges, such as gender stereotypes that portray them as too emotional or not “manly” enough. Cognitive behavioral psychotherapist Tom Falkenstein offers the first psychological guide that specifically addresses highly sensitive men and those who care about them, and explores the unique advantages and obstacles they face. Drawing from his training with pioneer in the field Dr. Elaine Aron, and his own groundbreaking work, Falkenstein incorporates the most up-to-date research on high sensitivity—what it is and isn’t—how it relates to male identity, and provides one-of-a-kind advice and practical tools, including: · Self-assessment tests to measure high sensitivity · Strategies to cope with overstimulation and intense emotions · Exercises that enhance relaxation, mindfulness, and acceptance · Advice on self-care and self-compassion · Techniques to deal with situations that highly sensitive people often find difficult · Interviews with men who have learned to live well with high sensitivity · Insights into the key role that highly sensitive men have to play in today’s world Including an illuminating conversation with Dr. Aron, *The Highly Sensitive Man* is an invaluable book that will help redefine masculinity and reveal how high sensitivity can enrich men’s lives, their communities, and the lives of those who love them.

Toxic thoughts, depression, anxiety—our mental mess is frequently aggravated by a chaotic world and sustained by an inability to manage our runaway thoughts. But we shouldn’t settle into this mental mess as if it’s just our new normal. There’s hope and help available to us—and the road to healthier thoughts and peak happiness may actually be shorter than you think. Backed by clinical research and illustrated with compelling case studies, Dr. Caroline Leaf provides a scientifically proven five-step plan to find and eliminate the root of anxiety, depression, and intrusive thoughts in your life so you can experience dramatically improved mental and physical health. In just 21 days, you can start to clean up your mental mess and be on the road to wholeness, peace, and happiness.

The Highly Sensitive Person: How to Thrive When the World Overwhelms You Kensington Publishing Corp.

A masterful tale set in post-Soviet Kiev that’s both darkly-funny and ominous... In the widely hailed prequel to *Penguin Lost*, aspiring writer Viktor Zolotaryov leads a down-and-out life in poverty-and-violence-wracked Kiev—he’s out of work and his only friend is a penguin, Misha, that he rescued when the local zoo started getting rid of animals. Even more nerve-wracking: a local mobster has taken a shine to Misha and wants to keep borrowing him for events. But Viktor thinks he’s finally caught a break when he lands a well-paying job at the Kiev newspaper writing “living obituaries” of local dignitaries—articles to be filed for use when the time comes. The only thing is, it seems the time always comes as soon as Viktor writes the article. Slowly understanding that his own life may be in jeopardy, Viktor also realizes that the only thing that might be keeping him alive is his penguin.

Dealing with depression? Anxiety? Stress? Relationship issues? Judy Dyer generously provides many options and exercises for conquering every aspect of your life from a perspective of a highly sensitive person. Here, you will discover how to embrace every aspect of yourself to become grounded, effective, and empowered.

First, she taught you the value of your highly sensitive nature in her bestselling classic *The Highly Sensitive Person*. Now, Dr. Elaine Aron is back to teach you how to utilize your sensitivity to tackle a new challenge: Parenthood. Parenting is the most valuable and rewarding job in the world, and also one of the most challenging. This is especially true for highly sensitive people. Highly sensitive parents are unusually attuned to their children. They think deeply about every issue affecting their kids and have strong emotions, both positive and negative, in response. For highly sensitive people, parenting offers unique stresses—but the good news is that sensitivity can also be a parent’s most valuable asset, leading to increased personal joy and a closer, happier relationship with their child. Dr. Elaine Aron, world-renowned author of the classic *The Highly Sensitive Person* and other bestselling books on the trait of high sensitivity, has written an indispensable guide for these parents. Drawing on extensive research and her own experience, she helps highly sensitive parents identify and address the implications of their heightened sensitivity, offering: • A self-examination test to help parents identify their level of sensitivity • Tools to cope with overstimulation • Advice on dealing with the negative feelings that can surround parenting • Ways to manage the increased social stimulation and interaction that comes with having a child • Techniques to deal with shyness around other parents • Insight into the five big problems that face highly sensitive parents in relationships—and how to work through them Highly sensitive people have the potential to be

not just good parents, but great ones. Practical yet warm and positive, this groundbreaking guide will show parents how to build confidence, awareness, and essential coping skills so that they—and their child—can thrive on every stage of the parenting journey. “This book is filled with validating, healing and empowering information about how to navigate one of the most important roles of our lives while being highly sensitive. It changed my life in the most healing and empowering ways.” —Alanis Morissette, artist, activist, teacher

Dr. Elaine Aron's newest book, *Psychotherapy and the Highly Sensitive Person*, redefines the term “highly sensitive” for the professional researcher and practitioner. She dispels common misconceptions about the relationship between sensitivity and other personality traits, such as introversion and shyness, and further defines the trait for the benefit of both the clinician and patient. Readers will learn to assess for the trait, distinguish it from clinical diagnoses such as panic disorder or avoidant personality disorder, understand how sensitivity may change the presentation of a problem such as depression or shyness, and generally inform, validate, and improve the quality of life for these clients. She pays particular attention to self-esteem issues and helping patients separate effects of their innate temperament from problems due to their personal learning histories. Dr. Aron keeps both patient and practitioner in mind as she suggests ways to adapt treatment for highly sensitive persons and how to deal with the typical issues that arise. Three appendices provide the HSP Scale, a summary of the extensive research on this innate trait, and its relation to DSM diagnoses. Through this helpful guide, therapists will see a marked improvement in their ability to assist highly sensitive clients.

"This book gives highly sensitive persons (HSPs) strategies to build confidence, combat stress, and find work that is emotionally, financially, and creatively rewarding. Based on cutting-edge medical and scientific research, this fresh perspective on how readers can secure satisfying careers." -- WEBSITE.

Elaine Aron follows up her bestsellers on the highly sensitive person with a groundbreaking new book on the undervalued self. She explains that self-esteem results from having a healthy balance of love and power in our lives. Readers will learn to incorporate love into situations that seem to require power and deal with power struggles that mask themselves as issues of love. From the bedroom to the boardroom, her strategies will enable us to escape feelings of shame, defeat, and depression; dissolve relationship hostility; and become our best selves. With Aron's clear, empathetic writing and extraordinary scientific and human insight, *The Undervalued Self* is a simple and effective guide to developing healthy, fulfilling relationships, and finding true self-worth.

A comprehensive collection of lifestyle information, including tips on eating, exercising, and fashion.

Have others ever told you to “stop being so sensitive?” Have you ever looked at other people and wondered how they manage to get through the day without noticing the suffering going on all around them? Do you feel so emotionally delicate in comparison to your peers that you have tried to block out what is going on around you? You may have even resorted to coping mechanisms such as overeating, overworking, or smoking as a means of managing your emotions. Maybe you have tried to “grow a thicker skin,” or attempted to cover up your feelings with humor? Perhaps you have always felt different to others since childhood, but could never quite put your finger on why. If this description resonates with you, congratulations! You may well be an Empath. Unfortunately, an Empath who lacks insight into their own nature is likely to be miserable. Most of us are familiar with the concept of empathy. Aside from sociopaths, who are largely incapable of appreciating what another individual may be feeling, humans are generally able to understand what others are going through in most situations. Empaths, however, constitute the small group of people who not only understand the emotions of others, but literally feel them too. In short, an Empath takes this common human ability of relating to other peoples’ emotions to extremes. If you have no idea why you are so readily affected by the emotions of others and the events around you, you might become psychologically unstable. You will be unsure as to where your true feelings end, and those of other people begin. Hypersensitivity can be a burden if not properly managed, which is why it’s so important that all Empaths learn to harness the special gift they have been given. That’s where this book comes in. Millions of other people around the world share your gifts and lead happy, fulfilling lives. Make no mistake – the world needs us. It’s time to learn how to put your rare gift to use, maximize your human potential, and thrive in life! If you think you (or anyone around you) might be an Empath or the Highly Sensitive Person – this book is written for you. What you will learn from this book: -What it really means to be an Empath and the science behind the “Empath” and “the Highly Sensitive Person” classification. Find out how our brains work and why some people are way more sensitive than others. -What are the upsides of being an Empath – find your strengths and thrive while making the most of your potential and providing value to this world (it NEEDS Empaths!) by making it a better place. -What are the usual problems that sensitive people struggle with – overcome them by lessening the impact that other people’s emotions and actions have on you, while still being truthful to your true nature, and learn how to take care of your mental health. -The great importance of becoming an emotionally intelligent person – learn what EQ is and how you can actively develop it to become much more peaceful, effective, and a happy person. Discover the strategies that will help you stay balanced and be much more immune to the everyday struggles. -The workplace and career choices – realize what you should be aware of and find how to make sure you don’t stumble into the most common problems that sensitive people often fall prey to. -How to effectively handle conflicts, negative people, and toxic relationships – since sensitive people are more much more immune to difficult relations and often become an easy target for those who tend to take advantage of others – it’s time to put this to an end with this book. -How to deal with Empaths and Highly Sensitive People as a non-Empath and what to focus on if you think that your kid might fall under this classification. -How to connect with other Empaths, what is the importance of gender in this context, and how to stay in harmony with your environment – you will learn all of this and more from this book!

Are you a Sensitive Striver? Learn how to get out of your own way and rediscover your sensitivity as a superpower. ___ Highly sensitive and high performing? ___ Need time to think through decisions before you act? ___ Judge yourself harshly when you make mistakes? ___ Take feedback and criticism personally? ___ Find it difficult to set boundaries? It's time to Trust Yourself. Being highly attuned to your emotions, your environment, and the behavior of others can be the keys to success, but they can also lead to overthinking everything and burnout. If you're a highly sensitive person (HSP), you're in good company. HSP's make up some 20 percent of the population, individuals like you who both enjoy and wrestle with a finely tuned nervous system. You often sense things that others ignore such as strong smells, bright lights, and the crush of crowds. Even the presence of strangers in your immediate vicinity can cause you considerable distraction. You already know that this condition can be a gift, but, until you learn to master your sensitive nervous system, you might be operating in a constant state of overstimulation. As an HSP, the most important thing you can learn is how to manage your increased sensitivity to both physical and emotional stimulation. This accessible, practical guide contains strategies to help you master this critical skill. Build your coping skills by exploring the books engaging exercises. Then, keep the book by your side, a constant companion as you make your way through your vibrant and highly stimulating world. •Find out what it means to be a highly sensitive person •Take the self-examination quiz and find out whether you are highly sensitive •Learn coping techniques indispensable to HSP's •Discover how to manage distractions like noise and time pressure at home and at work •Reduce sensory-provoked tension with meditation and deep relaxation techniques •Navigate the challenges of interacting with others in social and intimate relationships

Become a highly empowered, highly sensitive person--practical strategies and exercises Do you process your environment more deeply than others? Are you easily overstimulated? Quick reference--Find succinct summaries of each chapter so you can easily revisit their themes and be reminded of what you've learned. Blossom and thrive as a highly sensitive person--this book has all the tools you'll need.

The bestselling author and psychologist whose books have topped 240,000 copies in print now addresses the trait of "high sensitivity" in children--and offers a breakthrough parenting guidebook for highly sensitive children and their caregivers. With the publication of The Highly Sensitive Person, Elaine Aron became the first person to identify the inborn trait of "high sensitivity" and to show how it affects the lives of those who possess it. Up to 20 percent of the population is born highly sensitive, and now in The Highly Sensitive Child, Aron shifts her focus to highly sensitive children, who share the same characteristics as highly sensitive adults and thus face unique challenges as they grow up. Rooted in Aron's years of experience as a psychotherapist and her original research on child temperament, The Highly Sensitive Child shows how HSCs are born deeply reflective, sensitive to the subtle, and easily overwhelmed. These qualities can make for smart, conscientious, creative children, but with the wrong parenting or schooling, they can become unusually shy or timid, or begin acting out. Few parents and teachers understand where this behavior comes from--and as a result, HSCs are often mislabeled as overly inhibited, fearful, or "fussy," or classified as "problem children" (and in some cases, misdiagnosed with disorders such as Attention Deficit Disorder). But raised with proper understanding and care, HSCs are no more prone to these problems than nonsensitive children and can grow up to be happy, healthy, well-adjusted adults. In this pioneering work, parents will find helpful self-tests and case studies to help them understand their HSC, along with thorough advice on: • The challenges of raising an highly sensitive child • The four keys to successfully parenting an HSC • How to soothe highly sensitive infants • Helping sensitive children survive in a not-so-sensitive world • Making school and friendships enjoyable With chapters addressing the needs of specific age groups, from newborns through teens, The Highly Sensitive Child delivers warmhearted, timely information for parents, teachers, and the sensitive children in their lives.

The world's most popular spreadsheet program is now more powerful than ever, but it's also more complex. That's where this Missing Manual comes in. With crystal-clear explanations and hands-on examples, Excel 2013: The Missing Manual shows you how to master Excel so you can easily track, analyze, and chart your data. You'll be using new features like PowerPivot and Flash Fill in no time. The important stuff you need to know: Go from novice to ace. Learn how to analyze your data, from writing your first formula to charting your results. Illustrate trends. Discover the clearest way to present your data using Excel's new Quick Analysis feature. Broaden your analysis. Use pivot tables, slicers, and timelines to examine your data from different perspectives. Import data. Pull data from a variety of sources, including

website data feeds and corporate databases. Work from the Web. Launch and manage your workbooks on the road, using the new Excel Web App. Share your worksheets. Store Excel files on SkyDrive and collaborate with colleagues on Facebook, Twitter, and LinkedIn. Master the new data model. Use PowerPivot to work with millions of rows of data. Make calculations. Review financial data, use math and scientific formulas, and perform statistical analyses.

Many Highly Sensitive People find our chaotic, modern world very challenging. You might often feel misunderstood, have high-stress levels and are overwhelmed a lot. You Are Not Alone. Fortunately, there is a way to feel better and in this book, we explore strategies that will empower you to reach your goals, live your best life, and help you access your gifts and strengths. Author Julie Bjelland is a psychotherapist, global HSP consultant, and leader in the field of high sensitivity and has helped thousands of highly sensitive people around the world. As an HSP herself, Julie understands what it is like to live with high sensitivity and strong emotions. Julie teaches an online course for HSPs and is the author of several books.
