Shirin-Gol was just a young girl when her village was levelled by the Russians' bombs in 1979. After the men in her family joined the resistance, she fled with the women and children to the capital, Kabul, and so began a life of day-to-day struggle in her war-torn country. A life that includes a period living in the harsh conditions of a Pakistani refugee camp, being forced into a marriage to pay off her brother's gambling debts, selling her body and begging for the money to feed her growing family, an attempted suicide, and an unsuccessful endeavour to leave Afghanistan for Iran after the Taliban seized control of her country. Told truthfully and with unflinching detail to writer and documentary-maker Siba Shakib, and incorporating some of the shocking experiences of Shirin-Gol's friends and family members, this is the story of the fate of many of the women in Afghanistan. But it is also a story of great courage, the moving story of a proud woman, a woman who did not want to be banished to a life behind the walls of her house, or told how to dress, who wanted an education for her children so that they could have a chance of a future, to live their lives without fear and poverty. .

precursor to Dumas' later classics, it's especially recommended for fans of naval adventures, like C.S. Forester's "Hornblower" series. Alexandre Dumas (1802 - 1870) was a hugely popular 19th Century French writer. Born of mixed French and Haitian heritage, Dumas first rose to prominence in Paris as a playwright, but later gained international fame with his historical fiction. Often co-authored with other writers, these stories wove together swashbuckling adventure, romance, and real events from France's past. Among the best known are "The Three Musketeers", and its sequels "Twenty Years After", and "Le Vicomte de Bragelonne: Ten Years Later". Set across four decades, this trilogy follows the rise of the dashing D'Artagnan—from hot-headed soldier to trusted captain under Louis XIV. Dumas' other novels include "The Count of Monte Cristo" and "The Black Tulip". His works have been adapted into more than 200 movies, including The Man in the Iron Mask starring Leonardo DiCaprio.

--Glamour It is the spring of 1939 and three generations of the Kurc family are doing their best to live normal lives, even as the shadow of war grows closer. The talk around the family Seder table is of new babies and budding romance, not of the increasing hardships threatening Jews in their hometown of Radom, Poland. But soon the horrors overtaking Europe will become inescapable and the Kurcs will be flung to the far corners of the world, each desperately trying to navigate his or her own path to safety. As one sibling is forced into exile, another attempts to flee the continent, while others struggle to escape certain death, either by working grueling hours on empty stomachs in the factories of the ghetto or by hiding as gentiles in plain sight. Driven by an unwavering will to survive and by the fear that they may never see one another again, the Kurcs must rely on hope, ingenuity, and inner strength to persevere. An extraordinary, propulsive novel, *We Were the Lucky Ones* demonstrates how in the face of the twentieth century's darkest moment, the human spirit can endure and even thrive.

queen Hippolyta. At the outset of the play we find Hermia, who is in love with Lysander but is betrothed by her father's arrangement to Demetrius. Meanwhile Helena laments her unrequited love of Demetrius. Several parallel and interconnecting plot lines complicate the narrative. One of which is the planning of a play, "Pyramus and Thisbe", to be performed at the wedding. Secondly an element of fantasy is introduced through the story of Oberon, King of the fairies, and his Queen, Titania, whom he conspires against through the use of a magical love potion. The use of this love potion alters the varying affections of the characters of the play resulting in a series of comedic mishaps. Unlike many of Shakespeare's works "A Midsummer Night's Dream" does not draw upon any historical or previous literary work, making it one of his most original compositions. This edition is printed on premium acid-free paper, includes a preface and annotations by Henry N. Hudson, and an introduction by Charles H. Herford.

The stars are the limit for a little girl who acts out her wish to be an astronaut — inspired by a very special person. Astrid has loved the stars and space for as long as she can remember. “I want to be an astronaut!” she says to everyone who will listen. While her mama is away, Astrid and her papa have fun acting out the challenges an astronaut faces on a space mission — like being in zero gravity (“I can do that all day long!” she says), eating food from a kind of tube, and doing science experiments with the help of cookie sheets. When at last it’s time to meet Mama at the air base, Astrid wears her favorite space T-shirt to greet her. But where exactly has Mama been? Channeling a sense of childlike delight, Ken Wilson-Max brings space travel up close for young readers and offers an inspiring ending.
