This 1824 second edition explores the natural history, landscapes and health-giving climate of picturesque parts of Cornwall.

Reproduction of the original: The Night Land by William Hope Hodgson

When the cellcom network shuts down on May 7, 2060, an economic catastrophe of unprecedented scale engulfs the globe. Amid the chaos, the world's largest corporation sponsors the founding of a new society, seemingly as an experiment in social engineering. For thirty-six years, as civilization crumbles around it, this tiny remnant of the human race lives in perfect peace and harmony in the Land of Light. The society's leader, Farukh al-Qasim, fears peace cannot last without a fight. A world-renowned archaeologist before the collapse, Qasim has discovered a cache of ancient manuscripts that tell of this very future-and its dark end at the hands of the Nephilim. But there is hope. These same sources point also to a child, a savior, who will possess a great power lost long ago. If he is found, perhaps the Land of Light, perhaps humanity itself, might endure.

Drawing on two decades of ethnographic research in Sulawesi, Indonesia, Tania Murray Li offers an intimate account of the emergence of capitalist relations among indigenous highlanders who privatized their common land to plant a boom crop, cacao. Spurred by the hope of ending their poverty and isolation, some prospered, while others lost their land and struggled to sustain their

families. Yet the winners and losers in this transition were not strangers—they were kin and neighbors. Li's richly peopled account takes the reader into the highlanders' world, exploring the dilemmas they faced as sharp inequalities emerged among them. The book challenges complacent, modernization narratives promoted by development agencies that assume inefficient farmers who lose out in the shift to high-value export crops can find jobs elsewhere. Decades of uneven and often jobless growth in Indonesia meant that for newly landless highlanders, land's end was a dead end. The book also has implications for social movement activists, who seldom attend to instances where enclosure is initiated by farmers rather than coerced by the state or agribusiness corporations. Li's attention to the historical, cultural, and ecological dimensions of this conjuncture demonstrates the power of the ethnographic method and its relevance to theory and practice today. A riveting, deeply personal account of history in the making—from the president who inspired us to believe in the power of democracy

detail both his political education and the landmark moments of the first term of his historic presidency—a time of dramatic transformation and turmoil. Obama takes readers on a compelling journey from his earliest political aspirations to the pivotal Iowa caucus victory that demonstrated the power of grassroots activism to the watershed night of November 4, 2008, when he was elected 44th president of the United States, becoming the first African American to hold the nation’s highest office. Reflecting on the presidency, he offers a unique and thoughtful exploration of both the awesome reach and the limits of presidential power, as well as singular insights into the dynamics of U.S. partisan politics and international diplomacy. Obama brings readers inside the Oval Office and the White House Situation Room, and to Moscow, Cairo, Beijing, and points beyond. We are privy to his thoughts as he assembles his cabinet, wrestles with a global financial crisis, takes the measure of Vladimir Putin, overcomes seemingly insurmountable odds to secure passage of the Affordable Care Act, clashes with generals about U.S. strategy in Afghanistan, tackles Wall Street reform, responds to the devastating Deepwater Horizon blowout, and authorizes Operation Neptune’s Spear, which leads to the death of Osama bin Laden. *A Promised Land* is extraordinarily intimate and introspective—the story of one man’s bet with history, the faith of a community organizer tested on the world stage. Obama is candid about the balancing act of running for office as a Black American, bearing the expectations of a generation buoyed by messages of “hope and change,” and meeting the moral challenges

of high-stakes decision-making. He is frank about the forces that opposed him at home and abroad, open about how living in the White House affected his wife and daughters, and unafraid to reveal self-doubt and disappointment. Yet he never wavers from his belief that inside the great, ongoing American experiment, progress is always possible. This beautifully written and powerful book captures Barack Obama's conviction that democracy is not a gift from on high but something founded on empathy and common understanding and built together, day by day.

With *The Sportswriter*, in 1985, Richard Ford began a cycle of novels that ten years later – after *Independence Day* won both the Pulitzer Prize and the PEN/Faulkner Award – was hailed by *The Times* of London as “an extraordinary epic [that] is nothing less than the story of the twentieth century itself.” Frank Bascombe’s story resumes, in the fall of 2000, with the presidential election still hanging in the balance and Thanksgiving looming before him with all the perils of a post-nuclear family get-together. He’s now plying his trade as a realtor on the Jersey shore and contending with health, marital and familial issues that have his full attention: “all the ways that life seems like life at age fifty-five strewn around me like poppies.” Richard Ford’s first novel in over a decade: the funniest, most engaging (and explosive) book he’s written, and a major literary event.

The unforgettable story of four orphans who travel the Mississippi River on a life-changing odyssey during the Great Depression. In the summer of 1932, on the banks of Minnesota's Gilead River, Odie O'Banion is an orphan confined to the Lincoln Indian Training School, a pitiless place where his lively nature earns him the superintendent's wrath. Forced to flee after committing a terrible crime, he and his brother, Albert, their best friend, Mose, and a brokenhearted little girl named Emmy steal away in a canoe, heading for the mighty Mississippi and a place to call their own. Over the course of one summer, these four orphans journey into the unknown and cross paths with others who are adrift, from struggling farmers and traveling faith healers to displaced families and lost souls of all kinds. With the feel of a modern classic, This Tender Land is an enthralling, big-hearted epic that shows how the magnificent American landscape connects us all, haunts our dreams, and makes us whole.

Provincetown, one of the most idiosyncratic and extraordinary towns in the United States, perched on the sandy tip at the end of Cape Cod, has been amenable and intriguing to outsiders for as long as it has existed. 'It is one of the places in the world you can disappear into. It is the Morocco of North America, the New Orleans of the north.' Michael Cunningham first came to the place more than twenty years ago, falling in love with the haunted beauty of its seascape and the rambunctious charm of its denizens. As well as a summer mecca of stunning beaches, quirky shops, and wild nightlife, and a popular destination for gay men and lesbians, it is also a place of deep and enduring history, artistic and otherwise. Few towns have attracted such an impressive array of artists and writers - from Tennessee Williams to Eugene O'Neill, Mark Rothko to Robert Motherwell - who, like Cunningham, were attracted to this finger of land because it was...different. As we follow Cunningham on his various excursions through Provincetown and its surrounding landscape, we are drawn into its history, its mysteries, its peculiarities - places you won't read about in any conventional travel guide.

Michael Dante played the title role in *Winterhawk* (1975), a Western about a legendary Blackfoot Chief's character and his principles. In this novella sequel, he pens an ageless saga about ruthless railroad executives trying to assassinate him in order to build their railroad directly through his territory, taking the Blackfoot land without provocation. *Winterhawk* and his tribe remain strong as long as they can, to protect the land of their people, the land they call home, before the invasion of progress imposes itself on America. This inspiring story of a brave man, who stands up to and fight against those who have their own agenda for his land, evokes the nostalgic atmosphere of Western series that Dante frequently appeared in during American television's Golden Era, such

tradition of William Faulkner and Gabriel García Márquez, Lobo Antunes weaves words into an exhilarating tapestry, imbuing his prose with the grace and resonance of poetry. The narrator, freshly returned to Lisbon after his hellish tour of duty in Angola, confesses the traumas of his memory to a nameless lover. Their evening unfolds like a fever dream, as Lobo Antunes leaps deftly back and forth from descriptions of postdictatorship Portugal to the bizarre and brutal world of life on the front line. A modern classic of Brazilian literature recounting the tragedies of rural life in Brazil's arid back-lands. With her latest poetry collection, Gail Mazur once again shows her mastery of the descriptive-meditative narrative, powerfully evoking the past while writing from the firm ground of the present. In *Land's End*, we see Mazur writing with the kind of lyric authority, ever-deepening emotional range, and intellectual and social scope that her readers have come to expect in her poetry. Beautifully crafted elegies meet with reflections on her own life, her family, and artists who have come and gone. In the title poem, she leads readers through a garden, where new and old growth twists together in an "almanac of inheritances" that conjures the rich memory of poets who have passed on. In this space of remembrance, Mazur also charges us with the responsibility of nurturing art and artists of the future, especially in the face of the disheartening absurdities of contemporary politics. Contemplating the growth and

decay so entwined in life, these poems invite us to consider both inevitable brokenness and necessary hope, writing “My work now: to continue learning to absorb the loss, / and live.” Through tidal creeks and the weightless scenes of ukiyo-e woodcuts, in artists’ studios and along the frozen Charles River, Mazur connects passionately with the world around her. Carrying with her the undeniable presence of loss and of time past, she engages deeply with the present, her historic memory informing a deep concern for contemporary life. Reading Land’s End, we find ourselves with the poet: as if here at land’s end, here on the coast, urgent, together we’d have energies to do battle forever. As if we could rescue the guttering world....

John Thomas Blight, FSA, was born in Penzance in 1835. He showed an extraordinary early talent in drawing, botany and wood engraving, and spent much of his youth sketching the ancient stones and holy wells of west Penwith, soon gaining the respect of scholars like Robert Stephen Hawker, James Orchard Halliwell and Sabine-Baring Gould. His work was in demand, and he published several books, including the delightfully evocative *A Week at the Land's End* (1861), in which he illustrated 'the extreme western point of England; its romantic scenery, its natural productions, and its ancient legends'. In his introduction, Charles Thomas shows the importance of Blight's work in its time, and how it contributes to the historiography of Cornwall.
