

The Legacy Journey A Radical View Of Biblical Wealth And Generosity

Discusses the reckless annihilation of fish and birds by the use of pesticides and warns of the possible genetic effects on humans.

This American classic has been corrected from the original manuscripts and indexed, featuring historic photographs and an extensive biographical afterword.

"Radical Spirits" is a deeply researched biography of Anandi Joshee, India's first woman doctor. She graduated from the women's medical college in Philadelphia in 1886. Crossing religious and racial divides, several Americans welcomed her and made it their mission to help her succeed. An inspiring and thought-provoking read.

Winner of the Lillian Smith Book Award Winner of the Los Angeles Times Book Prize Finalist for the National Book Award The Nation's "Most Valuable Book" "[A] vibrant intellectual history of the radical right."—The Atlantic "This sixty-year campaign to make libertarianism mainstream and eventually take the government itself is at the heart of Democracy in Chains. . . . If you're worried about what all this means for America's future, you should be."—NPR An explosive exposé of the right's relentless campaign to eliminate unions, suppress voting, privatize public education, stop action on climate change, and alter the Constitution. Behind today's headlines of billionaires taking over our government is a secretive political establishment with long, deep, and troubling roots. The capitalist radical right has been working not simply to change who rules, but to fundamentally alter the rules of democratic governance. But billionaires did not launch this movement; a white intellectual in the embattled Jim Crow South did. Democracy in Chains names its true architect—the Nobel Prize-winning political economist James McGill Buchanan—and dissects the operation he and his colleagues designed over six decades to alter every branch of government to disempower the majority. In a brilliant and engrossing narrative, Nancy MacLean shows how Buchanan forged his ideas about government in a last gasp attempt to preserve the white elite's power in the wake of Brown v. Board of Education. In response to the widening of American democracy, he developed a brilliant, if diabolical, plan to undermine the ability of the majority to use its numbers to level the playing field between the rich and powerful and the rest of us. Corporate donors and their right-wing foundations were only too eager to support Buchanan's work in teaching others how to divide America into "makers" and "takers." And when a multibillionaire on a messianic mission to rewrite the social contract of the modern world, Charles Koch, discovered Buchanan, he created a vast, relentless, and multi-armed machine to carry out Buchanan's strategy. Without Buchanan's ideas and Koch's money, the libertarian right would not have succeeded in its stealth takeover of the Republican Party as a delivery mechanism. Now, with Mike Pence as Vice President, the cause has a longtime loyalist in the White House, not to mention a phalanx of Republicans in the House, the Senate, a majority of state governments, and the courts, all carrying out the plan. That plan includes harsher laws to undermine unions, privatizing everything from schools to health care and Social Security, and keeping as many of us as possible from voting. Based on ten years of unique research, Democracy in Chains tells a chilling story of right-wing academics and big money run amok. This revelatory work of scholarship is also a call to arms to protect the achievements of twentieth-century American self-government.

Igniting a long-overdue dialogue about how the legacy of racial injustice and white supremacy plays out in society at large and Buddhist communities in particular, this urgent call to action outlines a new dharma that takes into account the ways that racism and privilege prevent our collective awakening. The authors traveled around the country to spark an open conversation that brings together the Black prophetic tradition and the wisdom of the Dharma. Bridging the world of spirit and activism, they urge a compassionate response to the systemic, state-sanctioned violence and oppression that has persisted against black people since the slave era. With national attention focused on the recent killings of unarmed black citizens and the response of the Black-centered liberation groups such as Black Lives Matter, Radical Dharma demonstrates how social transformation and personal, spiritual liberation must be articulated and inextricably linked. Rev. angel Kyodo williams, Lama Rod Owens, and Jasmine Syedullah represent a new voice in American Buddhism. Offering their own histories and experiences as illustrations of the types of challenges facing dharma practitioners and teachers who are different from those of the past five decades, they ask how teachings that transcend color, class, and caste are hindered by discrimination and the dynamics of power, shame, and ignorance. Their illuminating argument goes beyond a demand for the equality and inclusion of diverse populations to advancing a new dharma that deconstructs rather than amplifies systems of suffering and prepares us to weigh the shortcomings not only of our own minds but also of our communities. They forge a path toward reconciliation and self-liberation that rests on radical honesty, a common ground where we can drop our need for perfection and propriety and speak as souls. In a society where profit rules, people's value is determined by the color of their skin, and many voices—including queer voices—are silenced, Radical Dharma recasts the concepts of engaged spirituality, social transformation, inclusiveness, and healing.

When you hear the word retirement, you probably don't imagine yourself scrambling to pay your bills in your golden years. But for too many Americans, that's the fate that awaits unless they take steps now to plan for the future. Whether you're twenty five and starting your first job or fifty five and watching the career clock start to wind down, today is the day to get serious about your retirement. In Retire Inspired, Chris Hogan teaches that retirement isn't an age; it's a financial number an amount you need to live the life in retirement that you've always dreamed of. With clear investing concepts and strategies, Chris will educate and empower you to make your own investing decisions, set reasonable expectations for your spouse and family, and build a dream team of experts to get you there. You don't have to retire broke, stressed, and working long after you want to. You can retire inspired!

The Jewish People in its very being constitutes a living protest against a world of hatred, violence and war. Radical Then, Radical Now is a powerful testimony to the amazing resilience of the Jewish people who have, through their endurance of four thousand years of persecution and exile, earned a unique place in history. Without land or power, they created an identity for themselves through their shared dreams of freedom, justice, dignity and human rights. Yet far more than Jewish history is contained within the pages of this book. Jonathan Sacks reminds us all of the legacy of those dreams and of our responsibility to our fellow man. He challenges us to build a better world. 'Of all the questions of life, the two most penetrating are ' Who Am I? Who Are We? Rabbi Sacks answers beautifully. On matters of faith he is one of my favourite writers' --Michael Novak, Scholar at The American Enterprise Institute

With the help of a #1 New York Times bestselling author and finance expert, set your finances right with these updated tactics and practices Dave Ramsey knows what it's like to have it all. By age twenty-six, he had established a four-million-dollar real estate portfolio, only to lose it by age thirty. He has since rebuilt his financial life and, through his workshops and his New York

Times business bestsellers *Financial Peace* and *More than Enough*, he has helped hundreds of thousands of people to understand the forces behind their financial distress and how to set things right—financially, emotionally, and spiritually. In this new edition of *Financial Peace*, Ramsey has updated his tactics and philosophy to show even more readers: • how to get out of debt and stay out • the KISS rule of investing—"Keep It Simple, Stupid" • how to use the principle of contentment to guide financial decision making • how the flow of money can revolutionize relationships With practical and easy to follow methods and personal anecdotes, *Financial Peace* is the road map to personal control, financial security, a new, vital family dynamic, and lifetime peace.

Niklas Luhmann (1927-1998) was a German sociologist and system theorist who wrote on law, economics, politics, art, religion, ecology, mass media, and love. Luhmann advocated a radical constructivism and antihumanism, or "grand theory," to explain society within a universal theoretical framework. Nevertheless, despite being an iconoclast, Luhmann is viewed as a political conservative. Hans-Georg Moeller challenges this legacy, repositioning Luhmann as an explosive thinker critical of Western humanism. Moeller focuses on Luhmann's shift from philosophy to theory, which introduced new perspectives on the contemporary world. For centuries, the task of philosophy meant transforming contingency into necessity, in the sense that philosophy enabled an understanding of the necessity of everything that appeared contingent. Luhmann pursued the opposite—the transformation of necessity into contingency. Boldly breaking with the heritage of Western thought, Luhmann denied the central role of humans in social theory, particularly the possibility of autonomous agency. In this way, after Copernicus's cosmological, Darwin's biological, and Freud's psychological deconstructions of anthropocentrism, he added a sociological "fourth insult" to human vanity. A theoretical shift toward complex system-environment relations helped Luhmann "accidentally" solve one of Western philosophy's primary problems: mind-body dualism. By pulling communication into the mix, Luhmann rendered the Platonic dualist heritage obsolete. Moeller's clarity opens such formulations to general understanding and directly relates Luhmannian theory to contemporary social issues. He also captures for the first time a Luhmannian attitude toward society and life, defined through the cultivation of modesty, irony, and equanimity.

Named one of the Fifty Best Spiritual Books of 2013 by SPIRITUALITY & PRACTICE in the JUSTICE category! The Occupy Wall Street movement and protest movements around the world are evidence of a new era of intergenerational activists seeking deeper spiritual meaning in their quest for peace and justice. This book is a call to action for a new era of spirituality-infused activism. Authors Adam Bucko and Matthew Fox encourage us to use our talents in service of compassion and justice and to move beyond our broken systems--economic, political, educational, and religious--discovering a spirituality that not only helps us to get along, but also encourages us to reevaluate our traditions, transforming them and in the process building a more sacred and just world. Incorporating the words of young activist leaders culled from interviews and surveys, the book provides a framework that is deliberately interfaith and speaks to our profound yearning for a life with spiritual purpose and for a better world. Each chapter is construed as a dialogue between Fox, a 72-year-old theologian, and Bucko, a 37-year-old spiritual activist and mentor to homeless youth. As we listen in on these familiar yet profound conversations, we learn about Fox and Bucko's own spiritual journeys and discover a radical spirituality that is inclusive, democratic, and relevant to the world we live in today. Table of Contents Foreword by Mona Eltahawy Foreword by Andrew Harvey Introduction: Invitation to Occupy Your Conscience 1. Is It Time to Replace the God of Religion with the God of Life? 2. Radical Spirituality for a Radical Generation 3. Adam's Story 4. Matthew's Story 5. What's Your Calling? Are You Living in Service of Compassion and Justice? 6. Spiritual Practice: Touch Life and Be Changed by It 7. No Generation Has All the Answers: Elders and Youth Working Together 8. Birthing New Economics, New Communities, and New Monasticism Conclusion: Occupy Generation and the Practice of Spiritual Democracy Afterword by Lama Surya Das From the Trade Paperback edition.

Sociologist, social critic, and political radical C. Wright Mills (1916-1962) was one of the leading public intellectuals in twentieth century America. Offering an important new understanding of Mills and the times in which he lived, *Radical Ambition* challenges the captivating caricature that has prevailed of him as a lone rebel critic of 1950s complacency. Instead, it places Mills within broader trends in American politics, thought, and culture. Indeed, Daniel Geary reveals that Mills shared key assumptions about American society even with those liberal intellectuals who were his primary opponents. The book also sets Mills firmly within the history of American sociology and traces his political trajectory from committed supporter of the Old Left labor movement to influential herald of an international New Left. More than just a biography, *Radical Ambition* illuminates the career of a brilliant thinker whose life and works illustrate both the promise and the dilemmas of left-wing social thought in the United States.

Matilda Rabinowitz's illustrated memoir challenges assumptions about the lives of early twentieth-century women. In *Immigrant Girl, Radical Woman*, Rabinowitz describes the ways in which she and her contemporaries rejected the intellectual and social restrictions imposed on women as they sought political and economic equality in the first half of the twentieth century. Rabinowitz devoted her labor and commitment to the notion that women should feel entitled to independence, equal rights, equal pay, and sexual and personal autonomy. Rabinowitz (1887–1963) immigrated to the United States from Ukraine at the age of thirteen. Radicalized by her experience in sweatshops, she became an organizer for the Industrial Workers of the World from 1912 to 1917 before choosing single motherhood in 1918. "Big Bill" Haywood once wrote, "a book could be written about Matilda," but her memoir was intended as a private story for her grandchildren, Robbin Légère Henderson among them. Henderson's black-and-white-scratchboard drawings illustrate Rabinowitz's life in the Pale of Settlement, the journey to America, political awakening and work as an organizer for the IWW, a turbulent romance, and her struggle to support herself and her child.

"The American people sees itself advance across the wilderness, draining swamps, straightening rivers, peopling the solitude, and subduing nature," wrote Alexis de Tocqueville in 1835. That's largely how we still think of nineteenth-century America today: a country expanding unstoppably, bending the continent's natural bounty to the national will, heedless of consequence. A country of slavery and of Indian wars. There's much truth in that vision. But if you know where to look, you can uncover a different history, one of vibrant resistance, one that's been mostly forgotten. This *Radical Land* recovers that story. Daegan Miller is our guide on a beautifully written, revelatory trip across the continent during which we encounter radical thinkers, settlers, and artists who grounded their ideas of freedom, justice, and progress in the very landscapes around them, even as the runaway engine of capitalism sought to steamroll everything in its path. Here we meet Thoreau, the expert surveyor, drawing anticapitalist property maps. We visit a black antislavery community in the Adirondack wilderness of upstate New York. We discover how seemingly commercial photographs of the transcontinental railroad secretly sent subversive messages, and how a band of utopian anarchists among California's sequoias imagined a greener, freer future. At every turn, everyday radicals looked to landscape for the language of their dissent--drawing crucial early links between the environment and social justice, links we're still struggling to strengthen today. Working in a tradition that stretches from Thoreau to Rebecca Solnit, Miller offers nothing less than a new way of seeing the American past--and of understanding what it can offer us for the present . . . and the future.

Here is a different story about who we are, why we got here, and what we can do to move towards our longings for a different world. In her debut publication, *Spinning Threads of Radical Aliveness*, internationally known thinker and trainer Miki Kashtan puts forth the bold vision that we can live with integrity, even in a world that has betrayed our deepest hopes for the future. The key she offers for opening the door to deep changes at all levels is to embrace a major transformation in our relationship with our deepest needs and values. All aspects of relationships take on a new light when filtered through the lens of human needs. This profound book will help you discover the transformative power of shifting from evaluating, judging, and competing into an openhearted commitment to make things work for

everyone. For the millions who long to "be the change you wish to see," this book elegantly and thoroughly provides a roadmap - and nourishment for the spirit.

What does the Bible really say about money? About wealth? How much does God expect you to give to others? How does wealth affect your friendships, marriage, and children? How much is "enough"? There's a lot of bad information in our culture today about wealth and the wealthy. Worse, there's a growing backlash in America against our most successful citizens, but why? To many, wealth is seen as the natural result of hard work and wise money management. To others, wealth is viewed as the ultimate, inexcusable sin. This has left many godly men and women confused about what to do with the resources God's put in their care. They were able to build wealth using God's ways of handling money, but then they are left feeling guilty about it. Is this what God had in mind?

The online economy offers challenges to traditional businesses as well as incredible opportunities. Chris Anderson makes the compelling case that in many instances businesses can succeed best by giving away more than they charge for. Known as "Freemium," this combination of free and paid is emerging as one of the most powerful digital business models. In *Free*, Chris Anderson explores this radical idea for the new global economy and demonstrates how it can be harnessed for the benefit of consumers and businesses alike. In the twenty-first century, *Free* is more than just a promotional gimmick: It's a business strategy that is essential to a company's successful future. Download the audiobook of *Free* for free! Details inside the book.

Disenchanted with the mainstream environmental movement, a new, more radical kind of environmental activist emerged in the 1980s. Radical environmentalists used direct action, from blockades and tree-sits to industrial sabotage, to save a wild nature that they believed to be in a state of crisis. Questioning the premises of liberal humanism, they subscribed to an ecocentric philosophy that attributed as much value to nature as to people. Although critics dismissed them as marginal, radicals posed a vital question that mainstream groups too often ignored: Is environmentalism a matter of common sense or a fundamental critique of the modern world? In *The Ecocentrists*, Keith Makoto Woodhouse offers a nuanced history of radical environmental thought and action in the late-twentieth-century United States. Focusing especially on the group Earth First!, Woodhouse explores how radical environmentalism responded to both postwar affluence and a growing sense of physical limits. While radicals challenged the material and philosophical basis of industrial civilization, they glossed over the ways economic inequality and social difference defined people's different relationships to the nonhuman world. Woodhouse discusses how such views increasingly set Earth First! at odds with movements focused on social justice and examines the implications of ecocentrism's sweeping critique of human society for the future of environmental protection. A groundbreaking intellectual history of environmental politics in the United States, *The Ecocentrists* is a timely study that considers humanism and individualism in an environmental age and makes a case for skepticism and doubt in environmental thought.

Rose Pastor arrived in New York City in 1903, a Jewish refugee from Russia who had worked in cigar factories since the age of eleven. Two years later, she captured headlines across the globe when she married James Graham Phelps Stokes, scion of one of the legendary 400 families of New York high society. Together, this unusual couple joined the burgeoning Socialist Party and, over the next dozen years, moved among the liveliest group of activists and dreamers this country has ever seen. Their friends and houseguests included Emma Goldman, Big Bill Haywood, Eugene V. Debs, John Reed, Margaret Sanger, Jack London, and W.E.B. Du Bois. Rose stirred audiences to tears and led strikes of restaurant waiters and garment workers. She campaigned alongside the country's earliest feminists to publicly defy laws against distributing information about birth control, earning her notoriety as "one of the dangerous influences of the country" from President Woodrow Wilson. But in a way no one foresaw, her too-short life would end in the same abject poverty with which it began.

40th anniversary reprinting of a beloved fable-manifesto from the 1970s queer counterculture.

The Body Is Not an Apology The Power of Radical Self-Love Against a global backdrop of war, social upheaval, and personal despair, there is a growing sense of urgency to challenge the systems of oppression that dehumanize bodies and strip us of our shared humanity. Rather than feel helpless in the face of oppression, world-renowned activist, performance poet, and author Sonya Renee Taylor teaches us how to turn to the power of radical self-love in her new book, *The Body Is Not an Apology*. Radical self-love is the guiding framework that transforms the learned self-hatred of our bodies and the prejudices we have about other people's bodies into a vision of compassion, equity, and justice. In a revolutionary departure from the corporate self-help and body-positivity movement, Taylor forges the inextricable bond between radical self-love and social justice. The first step is recognizing that we have all been indoctrinated into a system of body shame that profits off of our self-hatred. When we ask ourselves, "Who benefits from our collective shame?" we can begin to make the distinction between the messages we are receiving about our bodies or other bodies and the truth. This book moves us beyond our all-too-often hidden lives, where we are easily encouraged to forget that we are whole humans having whole human experiences in our bodies alongside others. Radical self-love encourages us to embark on a personal journey of transformation with thoughtful reflection on the origins of our minds and bodies as a source of strength. In doing this, we not only learn to reject negative messages about ourselves but begin to thwart the very power structures that uphold them. Systems of oppression thrive off of our inability to make peace with bodies and difference. Radical self-love not only dismantles shame and self-loathing in us but has the power to dismantle global systems of injustice—because when we make peace with our bodies, only then do we have the capacity to truly make peace with the bodies of others.

In *Smart Money Smart Kids*, Financial expert and best-selling author Dave Ramsey and his daughter Rachel Cruze equip parents to teach their children how to win with money. Starting with the basics like working, spending, saving, and giving, and moving into more challenging issues like avoiding debt for life, paying cash for college, and battling discontentment, Dave and Rachel present a no-nonsense, common-sense approach for changing your family tree.

Winner of the ECPA Book of the Year Award for Christian Living What is your calling as a parent? In the midst of folding laundry, coordinating carpool schedules, and breaking up fights, many parents get lost. Feeling pressure to do everything "right" and raise up "good" children, it's easy to lose sight of our ultimate purpose as parents in the quest for practical tips and guaranteed formulas. In this life-giving book, Paul Tripp offers parents much more than a to-do list. Instead, he presents us with a big-picture view of God's plan for us as parents. Outlining fourteen foundational principles centered on the gospel, he shows that we need more than the latest parenting strategy or list of techniques. Rather, we need the rescuing grace of God—grace that has the power to shape how we view everything we do as parents. Freed from the burden of trying to manufacture life-change in our children's hearts, we can embrace a grand perspective of parenting overflowing with vision, purpose, and joy.

If you're looking for practical information to answer all your "How?" "What?" and "Why?" questions about money, this book is for you. Dave Ramsey's *Complete Guide to Money* covers the

A to Z of Dave's money teaching, including how to budget, save, dump debt, and invest. You'll also learn all about insurance, mortgage options, marketing, bargain hunting and the most important element of all?giving. This is the handbook of Financial Peace University. If you've already been through Dave's nine-week class, you won't find much new information in this book. This book collects a lot of what he's been teaching in FPU classes for 20 years, so if you've been through class, you've already heard it! It also covers the Baby Steps Dave wrote about in The Total Money Makeover, and trust us?the Baby Steps haven't changed a bit. So if you've already memorized everything Dave's ever said about money, you probably don't need this book. But if you're new to this stuff or just want the all-in-one resource for your bookshelf, this is it!

Released for the first time in paperback, this landmark social and political volume on feminism is credited with being responsible for raising awareness, liberating both sexes, and triggering major advances in the feminist movement. Reprint.

Essential anti-racist reading.

The Legacy JourneyA Radical View of Biblical Wealth and GenerosityRamsey Press

Already a classic of war reporting and now reissued as a Grove Press paperback, *Black Hawk Down* is Mark Bowden's brilliant account of the longest sustained firefight involving American troops since the Vietnam War. On October 3, 1993, about a hundred elite U.S. soldiers were dropped by helicopter into the teeming market in the heart of Mogadishu, Somalia. Their mission was to abduct two top lieutenants of a Somali warlord and return to base. It was supposed to take an hour. Instead, they found themselves pinned down through a long and terrible night fighting against thousands of heavily armed Somalis. The following morning, eighteen Americans were dead and more than seventy had been badly wounded. Drawing on interviews from both sides, army records, audiotapes, and videos (some of the material is still classified), Bowden's minute-by-minute narrative is one of the most exciting accounts of modern combat ever written—a riveting story that captures the heroism, courage, and brutality of battle.

Drawing on biblical wisdom, the author delivers what he sees as God's perspective on wealth, one's personal and family legacy, and how God wants to use people to further his kingdom work around the world. By a #1 best-selling author.

A revealing collection that restores Dr. King as being every bit as radical as Malcolm X “The radical King was a democratic socialist who sided with poor and working people in the class struggle taking place in capitalist societies. . . . The response of the radical King to our catastrophic moment can be put in one word: revolution—a revolution in our priorities, a reevaluation of our values, a reinvigoration of our public life, and a fundamental transformation of our way of thinking and living that promotes a transfer of power from oligarchs and plutocrats to everyday people and ordinary citizens. . . . Could it be that we know so little of the radical King because such courage defies our market-driven world?” —Cornel West, from the Introduction Every year, Dr. Martin Luther King, Jr., is celebrated as one of the greatest orators in US history, an ambassador for nonviolence who became perhaps the most recognizable leader of the civil rights movement. But after more than forty years, few people appreciate how truly radical he was. Arranged thematically in four parts, *The Radical King* includes twenty-three selections, curated and introduced by Dr. Cornel West, that illustrate King's revolutionary vision, underscoring his identification with the poor, his unapologetic opposition to the Vietnam War, and his crusade against global imperialism. As West writes, “Although much of America did not know the radical King—and too few know today—the FBI and US government did. They called him ‘the most dangerous man in America.’ . . . This book unearths a radical King that we can no longer sanitize.”

Wanting to understand how her path is tied to her mother tongue, Anne, a young, multiracial American woman, travels through China, the country of her mother's birth. Along the way, she tries on different roles—seeker, teacher, student, girlfriend, artist, and daughter—and continually asks herself: Why do I feel called to make this journey? Whether witnessing a Tibetan sky burial, teaching English at a university in Chengdu, visiting her grandmother in LA, or falling in love with a Chinese painter, Anne is always in pursuit of intimacy with others, even as she is all too aware of her silences and separation. For two years, she settles into a comfortable routine in her boyfriend's apartment and regains fluency in Chinese, a language she spoke as a young child but has used less and less as an adult. Eventually, however, her desire to know herself in other ways surfaces again. She misses speaking English, she feels suffocated by urban, polluted China, and she starts to fall for another man. Ultimately, Anne realizes that to live her truth as a mixed-race, bilingual woman she must embrace all of her influences and layers. In a world that often wants us to choose a side or fit an ideal, she learns that she can both belong and not belong wherever she is, and that home is ultimately found within.

There is a movement of women stepping into their God-given gifts to make money doing what they love. If you're ready to join them, this is your handbook that will take the ideas in your head and the dream in your heart and turn them into action. *Help you create a step-by-step, customized plan to start and grow your business. *Show you how to manage your time so you can have a business- and life- that you love. *Explain overwhelming business stuff like pricing, taxes, and budgeting in simple terms. *Teach you how to use marketing to reach the right people in the right way.

Over the last decade, author and activist Astra Taylor has helped shift the national conversation on topics including technology, inequality, indebtedness, and democracy. The essays collected here reveal the range and depth of her thinking, with Taylor tackling the rising popularity of socialism, the problem of automation, the politics of listening, the possibility of rights for the natural and non-human world, the future of the university, the temporal challenge of climate catastrophe, and more. Addressing some of the most pressing social problems of our day, Taylor invites us to imagine how things could be different while never losing sight of the strategic question of how change actually happens. Curious and searching, these historically informed and hopeful essays are as engaging as they are challenging and as urgent as they are timeless. Taylor 's unique philosophical style has a political edge that speaks directly to the growing conviction that a radical transformation of our economy and society is required.

New York Times • Times Critics Top Books of 2019 This long-overdue biography reestablishes William Monroe Trotter's essential place next to Douglass, Du Bois, and King in the pantheon of American civil rights heroes. William Monroe Trotter (1872– 1934), though still virtually unknown to the wider public, was an unlikely American hero. With the stylistic verve of a newspaperman and the unwavering fearlessness of an emancipator, he galvanized black working- class citizens to wield their political power despite the violent racism of post- Reconstruction America. For more than thirty years, the Harvard-educated Trotter edited and published the *Guardian*, a weekly Boston newspaper that was read across the nation. Defining himself against the gradualist politics of Booker T. Washington and the elitism of W. E. B. Du Bois, Trotter advocated for a radical vision of black liberation that prefigured leaders such as Marcus Garvey, Malcolm X, and Martin Luther King Jr. Synthesizing years of archival research, historian Kerri Greenidge renders the drama of turn- of- the- century America and reclaims Trotter as a seminal figure, whose prophetic, yet ultimately tragic, life offers a link between the vision of Frederick Douglass and black radicalism in the modern era.

The New York Times bestselling author and renowned clinical psychologist teaches women how to transcend their fears and illusions, break free from societal expectations, and rediscover the person they were always meant to be: fully present, conscious, and fulfilled. *A Radical Awakening* lays out a path for women to discover their inner truth and powers to help heal others and the planet. Dr. Shefali helps women uncover the purpose that already exists within them and harness the power of authenticity in every area of their lives. The result is an eloquent and inspiring, practical and accessible book, backed

with real-life examples and personal stories, that unlocks the extraordinary power necessary to awaken the conscious self.

Hogan shows that God's way of managing money really works. Millionaire status doesn't require inheriting a bunch of money or having a high-paying job. The path to becoming a millionaire is paved with tools that you either already have or that you can learn. Take personal responsibility; practice intentionality; be goal-oriented, a hard worker; and be consistent. If you adopt this mindset, you, too, can become a millionaire. -- adapted from foreword and introduction

This question and answer book is the perfect resource guide for equipping individuals with key information about everyday money matters. Questions and answers deal with 100+ of the most-asked questions from The Dave Ramsey Show—everything from budget planning to retirement planning or personal buying matters, to saving for college and charitable giving. This is Dave in his most popular format—ask a specific question, get a specific answer.

An Invitation to Discover Personal Freedom, Authentic Relationships, and Limitless Possibility What is the greatest obstacle to your fulfillment, success, and happiness? “It's the belief,” teaches Fleet Maull, “that your current situation, whatever it is, has the power to determine your future.” Before he was a revered meditation teacher, Fleet Maull served 14 years in prison for drug trafficking. And during that time, he embarked on a path of transformation and service that today has helped tens of thousands—from inmates to hospice patients to top-level business leaders. With Radical Responsibility, he invites us to experience for ourselves the life-changing journey from victim to co-creator. Here, he guides us step by step to shift our fear-based conditioning into the habits of courage, compassion, and positive change. Join him to delve deeply into: • The complete Radical Responsibility® method for breaking free of your learned limitations and accessing limitless possibility • Discovering basic goodness— your indestructible inner resource for happiness, connection, and strength • Fleet Maull's mindfulness-based emotional intelligence (MBEI) model—neuroscience-informed principles and tools for shedding shame and blame and embracing self-awareness, resilience, and freedom from our self-created suffering • Getting off the Drama Triangle and into the Empowerment Zone—profound practices to transform interpersonal conflicts • Creating your life plan—a clear and achievable map for living your highest purpose, and many other chapters of real-world-tested insights and strategies If you would like to take your life to the next level and truly optimize your health, relationships, career, and other life pursuits, Radical Responsibility will give you the expert guidance to move beyond the inner walls of your beliefs and realize your full potential. This book includes access to guided audio sessions for many of the exercises, available online.

A New York Times Best Art Book of 2020 A new manifesto for cyberfeminism: finding liberation in the glitch between body, gender, and technology The divide between the digital and the real world no longer exists. We are connected all the time. How do we find out who we are in this digital era? Where do we create the space to explore our identity? How can we come together in solidarity? A glitch is normally thought of as an error, a faulty overlaying, but, as Legacy Russell shows, liberation can be found within the fissures between gender, technology, and the body. The glitch offers an opportunity for us to perform and transform ourselves in an infinite variety of identities. In Glitch Feminism, Russell makes a series of radical demands through memoir, art, and critical theory, as well as the work of contemporary artists—including Juliana Huxtable, Sondra Perry, boychild, Victoria Sin, and Kia LaBeija—who have travelled through the glitch in their work. Timely and provocative, Glitch Feminism shows how error can lead to revolution.
