PMPope brings his unique voice to the printed word. A prolific multimedia poet, his work finds its audience via art and word collaborations, video and audio tentacles reaching all around the word. In this collection, PMPope explores the scope of creativity that originates on the 21st century frontier: social media. A fascinating examination of the ambitions and friendships of a talented group of midcentury women artists Farewell to the Muse documents what it meant to be young, ambitious, and female in the context of an avant-garde movement defined by celebrated men whose backgrounds were often quite different from those of their younger lovers and companions. Focusing on the 1930s, 1940s, and 1950s, Whitney Chadwick charts five female friendships among the Surrealists to show how Surrealism, female friendship, and the experiences of war, loss, and trauma shaped individual women's transitions from someone else's muse to mature artists in their own right. Her vivid account includes the fascinating story of Claude Cahun and Suzanne Malherbe in occupied Jersey, as well as the experiences of Lee Miller and Valentine Penrose at the front line. Chadwick draws on personal correspondence between

women, including the extraordinary letters between Leonora Carrington and Leonor Fini during the months following the arrest and imprisonment of Carrington's lover Max Ernst and the letter Frida Kahlo shared with her friend and lover Jacqueline Lamba years after it was written in the late 1930s. This history brings a new perspective to the political context of Surrealism as well as fresh insights on the vital importance of female friendship to its progress.

"Model as Muse" explores fashion's reciprocal relationship to iconic beauties that represent the evolution and changing face of the feminine ideal. Featuring a brief historical overview of the phenomenon of the supermodel, the book begins in the early 20th century and continues to the present day. Dorian Leigh and Lisa Fonssagrives in the 1940s are joined in the 1950s by Dovima, Sunny Harnett, and Suzy Parker. They are followed by Jean "The Shrimp" Shrimpton and Twiggy in the 1960s and Lauren Hutton in the 1970s. The 1980s witnessed such enduring personalities as Cindy Crawford, Christy Turlington, Naomi Campbell, and Linda Evangelista, while the 1990s brought on Kate Moss, whose edgy, street-inflected style has inspired not only fashion designers, editors, stylists, and photographers, but artists such as Chuck Close and Lucien Freud. With an emphasis on styles from the 1950s onward, the book features designs from the great ready-to-wear and couture houses--Madame Gres, Christian Dior, and Balenciaga in the 1950s; Rudi Gernreich, Yves Saint Laurent, and Cardin in the 1960s; Giorgio di Sant'Angelo and Halston in the 1970s; Christian Lacroix, Versace,

Qiang returns to his homeland of China from Silicon Valley to find Beijing undergoing a chaotic transformation in the lead up to hosting the 2008 Olympic Games. Wrecking balls are knocking down entire neighborhoods to make way for new structures more in line with the government's vision of a modern China. The tumult inspires Qiang to shoot a documentary about the loss of affordable housing, which draws the attention of public security officials. When Qiang is suddenly arrested by local police, it falls on his friend Jake, an American journalist who admires Qiang and his work, to try to figure out how to end the detention. With few options, Jake enlists the help of those he's not sure he can trust. Dawei, a Chinese itinerant Jake befriended years earlier, returns to Beijing in the midst of a cat-and-mouse game Jake is playing with the authorities to retrieve a memento that has suddenly become extremely valuable. Dawei becomes ensnared in a plan to force the authorities to release Qiang, and Jake must then decide who survives. Based on real events, Robert F. Delaney's *The Wounded Muse* takes readers to a city and country undergoing a transformation on a scale previously unseen, where in the shadowed wreckage of forgotten communities people are pushed to psychological extremes to secure their position.

A young woman with a dangerous power she barely understands. A smuggler with secrets of his own. A country torn between a merciless colonial army, a terrifying tyrant, and a feared rebel leader. The first book in a new trilogy from the acclaimed Heidi Heilig blends traditional storytelling with ephemera for a lush, page-turning tale of escape and rebellion. scrim, their puppets seem to move without string or stick—a trade secret, they say. In truth, Jetta can see the souls of the recently departed and bind them to the puppets with her blood. But ever since the colonizing army conquered their country, the old ways are forbidden, so Jetta must never show, never tell. Her skill and fame are her family's way to earn a spot aboard the royal ship to Aquitan, where shadow plays are the latest rage, and where rumor has it the Mad Emperor has a spring that cures his ills—and could cure Jetta's, too. Because seeing spirits is not the only thing that plagues her. But as rebellion seethes and as Jetta meets a young smuggler, she will face truths and decisions that she never imagined—and safety will never seem so far away. Heidi Heilig creates a vivid, rich world inspired by Asian cultures and French colonialism. Her characters are equally complex and nuanced, including the bipolar heroine. Told from Jetta's first-person point-of-view, as well as with chapters written as play scripts and ephemera such as telegrams and letters, *For a Muse of Fire* is an engrossing journey that weaves magic, simmering romance, and the deep bonds of family with the high stakes of epic adventure.

For several decades David Bethea has written authoritatively on the "mythopoetic thinking" that lies at the heart of classical Russian literature, especially Russian poetry. His theoretically informed essays and books have made a point of turning back to issues of intentionality and biography at a time when authorial agency seems under threat of "erasure" and the question of how writers, and poets in particular, live their lives through their art is increasingly moot. The lichnost' (personhood, psychic totality) of the given writer is all-important, argues Bethea, as it is that which combines the specifically biographical and the capaciously mythical in verbal units that speak simultaneously to different planes of being. Pushkin's Evgeny can be one incarnation of the poet himself and an Everyman rising up to challenge Peter's new world order; Brodsky can be, all at once, Dante and Mandelstam and himself, the exile paying an

Online Library The Muse Is In An Owners Manual To Your Creativity Jill Badonsky

Orphic visit to Florence (and, by ghostly association, Leningrad). This sort of metempsychosis, where the stories that constitute the Ur-texts of Russian literature are constantly reworked in the biographical myths shaping individual writers' lives, is Bethea's primary focus. This collection contains a liberal sampling of Bethea's most memorable previously published essays along with new studies prepared for this occasion.

Humanity is a part of Nature, yet every thinking person at one time or another asks herself or himself, "How did we get here? What makes me different from the rest of Nature?" In *The Course of Nature* an artist and a scientist ask those questions with full respect for all contexts, both scientific and not. Amy Pollack's figures stand on their own as elegant summaries of one or another aspect of Nature and our place in it. Robert Pollack's one-page essays for each illustration lay out the underlying scientific issues along with the overarching moral context for these issues. Together the authors have created a door into Nature for the non-scientist, and a door into the separate question of what is right, for both the scientist and the rest of us.

From the publisher of Farrar, Straus and Giroux: a first novel, at once hilarious and tender, about the decades-long rivalry between two publishing lions, and the iconic, alluring writer who has obsessed them both. Paul Dukach is heir apparent at Purcell & Stern, one of the last independent publishing houses in New York, whose shabby offices on Union Square belie the treasures on its list. Working with his boss, the flamboyant Homer Stern, Paul learns the ins and outs of the book trade—how to work an agent over lunch; how to swim with the literary sharks at the Frankfurt Book Fair; and,

Online Library The Muse Is In An Owners Manual To Your Creativity Jill Badonsky

most important, how to nurse the fragile egos of the dazzling, volatile authors he adores. But Paul's deepest admiration has always been reserved for one writer: poet Ida Perkins, whose audacious verse and notorious private life have shaped America's contemporary literary landscape, and whose longtime publisher—also her cousin and erstwhile lover—happens to be Homer's biggest rival. And when Paul at last has the chance to meet Ida at her Venetian palazzo, she entrusts him with her greatest secret—one that will change all of their lives forever. Studded with juicy details only a quintessential insider could know, written with both satiric verve and openhearted nostalgia, *Muse* is a brilliant, haunting book about the beguiling interplay between life and art, and the eternal romance of literature.

Already celebrated far beyond his native Iceland, the novels of Sjón arrive on waves of praise from writers, critics, and readers worldwide. Sjón has won countless international awards and earned ringing comparisons to Borges, Calvino, and Iceland's other literary superstar, the Nobel Prize winner Halldór Laxness. *The Whispering Muse* is his masterpiece so far. The year is 1949 and Valdimar Haraldsson, an eccentric Icelander with elevated ideas about the influence of fish consumption on Nordic civilization, has had the extraordinary good fortune to be invited to join a Danish merchant ship on its way to the Black Sea. Among the crew is the mythical hero Caeneus, disguised as the second mate. Every evening after dinner he entrances his fellow travelers with the tale of how he sailed with the fabled vessel the *Argo* on its quest to retrieve the Golden

Psychoanalysts have long been fascinated with creative artists, but have paid far less attention to the men and women who motivate, stimulate, and captivate them. The Muse counters this trend with nine original contributions from distinguished psychoanalysts, art historians, and literary scholars—one for each of the nine muses of classical mythology—that explore the muses of disparate artists, from Nicholas Poussin to Alison Bechdel. The Muse breaks new ground, pushing the traditional conceptualization of muses by considering the roles of spouse, friend, rival, patron, therapist—even a late psychoanalytic theorist—in facilitating creativity. Moreover, they do so not only by providing inspiration, but also by offering the artist needed material and emotional support; tolerating competitive aggression; promoting reflection and insight; and eliciting awe, anxiety and gratitude. Integrating art history and literary criticism with a wide spectrum of contemporary psychoanalytic perspectives, The Muse is essential reading for psychoanalysts and psychotherapists interested in the relationships that enhance and support creative work. Fully interdisciplinary, it is also accessible to readers in the fields of art, art

history, literature, memoir, and film. The Muse sheds new light on that most mysterious dyad, the artist and muse—and thus on the creative process itself.

Tanya is a typical teenager living with her bookish professor mother in a cramped Soviet apartment. She is obsessed with Dostoyevksy, and noticing that he always portrays his mistress and muse in his novels—never his wife—she determines to become a companion to a great writer. Her opportunity comes when, as a college graduate newly emigrated to America, she attends a Manhattan bookstore reading by Mark Schneider, a Significant New York Novelist. Tanya quickly moves in with Mark, ready to dazzle in bed, to serve and inspire . . . if only he would spend a little more time writing. But as she struggles to better understand her role as Muse, Tanya also learns more than she expected about the destiny she has imagined for herself. A touching and very funny novel in the great tradition of Russian realism, *Memoirs of a Muse* is also a lively meditation on the mysteries and absurdities of artistic inspiration.

one person do? What can anybody do? Impassioned environmental activist and nightclub saxophonist Michael Quinn, and his techie guru sidekick, Simon, the mischievous circus clown, believe they, and the ubiquitous Wasteful Management team, have the answer for one day... several multinational corporation chief executive officers (CEOs), infamously renowned for their egregious actions, are mysteriously disappearing across the globe. They are "removed" from society in ways that illustrate poetic justice, as exemplified by the CEO of big agribusiness Tyrannex Inc. who is trampled by a giant GMO tomato in a remote part of India. Michael and Simon realize their window of opportunity is narrow, as Harry Potter and Bilbo's nemeses pale in comparison to real life's Multinational CEO sociopaths, whom Michael and Simon must overcome to save the day and the planet! Jim Hightower says, "Wasteful Management is a refreshing combination of intrigue, humor, camp and serious politics, fusing the gravitas of a Noam Chomsky or a Bill Moyer with the edgy, stinging social commentary of a Jon Stewart or a Stephen Colbert, into a satirical mystery romp." A rich, penetrating memoir about the author's relationship with a flawed but influential figure—the painter Lucian Freud—and the satisfactions and struggles of a life lived through art. One of Britain's most important contemporary painters, Celia Paul has written a reflective, intimate memoir of her life as an artist. *Self-Portrait* tells the artist's story in her own words, drawn from early journal entries as well as memory, of her childhood in India and her days as a art student at London's Slade School of Fine Art; of her intense decades-long relationship with the older esteemed painter Lucian Freud and the birth of their son; of the challenges of motherhood, the unresolvable conflict between caring for a child and remaining committed to art; of the "invisible skeins between people," the profound familial connections Paul communicates through her paintings of her mother and sisters; and finally, of the mystical presence in her own

solitary vision of the world around her. Self-Portrait is a powerful, liberating evocation of a life and of a life-long dedication to art.
