

## The New Baby At Your House

The New Baby at Your House Harper Collins

Welcoming a new sibling can be daunting but have no fear - Louie is here to help! In the fourth book of its series, Louie is a super elephant who is always ready for adventure, but lately he's been feeling a little lonely. Louie is told that a new baby is coming and that changes everything! New adventures await, let's go! With sweet rhymes and beautiful illustrations, this book inspires friendship, bravery and greatness. A perfect new baby book gift for toddlers and loved ones. A Note from the publisher: Give Your Child the Courage That He or She Needs to Quickly Conquer New Milestones without Stress or Overwhelm. The toddler years can be the most amazing, yet challenging times. On one hand, it's hard to believe that your little one is growing up before your eyes (and it's the most incredible joy to be part of) but on the other hand, with growing up comes change and new milestones. These transitions can often be daunting for both the child and the parent. We created the character, Louie, with your child in mind. It's our goal that your child will instantly relate with Louie's adventurous spirit, independence and fun loving nature. He or she will giggle through this sweet, rhythmic story but also learn that change can be overcome by a little courage and that the outcome can actually lead to even more fun and adventure! We understand that there are many different tactics and tools to conquer transitions (and that each

## Read Free The New Baby At Your House

household may handle them differently), however, we strongly believe that before technique there needs to be a want and desire within the child. The same is true for adults. Think about it, there's no way you're going to learn a foreign language if you don't have the desire. You can be thrown into some of the best classrooms and programs but will have a hard time grasping the information until you're actually interested and motivated. Louie's Little Lessons sole focus is to ignite curiosity and motivation when it comes to facing change (then, the technicalities can be taught whichever way you chose), however, the first and most challenging step is establishing the correct mindset. We hope to help your child finds his/her desire to embrace change and courage for years to come

One day, Sophie's mum tells her some big, important news: there's going to be a new baby in the family! Sophie is very excited but then, one winter's night, the baby is born and everything changes... Young children and adults alike will enjoy sharing and talking about this much-loved classic picture book, with its perceptive, heart-warming and witty observations on the arrival of a new baby. From the husband and wife team behind *Babies, Babies, Babies*, featured in the *Sunday Times* as one of their top 100 Children's Modern Classics.

Being a big sister is hard work! When Alisa's new baby sister, Claire, is born, she has no idea what to expect. Will Claire be nice? Will Alisa have to give away all of her toys? Will Mommy and Daddy stop loving Alisa because baby Claire is here? *New Baby Coming, New Baby Here* by Sheryl Smiley-Oliphant is a delightfully fun family story of what to expect when your parents bring home a new baby. *New Baby Coming, New Baby Here* is the perfect way to help your child understand that when your family grows, so does the amount of love in your home. Summary: When Alisa's parents bring home her baby sister, Claire, from the hospital early, Alisa has no idea what to expect. At first, she is enamored by her adorable new sister, but then reality sets in, and things get a lot harder than she anticipated. Alisa must learn to share her toys, her attention, and her parents' love. However, as Claire grows, Alisa learns that all of the hard work, life change, and sacrifice are worth the joys of being a big sister.

Intimate family photographs capture the moments of a new baby in the family and help an older child deal with his conflicting emotions and new, unfamiliar role in the family. It's natural for children to be concerned about the arrival of a new baby at their house. Most big brothers and sisters feel loving and tender one minute, angry or jealous the next. With over forty vivid full-color photographs and a clear, supportive text by award-winning author Joanna Cole, this revised edition of a much-loved classic will prepare children for the ups and downs of having a new baby in the house. "Should help small children sort out and deal with the turbulent mixed feelings that assail them when a new baby comes home." --Benjamin Spock, MD., author of *Baby and Child Care*

"Powerful... Tells a singular story to illuminate a universal truth."--The New York Times Book Review

The shocking truth about postwar adoption in America, told through the bittersweet story of one teenager, the son she was forced to relinquish, and their search to find each other. During the Baby Boom in 1960s America, women were encouraged to stay home and raise large families, but sex and childbirth were taboo subjects. Premarital sex was common, but birth control was hard to get and abortion was illegal. In 1961, sixteen-year-old Margaret Erle fell in love and became pregnant. Her enraged family sent her to a maternity home, and after she gave birth, she wasn't even allowed her to hold her own son. Social workers threatened her with jail until she signed away her parental rights. Her son vanished, his whereabouts and new identity known only to an adoption agency that would never share the slightest detail about his fate. Claiming to be acting in the best interests of all, the adoption business was founded on secrecy and lies. *American Baby* lays out how a lucrative and exploitative industry

## Read Free The New Baby At Your House

removed children from their birth mothers and placed them with hopeful families, fabricating stories about infants' origins and destinations, then closing the door firmly between the parties forever. Adoption agencies and other organizations that purported to help pregnant women struck unethical deals with doctors and researchers for pseudoscientific "assessments," and shamed millions of young women into surrendering their children. Gabrielle Glaser dramatically demonstrates the power of the expectations and institutions that Margaret faced. Margaret went on to marry and raise a large family with David's father, but she never stopped longing for and worrying about her firstborn. She didn't know he spent the first years of his life living just a few blocks away from her; as he grew, he wondered about where he came from and why he was given up. Their tale--one they share with millions of Americans--is one of loss, love, and the search for identity. Adoption's closed records are being legally challenged in states nationwide. Open adoption is the rule today, but the identities of many who were adopted or who surrendered a child in the postwar decades are locked in sealed files. *American Baby* illuminates a dark time in our history and shows a path to reunion that can help heal the wounds inflicted by years of shame and secrecy.

A child is experiencing his new sibling being born prematurely and placed in the NICU. Little Dragon is about to be a big brother... A new baby dragon is on the way, and Little Dragon is not happy about it. There's no way this can be good! Little Dragon doesn't even want to look at the egg. He ignores it, then tries hiding it. He even "decorates" it, which just makes a big mess. But soon enough... Rattle, rattle, CRACK! When the big moment finally arrives, the whole family receives a surprise! Maybe things aren't so bad after all. Little Dragon and the New Baby addresses the universal difficulty of adjusting to the idea of a new sibling.
