*** 'Such a great, helpful gift for new parents' - Libby Page, bestselling author of *The Lido*

This book contains the perfect wisdom & inspiration for a new mother. It has been created from a collection of love letters written from the heart by mothers across the world to new mothers.

From international bestselling author Liz Climo comes *You're Mom*, a hilarious and relatable collection of original comics about motherhood. Moms: they are there for us through the good, the bad, the scary, the sticky, and everything in between. They also read us a lot of picture books along the way, and now there's a picture book just for them. Liz Climo brings her trademark wit and adorable drawings to *You're Mom*: a funny, honest, and sweet homage to motherhood. Detailing the ups and downs of mothering, along with the many paths to becoming a mom and the different types of motherhood, Climo pairs humorous observations with clever illustrations of baby animals and their mothers. With more than 100 beautiful drawings, *You're Mom* is a book for the new mom, the seasoned mom, anyone in a mom-like role, or anyone who has ever loved a mom. It's a thank you to those taking on the challenging role of parenting - and it's also short and sweet, which means you can

read it and then hopefully get some sleep!

Twelve-year-old Jelly hides her true self behind her humor and keeps her true thoughts and feelings locked away in a notebook. Can she find the courage to share who she really is? Angelica (Jelly for short) is the queen of comedy at school. She has a personality as big as she is, and everyone loves her impressions. But Jelly isn't as confident as she pretends to be. No one knows her deepest thoughts and feelings. She keeps those hidden away in a secret notebook. Then her mom's new boyfriend, Lennon, arrives. He's kind and perceptive, and he is the first person to realize that Jelly is playing a part. Jelly shares her poetry with him and he convinces her to perform one of her poems as a song at the school talent show. Can Jelly risk letting people see the real her? What if it all goes wrong?

In *The Little Book of Mumfulness*, a non-expert mum takes you through the non-perfect guide to getting through motherhood without losing your mind from exhaustion. If you have: 1) Not eaten in well over twelve hours; 2) Run out of nappies; 3) Got a house that is beginning to look like it's been burgled...

...then this book is for you. Advice includes: - How to take time throughout the day to restore your equilibrium (like having a long, loud scream in a closet) - How to shortcut child-related tasks (by avoiding them altogether) - How to let off steam through mumful exercises It also includes the news

that IT'S NOT JUST YOU who is struggling with the demands of being the 'perfect' mother, and if you need a long swig of prosecco (or any wine from the fridge, or the cupboard for that matter) at the end of a day of parenting, then that is more than a-ok. Most importantly, this book will help you to remember that being a good mum is about finding your own mumfulness amongst the imperfect chaos.

Beyond the Bump is a thoughtful and practical guide that aims to help new mums feel calm, confident and equipped to face the physical, emotional and mental hurdles they may encounter post birth. Clinical psychologist Sally Shepherd understands that a healthy and happy parent is a baby's most important asset. But the first year postpartum can be very challenging. Women must grapple with a whole new existence, and going from 'me' to 'we' can be terrifying for new mums. Sally hadn't expected to struggle during this time, so it came as a big surprise when she did. As they say, you don't know what you don't know, and it turns out Sally didn't know much at all! She had more extensive training for her first job at KFC than she did for the 'job' of being a mum!

Beyond the Bump is a book that focuses on mothers. Sally has combined her personal and professional experiences, along with clinical research, to create this much-needed resource. Covering rage, relationships, nutrition, identity and returning to work, it is a kind, considered and essential companion for

any new mum.

From the globally acclaimed, best-selling novelist and author of *We Should All Be Feminists*, a timely and deeply personal account of the loss of her father. "Essential." —Booklist Notes on Grief is an exquisite work of meditation, remembrance, and hope, written in the wake of Chimamanda Ngozi Adichie's beloved father's death in the summer of 2020. As the COVID-19 pandemic raged around the world, and kept Adichie and her family members separated from one another, her father succumbed unexpectedly to complications of kidney failure. Expanding on her original *New Yorker* piece, Adichie shares how this loss shook her to her core. She writes about being one of the millions of people grieving this year; about the familial and cultural dimensions of grief and also about the loneliness

and anger that are unavoidable in it. With signature precision of language, and glittering, devastating detail on the page—and never without touches of rich, honest humor—Adichie weaves together her own experience of her father's death with threads of his life story, from his remarkable survival during the Biafran war, through a long career as a statistics professor, into the days of the pandemic in which he'd stay connected with his children and grandchildren over video chat from the family home in Abba, Nigeria. In the compact format of *We Should All Be Feminists* and *Dear Ijeawele*, Adichie delivers a gem of a book—a book that fundamentally connects us to one another as it probes one of the most universal human experiences. *Notes on Grief* is a book for this moment—a work readers will treasure and share now more than ever—and yet will prove durable and timeless, an indispensable addition to Adichie's canon.

Prize-winner in three categories of the 2019 Wales Book of the Year Award, *The Blue Book of Nebo* paints a spellbinding and eerie picture of society's collapse, and the relationships that persist after everything as we know it disappears. After nuclear disaster, Rowenna and her young son are among the rare survivors in rural north-west Wales. Left alone in their isolated hillside cottage, after others have died or abandoned the towns and villages, they must learn new skills in order to remain alive. With no electricity or modern technology they must return to the old ways of living off the land, developing new personal resources. While they become more skilled and stronger, the relationship between mother and son changes in subtle ways, as Siôn must take on

adult responsibilities, especially once his baby sister Dwynwen, arrives. Despite their close understanding, mother and son have their own secrets, which emerge as in turn they jot down their thoughts and memories in a found notebook. As each reflects on their old life and the events since the disaster which has brought normal, twenty-first century life to an end, their new-found maturity and sense of purpose contrast not only with their old selves but also with new emotional challenges. In this prize-winning and best-selling new novel, Manon Steffan Ros not only explores the human capacity to find new strengths when faced with the need to survive, but also the structures and norms of the contemporary world.

Ask any mother and she will tell you there are just not enough hours in the day. By the time she has fed, clothed, and bathed the children, read Curious George for the 100th time, cut the crusts off the PB&J sandwiches, and removed the ground-in dirt from the play clothes, she does not have time to create a detailed scrapbook of each of her children's lives. It's no wonder that so many elaborate baby books remain incomplete, their pristine pages adding to the guilt and inadequacy that many moms already feel. That is why The Mommy Journal is so perfect for today's moms. It offers a quick and guilt-free way to record the special moments of childhood. Space for each entry is only about three inches long and undated, so there is no pressure to write lengthy narratives or to journal every day. In less than five minutes, mothers can quickly jot down the moments they want to remember forever. Plus, unlike traditional baby books, The Mommy Journal lets mothers record memories of all their children in one place. Charming illustrations of toys, hearts, and animals grace each page. Every few pages contain a bit of parenting wisdom such as, "The best thing you can give children next to good habits are good memories." Instructions for fun activities moms can do with their children, such as make edible finger paint from instant pudding, are included as well. The Mommy Journal will become a treasured keepsake, both for the mom who creates it and for the child who receives this precious record of childhood.

Read the series that's sold more than 2 million copies--if you dare! Warning: this description has not been authorized by Pseudonymous Bosch. As much as he'd love to sing the praises of his book (he is very vain), he wouldn't want you to hear about his brave 11-year old heroes, Cass and Max-Ernest. Or about how a mysterious box of vials, the Symphony of Smells, sends them on the trail of a magician who has vanished under strange (and stinky) circumstances. And he certainly wouldn't want you to know about the hair-raising adventures that follow and the nefarious villains they face. You see, not only is the name of this book secret, the story inside is, too. For it concerns a secret. A Big Secret.
