This new edition of Age Gets Better with Wine takes a fresh look at the science and reaffirms that daily moderate wine drinking remains a potent anti-aging strategy. Why do wine drinkers outlive nondrinkers and enjoy better health and mental function, especially later in life? Age Gets Better with Wine was the first book to comprehensively discuss the multiple ways that wine contributes to improved lifetime health. As a plastic surgeon, Dr. Baxter's interest in the subject grew from an in-depth review of anti-aging science. What he found was that all serious studies on anti-aging intersected in one way or another on wine. The discovery of wine's miracle molecule, resveratrol, appeared to provide a unifying answer to the question and reinforced wine's role in healthy living. But despite continued advances in wine and health science, new challenges to the notion of healthy drinking have emerged. Neo-prohibitionists openly question the validity of studies supporting any level of drinking, while others attribute the entire benefit to resveratrol and suggest supplements instead. An objective analysis shows the fallacy of both views.

Acclaimed wine writer Jon Bonné explains everything you need to know about wine in simple, easy-to-digest tidbits. For example: A wine's price rarely reflects its quality. You can drink rosé any time of year. Don't save a great bottle for anything more than a rainy day. Enjoy! -- Adapted from back cover.

Envious of her best friends lavish lifestyle, a young woman wonders how different her life would be if she had an opportunity to change her past.

Bible scholar Herbert Lockyer explains the imagery and symbolism of the well-crafted poem, Song of Solomon, and uses it to illuminate the rest of Bible. In an age when many Christians feel betrayed, insecure, and alone, Lockyer's words bring a timely reminder of the intimate refuge Christ offers us daily.

In Solentiname, a remote archipelago in Lake Nicaragua, the people gathered each Sunday to reflect together on the Gospel reading. From recordings of their dialogue, this extraordinary document of faith in the midst of struggle was composed. First published in four volumes, The Gospel in Solentiname was immediately acclaimed as a classic of liberation theology—a radical reading of the good news of Jesus from the perspective of the poor and the oppressed. (It was also banned by the Somoza dictatorship.) Forty years later The Gospel in Solentiname retains its freshness and power. Though times may have changed, the message of Jesus—as heard by these peasants—continues to challenge the rulers of our age and to inspire the poor with the hope of a different world.

The first edition of this popular wine reference was hailed by Jurgen Gothe of the Vancouver Sun as "the best new wine book in more than a decade." The New Wine Lover's Companion has been completely rewritten and updated to make it even better. No wine snobbery here. This book's style is relaxed and conversational, serving up information without intimidating its reader. Arranged alphabetically, nearly 4,000 entries include innumerable details on grape varieties; wine styles; wine-growing regions; wine label terms; winemaking techniques; how to buy, store, and serve wine; how to have a wine tasting; wine-testing terms; sizes and styles of glassware, wine bottles, and wine openers; ordering wine in a restaurant; opening and serving wine at home; temperatures for serving wine; and much more. This book is the only A-to-Z wine reference that offers phonetic pronunciations. It boasts a totally revised and expanded appendix enhanced with charts, line art, and sample labels. Praise for the previous edition came from many food and dining authorities: "...an invaluable, user-friendly reference. I learned something from the very first page I turned to, and keep learning as I keep turning." --William Rice, Food and Wine Columnist, Chicago Tribune . . . "A great reference! . . . excellent and accurate source for both wine professionals and those involved with wine purely for the love of it." --Jacques Pepin, cookbook author and TV chef

Master of Wine and Chef Tim Hanni MW was hailed as the Wine Antisnob by the Wall Street Journal for his work in understanding consumer wine preferences and revolutionary concepts for wine and food pairing. This introductory

volume for The New Wine Fundamentals wine education program is based on two decades of research by the author and many research colleagues. "Why You Like the Wines You Like; changing the way the world thinks about wine" introduces the physiological and psychological factors that shape personal wine preferences. It offers empowerment to wine drinkers at all levels and is a truly game-changing approach to the subject of the enjoyment of wine and wine with food. Why You Like the Wine You Like also looks at the countless myths and lore associated with wine and provides insights and an information for anyone interested in wine history. Hanni's wine and food principles were adopted last year and taught as part of the Advanced Diploma curriculum for the Wine & Spirits Educational Trust. "Wine and food pairing is has become an imaginary and metaphorical exercise with little basis in reality," Hanni says. "I am on a mission to have everyone pair wines with the diner, not the dinner." "I have spent many hours with Tim wrestling with some of his ideas while they were still in the formative stage. It was both an exhilarating and an exhaustive experience. With a broad and deep knowledge of wine and food history as well as their complexities, he is not afraid to challenge the way things are done and suggest alternatives. He's not dogmatic in his beliefs, but he demands that conventional thinkers think again. You may not agree with all his conclusions, but I promise he will make you think." George Taber, author of the bestseller The Judgment of Paris and A Guide to Bargain Wines and former correspondent and editor for Time magazine This is an exposition of the book of Hebrews, the book of "better things." This book, to the Hebrews, became necessary because of the weakness of the Jewish Christians in continuing to go along with the old temple worship, rites, and ceremonies. They still insisted on practicing circumcision, making the sacrificial offerings at the temple in Jerusalem, and trying to Christianize Judaism. But the new wine of Jesus Christ and His truth and life would not fit in to the old order of Moses. Thirty years after the death, burial, and resurrection of Jesus we still find the Jewish Christians following the Law of Moses and the ceremonial ritualism of temple worship. Thirty years after the Holy Spirit fell on the day of Pentecost, thousands of Spirit-filled priests and Jewish Christians were still engaged in the offering up of the Passover lamb and other blood sacrifices. The writer of Hebrews is trying to show them the glory of the reality in Christ Jesus and the "better things" in the Gospel.

Delectably brief essays that tell you only what you need to know to enjoy wine. There are wine encyclopedias, bibles, and guides—this is not one of those books. It doesn't contain everything, just the really important stuff: the truly key wines, grapes, regions; tips about wine buying, aging, and storage; and useful explanations about tasting notes and whether or not vintages really matter. In short, this book covers the real absolutes that you need to know about wine. With the pithy wit that readers of her columns have come to expect, Lettie Teague breaks down the stumbling blocks that often intimidate us and clears up the myths that cloud our understanding. A series of mini-essays cover the essentials in a fun, omnibus fashion. The tone is sometimes irreverent, sometimes opinionated, but always practical. For instance, there are entries such as "The Unbearable Oakiness of Being," "Can Wedding Wine Be Good," and "Why You Really Need Only One Glass." Other entries may provoke some lively debate, such as "Men Are from Cab, Women Are from Moscato" and "In Defense of Wine Snobs." The opposite of a didactic textbook, this volume is not meant to be read from start to finish. Instead, like wine itself, it encourages small contemplative sips. It is a companion for the modern taster, a concise and curated collection of tidbits to satisfy anyone with a lively curiosity and palate.

Can drinking red wine save your life? Scientific breakthroughs within the past several years suggest that it may not be an unreasonable question. Red wine's miracle molecule, resveratrol, has been proven to extend life dramatically in experimental animals. But resveratrol is only one of a family of compounds called polyphenols that may hold the key to preventing Alzheimer's disease, heart disease, and everything from cancer to the common cold. With new discoveries come new controversies though; Age Gets Better with Wine explores the question of whether the benefits of healthy drinking can be put into a pill, and delves into the science behind the secret to living longer and living better with wine.

Just as Jesus shows us the character of God, diving deeper into the events surrounding his birth gives us a better understanding of that character. Christmas is so much more than the holiday we've turned it into. It's the birth of a promise-God's promise to redeem humankind to himself. Sending Jesus was always God's plan, and there is something for us to learn in every detail surrounding his birth. Christmas Speaks is a simple yet perceptive devotional that's broken down into easily understood segments that weave together scripture and insight, giving the reader a deeper understanding of the vast love God has for us and how we should respond to that love. Each chapter examines a different aspect of the Christmas narrative. As we come to better know the people central to this story, we can begin to apply aspects of their character to our own lives for a more meaningful relationship with God. By coming to a deeper understanding of scripture, we can see how God speaks to the world-if we have ears to listen. Reflect on the words within these pages, and receive what the Holy Spirit has for you.

God wants to do a new thing in the African American Church. Author, Douglas Powe suggests that the African American church, while once the bedrock of the community, is no longer on the radar for many. During the Civil Rights movement African American churches initiated and even shaped transformation for an entire country, well beyond their own walls. In this post-Civil Rights era the power of many African American churches remains mired in the assumptions and practices of the past, thereby making them invisible to their surrounding communities. New Wine, New Wineskins helps African American congregations understand and benefit from the cultural shifts we are now experiencing. Many African American churches once thought they were immune to the cultural shock waves in our streets and neighborhoods. They simple argued that they have always been all about participation and being relational; yet like many churches, their numbers continue to decline. African American churches must find a way to reclaim their missional orientation, while at the same time remaining true to their historical identity and witness of speaking truth to power. The worthy goals of justice and bringing the Good News of Jesus Christ in this time, requires new practices and fresh ideas—new wine. The old framework just won't work any more. We need new wine skins.

What is the devil's true desires as it relates to mankind? Who is Archangel Gabriel and what is his purpose? What is the "Other Kingdom" referring to? What was the true meaning behind the haunting lyrics recorded by famous rock singer Jim Morrison and his band The Doors? All of these questions are answered with incredible photos giving the reader a glimpse of what Jim Morrison referred to as "the sun dome in the night."
