The classic YA story of a boy, a horse, and pursuit of a dream. *TAMING THE STAR RUNNER* written by celebrated novelist S.E. Hinton, now available as an eBook for the first time. With an absent mother and a domineering step-father, Travis uses his tough-guy exterior to hide his true passion: writing. After a violent confrontation with his step-father, Travis is sent to live on his uncle's horse ranch - exile to a born-and-bred city kid. Angry and yearning for a connection, Travis befriends Casey, the horse-riding instructor at the ranch, and the un-tamable horse in her stable: the Star Runner. When a friend from the city visits with stories of other kids from the neighborhood facing jail time, Travis is more determined than ever that he needs to escape the life of juvenile delinquency he seems destined for. When the offer of a book deal comes through, Travis is hopeful that this is his chance to escape, if only his step-father will stop standing in the way of his dreams. From the author of *THE OUTSIDERS*, S.E. Hinton once again writes about what it feels like to be unaccepted, and the power in being true to yourself. "Hinton continues to grow more reflective in her books, but her great understanding, not of what teenagers are but of what they can hope to be, is undiminished."—Kirkus Reviews An ALA Best Books for Young Adults An ALA Quick Pick

were her students and friends. Almost single-handedly, Moina worked to establish the red poppy as the symbol to honor and remember soldiers. And she devoted the rest of her life to making sure the symbol would last forever. Thanks to her hard work, that symbol remains strong today. Author Barbara Elizabeth Walsh and artist Layne Johnson worked with experts, primary documents, and Moina's great-nieces to better understand Moina's determination to honor the war veterans. A portion of the book's proceeds will support the National Military Family Association's Operation Purple®, which benefits children of the U.S. military.

Three boys struggle to come to terms with the death of a friend in a drunk-driving auto accident in which all four were involved, in a story told through newspaper stories, diary entries, school announcements, telephone conversations, and classroom assignments.

Two award-winning political scientists provide the psychological key to America's deadlocked politics, showing that we are divided not by ideologies but something deeper: personality differences that appear in everything from politics to parenting to the workplace to TV preferences, and which would be innocuous if only we could decouple them from our noxious political debate. What's in your garage: a Prius or a pickup? What's in your coffee cup: Starbucks or Dunkin' Donuts? What about your pet: cat or dog? As award-winning political scholars Marc Hetherington and Jonathan Weiler explain, even our smallest choices speak volumes about us—especially when it comes to our personalities and our politics. Liberals and conservatives seem to occupy different worlds because we have fundamentally different worldviews: systems of values that can be quickly diagnosed with a handful of simple parenting questions, but which shape our lives and decisions in the most elemental ways. If we're to overcome our seemingly intractable differences, Hetherington and Weiler show, we must first learn to master the psychological impulses that give rise to them, and to understand how politicians manipulate our mindsets for their own benefit. Drawing on groundbreaking original research, *Prius or Pickup?* is an incisive, illuminating study of the fracturing of the American mind.

who have a score to settle. Things go too far and one of the Socs gets killed. Ponyboy and Johnny now find themselves running from the police. After a week hiding out, the pair decide to return and face the consequences of their actions. Things go from bad to worse as the story faces its climax with a final rumble between the Greasers and the Socs. From celebrated novelist S.E. Hinton, the classic YA novel *TEX*, now available as an eBook for the first time. Tex McCormick, fifteen, is happy: happy living in a small town in Oklahoma; happy living with his big brother Mason; and especially happy to live next door to his best friend Johnny, and Johnny's sister Jamie. But with money running out and no sign of Pop for months on end, Mason is getting nervous. He's talking about leaving Oklahoma too, for good. Feeling adrift, Tex goes looking for - and finds - trouble. When happiness is impossible to find, how will Tex keep himself and his family together? From the author of *THE OUTSIDERS*, S.E. Hinton's classic story explores the true meanings of strength and vulnerability. "In *Tex*, the raw energy for which Hinton has justifiably reaped praise has not been tamed—it's been cultivated, and the result is a fine, solidly constructed, and well-paced story."—School Library Journal An ALA Best Books for Young Adults A School Library Journal Best Books of the Year A New York Public Library Books for the Teen-Age An American Book Award Nominee

From The Federalist to Citizens United, bestselling author Nicholas Lemann presents key writings on five crucial questions confronting American democracy today Amid the frenzied overload of 24-hour cable news and incessant social media, at a time when many of us fear for the future of our democracy, it is becoming harder and harder to think clearly about politics. American Democracy: 21 Historic Answers to 5 Urgent Questions provides an alternative for those who want to step back and look to the past for inspiration and guidance. Edited with perceptive and provocative commentary by bestselling historian and journalist Nicholas Lemann (The Promised Land, Transaction Man), the book presents key writings from the American past that speak to five contemporary flashpoints in our political landscape: race, gender, immigration, and citizenship; opportunity and inequality; the purpose and powers of the federal government; money, special privilege, and corruption; and protest and civil disobedience. Some of the selections are well-known--George Washington's letter to the Hebrew Congregation at Newport, Frederick Douglass's "What to the Slave is the 4th of July," Martin Luther King Jr.'s letter from Birmingham Jail--while others will be new to many readers--Horace Mann argument for public schools as a means of fighting inequality, Jane Addams's perceptive analysis of gender and social class in charity work, Randolph Bourne envisioning a "Trans-National America." American Democracy presents a remarkable

range of insightful and eloquent American political writing, while serving as an invaluable resource for concerned citizens who wish to become better-informed participants in the ongoing drama of our democracy.
