Beautifully illustrated and carefully adapted, the series introduces language learners around the world to the bestselling authors and most compelling content from Penguin Random House. The eight levels of Penguin Readers follow the Common European Framework and include language activities that help readers to develop key skills.

Over 120 years after Oscar Wilde submitted *The Picture of Dorian Gray* for publication, the uncensored version of his novel appears here for the first time in a paperback edition. This volume restores material, including instances of graphic homosexual content, removed by the novel's first editor, who feared it would be "offensive" to Victorians.

The Picture of Dorian Gray is Oscar Wilde's classic story of a young man whose beauty prompts a painter to paint a life-like portrait of him. However, all is not what it seems...Dorian expresses the desire to sell his soul, to ensure that the picture, rather than he, will age and fade. A must-read for children and adults alike! The novel is a social satire as well as a key explorer of Victorian norms. We are made to observe human emotions like love, jealousy, hate and the forces of evil and good. Oscar Wilde propagates his 'art for art's sake' theory, even as he weaves a narrative around a beautiful young man (Dorian Gray) and his friends (Lord Henry and Basil). The book is a classic in the true sense of the word, as it appeals to the universal instincts of Man.

Dorian Gray gives his soul for eternal youth. While his portrait changes hideously, reflecting his crimes and corruption, he remains outwardly flawless. This new edition uses the 1891 expanded text and shows how Wilde transformed his many sources. - ;'The only way to get rid of a temptation is to yield to it.' When Dorian Gray has his portrait painted, he is captivated by his own beauty. Tempted by his world-weary, decadent friend Lord Henry Wotton, he wishes to stay forever young, and pledges his very soul to keep his good looks. Set in fin-de-si-eacute--;cle London, the novel traces a path from the studio of painter Basil Hallward to the opium dens of the East End. As Dorian's slide into crime and cruelty progresses he stays magically youthful, while his beautiful portrait changes, revealing the hideous corruption of moral decay. Ever since its first publication in 1890 Wilde's only novel has remained the subject of critical controversy. Acclaimed by some as an instructive moral tale, it has been denounced by others for its implicit immorality. Combining elements of the supernatural, aestheticism, and the Gothic, *The Picture of Dorian Gray* is an unclassifiable and uniquely unsettling work of fiction. - ;It seemed to be an impossible task to outdo the former edition of 'Dorian Gray' in the World's Classics series, but Bristow has achieved his goal. The quality of the explanatory notes is, simply, superb, and the introduction is succinct but informative, -

A young man strikes a Faustian bargain in which his appearance remains unchanged while his portrait ages. This splendid hardcover volume features 12 evocative black-and-white illustrations by British artist Henry Keen.

The Picture of Dorian Gray is a philosophical novel by Oscar Wilde, first published complete in the July 1890 issue of Lippincott's Monthly Magazine. The magazine's editor feared the story was indecent, and without Wilde's knowledge, deleted roughly five hundred words before publication. Despite that censorship, *The Picture of Dorian Gray* offended the moral sensibilities of British book reviewers, some of whom said that Oscar Wilde merited prosecution for violating the laws guarding the public morality. In response, Wilde aggressively defended his novel and art in correspondence with the British press, although he personally made excisions of some of the most controversial material when revising and lengthening the story for book publication the following year. The longer and revised version of *The Picture of Dorian Gray* published in book form in 1891 featured an aphoristic preface—a defence of the artist's rights and of art for art's sake—based in part on his press defences of the novel the previous year. The content, style, and presentation of the preface made it famous in its own right, as a literary and artistic manifesto. In April 1891, the publishing firm of Ward, Lock and Company, who had distributed the shorter, more inflammatory, magazine version in England the previous year, published the revised version of *The Picture of Dorian Gray*. The only novel written by Wilde, *The Picture of Dorian Gray* exists in several versions: the 1890 magazine edition (in 13 Chapters), with important material deleted before publication by the magazine's editor, J. M. Stoddart; the "uncensored" version submitted to Lippincott's Monthly Magazine for publication (also in 13 chapters), with all of Wilde's original material intact, first published in 2011 by Harvard University Press; and the 1891 book edition (in 20 Chapters). As literature of the 19th century, *The Picture of Dorian Gray* is an example of Gothic fiction with strong themes interpreted from Faust. *The Picture of Dorian Gray* begins on a beautiful summer day in Victorian era England, where Lord Henry Wotton, an opinionated man, is observing the sensitive artist Basil Hallward painting the portrait of Dorian Gray, a handsome young man who is Basil's ultimate muse. While sitting for the painting, Dorian listens to Lord Henry espousing his hedonistic world view, and begins to think that beauty is the only aspect of life worth pursuing. This prompts Dorian to wish that the painted image of himself would age in his stead. Under the hedonist influence of Lord Henry, Dorian fully explores his sensuality. He discovers the actress Sibyl Vane, who performs Shakespeare plays in a dingy, working-class theatre. Dorian approaches and courts her, and soon proposes marriage. The enamoured Sibyl calls him "Prince Charming," and swoons with the happiness of being loved, but her protective brother, James, a sailor, warns that if "Prince Charming" harms her, he will kill Dorian Gray. Dorian invites Basil and Lord Henry to see Sibyl perform in *Romeo and Juliet*. Sibyl, whose only knowledge of love was love of the theatre, forgoes her acting career for the experience of true love with Dorian Gray. Disheartened at her quitting the stage, Dorian rejects Sibyl, telling her that acting was her beauty; without that, she no longer interests him. On returning home, Dorian notices that the portrait has changed; his wish has come true, and the man in the portrait bears a subtle sneer of cruelty.

The Picture of Dorian Gray, the only novel by Oscar Wilde, was first published in 1890. A substantially revised and expanded edition was published in April 1891. For the new edition, Wilde revised the content of the novel's existing chapters, divided the final chapter into two chapters, and created six entirely new additional chapters. Whereas the original edition of the novel contains 13 chapters, the revised edition of the novel contains 20 chapters. The 1891 version was expanded from 13 to 20 chapters, but also toned down, particularly in some of its overt homoerotic aspects. Also, chapters 3, 5, and 15 to 18 are entirely new in the 1891 version, and chapter 13 from the first edition is split in two (becoming chapters 19 and 20). The novel tells of a young man named Dorian Gray, the subject of a painting by artist Basil Hallward. Dorian is selected for his remarkable physical beauty, and Basil becomes strongly infatuated with Dorian, believing that his beauty is responsible for a new mode of art. *The Picture of Dorian Gray* is considered one of the last works of classic gothic horror fiction with a strong Faustian theme. It deals with the artistic movement of the decadents, and homosexuality, both of which caused some controversy when the book was first published. However, in modern times, the book has been referred to as "one of the modern classics of Western literature. Oscar Wills Wilde (1854 – 1900) was an Irish writer and poet. After writing in different forms throughout the 1880s, he became one of London's most popular playwrights in the early 1890s. Today he is remembered for his epigrams, his only novel (*The Picture of Dorian Gray*), his plays and poetry, and the circumstances of his imprisonment and early death.

Dorian Gray is the subject of a full-length portrait in oil by Basil Hallward, an artist impressed and infatuated by Dorian's beauty; he believes that Dorian's beauty is responsible for the new mood in his art as a painter. Through Basil, Dorian meets Lord Henry Wotton, and he soon is enthralled by the aristocrat's hedonistic world view: that beauty and sensual fulfilment are the only things worth pursuing in life. Newly understanding that his beauty will fade, Dorian expresses the desire to sell his soul, to ensure that the picture, rather than he, will age and fade. The wish is granted, and Dorian pursues a libertine life of varied amoral experiences while staying young and beautiful; all the while, his portrait ages and

records every sin. The Picture of Dorian Gray is a Gothic and philosophical novel by Oscar Wilde, first published complete in the July 1890 issue of Lippincott's Monthly Magazine. Fearing the story was indecent, the magazine's editor deleted roughly five hundred words before publication without Wilde's knowledge. Despite that censorship, The Picture of Dorian Gray offended the moral sensibilities of British book reviewers, some of whom said that Oscar Wilde merited prosecution for violating the laws guarding public morality. In response, Wilde aggressively defended his novel and art in correspondence with the British press, although he personally made excisions of some of the most controversial material when revising and lengthening the story for book publication the following year. Oscar Fingal O'Flahertie Wills Wilde (16 October 1854 - 30 November 1900) was an Irish poet and playwright. After writing in different forms throughout the 1880s, he became one of London's most popular playwrights in the early 1890s. He is best remembered for his epigrams and plays, his novel The Picture of Dorian Gray, and the circumstances of his criminal conviction for "gross indecency", imprisonment, and early death at age 46.

A selection of the author's work is enhanced by an introduction, a chronology of the author's life and work, a timeline of significant events, discussion questions, critical analysis, and explanatory notes.

This timeless tale of gothic horror is accompanied by three short stories-- "Lord Arthur Savile's Crime," "The Happy Prince," and "The Birthday of the Infanta"--and a new introduction by Gary Schmidgall, author of The Stranger Wilde. Reprint.

One of the most revered classics of modern literature brought to life in Manga form.

When first published this unique novel evoked a tremendous amount of hostile criticism, in most part due to its immoral content. Oscar Wilde was identified with the "art for art's sake" movement of the nineteenth century which did not subordinate art to ethical instruction. However, this novel is indeed a morality tale about the hazards of egotistical self-indulgence. "If it were I," exclaims Dorian, "who were always to be young and that picture that was to grow old . . . I would give my soul for that." With that spoken, the tale of this young hero of amazing beauty, Dorian Gray, begins. His pact with evil allows his portrait to take on his many sins and degradations while his physical appearance remains youthful. Over the years as he becomes cruel and vicious, even murderous, Dorian's young and perfect body is no longer enough to salvage his deteriorating mind and morality. Will justice and good prevail?

In this graphic novel adaptation of Oscar Wilde's classic story, Dorian Gray hides a monstrous secret in his attic--a portrait that ages and shows the results of his hedonistic and selfish lifestyle while he remains ever-youthful and handsome.

Enthralled by his own exquisite portrait, Dorian Gray exchanges his soul for eternal youth and beauty. Influenced by his friend Lord Henry Wotton, he is drawn into a corrupt double life; indulging his desires in secret while remaining a gentleman in the eyes of polite society. Only his portrait bears the traces of his decadence. The novel was a success de scandale and the book was later used as evidence against Wilde at the Old Bailey in 1895. It has lost none of its power to fascinate and disturb.

Presents an annotated edition of the novel about Dorian Gray, a handsome youth who is corrupted into a life of terrible evil by Lord Henry Wotton; and includes backgrounds, reviews and reactions, and a selection of critical essays.

MYSTERY & HORROR When the superbly handsome Dorian Gray sees his portrait he makes a terrible wish: that the portrait will grow older and that he will remain young forever. But what happens to the portrait that no one ever sees? A brilliant and disturbing story of a man who is willing to sell his soul for eternal youth, while he pursues pleasure and passion. Dossiers: The Aesthetic Movement Oscar Wilde's London

The Picture of Dorian Gray by Oscar Wilde from Coterie Classics All Coterie Classics have been formatted for ereaders and devices and include a bonus link to the free audio book. "Those who find ugly meanings in beautiful things are corrupt without being charming. This is a fault. Those who find beautiful meanings in beautiful things are the cultivated. For these there is hope. They are the elect to whom beautiful things mean only Beauty. There is no such thing as a moral or an immoral book. Books are well written, or badly written. That is all." ? Oscar Wilde, The Picture of Dorian Gray A man sells his soul for eternal youth and scandalizes the city in Oscar Wilde's The Picture of Dorian Gray.

Seminar paper from the year 2014 in the subject English - Literature, Works, grade: 1,7, University of Constance, course: Proseminar: The British Bildungsroman, language: English, abstract: This term paper concerns itself in detail with the question if the term "negative Bildungsroman" is appropriate to describe Oscar Wilde's novel The Picture of Dorian Gray. As a first step, the terms "Bildungsroman" and "negative Bildungsroman" are defined and distinguished from another. Then, general differences and similarities between the novel and a typical British Bildungsroman of the 19th century are established, for example looking at narrative perspective and the childhood of the protagonist. Now, a closer look is taken at the novel itself and especially at the development of Dorian Gray. Questions discussed in this chapter include the impact of Sibyl Vane and her suicide on Dorian's development as well as the influence of the characters Basil Hallward and Lord Henry Wotton. After establishing in which ways Dorian's development is a negative one, the conclusion sums up the the tension between this novel and the typical Bildungsroman as well as all the aspects that make this novel "negative."

The Picture of Dorian Gray, the only novel by Oscar Wilde, was first published in 1890. A substantially revised and expanded edition was published in April 1891. For the new edition, Wilde revised the content of the novel's existing chapters, divided the final chapter into two chapters, and created six entirely new additional chapters. Basil Hallward. Dorian is selected for his remarkable physical beauty, and Basil becomes strongly infatuated with Dorian, believing that his beauty is responsible for a new mode of art. The Picture of Dorian Gray is considered one of the last works of classic gothic horror fiction with a strong Faustian theme. It deals with the artistic movement of the decadents, and homosexuality, both of which caused some controversy when the book was first published. However, in modern times, the book has been referred to as "one of the modern classics of Western literature". Oscar Wilde (1854 – 1900) was an Irish writer and poet. After writing in different forms throughout the 1880s, he became one of London's most popular playwrights in the early 1890s. Today he is remembered for his epigrams, his only novel (The Picture of Dorian Gray), his plays, and the circumstances of his imprisonment and early death.

Flamboyant and controversial, Oscar Wilde was a dazzling personality, a master of wit, and a dramatic genius whose sparkling comedies contain some of the most brilliant dialogue ever written for the English stage. Here in one volume are his immensely popular novel, The Picture of Dorian Gray; his last literary work, "The Ballad of Reading Gaol," a product of his own prison experience; and four complete plays: Lady Windermere's Fan, his first dramatic success, An Ideal Husband, which pokes fun at conventional morality, The Importance of Being Earnest, his finest comedy, and Salomé, a portrait of uncontrollable love originally written in French and faithfully translated by Richard Ellmann. Every selection appears in its entirety—a marvelous collection of outstanding works by the incomparable Oscar Wilde, who's been aptly called "a lord of language" by Max Beerbohm.

Packed full of analysis and interpretation, historical background, discussions and commentaries, York Notes will help you get right to the heart of the text you're studying, whether it's poetry, a play or a novel. You'll learn all about the historical context of the piece; find detailed discussions of key passages and characters; learn interesting facts about the text; and discover structures, patterns and themes that you may never have known existed. HarperCollins is proud to present a range of best-loved, essential classics.

Will Self's DORIAN is a "shameless imitation" of Oscar Wilde's The Picture of Dorian Gray that reimagines the novel in the milieu of London's early-80s art scene, which for liberated homosexuals were a golden era of sex, drugs and decadence before the AIDS epidemic struck later in the decade. It is "an age in which appearances matter more and more and more. Only the shallowest of people won't judge by them." Young Dorian Gray, just out of school, is a trust funded, impressionable Adonis-like blonde with none of the cynicism of the characters who end up corrupting his innocence even as they love him for it. He arrives in London to help socialite and philanthropist Phyllis Hawtree with her project of running a shelter for young drug addicts. He knows he is strikingly beautiful, that he could be a male model, but he tries not to get too caught up in the "looks thing." Basil Hallward, an artist friend of Phyllis's son Henry Wotton, meets Dorian and immediately falls for him, asking him to pose for a video installation called Cathode Narcissus, wherein Dorian is surrounded by nine television monitors which project images of himself looking into a mirror. In the book's final pages, we discover that Dorian is so taken by the images that he makes a wish that they will age while he remains eternally young. And indeed, Dorian soon swears he sees some faint traces of aging in the images. Meanwhile Dorian is so impressed with the witty, sophisticated banter between Baz and Wotton that he immediately wants to be part of their world (he is described as a social chameleon, easily slipping into the characteristics and fashions and mannerisms of those around him). Dorian, then, breaks up with his college girlfriend and takes up with Baz's friend Wotton, a rich, intelligent but affectless homosexual boozier and cokehead (and careless Jaguar driver) who has a loveless marriage of convenience with the socialite Lady Victoria, a somewhat batty woman who is fine to live in denial of her husband's sexuality so long as their marriage keeps bringing in a flood of party invitations. Jealous of Baz's affections for Dorian and eager to see Dorian "thoroughly pleasure this jaded century" via his unparalleled looks and money, he takes Dorian under his wing and Dorian soon grows to prefer the wild, devil-may-care Wotton over the earnest, somewhat pretentious Baz. ("Baz Hallward the wayward acolyte, seething with energy and bumptiousness; while the younger man [Wotton] played the part of his mentor, consumed with cool, eaten up with indifference.") "Dorian knew his own limitation: he had money but no real style. His upbringing had been here and there, on the fringes of film sets, in foreign hotels. It had given him polish but no shine. He lacked the deep lustre of someone like Wotton." But in truth, Wotton is no better himself: "Henry Wotton was subject to saying to anyone who would listen that the chameleon is the most significant of modern types." And while outer appearance would seem to belie this, the truth was that beneath the Planet of Wotton was a realm of complete flux." The characters to which Wotton introduces Dorian are no better: drug addicts who revere Dorian only for his looks and money. As Dorian gets caught up in this world he becomes every bit as superficial as these people: "Dorian had begun to display talents in the only two areas of life that are worth considering, he was becoming a seducer par excellence, and he was transforming himself into an artificer of distinction, a person who is capable of employing all of the objective world to gain his own end." He eventually falls for a junkie named Herman largely for his beautiful black skin. To celebrate the debut of Cathode Narcissus, Dorian invites Herman over for an orgy with Wotton, Baz, and the others although not as jaded as Dorian has become (and apparently not a homosexual), Herman's craving for drugs is such that he agrees, and at the party he shares a needle with the other attendees and unwittingly infects them with AIDS. After the party, perhaps because he is ashamed of what he has sunk to, he kills himself in the street. PART TWO: TRANSMISSION Ten years have passed, and Henry Wotton now lies in a hospital bed on the AIDS ward. He knows he is dying, as is his friend Baz who visits him now for the first time in years, but unlike Baz, Wotton has continued to live the life that brought him down, bribing the hospital employees to let his dealer visit him. His wife is in absolute denial, calling Wotton's infection a "bug." Baz becomes angry that Wotton is not taking care of himself (having been clean for five years, Baz has recovered his soul). He tells Wotton about his move to New York City in the early eighties, when Manhattan was "at the very peak of a great mountain of depravity." His drug habit drove him to poverty and homelessness and he eventually ended up an errand boy for three transvestite cabaret acts who housed him in their squalid apartment. Dorian found him here and "saved" him by cleaning him up and taking him shopping so that Baz might introduce him to some of his downtown connections (Warhol, Mapplethorpe, Burroughs, etc.) This doesn't really happen, but Dorian does manage to "put himself at the center of every season," ever-popular for his looks, fake refinement, and money. "His social promiscuity and his sexual promiscuity have had the same bewildering effect—that of making him incomprehensible, unknowable. Is he gay or straight? Is he nob or yob? And incidentally, how old is
