

The Punishment List A Collection Of Spanking Stories

This book offers a simplified and straightforward introduction to the basics of Nigerian taxation. While discussing various laws, practices and procedures, it also addresses the latest amendments to Nigerian tax laws. The book begins by discussing the central issue of Islamic taxation and its legality under Nigerian law. Divided into four main sections, the book was designed for simplicity, and uses language that is accessible for all tax stakeholders.

This study examines the considerable changes that took place in the criminal justice system in the City of London in the century after the Restoration, well before the inauguration of the so-called 'age of reform'. The policing institutions of the City were transformed in response to the problems created by the rapid expansion of the metropolis during the early modern period, and as a consequence of the emergence of a polite urban culture. At the same time, the City authorities were instrumental in the establishment of new forms of punishment - particularly transportation to the American colonies and confinement at hard labour - that for the first time made secondary sanctions available to the English courts for convicted felons and diminished the reliance on the terror created by capital punishment. The book investigates why in the century after 1660 the elements of an alternative means of dealing with crime in urban society were emerging in policing, in the practices and procedures of prosecution, and in the establishment of new forms of punishment.

This major new reference work provides an authoritative and wide-ranging guide to archive sources now becoming available for British political history since 1945. With a user-friendly layout, the book presents a comprehensive range of 1,500 personal papers from leading statesmen, backbench politicians, writers, campaigners, diplomats and generals which cover the key aspects of British history since the end of the Second World War. Compiled by an experienced archivist, this comprehensive, easy-to-use and authoritative guide is an invaluable resource for researchers of modern British history.

A collection of hundreds of Sherlock Holmes puns amassed over decades and stolen from a host of sources. The wordplay may be familiar, but the settings and characters are all original to the sources cited. The puns that have made it into the book are all Sherlockian narratives. Each is a tale describing events featuring Holmes characters, not simply a comment or an observation. We warn traditional Holmes fans up front, you will be annoyed and offended. If you are not, then the authors simply have not found your particular hangup - yet. Pick a number, they will get to you in a later edition.

An excerpt from a letter by Dostoevsky revealing his intentions in writing Crime and Punishment accompanies the comments of Russian, American, and European critics on the novel

Since 1999, "Abel's Spanking Stories" has been one of the web's most popular sites for fictional accounts of young women receiving traditional-style corporal punishment. This collection features ten exclusive, brand-new stories alongside newly-updated versions of eight of Abel's best-known tales. Perfect for fans of the cane and the birch, schoolgirls in trouble and judicial floggings, this is English discipline at its very best!

This Brief reviews the past, present, and future use of school corporal punishment in the United States, a practice that remains legal in 19 states as it is constitutionally permitted according to the U.S. Supreme Court. As a result of school corporal punishment, nearly 200,000 children are paddled in schools each year. Most Americans are unaware of this fact or the physical injuries sustained by countless school children who are hit with objects by school personnel in the name of discipline. Therefore, Corporal Punishment in U.S. Public Schools begins by summarizing the legal basis for school corporal punishment and trends in Americans' attitudes about it. It then presents trends in the use of school corporal punishment in the United States over time to establish its past and current prevalence. It then discusses what is known about the effects of school corporal punishment on children, though with so little research on this topic, much of the relevant literature is focused on parents' use of corporal punishment with their children. It also provides results from a policy analysis that examines the effect of state-level school corporal punishment bans on trends in juvenile crime. It concludes by discussing potential legal, policy, and advocacy avenues for abolition of school corporal punishment at the state and federal levels as well as summarizing how school corporal punishment is being used and what its potential implications are for thousands of individual students and for the society at large. As school corporal punishment becomes more and more regulated at the state level, Corporal Punishment in U.S. Public Schools serves an essential guide for policymakers and advocates across the country as well as for researchers, scientist-practitioners, and graduate students. Developing Library Collections for Today's Young Adults features policies that deal expressly with materials that respect the intellectual freedom of young library patrons. It emphasizes the importance of everything from needs assessment to collection development, encouraging librarians to consider informational, recreational, and curricular needs and interests as the library staff select material on behalf of young adults. With detailed guidelines for developing and evaluating collections of print and electronic material, Amy S. Pattee devotes chapters to materials selection, acquisition, and assessment, describing fiction and nonfiction genres, graphic forms, and multimedia and electronic materials, including networked resources, e-books, and computer games. Developing Library Collections for Today's Young Adults may be consulted by librarians charged with the development and maintenance of public library collections for young adults and may be employed in library science courses related to young adult literature and library services and collection development.
