The Holy Qur'an is the Word of God whose truth was revealed to Muhammad by the Angel Gabriel. It is divided into 14 Suras or chapters, and was traditionally transmitted by word of mouth.

Al-Qur'an, the Guidance for mankind, is a unique translation of the Holy Qur'an in contemporary American English. It includes the Biography of the Prophet Muhammad, peace be upon him, his mission as a Prophet, his ranking as in the human history. Text is paragraphed by theme and theme is written in the margins on each page for easy reference. Its features include - (1) Field Testing the Communication of Divine Message: The unique feature of this translation is its field testing for over 3 1/2 years to improve the communication and understanding of the Divine Message. Translation passages were given to the New Muslim and Non-Muslim high school and college students for reading under the supervision of various Ulema (scholars). After reading, the person was asked to explain as to what he/she understood from the passage. If his/her understanding was the same as is in the Arabic Text of the Holy Qur'an then we concluded that we have been successful in conveying the Divine Message properly. If his/her understanding was different than what the Qur'anic verses were stating, we kept on rewording the translation until those verses were understood properly. It was tremendous patience on part of the participants. May Allah reward them all. (2) Simplicity:

(4) Outline of Pertinent Information: Before the start of each Srah, information relating to its Period of Revelation, Major Issues, Divine Laws and Guidance has been presented as an outline. Then a summary of the preceding events has been tabulated for the reader to understand the historical background to grasp the full meaning of the Divine Message. (5) Reviews, Input and Approvals: This project was started in 1991 and initial draft completed in 1994. Then the Translation was sent to different Ulema (Scholars) in Town and throughout United States for their review and input. After their reviews and input it was sent to Jme Al-Azhar Al-Sharif in Egypt, Ummal Qur in Saudi Arabia and International Islamic University in Pakistan for their review, input and approval. This translation was published after their reviews and approvals.

The untold story of how the Arabic Qur'an became the English Koran For millions of Muslims, the Qur'an is sacred only in Arabic, the original Arabic in which it was revealed to the Prophet Muhammad in the seventh century. To many Arab and non-Arab believers alike, the book literally defies translation, yet English translations are growing in both number and importance. Bruce Lawrence tells the remarkable story of the centuries-long quest to translate the Qur'an's lyrical verses—and to make English itself an Islamic language. A translation saga like no other, this panoramic book looks at cyber Korans, versions by feminist translators, and even a graphic Qur'an by the acclaimed visual artist Sandow Birk.

The Qur'an, believed by Muslims to be the word of God, was revealed to the Prophet Muhammad 1400 years ago. It is the supreme authority in Islam and the living source of all Islamic teaching. Recognized as the greatest literary masterpiece in Arabic, it has nevertheless remained difficult to understand in its English translations. This new translation is written in a contemporary idiom that remains faithful to the original, making it easy to read while retaining its powers of eloquence.

Bridges' translation aims to help non-Arabic readers in pondering the Qur'an (tadabbor). The translators focused not only on translating what God meant to say, but also on translating how He spoke. There are three main new features in this translation that make it unique: 1. It is the first translation which includes the ten Qira'at (modes of recitation). The main text is written in accordance with the Qira'a of Asem, narrated by Hafs. Variations from that are presented in footnotes denoted by 'Q'. The translation presents around 30% of the variations of the Qira'at--those which affect the meaning. 2. It is the first translation that takes into consideration the Qur'anic phenomenon of grammatical shifts, whether in verb tenses, numbers, or pronouns. These are a great source of pondering for the reader. 3. To denote whether a pronoun like 'you' or an imperative verb like 'say' is plural, dual, or singular, the translators did not impose their understanding on the reader by adding text between brackets like (O Prophet) to denote singular form, or (O mankind) to denote plural form. Rather, this distinction was

achieved by adding a superscript after pronouns and imperative verbs. For example: you^{pl} is used for a plural pronoun, you^{sg} for a singular pronoun, and you^{dl} for a dual pronoun. Do you yearn to build a closer and more meaningful relationship with your Creator? Do you seek to know the true Message and Wisdom of Islam? The work I present here for your consumption is more than a book; a collection of words meant to deliver glad tidings, to educate, and to perhaps warn. It is a work driven by what I intend to be a sound and powerful Message. This message invites readers to think freely and broaden their minds; to contemplate and seek their own truth. This passage advises people, never to blindly follow any religion without first reflecting upon the faith in question and reasoning its true meaning. Beyond all manner of faith and feeling, one must use their intellect to discover the truth behind all faiths. This passage is intended to draw and empower the sincere seeker of truth; the one that questions, reflects and ponders his or her life's purpose and questions his/her future and direction. Islam, for example, is one faith that is misunderstood and misrepresented by many. Before one forms an opinion of Islam, one should question the thoroughness and truthfulness of his or her existing knowledge of this controversial religion. The ultimate purpose of this message is to facilitate a fresh new dimension of thinking that will enable one to realize the ultimate importance of his or her existence in this universe; to help one understand his/her divine relationship with his/her creator. The faith of Islam is beneficial only to people that are sincere in seeking guidance, misguiding those who are not sincere and honest in their spiritual quests; who reject divine guidance and spiritual truth.

Creator. It contains guidance, mercy, and healing. The Quran is a blessing, within reach. There are about 80,000 words in the Quran but the actual words are only around 2000!!! This could also be termed as one of the many miracles of the Quran. Accordingly, if a reader decides to learn only 10 new words every day, he can understand the basic message of the Quran within a period of seven months! So it is indeed very easy to understand the Quran, provided one is willing to learn it. This word-for-word translation may not be considered as an addition to the existing translations, but an attempt to equip the reader to understand the revelation directly from the Arabic text; thus it will Insha-Allah be a very useful tool for those who are willing to study the Quran and try to understand it. A beginner can bear in mind the meanings of each Arabic word provided right below it. Since many words are repeated in the Quran, the student will find for himself that within a few months of regular study, he is indeed able to understand the Quran through the text itself. It may also be pointed out that a beginner does not have to, in the start itself, be worried about learning extensive grammar or how to speak the Arabic language. In fact, one has to develop vocabulary before learning grammar for the following reasons: * A child first learns words and then starts linking them together. We speak our mother tongue fluently without ever learning the grammatical rules. That is to say, we learn it by repeatedly listening to the words. * Learning extensive grammar before improving vocabulary is like putting the cart before the horse. Or it is like learning different styles of swimming by moving hands in the air inside a swimming pool without water. One has to fill the swimming pool with water (i.e., increase vocabulary) and then learn to swim (i.e., to connect the words with grammatical rules).

This is the first translation of the Quran by an American woman. It is a universal and inclusive translation with the hope that Islam will be better understood in the West. She also challenges the use of the word to beat in 4: 34 as meaning to go away which is how the Prophet of Islam understood the word as it has historically justified violence against and abuse of Muslim women. This interpretation must change, she says, and revert to the way the Prophet understood it.

The Quran, a book which brings glad tidings to mankind along with divine admonition, stresses the importance of man's discovery of truth on both spiritual and intellectual planes. Every book has its objective and the objective of the Quran is to make man aware of the Creation plan of God. That is, to tell man why God created this world; what the purpose is of settling man on earth; what is required from man in his pre-death life span, and what he is going to confront after death. The purpose of the Quran is to make man aware of this reality, thus serving to guide man on his entire journey through life into the after-life. The main themes of the Quran are enlightenment, closeness to God, peace and spirituality. The Quran uses several terms, tawassum, tadabbur, and tafakkur, which indicate the learning of lessons through reflection, thinking and contemplation on the signs of God scattered across the world. The present translation of the Quran and its explanatory notes are written keeping in mind these very themes. Koran, Qur'an, Coran, Kuran, Islam, Prophet Muhmmad

An Accurate, Modern English Translation of the Qur'an, Islam's Holiest Book.

This book aims to identify how the Qur'an is narrated in and by the press media through the use of translation, featuring examples from a corpus of newspaper articles from the UK and Europe across two decades. Drawing on work at the intersection of narrative theory and translation studies, the volume highlights the ways in which press media play an integral role in the construction, promotion, and circulation of narratives about events and communities, shedding light specifically on translations of Qur'anic verses across British, Italian, and Spanish newspapers between 2001 and 2019. Elimam and Fletcher examine how such translations have been used to create and disseminate narratives about the Qur'an and in turn, Islam and Muslims, unpacking the kinds of narratives evoked – personal, public, conceptual, and meta-narratives – and narrative strategies employed – selective appropriation, temporality, causal employment, and relationality – toward framing readers' understanding of the Qur'an. The book will be of particular interest to scholars working at the intersection of

The Quran is the sacred text of Islam. For Muslims, it is the word of the one God. The Quran was revealed to the last prophet and messenger Muhammad (????) from the year 610 until his death in 632 by the angel Gabriel (?????). According to the Quran, Allah is the author of all the sacred books of the three monotheistic religions that are Islam, Christianity, and Judaism. He thus revealed the Gospel to the penultimate prophet Jesus and the Torah to the prophet Moses. We read thus in verse 3 of sura 3: "He brought down on you the Book (the Quran) with the truth, confirming the Books descended before him. And He brought down the Torah and the Gospel". However, Islam considers that with the exception of the Quran, all the holy books have been falsified by man. Verse 75 of Sura 2 goes in this direction: "- Well, do you hope [Muslims] that such people [the Jews] will share your faith with you? while a group of them; after having heard and understood the word of Allah, knowingly falsified it. "This present work is a translation into English of the meaning of the verses of the Quran made by Maulana Wahiduddin Khan.

The spread of Islam eastward into South and Southeast Asia was one of the most significant cultural shifts in world history. As it expanded into these regions, Islam was received by cultures vastly different from those in the Middle East, incorporating them into a diverse global community that stretched from India to the Philippines. In *Islam Translated*, Ronit Ricci uses the *Book of One Thousand Questions*—from its Arabic original to its adaptations into the Javanese, Malay, and Tamil languages between the sixteenth and twentieth centuries—as a means to consider connections that linked Muslims across divides of distance and culture. Examining the circulation of this Islamic text and its varied literary forms, Ricci explores how

processes of literary translation and religious conversion were historically interconnected forms of globalization, mutually dependent, and creatively reformulated within societies making the transition to Islam.

This is the 6th Edition and 5th revised version of this translation. The Qur'an is, in its own words, "light," which means that it is self-manifesting, with no need of an external source of illumination; other things need light to become visible and manifest. With it God guides those who pursue His pleasure to the ways of peace, and brings them out from darkness into light by His will, and guides them to a straight path (5:16). Of course, the Qur'an is not an exception among revealed scriptures in that it is a source of light and guidance. According to the Qur'an, so were the Torah and the Gospel, scriptures given to Moses and Jesus. All scriptures of Divine origin are a source of light and guidance. Nothing is more important for man than the knowledge of the very Source of reality. Any knowledge that is not informed with this awareness is just a kind of ignorance. All effort that does not derive from this knowledge is ultimately fated to end in futility and failure. The Qur'an claims to be the most reliable source of this knowledge and the best guide for human endeavour. It teaches that the Source of being is also the chief Source of guidance. Expert Opinions About This Translation: This is a wonderful translation. It is both faithful and fluent. [The translator has] struck a nice balance here. It is a real improvement over existing translations. -Dr Muhammad Legenhausen What Qarai has accomplished... is a revival of the art of translation as an adjunct to the understanding of the original, skillfully adapted

to the needs of the English-speaking student of the Qur'an... He has opted always for the maximum degree of closeness to the Arabic compatible with comprehensibility, thereby coordinating translation with original in the most substantial of ways. Although Qarai envisions his translation as a paraphrase of the Qur'anic meanings, as a tool for gaining access to the original, it must be stressed that his translation reads extremely well even if regular cross-reference to the Arabic not be the purpose of the reader. The language Qarai has chosen is clear, chaste, straightforward and dignified, distant from both the archaisms and the modernisms that have been affected by other English translators of the Qur'an.... It is plain, indeed, that a serious and profound appreciation of the Qur'anic message has animated the whole of Qarai's successful labours. We warmly recommend his translation to all with a serious interest in the Qur'an.-Prof. Hamid Algar

As a person who was part of a team that worked on a translation, I was often asked during this process what translation I recommend.... What I want to do in this video is first talk about two translations that I do recommend and I have often recommended, which are those by A. J. Arberry and the one by Ali Quli Qarai.... I really found this (Ali Quli Qarai's) translation to be quite excellent, and I was really surprised when I came upon it, because hardly anybody has spoken about it. One of the great things about this

translation for somebody who is learning Arabic is that the translation has Arabic right next it, but it has it phrase by phrase-not just the whole verse, but the exact phrase is next to the exact Arabic. So if you are studying Arabic, you can use this very well to identify the exact translation and the Arabic. . . [I]t is more accurate and more consistent than almost any other translation and more accurate than Arberry, in fact. I don't think I found any passage where I could say that Ali Quli Qarai made an egregious mistake.-Prof. Joseph Lombard (member of the team of translators of The Study Qur'an, in a video talk)<https://www.youtube.com/watch?v=cjsyGOaWE>

Neither prose nor poetry but a unique, mesmerising fusion of both, the Qur'an stands as one of the worlds most important spiritual texts and is a source of law, instruction and comfort for about one and half billion people around the globe. It is, among the worlds religious scriptures, arguably the one that today commands the attention of those unfamiliar with its teachings. There are numerous English translations of the Quran available, yet few, if any of them, can claim a phrase-by-

phrase translation, concurrent with the original text in Arabic. This edition, from the Islamic College for Advanced Studies (ICAS), does just this. In addition to being of invaluable benefit to readers who understand English only, this method also permits those with even a rudimentary grasp of Arabic to draw nearer to the Qurans inimitable style and lofty message, by following the Arabic text while being guided by the English. Expertly translated and prepared, this edition of the Quran also makes extensive use of classical commentaries from both Sunni and Shii sources for broader-based understanding.
