In a provocative take on Germanic heroic poetry, Taranu reads texts like *Beowulf*, *Maldon*, and the *Waltharius* as participating in alternative modes of history-writing that functioned in a larger ecology of narrative forms, including Latin Christian history and the biblical epic. These modes employed the conceit of their participating in a tradition of oral verse for a variety of purposes: from political propaganda to constructing origin myths for early medieval nationhood or heroic masculinity, and sometimes for challenging these paradigms. The more complex of these historical visions actively meditated on their own relationship to truthfulness and fictionality while

Conspiracy theories abound for there were many who stood to gain if she pulled out of the imminent elections. The needle of suspicion points most immediately to Madam Shah's close confidante Nazneen Khan, who was seen sitting right beside her in the convoy and, oddly, escaped the bomb blast unscathed. Sabyn Javeri's tale of intense friendship between two ambitious women unfolds in a country steeped in fanaticism and patriarchy.
