

The Revolt A Novel In Wycliffes England

The further adventures of "Dr. Gonzo" as he defends the "cucarachas" -- the Chicanos of East Los Angeles. Before his mysterious disappearance and probable death in 1971, Oscar Zeta Acosta was famous as a Robin Hood Chicano lawyer and notorious as the real-life model for Hunter S. Thompson's "Dr. Gonzo" a fat, pugnacious attorney with a gargantuan appetite for food, drugs, and life on the edge. In this exhilarating sequel to *The Autobiography of a Brown Buffalo*, Acosta takes us behind the front lines of the militant Chicano movement of the late sixties and early seventies, a movement he served both in the courtroom and on the barricades. Here are the brazen games of "chicken" Acosta played against the Anglo legal establishment; battles fought with bombs as well as writs; and a reluctant hero who faces danger not only from the police but from the vatos locos he champions. What emerges is at once an important political document of a genuine popular uprising and a revealing, hilarious, and moving personal saga.

Strategic nonviolent action has reasserted itself as a potent force in shaping public debate and forcing political change. Whether it is an explosive surge of protest calling for racial justice in the United States, a demand for democratic reform in Hong Kong or Mexico, a wave of uprisings against dictatorship in the Middle East, or a tent city on Wall Street that spreads throughout the country, when mass movements erupt onto our television screens, the media portrays them as being as spontaneous and unpredictable. In *This is an Uprising*, political analysts Mark and Paul Engler uncover the organization and well-planned strategies behind such outbursts of protest, examining core principles that have been used to spark and guide

Read Online The Revolt A Novel In Wycliffes England

moments of transformative unrest. This is an Uprising traces the evolution of civil resistance, providing new insights into the contributions of early experimenters such as Mohandas Gandhi and Martin Luther King Jr., groundbreaking theorists such as Gene Sharp and Frances Fox Piven, and contemporary practitioners who have toppled repressive regimes in countries such as South Africa, Serbia, and Egypt. Drawing from discussions with activists now working to defend human rights, challenge corporate corruption, and combat climate change, the Englers show how people with few resources and little influence in conventional politics can nevertheless engineer momentous upheavals. Although it continues to prove its importance in political life, the strategic use of nonviolent action is poorly understood. Nonviolence is usually studied as a philosophy or moral code, rather than as a method of political conflict, disruption, and escalation. This is an Uprising corrects this oversight. It argues that if we are always taken by surprise by dramatic outbreaks of revolt, and if we decline to incorporate them into our view of how societies progress, then we pass up the chance to fully grasp a critical phenomenon—and to harness its power to create lasting change.

Thrilling historical adventure set during the English peasants' revolt of 1381, by Paul Dowswell, the author of *Ausländer*, and *Wolf Children*. It's 1381 and the king, Richard II, has imposed a new tax on the people. In the village of Aylesford, Tilda and her ploughman father were already struggling to make ends meet. As serfs they have no rights to move freely or earn wages for their work. Tilda is desperate for a better life than the village can offer, so when the villagers begin to rebel she is swept up in the excitement. Tilda and her father travel to London with the others to petition the king, but the peaceful rebellion they hoped for soon ignites into violence, mayhem and treachery. Tilda's fight for a better life is only just beginning... This page-turning

adventure sheds new light on a period of history which is covered in the KS3 curriculum, and will have readers gripped from start to finish.

"A well-written and thought-provoking account of the current crisis of globalization. Not everyone will agree with Eyal's interpretation, but few will remain indifferent." —Yuval Noah Harari, author of *Sapiens* An eye-opening examination of nationalism's spread around the world as the promise of globalism wanes *Revolt* is an eloquent and provocative challenge to the prevailing wisdom about the rise of nationalism and populism. With a vibrant and informed voice, Nadav Eyal illustrates how modern globalization is not sustainable. He contends that the collapse of the current world order is not so much about the imbalance between technological achievement and social progress or the breakdown of liberal democracy as it is about a passion to upend and destroy power structures that have become hollow, corrupt, or simply unresponsive to urgent needs. Eyal illuminates the benign and malignant forces that have so rapidly transformed our economic, political, and cultural realities, shedding light not only on the economic and cultural revolution that has come to define our time but also on the counterrevolution waged by those it has marginalized and exploited. With a mixture of journalistic narrative, penetrating vignettes, and original analysis, *Revolt* shows that the left and right have much in common. Eyal tells stories of distressed Pennsylvania coal miners, anarchist communes on the outskirts of Athens, a Japanese town with collapsing fertility rates, neo-Nazis in Germany, and Syrian refugee families whom he accompanied from the shores of Greece to their destination in Germany. Into these reports from the present Eyal weaves lessons from the past, from the opium wars in China to colonialist Haiti to the Marshall Plan. With these historical ties, he shows that the revolts' roots have always been deep and strong,

and that rather than seeing current uprisings as part of a passing phenomenon, we should recognize that revolt is the new status quo.

It is with a soft voice, full of menace, that our mother commands us to overthrow our father . . . Richard Lionheart tells the story of his mother, Eleanor of Aquitaine. In 1173, she and three of her sons instigate a rebellion to overthrow the English king, her husband Henry Plantagenet. What prompts this revolt? How does a great queen persuade her children to rise up against their father? And how does a son cope with this crushing conflict of loyalties? Replete with poetry and cruelty, this story takes us to the heart of the relationship between a mother and her favourite son - two individuals sustained by literature, unspoken love, honour and terrible violence.

In this gripping novel, Melvyn Bragg brings an extraordinary episode in English history to fresh, urgent life. At the end of May 1381, the fourteen-year-old King of England had reason to be fearful: the plague had returned, the royal coffers were empty and a draconian poll tax was being widely evaded. Yet Richard, bolstered by his powerful, admired mother, felt secure in his God-given right to reign. But within two weeks, the unthinkable happened: a vast force of common people invaded London, led by a former soldier, Walter Tyler, and the radical preacher John Ball, demanding freedom, equality and the complete uprooting of the Church and state. And for three intense, violent days, it looked as if they would sweep all before them. Now is the Time depicts the events of the Peasants' Revolt on both a grand and intimate scale, vividly portraying its central figures and telling an archetypal tale of an epic struggle between the powerful and the apparently powerless.

It has been three years since the wars against Arminius and the Cherusci. Gaius Silius, Legate

Read Online The Revolt A Novel In Wycliffes England

of the Twentieth Legion, is concerned that the barbarians-though shattered by the war-may be stirring once again. He also seeks to confirm the rumors regarding Arminius' death. What Silius does not realize is that there is a new threat to the Empire, but it does not come from beyond the frontier; it is coming from within, where a disenchanted nobleman looks to sow the seeds of rebellion in Gaul. Legionary Artorius has greatly matured during his five years in the legions. He has become stronger in mind; his body growing even more powerful. Like the rest of the Legion, he is unaware of the shadow growing well within the Empire's borders, where a disaffected nobleman seeks to betray the Emperor Tiberius. A shadow looms; one that looks to envelope the province of Gaul as well as the Rhine legions. The year is A.D. 20.

Virginia and North Carolina secede from the Union to form the Reformed States of America, governed by the Ten Commandments

The history of the American electorate is not a litany of flukes; instead it is a pattern of tectonic plate-grinding, punctuated by a landscape-altering earthquake every generation or so. Donald Trump's electoral coalition is smashing both American political parties and its previously impenetrable political news media. The political experts called the 2016 election wrong and in the wake of the 2016 election surprise, the experts have continued to blow it - looking to predict the coming demise of the President without pausing to consider the durability of the trends and winds that swept him into office. The Great Revolt delves deep into the minds and hearts of the voters the make up this coalition. What emerges

is a group of citizens who cannot be described by terms like "angry," "male," "rural," or the often-used "racist." They span job descriptions, income brackets, education levels, and party allegiances. What unites them is their desire to be part of a movement larger than themselves that puts pragmatism before ideology, localism before globalism, and demands the respect it deserve from Washington. Zito and Todd have traveled on over 27,000 miles of country roads to interview more than 300 Trump voters in 10 swing counties. What they have discovered is that these voters were hiding in plain sight--ignored by both parties, the media, and the political experts all at once, ready to unite into the movement that spawned the greatest upset in recent electoral history. Deeply rooted in the culture of these Midwestern swing states, Zito and Brad Todd reframe the discussion of the "Trump voter" to answer the question- What next?

Social upheaval in early 20th-century Europe is the historical setting for this seminal study by the Spanish philosopher, José Ortega y Gasset. Continuously in print since 1932, Ortega's vision of Western culture as sinking to its lowest common denominator and drifting toward chaos brought its author international fame and has remained one of the influential books of the 20th century.

"I've fought every kind of barbarian, but the Britons are by far the worst..." Marcus is excited about travelling to Britannia, the island at the edge of the world. But the

Britons are savages who tattoo themselves and take the heads of their enemies in battle. They won't bow down to the rule of Rome. As Marcus travels to meet his father he meets a barbarian chief instead and his destiny is changed forever, along with that of Britannia...

By one of the most profoundly influential thinkers of our century, *The Rebel* is a classic essay on revolution. For Albert Camus, the urge to revolt is one of the "essential dimensions" of human nature, manifested in man's timeless Promethean struggle against the conditions of his existence, as well as the popular uprisings against established orders throughout history. And yet, with an eye toward the French Revolution and its regicides and deicides, he shows how inevitably the course of revolution leads to tyranny. As old regimes throughout the world collapse, *The Rebel* resonates as an ardent, eloquent, and supremely rational voice of conscience for our tumultuous times. Translated from the French by Anthony Bower.

The author of this stunning set of essays on politics and public policy makes crystal clear the meaning of the title. "The revolutionaries of contemporary America do not seek to redistribute privilege from those who have it to those who do not. These radicals wish to arrange a transfer of power from those elites who now exercise it to another elite, namely themselves, who do not. This aspiring

Read Online The Revolt A Novel In Wycliffes England

elite is of the same race (white), the same class (upper middle and upper), and the same educational background (the best colleges and universities) as those they wish to displace." Wildavsky's bracing work takes a close look at these elites, who probably make up little more than one percent of the population. He sees their common denominator as hostility toward the masses, anti-American attitudes, derision of authority, and a belief in participatory rather than representative politics. The author carries through these themes in a variety of essays on black-white racial relations, social work orientations and black militancy, the politics of budgetary reform, elite and mass trends in the political party system, and the substitution of bureaucratic for democratic modes of advancing the policy process. This work is, in short, vintage Wildavsky: tough minded, spirited, and plain-spoken political analysis. In his new Introduction, Irving Louis Horowitz examines what has changed and what continues to be salient in Wildavsky's line of analysis. Essentially, the report card on *The Revolt Against the Masses* is that the situation described in these essays has changed somewhat in style but hardly at all in substance. The nuclear shield replaces the ABM treaty, and Afghanistan replaces Vietnam as centers of political gravity-but the same coalition of forces across party and economy still dominate the American political process. The justifiably famous essay on "The Two

Read Online The Revolt A Novel In Wycliffes England

Presidencies" shows how persistent is the gap between the conflict over domestic priorities and the consensus on foreign policy-and why. This is, in short, a classic text that continues to merit careful study by all those interested in political life. Aaron Wildavsky was, until his death in 1993, professor of political science and public policy at the University of California in Berkeley. He was also director of its Survey Research Center. He served as director of the Russell-Sage Foundation, was a president of the American Political Science Association, and held a number of visiting professorships during his lifetime. Most recently, Transaction has posthumously published Wildavsky's complete essays and papers in five volumes. Irving Louis Horowitz is Hannah Arendt distinguished university professor emeritus at Rutgers, The State University, and longtime friend and associate of Aaron Wildavsky.

Chronicles the sexual discrimination class action lawsuit that women journalists brought against their employer, Newsweek, in 1970.

Eight vivid, poignant tales of self-reliant New England women. Well-known title story plus "A New England Nun," "Old Woman Magoun," "Gentian," "One Good Time," plus 3 others.

The dramatic and tragic story of the only successful Native American uprising against the Spanish, the Pueblo Revolt of 1680. With the conquest of New

Read Online The Revolt A Novel In Wycliffes England

Mexico in 1598, Spanish governors, soldiers, and missionaries began their brutal subjugation of the Pueblo Indians in what is today the Southwestern United States. This oppression continued for decades, until, in the summer of 1680, led by a visionary shaman named Pope, the Puebloans revolted. In total secrecy they coordinated an attack, killing 401 settlers and soldiers and routing the rulers in Santa Fe. Every Spaniard was driven from the Pueblo homeland, the only time in North American history that conquering Europeans were thoroughly expelled from Indian territory. Yet today, more than three centuries later, crucial questions about the Pueblo Revolt remain unanswered. How did Pope succeed in his brilliant plot? And what happened in the Pueblo world between 1680 and 1692, when a new Spanish force reconquered the Pueblo peoples with relative ease? David Roberts set out to try to answer these questions and to bring this remarkable historical episode to life. He visited Pueblo villages, talked with Native American and Anglo historians, combed through archives, discovered backcountry ruins, sought out the vivid rock art panels carved and painted by Puebloans contemporary with the events, and pondered the existence of centuries-old Spanish documents never seen by Anglos.

rule

Arriving in New York to pursue a creative career in the raucous 1970s art scene, Reno joins a group of dreamers and raconteurs before falling in love with the estranged son of an Italian motorcycle scion and succumbing to a radical social movement in 1977 Italy. By the National Book Award-nominated author of *Telex from Cuba*.

This text challenges American notions of democracy and ambition, culture and civic responsibility, charting a decline in democratic values and debate. It states that this change is due to the "new elites" who, having lost their sense of communitarianism, will not accept ties to nation and to place.

****Previously Titled 'Kingdom of the Damned: Rebellion in Judea'**** In the year 66 A.D. the Roman province of Judea exploded in rebellion. Far from being a revolution of unified peoples, the various Jewish factions of Sadducees, Zealots, Sicarii, and Edomites are in a state of civil war; as anxious to spill the blood of each other as they are to fight the Romans. The Judeans find hope when the Romans commit a serious tactical blunder and allow their forces to be ambushed and nearly destroyed in the mountain pass of Beth Horon. Following the disaster, Emperor Nero recalls to active service Flavius Vespasian, the legendary general who had been instrumental in the conquest of Britannia twenty-three years before. In the northern region of Galilee, a young Judean commander named Josephus ben Matthias readies his forces to face the coming onslaught. A social and political moderate, he fears the extremely violent Zealot fanatics, who threaten to overthrow the newly-established government in Jerusalem, as much as he does the Romans. Soon Vespasian, a tactical and strategic genius who had never been defeated in battle, unleashes his huge army upon Galilee. His orders are

to crush the rebellion and exact the harshest of punishments upon those who would violate the Peace of Rome. Lacking the manpower and resources to face the legions in open battle, Josephus knows he will need plenty of cunning, ingenuity, and, perhaps, even the intervention of God Himself, lest the once proud Kingdoms of Judah and Israel should become a kingdom of the damned. **This is the re-release of a title that was previously called, "Kingdom of the Damned: Rebellion in Judea." Please note that the content of the book has not been changed.**

A humble scribe at the battle of Crcy, Hugh Westall, embarks on a risky mission helping John Wycliffe translate the Bible into English against the wishes of a corrupt church.

In 1831 enslaved Jamaicans revolted. What began as a peaceful movement soon became a bloodbath as British troops retaliated. Tom Zoellner tells the inspiring story of the uprising that galvanized antislavery forces in Britain and led directly to abolition two years later.

In the words of economist and scholar Arnold Kling, Martin Gurri saw it coming. Technology has categorically reversed the information balance of power between the public and the elites who manage the great hierarchical institutions of the industrial age government, political parties, the media. The Revolt of the Public tells the story of how insurgencies, enabled by digital devices and a vast information sphere, have mobilized millions of ordinary people around the world. Originally published in 2014, this updated edition of The Revolt of the Public includes an extensive analysis of Donald Trump's improbable rise to the presidency and the electoral triumphs of Brexit and concludes with a speculative look forward, pondering whether the current elite class can bring about a reformation of the democratic process, and whether new organizing principles, adapted to a digital world, can arise out of the present political

Jason who was shaping the future of Jerusalem and with it, all Judea. He breathed in again, imagining that he could feel the wave of destiny impelling him forward toward his vision as he exhaled... The Greeks have taken over the world, but Jerusalem is still the same backwater city Jason has always known. He wants to help his hometown rise to a new age of prosperity and influence. If that means stretching the terms of the city's divine covenant, so be it. But how far is he willing to go to achieve Greek greatness for this Jewish city? It will take the willingness of a handful of Jews to die rather than violate the covenant in order to turn the tide back to God. Written by an internationally recognized expert in the period between the Testaments, *Day of Atonement* invites readers into Judea during the tumultuous years leading up to the Maccabean Revolt. It was this pivotal decade that reminded Jews of the centrality of the covenant to their national security and taught them that the covenant was worth dying for. The story is so foundational, it is still told every year at Hanukkah. The lessons learned during this turbulent time also shed light on just what was at stake in the ministry of Jesus, whose radical message seemed to threaten the covenant once again. *Day of Atonement* joins the perennially successful novels *Pontius Pilate* and *The Flames of Rome* by renowned historian Paul Maier on Kregel's premier list of captivating and historically accurate biblical novels.

At seven o'clock on the evening of that day, having as usual replaced all the books which had been taken from their shelves, and having assured himself that he was leaving everything in good order, he quitted the library, double-locking the door after him. According to his usual habit, he dined at the Cr merie des Quatre  v ques, read his newspaper, La Croix, and at ten o'clock went home to his little house in the Rue du Regard. The good man had no trouble and no presentiment of evil; his sleep was peaceful. The next morning at seven o'clock to the minute, he entered the little room leading to the library, and, according to his daily habit, doffed his grand frock-coat, and taking down an old one which hung in a cupboard over his washstand, put it on. Then he went in to his workroom, where for sixteen years he had been cataloguing six days out of the seven, under the lofty gaze of Alexandre d'Esparvieu. Preparing to make a round of the various rooms, he entered the first and largest, which contained works on theology and religion in huge cupboards whose cornices were adorned with bronze-coloured busts of poets and orators of ancient days. Two enormous globes representing the earth and the heavens filled the window-embrasures. But at his first step Monsieur Sariette stopped dead, stupefied, powerless alike to doubt or to credit what his eyes beheld. On the blue cloth cover of the writing-table books lay scattered about pell-mell, some lying flat, some standing upright.

A number of quartos were heaped up in a tottering pile. Two Greek lexicons, one inside the other, formed a single being more monstrous in shape than the human couples of the divine Plato. A gilt-edged folio was all a-gape, showing three of its leaves disgracefully dog's-eared. Having, after an interval of some moments, recovered from his profound amazement, the librarian went up to the table and recognised in the confused mass his most valuable Hebrew, French, and Latin Bibles, a unique Talmud, Rabbinical treatises printed and in manuscript, Aramaic and Samaritan texts and scrolls from the synagogues---in fine, the most precious relics of Israel all lying in a disordered heap, gaping and crumpled. Monsieur Sariette found himself confronted with an inexplicable phenomenon; nevertheless he sought to account for it. - Taken from "The Revolt Of The Angels" written by Anatole France

On a dark night in 1775, Lizzie Boylston is awakened by the sound of cannons. From a hill south of Boston, she watches as fires burn in Charlestown, in a battle that she soon discovers has claimed her husband's life. Alone in a new town, Lizzie grieves privately but takes comfort in her deepening friendship with Abigail Adams. Soon, word spreads of Lizzie's extraordinary midwifery and healing skills, and she begins to channel her grief into caring for those who need her. But when two traveling patriots are poisoned, Lizzie finds herself with far more complicated

edges of what is imaginable for the life of a slave woman, and risks becoming the conspiracy's weak link. But the real revelation of the book—the secret to the stirring imagery and insistent prose—is Marlon James himself, a young writer at once breathtakingly daring and wholly in command of his craft.

In this Ming-era novel, historical narrative, raucous humor, and the supernatural are interwoven to tell the tale of an attempt to overthrow the Song dynasty. Quelling the Demons' Revolt is centered on the rebellion led by Wang Ze in 1047-48, warning of the vulnerability of a world plagued by demonic forces as well as mundane corruption. Vibrantly and perceptively told, this is the story of one remarkable year—a vivid history of exhilarating triumphs and shattering defeats around the world. 1956 was one of the most remarkable years of the twentieth century. All across the globe, ordinary people spoke out, filled the streets and city squares, and took up arms in an attempt to win their freedom. In this dramatic, page-turning history, Simon Hall takes the long view of the year's events—putting them in their post-war context and looking toward their influence on the counterculture movements of the 1960s—to tell the story of the year's epic, global struggles from the point of view of the freedom fighters, dissidents, and countless ordinary people who worked to overturn oppressive and authoritarian systems in order to build a brave new world. It was an epic contest. 1956 is the first narrative history of the year as a whole—and the first to frame its tumultuous events as part of an interconnected, global story of revolution.
