The dangerous turmoil provoked by the breakdown in Russo-Ukrainian relations in recent years has escalated into a crisis that now afflicts both European and global affairs. Few so far have looked at the crisis from the point of view of Russo-Ukrainian relations, a gap this edited collections seeks to address.

US research of Earth-Moon mechanics by NASA astrophysicist Robert Newton leads mathematicians of MSU from MSU to a breakthrough in the chronology of

civilization and Russia. The Issue With Baptism of Russia reports to the readers that there were four baptisms of Russia according to canonical Russian Orthodox Church literature and not just one of 989 A.D. ordered by Prince Vladimir as it is told by schoolbooks for the last 400 years! The Issue With Baptism of Russia consists of chapters that complement and develop the reconstruction of the Russian history from the point of view of the New Chronology as related in the previous books of the History: Fiction or Science? series. The sequence of individual topics is usually of little importance, and the sections can be read in a random order. Every individual issue mentioned below is of interest per se, and can serve as basis for further research.

Russia is rich in martial traditions deriving from a highly diverse population. Sambo—developed by the Soviet Red Army—became the most recognize martial art associated with Russia mainly because of its presence in international competitions. Another style to become recognized for its great practicality and encompassing training regimen is Systema. Originally created for Russian Special Operations Units, Systema's teaching gradually spread world-wide after the fall of the Soviet Union in 1991. This anthology contains writings about Systema and Sambo that present essential information for anyone interested in the history, theory, and practice of these combative systems. In the first chapter,

Kevin Secours shows that ground fighting and grappling are necessary components of a complete tactical arsenal. Specific emphasis is on the role of defending the takedown in a modern survival scenario. In chapter two he summarizes the prevailing theories and findings pertaining to the science of fear as it relates to surviving violence. How these findings have been interpreted by modern combative systems in the West are compared with approaches to the traditional Russian martial arts and their application in the Russian Special Forces. The next three chapters focus on Sambo. Jacques and Anderson detail the historical development of Sambo. Vasili Sergevich Oshchepkov, a student of Jigoro Kano, and Victor Spiridonov worked to develop this combative system. However, despite the judo-jujutsu influence, Sambo was born of native Russian and other regional grappling and combat wrestling styles bolstered with many useful and adaptable concepts and techniques from the rest of the world. This chapter presents details of the early development up to recent times. The fourth chapter by Polyakov, Yankauskas, and DeRose focuses on some of the fundamental techniques that are legal for Sambo competition. The purpose of this study was to examine and compare the most successfully used submission techniques of three of the greatest figures in the history of sambo competition: Michael Burdikov, Alex Feodorov, and David Rudman. Sambo has become well-

known largely due to the success of Sambo fighters in various mixed martial art venues. Stephen Koepfer's final chapter offers a description of its development as well as a delineation of one of Sambo's hallmark strategies: offensive rolling. Examples of proper forward rolling and three related offensive techniques are presented. May readers of this anthology come to appreciate the great depth of Russian martial traditions and the unique developments that emerged in the arts of Systema and Sambo.

Since its publication in 1842, *Dead Souls* has been celebrated as a supremely realistic portrait of provincial Russian life and as a splendidly exaggerated tale; as a paean to the Russian spirit and as a remorseless satire of imperial Russian venality, vulgarity, and pomp. As Gogol's wily antihero, Chichikov, combs the back country wheeling and dealing for "dead souls"--deceased serfs who still represent money to anyone sharp enough to trade in them--we are introduced to a Dickensian cast of peasants, landowners, and conniving petty officials, few of whom can resist the seductive illogic of Chichikov's proposition.

She emerged as innocent as any newborn. The party of starbursts and sparkles came to a standstill. In awe, millions of heavenly beings paused. Shine Star, Princess of the Universe, was the most precious and rare of all creations. As an expression of perfect happiness, thus was the king's daughter born. A magical

love story unfolds in Vikrant Malhotra's wondrous debut, *The Stories of Goom'pa: Book One*. Meet Goom'pa. He is a Poofy, a small furry creature who resides on Earth in a place called Palidon, on the edge of the Miron National Forest. His world is a quiet one-until he spies Shine Star, a glorious star in the sky and the daughter of Prime Ray, the king of the universe. Enchanted by her elegance, Goom'pa knows he is willing to do anything to win the love of this celestial beauty. As the two meet and fall in love, Shine Star's father worries about his only daughter. Exploiting that concern is the Star Lord, Rath, who wants nothing more than to wrestle control of the universe away from Prime Ray. Will Goom'pa and Shine Star find a way to be together? Or will Rath's evil plan doom them all?

Gregory the Great was pope from 590-604 and left behind a substantial literary heritage. His most ambitious work and one of the most popular works of scriptural exegesis in the middle ages was the *Moralia in Iob*, commenting the book of Job in 35 books running to over half a million words. *Saint Gregory's Commentary on Job* was written between 578 and 595, begun when Gregory was at the court of Tiberius II at Constantinople, but finished only after he had already been in Rome for several years. Upton Sinclair, one of America's foremost and most prolific authors, addresses the cultivation of the mind and the body in this 1922 volume. Sinclair's goal was to attempt to tell the reader how to live, how to find health, happiness and success, and how to develop fully both the mind and the body. Part One: The Book of the Mind covers such subjects as faith, reason, morality, and the subconscious. Part Two: The Book of the Body develops such subjects as errors in diet, the fasting cure, food and poisons, work and play, and diseases and their cures .

A Sunday Times bestseller | A New York Times Book Review Editors' Choice Named a best book of the year by The Economist | Financial Times | New Statesman | The Telegraph "[Putin's People] will surely now become the definitive account of the rise of Putin and Putinism." —Anne Applebaum, The Atlantic "This riveting, immaculately researched book is arguably the best single volume written about Putin, the people around him and perhaps even about contemporary Russia itself in the past three decades." —Peter Frankopan, Financial Times Interference in American elections. The sponsorship of extremist politics in Europe. War in Ukraine. In recent years, Vladimir Putin's Russia has waged a concerted campaign to expand its influence and undermine Western institutions. But how and why did all this come about, and who has orchestrated it? In *Putin's People*, the investigative journalist and former Moscow correspondent Catherine Belton reveals the untold story of how Vladimir Putin and the small group of KGB men surrounding him rose to power and looted their country. Delving deep into the workings of Putin's Kremlin, Belton accesses key inside players to reveal how Putin replaced the freewheeling tycoons of the Yeltsin era with a new generation of loyal oligarchs, who in turn subverted Russia's economy and legal system and extended the Kremlin's reach into the United States and Europe. The result is a chilling and revelatory exposé of the KGB's revanche—a story that begins in the

murk of the Soviet collapse, when networks of operatives were able to siphon billions of dollars out of state enterprises and move their spoils into the West. Putin and his allies subsequently completed the agenda, reasserting Russian power while taking control of the economy for themselves, suppressing independent voices, and launching covert influence operations abroad. Ranging from Moscow and London to Switzerland and Brooklyn's Brighton Beach—and assembling a colorful cast of characters to match—Putin's People is the definitive account of how hopes for the new Russia went astray, with stark consequences for its inhabitants and, increasingly, the world.

An MBA from Kellogg, a six-figure salary teasing toward seven, and a career trajectory in international banking that challenged gravity. Whether in Boston or Moscow, Carson Neshek led a charmed existence filled with fast cars, lucrative business deals and beautiful women. With Russia now open for private investment and the world knocking on the door, Carson only had time for business. A personal life -- or at least its encumbrances -- would have to wait. That included the exotic beauty Sasha and her daughter Vika, for whom Carson was "daddy" only as an occasional patron. Russia was a land of adventure and opportunity that demanded taming. And gambling with it was

an intoxicating game until the stakes escalated too far too fast - threatening his career and maybe his life. Carson stood at the dangerous intersection of corrupt politics and mafia-controlled business in Russia. As murders began to pile up he found himself squeezed between the terrifying Russian criminal underworld, all-reaching Russian political power, and even U.S. law. Carson would have to learn whom he could trust and what he could save and then make a choice -- before it was too late.

FULL-COLOR EDITION QUOTES FROM THOSE WHO KNOW: THE OPENING OF THE FIRST BIODOME GARDEN IN OTTAWA - AUGUST 27, 2014 "On August 17, 2014 the Brewer Park Community Garden (BPCG), situated across from Brewer Arena, celebrated the grand opening of Ottawa's first Biodome Garden project. To commemorate the day, the Park hosted a ribbon cutting ceremony along with an afternoon of events, including a barbecue and tours of the Biodome and gardens... When asked about the inspiration for the Biodome Garden, Oster credited the ever-enduring spirit of his co-project leader, Guy Souliere and the pages of Patricia Watters' book, *The Biodome Garden Book...*" "The completion of the Biodome Garden marks an historic moment for Ottawa. The project is the first structure of its kind in Eastern Canada, making it an exciting achievement that sets a high standard and precedence for future similar structures to be built in the Region." "It is the hope of the Brewer Park Community Garden that this innovative project will be replicated many times in several different forms across the City and Ottawa Region. Its replication could shape the

beginning of a much more healthy and sustainable food culture across Ottawa." --SPACING MAGAZINE "Even before the advent of biodomes, experimentation had already begun with domed enclosures that could sustain year-round gardens. At the forefront was Patricia Watters, author of the "The Biodome Garden Book," the premier book on passive-solar biodome greenhouse gardening. (WHOLE LIFE TIMES MAGAZINE) "May as well start off with the most comprehensive food production system that I have ever come across. A wonderful lady named Patricia Watters has written a book on how to construct a system that not only produces produce, but also fish, (a great protein source) in an environment that does not require sprays or the traditional heating and electrical expenses associated with green house systems." Traditional beliefs about meeting goals are fundamentally flawed. Goal setting tactics assume goals are measurable, achieved, and final-all attributes that describe objectives, not goals. Unlike objectives, which are by their very nature self-contained, goals are immeasurable. A goal is realized, not achieved, and must be maintained to remain successful. What good is the goal of losing weight if you don't keep the weight off? Losing twenty pounds is an objective. Keeping that twenty pounds from returning is a goal, which must be maintained to remain a success. In Three Your Life,

entrepreneur and accidental expatriate David R. Sanders applies this important distinction between goals and objectives. Beginning with attitude, outlook, and perception, Sanders builds a solid foundation on which to effect major life changes. Learn to differentiate between needs, wants, and desires-and discover how focusing on desires causes everything else to fall into place. To realize desires, Sanders reevaluates conventional thinking on prioritizing tasks, using a three-part daily structure that ensures you're working toward a productive and fulfilling life. A fresh new approach to goal setting, *Three Your Life* offers the opportunity to realize your goals, achieve your objectives, and understand the difference between the two.

Written in French in 1888, The Russian Idea contains elements of ideas that Solovyov developed more extensively in his much larger work Russia and the Universal Church. In The Russian Idea, Solovyov seeks to answer the question: What is the role and function that God

has in mind for Russia as being integrated into all of humanity and especially as being integrated into the Mystical Body of Christ on Earth? "The idea of a nation is not what it thinks of itself in time, but instead what God thinks of it in eternity." Remarkably perceptive and insightful, trenchant and charitable, Solovyov remains pertinent today.
