Dr Mike Moreno's 17 Day Diet is a revolutionary new weight-loss programme that activates your skinny gene so that you

burn fat day in and day out. The diet is structured around four 17-day cycles: Accelerate- the rapid weight loss portion that helps flush sugar and fat storage from your system; Activate-the metabolic restart portion with alternating low and high calorie days to help shed body fat; Achieve - this phase is about learning to control portions and introducing new fitness routines; Arrive - A combination of the first three cycles to keep good habits up for good. Each cycle changes your calorie count and the food that you're eating. The variation that Dr. Mike calls 'body confusion' is designed to keep your metabolism guessing. This is not a diet that relies on a tiny list of approved foods, gruelling exercise routines, or unrealistic calorie counts that leave you hungry and unfulfilled. Each phase comes with extensive lists of what dieters can and can't eat while on the phase, but also offers acceptable cheats. He advises readers not to drink while on the diet, but concedes that if they absolutely have to then they should at least drink red wine. Dr Mike knows that a diet can only work if it's compatible with the real world, and so he's designed the programme with usability as a top priority.

Whether you need to get dinner on the table for your family tonight or are planning your next get-together with friends, Half Baked Harvest Cookbook has your new favorite recipe. Tieghan Gerard grew up in the Colorado mountains as one of seven children. When her dad took too long to make dinner every night, she started doing the cooking--at age 15. Ever-determined to reign in the chaos of her big family, Tieghan found her place in the kitchen. She had a knack for creating unique dishes, which led her to launch her blog, Half Baked Harvest. Since then, millions of people have fallen in love with her fresh take on comfort food, stunning photography, and charming life in the mountains. While it might be a trek to get to Tieghan's barn-turned-test kitchen, her creativity shines here: dress up that cheese board with a real honey comb; decorate a standard salad with spicy, crispy sweet potato fries; serve stir fry over forbidden black rice; give French Onion Soup an Irish kick with Guinness and soda bread; bake a secret ingredient into your apple pie (hint: it's molasses). And a striking photograph accompanies every recipe, making Half Baked Harvest Cookbook a feast your eyes, too.

Healthy meals made the slow cooker way America's Test Kitchen had a simple goal: Create quick and easy foolproof slow cooker recipes that taste as good as meals prepared on the stovetop or in the oven. They had one more stipulation: They wanted their selections to be healthy, not the fat-heavy main courses featured in many slow cooker cookbooks. It took nearly a year of testing, 1,500 recipes, and \$20,000 spent on groceries to find the finalists: 200 new, easy-to-make slow cooker recipes. True to its trusted source, the winning recipes collected here include delicious weekday and holiday meals; snacks, sides, and desserts.
