Revisited, Jim Marrs updates his authoritative dissection of the official story of 9/11. This revised edition is packed with explosive material including: The revelations of former New Jersey attorney General John Farmer, who served as Senior Counsel to the 9/11 Commission: "At some level of the government, at some point in time. . .there was an agreement not to tell the truth about what happened." Commission cochairman Thomas Kean's suspicion of deceit: "We to this day don't know why NORAD told us what they told us. It was just so far from the truth." The conclusion of European scientists that there was nanothermite in the World Trade Center debris, a high explosive generally available only through the US military. The investigation by Pilots For 9/11 Truth and their conclusion that hijackers could not have accessed the cockpit of Flight 77. One thing we know to be true is that the full truth about the September 11th attacks has not yet been presented to the American public. Jim Marrs thoroughly dismantles the credibility of the US government's narrative and leaves the reader with some unsavory but indisputable conclusions.

NEW YORK TIMES BESTSELLER “A masterful book.” —Marc Levinson, *The Washington Post* “A juicy tour of the company Bezos built.”—*The New York Times Book Review* From the bestselling author of *The Everything Store*, an unvarnished picture of Amazon's unprecedented growth and its billionaire founder, Jeff Bezos, revealing the most important business story of our time. Almost ten years ago, Bloomberg journalist Brad Stone captured the rise of Amazon in his bestseller *The Everything Store*. Since then, Amazon has expanded exponentially, inventing novel products like Alexa and disrupting countless industries, while its workforce has quintupled in size and its valuation has soared to well over a trillion dollars. Jeff Bezos's empire, once housed in a garage, now spans the globe. Between services like Whole Foods, Prime Video, and Amazon's cloud computing unit, AWS, plus Bezos's ownership of *The Washington Post*, it's impossible to go a day without encountering its impact. We live in a world run, supplied, and controlled by Amazon and its iconoclast founder. In *Amazon Unbound*, Brad Stone presents a deeply reported, vividly drawn portrait of how a retail upstart became one of the most powerful and feared entities in the global economy. Stone also probes the evolution of Bezos

Definitive, timely, and revelatory, Stone has provided an unvarnished portrait of a man and company that we couldn't imagine modern life without.

On May 6, 2010, financial markets around the world tumbled simultaneously and without warning. In the span of five minutes, a trillion dollars of valuation was lost. The Flash Crash, as it became known, represented what was then the fastest drop in market history. When share values rebounded less than half an hour later, experts around the globe were left perplexed. What had they just witnessed? Navinder Singh Sarao hardly seemed like a man who would shake the world's financial markets to their core. Raised in a working-class neighborhood in West London, Nav was a preternaturally gifted trader who played the markets like a computer game. By the age of thirty, he had left behind London's "trading arcades," working instead out of his childhood home. For years the money poured in. But when lightning-fast electronic traders infiltrated markets and started eating into his profits, Nav built a system of his own to fight back. It worked—until 2015, when the FBI arrived at his door. Depending on whom you ask, Sarao was a scourge, a symbol of a financial system run horribly amok, or a folk hero who took on the tyranny of Wall Street and the high-frequency traders. A real-life financial thriller, *Flash Crash* uncovers the remarkable, behind-the-scenes narrative of a mystifying market crash, a globe-spanning investigation into international fraud, and a man at the center of them both.

days seems capable of killing us. Recently we have seen an unprecedented number of deaths due to medications for diseases that may not even exist, obscure cancers caused by our modern devices, and brutal police tactics. All a coincidence? Think again. In *Population Control*, acclaimed journalist Jim Marrs lays out a stunning case for his most audacious conspiracy yet: the scheme concocted by a handful of global elites to reduce the world's population to 500 million by whatever means necessary and make a profit from it. Marrs, the bestselling author of *Rule by Secrecy* and *The Trillion Dollar Conspiracy*, pulls no punches in exposing this evil and chillingly effective plan. He explains how a small group of tremendously wealthy and powerful people control virtually every important industry – guns, oil, pharmaceuticals, food, and of course the media – and how it uses this vast network of conglomerates to take actions that lead to the deaths of men and women all over the world. In the explosive *Population Control*, Marrs lays bare the damning truths corporate owners don't want you to discover: how they've spied on private citizens, intentionally spread disease, and destroyed the planet chasing profits, all to improve the lives of a privileged few while eliminating everyone else. Finally, he offers a citizen's blueprint for fighting back.

Reviewing the evidence, documents, and connections, *The Illuminati: The Secret Society That Hijacked the World* by award-winning journalist and author Jim Marrs shines a light on the history, workings, continuing influence, and pernicious and hidden power of this secret order. Surveying experts—from those who dismiss the Illuminati as a short-lived group of little consequence to skeptics who dare question the government's accounts and pronouncements—Marrs cuts through the wild speculation and the attempts to silence critical thinkers to tell the true story of this secret cabal. He investigates their origin as “The Ancient and Illuminated Seers of Bavaria,” the depiction on the United States one-dollar bill of an all-seeing eye and pyramid on the reverse of the Great Seal of the United States, the Protocols—or procedures—for usurping national governments and gaining world domination, the symbolism found in today's international corporate logos, Knights Templar, assassins, Skull and Bones, whistle blowers, the revolutions in France, Russia, and America, and much, much more. Wealth, power, and intrigue come together in this in-depth exposé on the Illuminati, their history, connections to powerful people, and their place in modern America. Turbulent times. Economic disruptions. Wars and civil strife. Hidden and secret cabals. Global

elites. Mysterious symbols. Missing money. Surveillance and microchips. Where is the world heading? Just who has control, and what are their goals? While we are assured by our leaders that global treaties and international organizations such as the International Monetary Fund and United Nations are wholly benign and beneficial in nature, are they actually the foundation for an authoritarian world government? Are powerful cabals and front organizations orchestrating political and financial events in a nefarious attempt to destroy individual nations and achieve world domination? Uncovering more than 200 events, organizations, people, symbols, pop-cultural references, and other examples underlying suspicions of the looming New World Order, *The New World Order Book* reveals and uncovers the truth behind the disconcerting reasons for the rapidly expanding militarization of the police; the increase in doctors prescribing mood-changing drugs to the nation's children; the manipulative actions of the Illuminati and the Freemasons; population control; the surveillance of social media, emails, and phone calls; Project Blue Beam: an alleged, top secret program to create a faked alien invasion; the rise of a so-called Fourth Reich; the further expansion of the Patriot Act; suspicious deaths; "end times" scenarios; banking elites; and the microchipping and tracking of the human population; to name just a few. Tracing the power and destructive effects of the global elite and their plots, *The New World Order Book* exposes their unpleasant reach into the daily operations of today's world. It also includes a helpful bibliography and an extensive index, adding to its usefulness.

The US government has spent as much time covering up conspiracies as it has helping the American people. In Hidden History, you will see the amount of effort that our government has dedicated over the past fifty years to lying and covering up the truth to the world. Starting with the assassination of President John F. Kennedy, Don Jeffries chronicles a wide variety of issues that have plagued our country's history. Whether it is the assassinations of MLK and RFK, Iran-Contra, the Oklahoma City bombing, TWA Flight 800, voting fraud, or 9/11, every major disaster or war that we've witnessed has somehow been distorted by those who are supposed to be protecting us. Jeffries also delves into extensive research on the death of John F. Kennedy, Jr. - and what he finds will shock you. So whether you've only heard bits and pieces of these stories or you've read several books on the topics, Hidden History is the book that belongs in every conspiracy theorist's library, as the information included here has never been collected together in any other published work available. So sit down, strap in, and get ready to be shocked and awed by how much has been hidden by our government over the past fifty years. Updated for 2016, this version features a new introduction by political insider Roger Stone.

Unlike the wars in Vietnam and Iraq, the US invasion of Afghanistan in 2001 had near-unanimous public support. At first, the goals were straightforward and clear: to defeat al-Qaeda and prevent a repeat of 9/11. Yet soon after the United States and its allies removed the Taliban from power, the mission veered off course and US officials lost sight of their original objectives

Throw out everything you think you know about history. Close the approved textbooks, turn off the corporate mass media, and whatever you do, don't believe anything you hear from the government—The Rise of the Fourth Reich reveals the truth about American power. In this explosive new book, the legendary Jim Marrs, author of the underground bestseller *Rule by Secrecy*, reveals the frighteningly real possibility that today the United States is becoming the Fourth Reich, the continuation of an ideology thought to have been vanquished more than a half century ago. This concept may seem absurd to those who cannot see past the rose-colored spin, hype, and disinformation poured out daily by the media conglomerates—most of which are owned by the very same families and corporations who supported the Nazis before World War II. But as Marrs precisely explains, National Socialism never died, but rather its hideous philosophy is alive and active in modern America. Unfortunately, most people cannot understand the shadowy links between fascism and corporate power, the military, and our elected leaders. While the United States helped defeat the Germans in World War II, we failed to defeat the Nazis. At the end of the war,

ranking Nazis, along with their young and fanatical protégés, used the loot of Europe to create corporate front companies in many countries, including the United States of America. Utilizing their stolen wealth, men with Nazi backgrounds and mentalities wormed their way into corporate America, slowly buying up and consolidating companies into giant multinational conglomerates. Many thousands of other Nazis came to the United States under classified programs such as Project Paperclip. They brought with them miraculous weapon technology that helped win the space race but they also brought their insidious Nazi philosophy within our borders. This ideology based on the authoritarian premise that the end justifies the means—including unprovoked wars of aggression and curtailment of individual liberties—has gained an iron hold in the "land of the free and the home of the brave." For the first time Jim Marrs has gathered compelling evidence that an effort has been underway for the past sixty years to bring a form of National Socialism to modern America, creating in essence a modern empire—or "Fourth Reich"!

countries around the globe out of trillions of dollars. Then he reveals how the deadly EHM cancer he helped create has spread far more widely and deeply than ever in the US and everywhere else—to become the dominant system of business, government, and society today. Finally, he gives an insider view of what we each can do to change it. Economic hit men are the shock troops of what Perkins calls the corporatocracy, a vast network of corporations, banks, colluding governments, and the rich and powerful people tied to them. If the EHMs can't maintain the corrupt status quo through nonviolent coercion, the jackal assassins swoop in. The heart of this book is a completely new section, over 100 pages long, that exposes the fact that all the EHM and jackal tools—false economics, false promises, threats, bribes, extortion, debt, deception, coups, assassinations, unbridled military power—are used around the world today exponentially more than during the era Perkins exposed over a decade ago. As dark as the story gets, this reformed EHM also provides hope. Perkins offers specific actions each of us can take to transform what he calls a failing Death Economy into a Life Economy that provides sustainable abundance for all. America's ruling class has failed everyday Americans. "Informal and often humorous...an entertainingly told narrative of elite malfeasance" (Publishers Weekly), Tucker Carlson's *Ship of Fools* tells the truth about the new American elites, a group whose power and wealth has grown beyond imagination even as the rest of the country has withered. The people who run America now barely interact with it. They fly on their own planes, ski on their own mountains, watch sporting events far from the stands in sky boxes. They have total contempt for you. In *Ship of Fools*, Tucker Carlson offers a blistering critique of our new overlords and answers the all-important question: How do we put the country back on course? Traditional liberals are gone, he writes. The patchouli-scented hand-wringers who worried about whales and defended free speech have been replaced by globalists who hide their hard-edged economic agenda behind the smokescreen of identity politics. They'll outsource your job while lecturing you about transgender bathrooms. Left and right, Carlson says, are no longer meaningful categories in America. "The rift is between those who benefit from the status quo, and those who don't." Our leaders are fools, Carlson concludes, "unaware that they are captains of a sinking ship." But in the signature and witty style that viewers of Tucker Carlson Tonight enjoy so much, *Ship of Fools* is "bulging with big and interesting ideas, presented succinctly with wit and

According to The New York Times, Noam Chomsky is “arguably the most important intellectual alive.” But he isn’t easy to read . . . or at least he wasn’t until these books came along. Made up of intensively edited speeches and interviews, they offer something not found anywhere else: pure Chomsky, with every dazzling idea and penetrating insight intact, delivered in clear, accessible, reader-friendly prose. Published as four short books in the famous Real Story series—What Uncle Sam Really Wants; The Prosperous Few and the Restless Many; Secrets, Lies and Democracy; and The Common Good—they’ve collectively sold almost 600,000 copies. And they continue to sell year after year after year because Chomsky’s ideas become, if anything, more relevant as time goes by. For example, twenty years ago he pointed out that “in 1970, about 90% of international capital was used for trade and long-term investment—more or less productive things—and 10% for speculation. By 1990, those figures had reversed.” As we know, speculation continued to increase exponentially. We’re paying the price now for not heeding him them.

The official story about 9/11 is discredited. That is the sobering conclusion reached by millions of Americans, all across the political spectrum, who have sifted through the evidence uncovered by hundreds of independent researchers. Many honest citizens are

now forced, with sadness and reluctance, to make an almost unthinkable inference: Powerful US officials must have had foreknowledge of the planned attacks, and then acted from the inside to: thwart efforts to prevent 9/11, remove or cover up criminal evidence, and hamper inquiries into what happened. Were the horrific events of September 11, 2001 truly an inside job? This book will help you decide for yourself. In this work, world-renowned conspiracy theorist Jim Marrs makes a compelling case that 9/11 marks the intersection of several conspiracies at once, each based on overlapping political agendas. Support for his thesis comes from this sampling of the many disturbing anomalies, cited by Marrs: Standard air defence mechanisms systematically failed, simultaneously; Interceptor jets were scrambled too late, too slowly, and from the wrong locations; President Bush proceeded with a 'photo op' long after he knew we were under attack; Fires could not have caused the free-fall collapse of the World Trade Center towers; The collapse of Building 7 in the complex was later admitted to be a demolition; Vital physical evidence was either removed or has never been released to investigators; Key officials claimed warnings never came, despite massive evidence to the contrary. This is the definitive journalistic account of the hidden role of the Bush administration in failing to prevent the 9/11 attacks. The author provides heavy documentation of his findings, plus extensive appendices that include perspectives from families of 9/11 victims, and excerpts from the RICO Act lawsuit filed by 9/11 widow Ellen Mariani.

Get the story the Fake News media doesn't want you to hear in the #1 New York Times bestseller: a withering indictment of the Deep State plot against Trump and a firsthand account of the real presidency, based on interviews with the Trump family and top administration officials. At this point in American history, we are the victims of a liberal sabotage of the presidency unlike anything we've ever witnessed. Nevertheless President Trump continues to fight every day to keep his promise to Make America Great Again. Today that bold idea has already led to a conservative judge on the Supreme Court, tax reform, and deregulation that has unleashed an economy stronger than anyone could have imagined. But there are dark forces that seek to obstruct and undermine the president and reverse the results of the 2016 presidential election. They are part of a wide-ranging conspiracy that would seem incredible if it weren't being perpetrated openly. Driven by ambition, blinded by greed, and bound by a common goal -- to unseat the 45th President of the United States -- this cabal is determined to maintain its wrongful hold on national political power. Fox News host Jeanine Pirro uncovers the elements of this conspiracy, including: "Fake news" propaganda, Law enforcement corruption at the highest levels, National security leaks by the intelligence community, Bureaucratic resistance to lawful and constitutional executive orders issued by the duly elected president, Crooked deals with foreign governments by U.S. officials sworn to defend our Constitution. It's about time the American public knows the truth about the plot to bring down the Trump presidency. By the time you've finished this

The War On Freedom
The 9/11 Conspiracies
Were the U.S. invasions of Afghanistan and Iraq planned long before the tragedies of September 11, 2001? Why did many WTC survivors mention bombs? Why did normal security measures consistently fail that day? Why has no one in government been fired or even reprimanded for failure to anticipate and prevent the attacks? For that matter, who was truly behind the strikes? Who and where is Osama bin Laden? What connects the bin Laden and Bush families? If the purpose of the perpetrators of 9/11 was to end traditional American freedoms, they may well have succeeded. Laws rushed through a Congress that never had a chance to read them while under a declared state of emergency have curtailed our freedoms.

An Economist “Our Books of the Year” Selection
Economist Bryan Caplan makes a bold case for unrestricted immigration in this fact-filled graphic nonfiction. American policy-makers have long been locked in a heated battle over whether, how many, and what kind of immigrants to allow to live and work in the country. Those in favor of welcoming more immigrants often cite humanitarian reasons, while those in favor of more restrictive laws argue the need to protect native citizens. But economist Bryan Caplan adds a new, compelling perspective to the immigration debate: He argues that opening all borders could eliminate absolute poverty worldwide and usher in a booming

worldwide economy—greatly benefiting humanity. With a clear and conversational tone, exhaustive research, and vibrant illustrations by Zach Weinersmith, *Open Borders* makes the case for unrestricted immigration easy to follow and hard to deny.

Jim Marrs presents the official government pronouncement on 9/11 as an obvious conspiracy. The only question is whose conspiracy it was. According to the government, the conspiracy involved about nineteen suicidal Middle Eastern Muslim terrorists, their hearts full of hatred for American freedom and democracy, who hijacked four airliners, crashing two into the Twin Towers of New York City's World Trade Center and a third into the Pentagon, near Washington, DC. The fourth airliner reportedly crashed in western Pennsylvania after passengers attempted to overcome the hijackers. To add insult to injury, this whole incredible *Mission Impossible* operation, which defeated a forty-billion-dollar defense system, was under the total control of a devout Muslim cleric using a computer while hiding in a cave in Afghanistan. Primarily using mainstream media and government reports, Marrs has crafted the definitive journalistic account exposing the likely complicity of the Bush administration in the 9/11 attacks, providing a history of the overt and covert causes of the events. However, his analysis goes far beyond 9/11, enabling us to understand the motivation behind American foreign policy, with the wars in Afghanistan and Iraq as primary examples of the US government's secret agenda.

Argues that a global conspiracy has enslaved Americans with poor education, a misguided mass media, and a buffet of prescription drugs, and issues a call to break free from this catatonic state and reclaim what America once stood for. America's economy is in shambles . . . Its citizens are terrified and dissatisfied . . . Could it all have been planned by a secret elite one hundred years ago? The New World Order. Hitler referred to it in his diaries. President George H. W. Bush foretold of it in his speeches. Formed by a secretive global elite, the group seeking this new order has taken hold of the nation—and perhaps the world. Its influence pervades every aspect of American society, from the products we buy at the grocery store to the topics of evening news programs. Award-winning journalist and New York Times bestselling author Gerald Posner reveals the heroes and villains of the trillion-dollar-a-year pharmaceutical industry and delivers “a withering and encyclopedic indictment of a drug industry that often seems to prioritize profits over patients (The New York Times Book Review). Pharmaceutical breakthroughs such as antibiotics and vaccines rank among some of the greatest advancements in human history. Yet exorbitant prices for life-saving drugs, safety recalls affecting tens of millions of Americans, and soaring rates of addiction and overdose on prescription opioids have caused many to lose faith in drug companies. Now, Americans are demanding a national reckoning with a monolithic industry. “Gerald’s dogged reporting, sets Pharma apart from all books on this subject” (The Washington Standard) as we are introduced to brilliant scientists, incorruptible government regulators, and brave whistleblowers facing off against company executives often blinded by greed. A business that profits from treating ills can create far deadlier problems than it cures. Addictive products are part of the industry’s DNA, from the days when corner drugstores sold morphine, heroin, and cocaine, to the past two decades of dangerously overprescribed opioids. Pharma also uncovers the real story of the

Sacklers, the family that became one of America's wealthiest from the success of OxyContin, their blockbuster narcotic painkiller at the center of the opioid crisis. Relying on thousands of pages of government and corporate archives, dozens of hours of interviews with insiders, and previously classified FBI files, Posner exposes the secrets of the Sacklers' rise to power—revelations that have long been buried under a byzantine web of interlocking companies with ever-changing names and hidden owners. The unexpected twists and turns of the Sackler family saga are told against the startling chronicle of a powerful industry that sits at the intersection of public health and profits. “Explosively, even addictively, readable” (Booklist, starred review), *Pharma* reveals how and why American drug companies have put earnings ahead of patients.

insiders that relentlessly encroaches on the individual rights of Americans—for stealing the election and undermining his presidency. Most Americans who supported him agreed. Americans on the left increasingly fear the “military-industrial complex,” a faction of generals and defense contractors who they believe routinely push the country into endless wars. But does the American “deep state” really exist? This question is fundamental to preserving the legitimacy of American democracy, as frustration with and distrust for the government continue to grow. In *Deep* seeks to dispel these pernicious myths through an examination of the FBI, CIA, and Justice Department scandals of the past fifty years from the Church Committee’s exposure of Cold War abuses to the claims and counterclaims of the Trump era and the relentless spread of conspiracy theories online and on air. It exposes the misconduct of Attorney General William Barr; how distrust of the “deep state” undermined the US government response to the COVID-19 pandemic; and the growing discord sowed by the explosion of false information online. It investigates Trump’s quest to discredit government experts, the legislative and judicial branches, and the results of the 2020 election and assume authoritarian power for himself. “The idea of the deep state, Rohde writes, is inextricably linked to a particular view of presidential power” (Dina Temple-Raston, *Washington Post*).
