How to Simply Integrate Unique Educational Principles at Home And Raise The World's Happiest Child (Even If You Haven't Heard of Montessori Before) Do you want to put emphasis on self-directed and lifelong learning? Do you want to provide a healthy environment for your child so they can work and develop at their own pace? Are personal growth and your child's happiness the most important components of your kid's education? Then you probably support the concept of Montessori. No wonder studies show that children at Montessori schools significantly out-performed those given a traditional education: Five-year-old Montessori school kids were better prepared for reading and maths 12-year-olds wrote "significantly more creative" essays using more complex sentence structures and a broader range of vocabularies Montessori children have higher emotional intelligence and a greater sense of justice and fairness Did you know that nowadays emotional and social skills are four times more important than IQ when considering success and prestige in the professional work life? Knowing these magnificent benefits makes you want to integrate these valuable principals at home. But where do you even begin? Encouraging your child's natural curiosity and setting the foundation for lifelong learning can be done by making a few, simple changes in your home environment. It's much easier, cheaper and less time-consuming than you might think. This is only a select sample of what you'll discover in this book: How to raise an independent child at home from birth how to prepare your home environment the right way 7 Key principles all parents

should know and how to apply them the right way Essential items in a Montessori home that won't cost a fortune Montessori at home activities customized for ages 0 to 5 How to set up a Montessori home in less than a day 4 simple fundamentals of the perfect Montessori home (and why it doesn't need to be a perfect as you think) Unconventional ways to foster your child's sense of belonging The right amount of intervention to pave your child's road to success in life The red flags of making changes and how to adapt gently As a free bonus, you'll get 2 guided meditations for you and your child to enjoy and bond together. Even if your child won't go to a Montessori school, a Montessori home can still be the invaluable bridge to reinforcing your child's natural curiosity and desire for learning. In our fast-paced world, most people lack the time for self-discovery and end up approaching their life without purpose. Growing up with Montessori naturally encourages your child to work with their passions and discover purpose. Montessori principles teach your child to live a meaningful life, take responsibility and listen to their feelings. Don't take this chance away from your child. Just use a couple of hours to integrate Montessori at home, into your family life and plant the seed for lifelong learning. If you want to discover the easy roadmap to use Montessori at home, scroll up and click "Add to Cart" right now.

This is not a general overview of real estate flipping nor some inspirational self-help book--this is a step by step, HOW-TO blueprint to build a multi-million dollar real estate empire from scratch. Making millions renting out or flipping real estate has nothing to do with luck or even having a large budget to play with. It's all skill... so let me cut years from your learning curve and save you tens of thousands of dollars in the process. I will treat you as one of my clients and take you through every bit of minutia from pre-purchase preparation to final closing, with real world data drawn from some of the dozens of investments I'm making right now in the modern marketplace and not idealized examples from the past. Whether you're a brand-new investor with a few grand in your pocket or a seasoned real estate agent representing a $100 million fund, the key to lasting success in this business is being able to sniff out hidden equity in off-market homes before anyone else. That's precisely what I'll teach you to do faster, cheaper and smarter than any wealth management fund out there. My clients call me a "guru" and a "prodigy," my competitors "one lucky SOB," but the truth is I don't have some "Spidey sense." I can teach anyone every one of my tricks in a matter of hours. So why not? Let's have some fun. The market is sure big enough to accommodate plenty more fresh millionaires. With this vast trove of hard-learned lessons and insider tips in your corner, all you need to supply is self-discipline and ample elbow grease to turn even a few grand into millions within a few years. No luck required and the skills are provided. So what's holding you back from dominating your local market? Pre-Purchase Checklist: Will this book add value for me? Are you a stock market investor tired of being at the mercy of high-speed trading algorithms and random headline news events? Do you ever wish you had more control over your investments? Have you avoided direct real estate investment because you weren't quite sure how to leverage big data to buy off-market properties at +90% discounts, with a minimum of 30% equity? Are you a real estate professional trying to bring more value to your clients and really stand out from the pack? Would you like to take your skillset to a whole new level and earn 10x the commissions with half the work? Are you a current investor frustrated about all the competition nowadays and the ever-thinning margins? Would you like to skip the direct mailing campaigns and generate vetted leads before anyone else?

Women are rocking the world of business, changing the face of commerce, and bringing our talents to the marketplace with fervor, commitment, and passion. Over the last 15 years, women have stepped into entrepreneurship in significantly greater numbers than men, but we're also failing at those businesses even faster than men. This book is going to change that. Women Rocking Business provides a revolutionary approach to building a business that honors innate feminine values. The book is full of practical "how-to's" that will help women become thriving entrepreneurs from a place of empowering others rather than powering over them, a place of collaboration rather than competition and contribution rather than greed. Sage Lavine has seen firsthand through working with thousands of emerging female entrepreneurs that when women learn about marketing and entrepreneurship through this lens, they are better positioned to implement effective strategies and create success. Sage is the CEO of Women Rocking Business, a consulting and coaching organization that has touched and inspired over 75,000 aspiring women entrepreneurs around the globe to build businesses that change the world. In this practical guidebook, she lays out a specific plan for building a business that honors work-life balance to a degree readers may not have thought possible (or practical). They will discover how, by working just 12 days a month or less, they can have a career that both supports them financially and fits into their lives, rather than having to settle for a life that fits around an overwhelming work schedule. It's a new day and the opportunity for women is great. This book will be an answered prayer for women

who hope to unleash their life's potential and make their mark upon the world. Git is a distributed revision control and source code management system with an emphasis on speed. Learn how to take professional-quality photographs using the same tricks today's top photographers use (surprisingly, it's easier than you'd think)!

This is a completely, totally updated version of the #1 best-selling digital photography book of all time! It's the award winning, worldwide smash hit, written by Scott Kelby, that's been translated into dozens of different languages.

Here's how Scott describes this book's brilliant premise: "If you and I were out on a shoot, and you asked me, 'Hey, how do I get this flower to be in focus, with the background out of focus?,' I wouldn't stand there and give you a photography lecture. In real life, I'd just say, 'Put on your zoom lens, set your f-stop to f/2.8, focus on the flower, and fire away.' That's what this book is all about: you and I out shooting where I answer questions, give you advice, and share the secrets I've learned just like I would with a friend—without all the technical explanations and techie photo speak."

This isn't a book of theory—full of confusing jargon and detailed concepts. This is a book on which button to push, which setting to use, and when to use it. With over 200 of the most closely guarded photographic "tricks of the trade," this book gets you shooting dramatically better-looking, sharper, more colorful, more professional-looking photos every time.

Each page covers a single concept that makes your photography better. Every time you turn the page, you'll learn another pro setting, tool, or trick to transform your work from snapshots into gallery prints. If you're tired of taking shots that look "okay," and if you're tired of looking in photography magazines and thinking, "Why don't my shots look like that?" then this is the book for you.

"Christians do not experience death as do others who are not of the Christian faith." "Christians do not die alone or forsaken." "Logan Smith has told some fascinating, good-news stories that will have you thinking about what dying and heaven will be like for the Christian. He tells those stories in a loving, compassionate, nonjudgmental way. The crux of the stories, of the good news, is this: The Christian never dies alone." - Phil Hudgins, Author, Publisher, Editor, Reporter. "T. Logan Smith's work, The Ultimate Step, is a book that needed to be written. And, after a lifetime of ministering to people from all walks of life, Reverend Smith is the perfect person to have written it. His stories about what Christians experience in their final earthly days and minutes are not only heartwarming, but beautifully worded. This book is more than uplifting. While the book offers profound insights into the Bible, perhaps, more importantly, its pages holds a sense of understanding and peace about the hour of our own ultimate step." - Emory Jones-author of books including, Distant Voices and The Valley Where They Danced. "It was meant that Logan Smith write this book." - John Foster, Former Georgia Senator. "A great chronicle of faith and an affirmation of eternal truths." - Nathan Deal, Former Governor of Georgia.
