

The University Murders Level 4 Cambridge English Readers

In this psychological thriller, a missing patient raises concerns in a New York hospital, but as others start disappearing every dark possibility becomes more and more likely. To Senior Midwife Lucy Ryan, pregnancy is not an unusual condition, it's her life's work. But when two kidnappings and a vicious stabbing happen on her watch in a university hospital in Manhattan, her focus abruptly changes. Something has to be done, and Lucy is fearless enough to try. Rumors begin to swirl, blaming everyone from the Russian Mafia to an underground adoption network. The feisty single mom teams up with a skeptical NYPD detective to solve the case, but the truth is far more twisted than Lucy could ever have imagined.

"Stunning... The intelligent, cerebral plot finds contemporary parallels in Euripides's tragedies, Jacobean dramas such as *The Duchess of Malfi*, and Tennyson's poetry. The devastating ending shows just how little the troubled Mariana knows about the human psyche or herself. *Michaelides* is on a roll." —Publishers Weekly, starred review "A deliciously dark, elegant, utterly compulsive read—with a twist that blew my mind. I loved this even more than I loved *The Silent Patient* and that's saying something!" —Lucy Foley, New York Times bestselling author of *The Guest List* From the #1 New York Times bestselling author of *The Silent Patient* comes a spellbinding tale of psychological suspense, weaving together Greek mythology, murder, and obsession, that further cements "*Michaelides* as a major player in the field" (Publishers Weekly). Edward Fosca is a murderer. Of this Mariana is certain. But Fosca is untouchable. A handsome and charismatic Greek tragedy professor at Cambridge University, Fosca is adored by staff and students alike—particularly by the members of a secret society of female students known as *The Maidens*. Mariana Andros is a brilliant but troubled group therapist who becomes fixated on *The Maidens* when one member, a friend of Mariana's niece Zoe, is found murdered in Cambridge. Mariana, who was once herself a student at the university, quickly suspects that behind the idyllic beauty of the spires and turrets, and beneath the ancient traditions, lies something sinister. And she becomes convinced that, despite his alibi, Edward Fosca is guilty of the murder. But why would the professor target one of his students? And why does he keep returning to the rites of *Persephone*, the maiden, and her journey to the underworld? When another body is found, Mariana's obsession with proving Fosca's guilt spirals out of control, threatening to destroy her credibility as well as her closest relationships. But Mariana is determined to stop this killer, even if it costs her everything—including her own life.

On a school trip to London that includes her ex-boyfriend and his new girlfriend, Kim meets risk-taker Nicki, who proposes a diabolical deal.

"From the author of the "raw, ingenious, and utterly fearless" (Wendy Walker, USA Today bestselling author) *TEMPER* comes a dynamic psychological thriller about two women who give bad men exactly what they deserve--one an English professor/serial killer who murders the most evil man she knows each year, and the other a lost college freshman seeking vengeance after her best friend is sexually assaulted at a party"--

A WWI widow investigates murder—and her late husband’s secrets—in “this engrossing series launch” by the Daphne Award-winning author (Publishers Weekly). England, 1919. Verity Kent’s grief over the loss of her husband pierces anew when she receives a cryptic letter suggesting her beloved Sidney may have committed treason before his untimely death. Determined to dull her pain with revelry, Verity’s first impulse is to dismiss the claim. But the mystery sender knows too much—including the fact that during the war, Verity worked for the Secret Service, something not even Sidney knew. Lured to Umbersea Island to attend the engagement party of one of Sidney’s fellow officers, Verity discovers dark secrets among the veterans—along with a murder meant to conceal them. Relying on little more than a coded letter, a dashing stranger, and her own sharp instincts, Verity pursues a deadly trail that leads her to a shocking truth. . . “My favorite new mystery series!”– Alyssa Maxwell, USA Today bestselling author “Sure to please fans of classic whodunits and lovers of historical fiction alike.”–Jessie Crockett, author of *Whispers Beyond the Veil*

The definitive story of the Dennis Nilsen case featured in Netflix's *Memories of a Murder: The Nilsen Tapes*, and the book behind ITV's *Des*, starring David Tennant ***WINNER OF THE GOLD DAGGER AWARD FOR CRIME NON-FICTION and THE NUMBER ONE SUNDAY TIMES BESTSELLER*** _____ Dennis Nilsen, who died in May 2018, admitted to killing at least 15 people before his arrest in 1983. This ground-breaking criminal study of his killings was written with Nilsen's full cooperation, resulting in a fascinating - and horrifying - portrait of the man who worshipped death. In February 1983, residents of Muswell Hill had been plagued by blocked drains. When a plumber was called to investigate, he discovered a large blockage of biological material. To his horror, it appeared to be formed of human flesh and bones. The next day, local resident Dennis Nilsen was arrested. 'Are we talking about one body or two?' a detective asked. Nilsen replied 'Fifteen or sixteen, since 1978. I'll tell you everything.' Within days he had confessed to fifteen gruesome murders over a period of four years. His victims, mostly young gay men at a time when society cared little for them, had been overlooked. *Killing for Company* is a unique study of a murderer's mind, essential reading for true crime aficionados. _____ 'You really have to read this extraordinary book to get a full flavour of the weirdness of Nilsen and his crimes' SUNDAY TIMES 'A seminal look into the criminal mind' DAILY MAIL 'Brian Masters has given us a full, well-ordered, dispassionate account of Nilsen's life and crimes' THE TIMES 'Without any doubt one of the most remarkable, complete and most humanely informative accounts of a murderer's mind ever achieved... the book is far superior to any previous English book of its kind and deserves to serve as a model for all future attempts in this genre' NEW SOCIETY 'The book is a perceptive and at times coldly brutal assessment of Nilsen's psychology' MIRROR 'A comprehensive and compelling account' FINANCIAL TIMES 'Probably the best thing of its kind since *In Cold Blood* . . . a classic study in criminal mentality' YORKSHIRE POST 'Killing For Company must stand as one of the most remarkable and accurate accounts ever written of the singular relationship between a mass murderer and a society . . . a bloody masterpiece.' BERYL BAINBRIDGE 'A truly awesome tale, brilliantly told' LITERARY REVIEW 'A meticulous study of the dark intricacies of the human mind' THE BOOKBAG 'Brian Masters can rest assured that the job he undertook with such obvious doubts was one worth doing' SPECTATOR 'Masters

has written an extraordinary book, and his achievement has been the ability to recount horrific details without descending to the lurid sensationalism of the instant books and Fleet Street reports' POLICE 'A compelling and remarkable book ... through Masters' fine writing the reader suspends his nausea for the crimes, and concentrates with Nilsen on his motives and himself' THE LISTENER

After top school officials decide that it's more important to protect the institution they work for than to look out for the best interests of teens who have been sexually abused by a teacher, a parent plans to find justice for the girls by killing three officials with prescription medicine. Reporter Nick Steele gets a call to write an obituary for one of the dead men. Steele, considered washed up by his newsroom colleagues, overcomes his own demons and unravels the murder plot as this question looms: Who dies next? A Young Adult (YA) horror mystery. Shana Murphy's life shatters as her family abruptly relocates from her hometown of Boston to the isolated, foggy town of Noxhelm. A mob child living under the Witness Protection Program, Shana's hardened exterior fades away after moving into Ripper House - a haunted estate built by a notorious serial killer in the roaring twenties. Legend has it that every family who has dared to inhabit the old house has been plagued with insanity, despair, and death. When a local teen is found dead, Shana is branded as the prime suspect. To prove her innocence, she must face her inner demons, as well as the ones living in her attic.

About the book . . . Dan Delaney grew up in New Jersey and went to Princeton before entering the Army when Pearl Harbor was attacked. After an extensive tour of duty during and after World War II, he discovers his roots and takes a position as a detective in Dublin. He is nearly sixty when he is finally promoted to Police Commissioner of Dublin, Ireland and soon thereafter, gains a far-reaching reputation for solving complicated double murder cases. In the case of The American Murders, Dan is called to the States to help solve two murders in the Tampa - St. Petersburg area of Florida, but before he even takes off from Dublin, another request takes him into Cleveland, Ohio where a bank vice president and a low level bookie are both presumed dead. All of the murders stem from post-Capone connections when bootlegging and racketeering openly controlled U.S. cities. This story picks up in 1961 when gangs and protection still poisoned American cities, but the giants of the past and their mafia partnerships have splintered, moved underground, and corrupted the operations of local governments and businesses. Once again, the persistent Irish sleuth pulls the missing pieces together and uncovers the strange connections that exist among all the murder victims.

Hercule Poirot observed his fellow passengers on the Orient Express: a Russian princess, an English colonel, an American with a strange glint in his eye and many more. He was looking forward to the journey. But it was not to be. After a restless night, he awoke to find that tragedy had struck.

Alma is a private detective in a near-future England, a country desperately trying to tempt people away from the delights of Shine, the immersive successor to the internet. But most people are happy to spend their lives plugged in, and the country is decaying. Alma's partner is ill, and has to be treated without fail every 4 hours, a task that only Alma can do. If she misses the 5 minute window her lover will die. She is one of the few not to access the Shine. So when Alma is called to an automated car factory to be shown an impossible death and finds herself caught up in a political coup, she knows that getting too deep may leave her unable to get home. What follows is a fast-paced

Hitchcockian thriller as Alma evades arrest, digs into the conspiracy, and tries to work out how on earth a dead body appeared in the boot of a freshly-made car in a fully-automated factory.

Willow's Packin' Heat! Willow Crier's got a gun and the whole town will hear her bang. During a monthly potluck at the gun club, a local war hero, Clancy, ends up fried to a crisp. Armed with binoculars and cast Iron, Willow uncovers hidden secrets long ago buried. While searching for the murderer, Willow is also searching for the perfect fried chicken recipe. A painful surgery earns her sympathy, and maybe a few kisses, from Steve, but it doesn't keep her off her feet for long. Instead she dives right into the case, pulling a fellow gun club member into an impromptu mud wrestling contest. Embry's engagement and Steve's investigative nature is delving up a past Willow isn't eager to remember. She manages to slip away from the memories to solve the case, and a romantic evening on the ferris wheel certainly helps to keep her distracted.

A New York Times Top Ten Thriller of 2020 "Dizzying, dazzling... When did you last read a genuinely original thriller? The wait is over." —A.J. Finn, #1 New York Times bestselling author of *The Woman in the Window* "One of the most innovative mysteries in recent memory." - *The Wall Street Journal* There are rules for murder mysteries. There must be a victim. A suspect. A detective. Grant McAllister, a professor of mathematics, once sat down and worked all the rules out – and wrote seven perfect detective stories to demonstrate. But that was thirty years ago. Now Grant lives in seclusion on a remote Mediterranean island, counting the rest of his days. Until Julia Hart, a brilliant, ambitious editor knocks on his door. Julia wishes to republish his book, and together they must revisit those old stories: an author hiding from his past and an editor keen to understand it. But there are things in the stories that don't add up. Inconsistencies left by Grant that a sharp-eyed editor begins to suspect are more than mistakes. They may be clues, and Julia finds herself with a mystery of her own to solve. Alex Pavesi's *The Eighth Detective* is a love letter to classic detective stories with a modern twist, where nothing is as it seems, and proof that the best mysteries break all the rules.

The pleasant atmosphere at a dude ranch darkens with the unwelcome appearance of an ex-Hollywood western star who enjoys causing trouble. Money issues, secrets from the past, and a star-struck young woman provide plenty of motives for the Sheriff when a murder occurs. "The dude ranch was well-run-the scenery was magnificent-but suggestions of tragedy were in the clear mountain air. The appearance of Spike Noland, "Lothario of the Lariat" and ex-Hollywood actor, brought to light secrets hidden for many years. An old murder charge in which the ranch owner had been involved draws guests and friends into the circle of events, as Noland lives up to his reputation as a 'bad' performer. A smoothly written mystery, its plot is completely developed and its characters are neither bizarre nor trite." (F.A.P., Rochester, NY, *Democrat and Chronicle*, 1955) *Murder in Jackson Hole* was first published in 1955. For additional classic crime fiction, visit CoachwhipBooks.com.

Discover the definitive book on the Menendez case—and the primary source material for NBC's Law and Order True Crime: The Menendez Murders. A successful entertainment executive making \$2 million a year. His former beauty queen wife. Their two sons on the fast track to success. But it was all a façade. The Menendez saga has captivated the American public since 1989. The killing of José and Kitty Menendez on a quiet Sunday evening in Beverly Hills didn't make the cover of People magazine until the arrest of their sons seven months later, and the case developed an intense cult following. When the first Menendez trial began in July 1993, the public was convinced that Lyle and Erik were a pair of greedy rich kids who had killed loving, devoted parents. But the real story remained buried beneath years of dark secrets. Until now. Journalist Robert Rand, who originally reported on the case for the Miami Herald and Playboy, has followed the Menendez murders from the beginning and has continued investigating and interviewing key sources for 28 years. Rand is the only reporter who covered the original investigation as well as both trials. With unparalleled access to the Menendez family and their history, including interviews with both brothers before and after their arrest, Rand has uncovered extraordinary details that certainly would have changed the fate of the brothers' first-degree murder conviction and sentencing to life without parole. In The Menendez Murders: The Shocking Untold Story of the Menendez Family and the Killings That Stunned the Nation, Rand shares these intimate, never-before-revealed findings, including a deeply disturbing history of child abuse and sexual molestation in the Menendez family going back generations, and the shocking admission O.J. Simpson made to one of the Menendez brothers when they were inmates at the L.A. County Men's Central Jail.

Former Baltimore City homicide detective Kelvin Sewell has seen it all. Gang members burned alive; a baby unceremoniously stuffed into the

ground by its own mother; a sex offender who killed a child in a delusional jealous rage. The constant grind of bearing witness to violent death has given Sewell an unprecedented perspective into the minds of killers. He sat in the Baltimore Police Department's interview room with 14-year-old Devon Richardson as the teen tried to explain why he shot a woman he didn't know in the back of the head. He watched the father of 17-year-old Nicole Edmonds cry over the corpse of his dead daughter, murdered for a cellphone. But now for the first time Sewell has decided to share the insights and the pain, the dehumanizing effects of crime and waves of psychic despair and social dysfunction in his groundbreaking book, *Why Do We Kill?* "I think people deserve to know the truth," said Sewell, a 20-year veteran of Baltimore City's police department. "They need to get a sense of why people kill in Baltimore. I want people to see what we see as detectives," he explained. "I think there are misconceptions about crime in Baltimore, and I hope this book will clear them up." The book recounts some of the most notorious homicide cases in Baltimore in the past decade, all told from the perspective of the cop who worked them. Joining forces with Sewell is award-winning investigative reporter Stephen Janis, who covered City Hall for the now-defunct Baltimore Examiner and is founder of the award-winning news website Investigative Voice. "What makes this book different is the collaborative voice," said Janis. "Kelvin would discuss his thoughts on the cases and I then tried to tell the story by adding the context that comes naturally with being a reporter." Janis's colleague at Investigative Voice, reporter and political scientist Alan Z. Forman, served as editor for the project. Janis is no stranger to the Baltimore crime scene, winning a string of prestigious awards for his crime reporting, including two consecutive Maryland-Delaware-DC Press Association awards in Category A for his series on the murders of sex workers and his investigation into the high number of unsolved killings in Baltimore.

NATIONAL BOOK AWARD FINALIST • NATIONAL BESTSELLER • A twisting, haunting true-life murder mystery about one of the most monstrous crimes in American history, from the author of *The Lost City of Z*. In the 1920s, the richest people per capita in the world were members of the Osage Nation in Oklahoma. After oil was discovered beneath their land, the Osage rode in chauffeured automobiles, built mansions, and sent their children to study in Europe. Then, one by one, the Osage began to be killed off. The family of an Osage woman, Mollie Burkhart, became a prime target. One of her relatives was shot. Another was poisoned. And it was just the beginning, as more and more Osage were dying under mysterious circumstances, and many of those who dared to investigate the killings were themselves murdered. As the death toll rose, the newly created FBI took up the case, and the young director, J. Edgar Hoover, turned to a former Texas Ranger named Tom White to try to unravel the mystery. White put together an undercover team, including a Native American agent who infiltrated the region, and together with the Osage began to expose one of the most chilling conspiracies in American history.

"Ayatsuji's brilliant and richly atmospheric puzzle will appeal to fans of golden age whodunits... Every word counts, leading up to a jaw-dropping but logical reveal" — Publishers Weekly A hugely enjoyable, page-turning murder mystery sure to appeal to fans of Elly Griffiths, Anthony Horowitz, and Agatha Christie, with one of the best and most-satisfying conclusions you'll ever read. A classic in Japan, available in English for the first time. From The New York Times Book Review: "Read Yukito Ayatsuji's landmark mystery, *The Decagon House Murders*, and discover a real depth of feeling beneath the fiendish foul play. Taking its cues from Agatha Christie's locked-room classic *And Then There Were None*, the setup is this: The members of a university detective-fiction club, each nicknamed for a favorite crime writer (Poe, Carr, Orczy, Van Queen, Leroux and — yes — Christie), spend a week on remote Tsunojima Island, attracted to the place, and its eerie 10-sided house, because of a spate of murders that transpired the year before. That collective curiosity will, of course, be their undoing. As the students approach Tsunojima in a hired fishing boat, 'the sunlight shining down turned the rippling waves to silver. The island lay ahead of them, wrapped in a misty veil of dust,' its sheer, dark cliffs rising straight out of the sea, accessible by one small inlet. There is no electricity on the island, and no telephones, either. A fresh round of violent deaths begins, and Ayatsuji's skillful, furious pacing propels the narrative. As the students are picked off one by one, he weaves in the story of the mainland investigation of the earlier murders. This is a homage to Golden Age detective fiction, but it's also unabashed entertainment."

This book reframes the study of multicide (that is, serial and mass murder) to use objective measures, and aims to expand our understanding of multicide offending through descriptive and inferential statistical analyses of different homicide patterns of the offenders. Criminal homicide and multiple murders are rare occurrences that typically account for a very small percentage of all violent crimes in most countries. Despite this low occurrence, homicide continues to be an area of intense study, with a focus on subjective measures and classifications. The research and analysis based on a database of over 1,300 cases contributes to the criminological study of violence and draws distinctions between types of offenders (partnered and solo, serial and mass, male and female, etc.) from a range of different countries and across decades. Traditionally, studies of homicide focus on male offenders and theories of offending are then applied to females and co-offenders. The research presented in this book reveals that women and partnered offenders have very different homicide patterns from men. Looking at the history of multicide offending, this book uses descriptive and inferential statistical analyses to directly compare differences in offending and outcome patterns across multicide offender types. This exploration of the multidimensionality of homicide at an international level is useful for scholars and students interested in criminal justice, criminology, psychology, sociology, or law.

FINALIST FOR THE J. Country * Refinery29 * BookRiot * CrimeReads * Glamour * Popsugar * PureWow * Shondaland Dive into a "tour de force of investigative reporting" (Ron Chernow): a "searching, atmospheric and ultimately entrancing" (Patrick Radden Keefe) true crime narrative of an unsolved 1969 murder at Harvard and an "exhilarating and seductive" (Ariel Levy) narrative of obsession and love for a girl who dreamt of rising among men. You have to remember, he reminded me, that Harvard is older than the U.S. government. You have to remember because Harvard doesn't let you forget. 1969: the height of counterculture and the year universities would seek to curb the unruly spectacle of student protest; the winter that Harvard University would begin the tumultuous process of merging with Radcliffe, its all-female sister school; and the year that Jane Britton, an ambitious twenty-three-year-old graduate student in Harvard's Anthropology Department and daughter of Radcliffe Vice President J. Boyd Britton, would be found bludgeoned to death in her Cambridge, Massachusetts apartment. Forty years later, Becky Cooper a curious undergrad, will hear the first whispers of the story. In the first telling the body was nameless. The story was this: a Harvard student had had an affair with her professor, and the professor had murdered her in the Peabody Museum of Archaeology and Ethnology because she'd threatened to talk about the affair. Though the rumor proves false, the story that unfolds, one that Cooper will follow for ten years, is even more complex: a tale of gender inequality in academia, a 'cowboy culture' among empowered male elites, the silencing effect of institutions, and our compulsion to rewrite the stories of female victims. *We Keep the Dead Close* is a memoir of mirrors, misogyny, and murder. It is at once a rumination on the violence and oppression that rules our revered institutions, a ghost story reflecting one young woman's past onto another's present, and a love story for a girl who was lost to history.

"Filled with the kind of sublime, galvanizing stories that strike like a lightning bolt, searing your nerves . . . It's easy enough to see why Kim . . . is acclaimed as the best writer of his generation; pick up this book and find out for yourself." — Nylon It's been twenty-five years since I last murdered someone, or has it been twenty-six? *Diary of a Murderer* captivates and provokes in equal measure, exploring what it means to be on the edge—between life and death, good and evil. In the titular novella, a former serial killer suffering from memory loss sets his sights on one final target: his daughter's boyfriend, who he suspects is also a serial killer. In other stories we witness an affair between two childhood friends that questions the limits of loyalty and love; a family's disintegration after a baby son is kidnapped and recovered years later; and a wild, erotic ride about pursuing creativity at the expense of everything else. From "one of South Korea's best and most worldly writers" (NPR), *Diary of a Murderer* is chilling and high-powered all the way through. "Kim is expert at finding the humanity inside the other, the comedy inside the tragedy, and the twisted within the seemingly normal." — CrimeReads

2020 J. ANTHONY LUKAS PRIZE WINNER From the bestselling author of *There Are No Children Here*, a richly textured, heartrending portrait of love and death in Chicago's most turbulent neighborhoods. The numbers are staggering: over the past twenty years in Chicago, 14,033 people have been killed and another roughly 60,000 wounded by gunfire. What does that do to the spirit of individuals and community? Drawing on his decades of experience, Alex Kotlowitz set out to chronicle one summer in the city, writing about individuals who have emerged from the violence and whose stories capture the capacity--and the breaking point--of the human heart and soul. The result is a spellbinding collection of deeply intimate profiles that upend what we think we know about gun violence in America. Among others, we meet a man who as a teenager killed a rival gang member and twenty years later is still trying to come to terms with what he's done; a devoted school social worker struggling with her favorite student, who refuses to give evidence in the shooting death of his best friend; the witness to a wrongful police shooting who can't shake what he has seen; and an aging former gang leader who builds a place of refuge for himself and his friends. Applying the close-up, empathic reporting that made *There Are No Children Here* a modern classic, Kotlowitz offers a piercingly honest portrait of a city in turmoil. These sketches of those left standing will get into your bones. This one summer will stay with you.
