'This book rewarded me with dark, dry chuckles on every page' Reni Eddo-Lodge 'Hilarious . . . This original approach to discussing race is funny, intellectual and timely' Independent 'The work of a true mastermind' Benjamin Zephaniah I learned early on that, for me as a black professional, to rise through the ranks and really attain power, I needed to adopt the most ruthless of mindsets possible: the mindset of the White Man who would tear your cheek from your face before he even considered turning his one first.

In this fascinating best seller, Cherry Hill explores the way horses think and how it affects their behavior. Explaining why certain smells and sounds appeal to your horse's sensibility and what sets off his sudden movements, Hill stresses how recognizing the thought processes behind your horse's actions can help you communicate effectively and develop a trusting relationship based on mutual respect.

Why should we adopt animals? What's the problem with organic meat? What are the economics of plant-based foods? What about honey? What is the relationship between veganism and feminism? What is vegansexualism? Veganism is on the rise. Plant-based foods and cruelty-free products showing no sign of stopping, Think Like a Vegan explores how vegan ethics can be applied to every area of our daily lives. We all want to live more healthily and ethically. This book is for anyone interested in veganism, its ideals and what even non-vegans can learn from its practice. Through a personal and often irreverent lens, the authors explore a variety of contemporary topics related to animal use: from the basics of vegan logic to politics, economics, love and other aspects of being human, each chapter draws you into a thought-

provoking conversation about your daily ethical decisions.

In his phenomenal #1 New York Times bestseller *Act Like a Lady, Think Like a Man*, Steve Harvey told women what it takes to succeed in love. Now, he tells everyone how to succeed in life, giving you the keys to fulfill your purpose. Countless books on success tell you what you need to get that you don't already possess. In *Act Like a Success, Think Like a Success*, Steve Harvey tells you how to achieve your dreams using the gift you already have. Every one of us was born with a gift endowed by our creator—something you do the best at with very little effort. While it can be like someone else's, your gift is yours alone. No one can take it away. You are the only one who can use it—or waste it. Steve shows how that gift holds your greatest chance at success, and the fulfillment of your life's mission and purpose. He helps you learn to define your gift—whether it's being a problem solver, a people-connector, a whiz with numbers, or having an eye for colors. He makes clear that your job is not your gift; you may use it in your work, but it can also be used in your marriage or relationship, your community, and throughout every aspect of your life. Throughout, he provides a set of principles that will help you direct your gift. "The scriptures say your gift will make room for you and put you in the presence of great men," Steve reminds us. This book is your roadmap to identifying your gift, acknowledging it, perfecting it, connecting it to a vehicle, and riding it to success. Because Success is the gift you already have." Funny yet firm, told in Steve's warm and insightful voice, and peppered with anecdotes from his own life, practical advice, and truthful insights, this essential guide can help you transform your life and achieve everything you were born to. How to know that you exist. How to be an object of desire. How to think like a bat. How to bring meaning to life. From the realm of the unconscious to the principles of logic, *How to Outwit*

## Where To Download Think Like A

Aristotle will help you think like a philosopher. Witty and accessible, this is a superb introduction to the subject by one of Britain's most engaging philosophical writers. The star of the Animal Planet's River Monsters and author of the bestselling companion book shares a meditation on fishing--and life. In his previous book, Jeremy Wade memorably recounted his adventures in pursuit of fish of staggering proportions and terrifying demeanor: goliath tigerfish from the Congo, arapaima from the Amazon, "giant devil catfish" from the Himalayan foothills, and more. Now, the greatest angling explorer of his generation returns to delight readers with a book of a different sort, the book he was always destined to write -- the distillation of a life spent fishing. As Jeremy's catches attract increasing attention, many people ask him how they can improve their own fishing results. This book is his reply: part science, part art, and part elusive something else -- which is within every angler's ability to develop. Along the way you will learn when to let instinct override logic, which details are vital and which may be irrelevant, and how a "non result" can be a result. Thoughtful and funny, brimming with wisdom and, above all, adventure, these are pitch-perfect reflections that anyone who has ever fished will identify with, for ultimately they touch on the simple, fundamental principles that apply to all angling -- and to life.

Do you love gaming? Do you have ideas for games of your own and want to learn how to produce them professionally? With Think Like a Game Designer, you will learn how to overcome mental blocks to great creative work, understand players' emotional reactions and evoke the right ones, brainstorm ideas and then refine them into useable ones, follow the six steps of the core design loop for successfully designing a game, and much more. Whether you want to create video games, board games or just discover how a true creative mind works, this

book has answers. -- Adapted from dust jacket.

Think Like a Philosopher is a fun introduction to the main concepts of philosophy, showing how the subject has a clear, practical, and vital purpose to our daily lives and thinking. Using a Q&A format and written in an amusing, easy-to-understand style, the author explains the philosophical arguments around questions such as: • Should I eat meat? • Does God exist? • Is capital punishment wrong? • Will a new iPhone make you happy? A light-hearted read that sheds light on how the world's greatest minds have approached so many of the questions we face on a daily basis.

**LEARN TO BE SUCCESSFUL IN YOUR HOME AND CAREER** Former NFL All-Pro linebacker Al Smith shares his personal experiences and the lessons he learned from his mentors. Included are 17 lessons on what it takes to go from amateur to pro in all aspects of life, not just in sports or in business. This book will encourage you, maybe even challenge you to take an all-in, all-pro mindset embracing the attitude and character it takes to both think like a pro and act like a pro!

Steve Harvey, the host of the nationally syndicated Steve Harvey Morning Show, can't count the number of impressive women he's met over the years, whether it's through the "Strawberry Letters" segment of his program or while on tour for his comedy shows. Yet when it comes to relationships, they can't figure out what makes men tick. Why? According to Steve it's because they're asking other women for advice when no one but another man can tell them how to find and keep a man. In Act Like a Lady, Think Like a Man, Steve lets women inside the mindset of a man and sheds light on concepts and

## Where To Download Think Like A

questions such as: The Ninety Day Rule: Ford requires it of its employees. Should you require it of your man? The five questions every woman should ask a man to determine how serious he is. And much more . . . Sometimes funny, sometimes direct, but always truthful, *Act Like a Lady, Think Like a Man* is a book you must read if you want to understand how men think when it comes to relationships.

It's not good enough to want it. You've got to know how to get it. Real estate titan, bestselling author, and TV star Donald J. Trump is the man to teach you the billionaire mind-set—how to think about money, career skills, and life. Here is crucial advice on investing in real estate from the expert, everything from dealing with brokers to renovating to assessing the value of property, buying and selling, and securing a mortgage. Trump will show you how to cut costs, decide how much risk to assume in your investments, and divide up your portfolio. He'll also teach you how to impress anyone, how to correct or criticize someone effectively, and how to know if your friends are loyal—everything you need to know to get ahead. And once you've earned your money, you've got to learn to spend it well. Trump presents his consumer guide to the best things in life, from wine to golf clubs to engagement rings. Check out the billionaire lifestyle—how they shop and what they buy. Even if you're not superwealthy, you can afford many of these luxuries. And what look inside the Trump world would be complete without *The Apprentice*? Trump will take you behind the scenes, from the end of season one and into season two, with insights into the making and the meaning of TV's

hottest show. As Donald Trump proves, getting rich is easy. Staying rich is harder. Your chances are better, and you'll have more fun, if you think like a billionaire. This is the book that will help you make a real difference in your life.

The real challenge of programming isn't learning a language's syntax—it's learning to creatively solve problems so you can build something great. In this one-of-a-kind text, author V. Anton Spraul breaks down the ways that programmers solve problems and teaches you what other introductory books often ignore: how to Think Like a Programmer. Each chapter tackles a single programming concept, like classes, pointers, and recursion, and open-ended exercises throughout challenge you to apply your knowledge. You'll also learn how to:

- Split problems into discrete components to make them easier to solve
- Make the most of code reuse with functions, classes, and libraries
- Pick the perfect data structure for a particular job
- Master more advanced programming tools like recursion and dynamic memory
- Organize your thoughts and develop strategies to tackle particular types of problems

Although the book's examples are written in C++, the creative problem-solving concepts they illustrate go beyond any particular language; in fact, they often reach outside the realm of computer science. As the most skillful programmers know, writing great code is a creative art—and the first step in creating your masterpiece is learning to Think Like a Programmer.

They're loyal, loving, and big-hearted—dogs are our best friends for a good reason. Yet they have much more to offer than just love and friendship. Let CEO Scott MacDonald

Scott reveals what Sadie and other dogs teach us about successful work habits and organizational strategies for outstanding business success. Want a better, happier, and more satisfying life? Want to be successful? Start by understanding a dog's perspective and applying the lessons learned!

How do the world's top achievers think? Take an intimate look inside the triumphs and failures of today's greatest business leaders, and how they got there. If you have a passion to achieve something great, you'll love this book on the world's top 21 entrepreneurs. Learn from the best. Take action in your own life today. Buy now. From international bestselling author Will Gompertz, Think Like an Artist is a guide to increasing creativity and productivity with help from some of the greatest artists throughout history. How do artists think? Where does their creativity originate? How can we, too, learn to be more creative? BBC Arts Editor Will Gompertz seeks answers to these questions in his exuberant, intelligent, witty, and thought-provoking style. Think Like an Artist identifies 10 key lessons on creativity from artists that range from Caravaggio to Warhol, Da Vinci to Ai Weiwei, and profiles leading contemporary figures in the arts who are putting these skills to use today. After getting up close and personal with some of the world's leading creative thinkers, Gompertz has discovered traits that

## Where To Download Think Like A

are common to them all. He outlines basic practices and processes that allow your talents to flourish and enable you to embrace your inner Picasso—no matter what you do for a living. With wisdom, inspiration, and advice from an author named one of the 50 most original thinkers in the world by Creativity magazine, *Think Like an Artist* is an illuminating view into the habits that make people successful. It's time to get inspired and think like an artist! Includes a full-color pull-out insert featuring works of art discussed.

The Sunday Times Number One Bestseller Jay Shetty, social media superstar and host of the #1 podcast 'On Purpose', distils the timeless wisdom he learned as a practising monk into practical steps anyone can take every day to live a less anxious, more meaningful life.

Explains how to ignite innate creativity and free thought processes through the discovery of hidden connections among familiar things

An International Bestseller—Over 3 Million Copies Sold! With translations in more than thirty languages, *Act Like a Lady, Think Like a Man* is the definitive relationship guide for women. Steve Harvey can't count the number of impressive women he's met over the years—the many incredible women who can run a business, have three kids, maintain a household in tiptop shape, and chair a church group all at the same time. So, when it comes to relationships, why can't

## Where To Download Think Like A

these same women figure out what makes men commit? According to Steve, it's because they're asking other women for advice when they should be going directly to the source. In this expanded edition, Steve includes an added section of all new advice, with tips on dealing with your partner's exes, spicing up your relationship, ensuring you're ready for that walk down the aisle, and much more. Sometimes funny, often unflinchingly direct, but always truthful, *Act Like a Lady, Think Like a Man* is a book you must read if you want to understand how men think when it comes to relationships, intimacy, and love.

*Act Like a Lady, Think Like a Man LP* What Men Really Think About Love, Relationships, Intimacy, and Commitment Harper Collins

Written as a poignant response to the male-tainted advice in Steve Harvey's bestselling relationship hit *Act Like A Lady, Think Like A Man*, this revised and updated book is a fitting rebuttal on men, sex, relationships and women getting what they really "reeeeally" want. As a current CBS Personality on Atlanta's V103 and Former Sirius Radio host on Jaime Foxx's 'Foxxhole', former NFL wife Shanae Hall does not shy away from the difficult conversations in life. In her own funny, fresh, and bold way Shanae prides herself in telling it like it is. In *Why Do I Have to Think Like a Man?*, which is co-written with her mother Rhonda Frost, the two women hilariously chronicle their experiences of marriage, divorce, and

the dating pool, which has included bad boys, professional athletes, 'the nice guy,' the married guy, and powerful businessmen.

Think Like a Psychologist is a fun introduction to the universal aspects of psychology that affect our daily lives and relationships. Using a Q&A format, the book delves into questions such as: • What goes on in your children's minds during adolescence? • Why do many of us feel dissatisfied? • Is it possible to improve your memory? • Can you control your dreams? An accessible read that helps to explain exactly what's going on in the world around us.

An audacious and accessible guide to feminist philosophy—its origins, its key ideas, and its latest directions. Think Like a Feminist is an irreverent yet rigorous primer that unpacks over two hundred years of feminist thought. In a time when the word feminism triggers all sorts of responses, many of them conflicting and misinformed, Professor Carol Hay provides this balanced, clarifying, and inspiring examination of what it truly means to be a feminist today. She takes the reader from conceptual questions of sex, gender, intersectionality, and oppression to the practicalities of talking to children, navigating consent, and fighting for adequate space on public transit, without deviating from her clear, accessible, conversational tone. Think Like a Feminist is equally a feminist starter kit and an advanced refresher course, connecting longstanding controversies to today's

## Where To Download Think Like A

headlines. Think Like a Feminist takes on many of the essential questions that feminism has risen up to answer: Is it nature or nurture that's responsible for our gender roles and identities? How is sexism connected to racism, classism, homophobia, transphobia, and other forms of oppression? Who counts as a woman, and who gets to decide? Why have men gotten away with rape and other forms of sexual violence for so long? What responsibility do women themselves bear for maintaining sexism? What, if anything, can we do to make society respond to women's needs and desires? Ferocious, insightful, practical, and unapologetically opinionated, Think Like a Feminist is the perfect book for anyone who wants to understand the continuing effects of misogyny in society. By exploring the philosophy underlying the feminist movement, Carol Hay brings today's feminism into focus, so we can deliberately shape the feminist future.

"How do you think like a manager?" It is one of the most common questions asked when preparing for the CISSP exam. Using 25 CISSP practice questions with detailed explanations, this book will attempt to answer how to think like a member of a senior management team who has the goal of balancing risk, cost, and most of all, human life. The questions will take you through how to resist thinking from a technical perspective to one that is more holistic of the entire organization. Like all of Study Notes and Theory's CISSP practice questions,

## Where To Download Think Like A

these questions correlate multiple high-level security concepts and require thinking like a manager. Extracting the most value comes from understanding not only which choice is correct, but more importantly, why the other choices are wrong.

Billionaires think differently than most people. If you took away all of Donald Trump's money, he would be right back to where he is today because of the way he thinks. Scot Anderson shares that if you learn to think like a billionaire, then you can become one. Scot takes you on the journey he took in changing the way he thinks. He went from getting by to having millions of dollars and on his way to getting billions. Scot teaches you how to think differently about money, investing, jobs, risks, problems, preparation, and time. As you begin to think like a billionaire, your life has no choice but to produce it.

You aspire to lead with greater impact. The problem is you're busy executing on today's demands. You know you have to carve out time from your day job to build your leadership skills, but it's easy to let immediate problems and old mind-sets get in the way. Herminia Ibarra—an expert on professional leadership and development and a renowned professor at INSEAD, a leading international business school—shows how managers and executives at all levels can step up to leadership by making small but crucial changes in their jobs, their networks, and

## Where To Download Think Like A

themselves. In *Act Like a Leader, Think Like a Leader*, she offers advice to help you:

- Redefine your job in order to make more strategic contributions
- Diversify your network so that you connect to, and learn from, a bigger range of stakeholders
- Become more playful with your self-concept, allowing your familiar—and possibly outdated—leadership style to evolve

Ibarra turns the usual “think first and then act” philosophy on its head by arguing that doing these three things will help you learn through action and will increase what she calls your *outsight*—the valuable external perspective you gain from direct experiences and experimentation. As opposed to *insight*, *outsight* will then help change the way you think as a leader: about what kind of work is important; how you should invest your time; why and which relationships matter in informing and supporting your leadership; and, ultimately, who you want to become. Packed with self-assessments and practical advice to help define your most pressing leadership challenges, this book will help you devise a plan of action to become a better leader and move your career to the next level. It’s time to learn by doing.

*Think Like a SheEO* is an enthusiastic call to women to create their own businesses that reflect their passions, strengths and values, and to do so on their own terms. With the world facing enormous challenges author and entrepreneur Vicki Saunders argues that there are also enormous opportunities, making this a

## Where To Download Think Like A

prime time for women to build new models, new mindsets and new solutions for a better world. Saunders lays out eight principles to steer the reader on her own journey of shifting mindset and preparing to take the leap. With examples from her vast experience, she shares the challenges and successes other bold, gutsy and principled women who are redefining the world. Inspiring exercises pepper the chapters to guide the reader on a journey of self-discovery, helping them uncover what really matters to them, to identify their tremendous strengths and learn to overcome self-limiting beliefs. Saunders shows readers how to leverage their talents, strengths, and genuine interests to create businesses that make them happy and successful. It's not about leaning in to a system that no longer serves women, but rather creating a new model that redefines success on their own terms.

Think your way to a more confident, successful you. Women's brains are different. It's not one-size-fits both men and women. Yet many women still believe the myths we tell ourselves. Myth: Women make emotional decisions when stressed. Myth: Women suffer more from unhappiness than men. Myth: Women have to act like men to be effective leaders. Dispel the myths! Stop underestimating your abilities. Stop downplaying your successes. And stop apologizing. In *Think Like a Girl*, award-winning psychologist, professor, and

\* One of Inc.com's "6 Books You Need to Read in 2020 (According to Bill Gates, Satya Nadella, and Adam Grant)"\* Adam Grant's # 1 pick of his top 20 books of 2020\* One of 6 Groundbreaking Books of Spring 2020 (according to Malcolm Gladwell, Susan Cain, Dan Pink, and Adam Grant). A former rocket scientist reveals the habits, ideas, and strategies that will empower you to turn the seemingly impossible into the possible. Rocket science is often celebrated as the ultimate triumph of technology. But it's not. Rather, it's the apex of a certain thought process -- a way to imagine the unimaginable and solve the unsolvable. It's the same thought process that enabled Neil Armstrong to take his giant leap for mankind, that allows spacecraft to travel millions of miles through outer space and land on a precise spot, and that brings us closer to colonizing other planets. Fortunately, you don't have to be a rocket scientist to think like one. In this accessible and practical book, Ozan Varol reveals nine simple strategies from rocket science that you can use to make your own giant leaps in work and life --

## Where To Download Think Like A

whether it's landing your dream job, accelerating your business, learning a new skill, or creating the next breakthrough product. Today, thinking like a rocket scientist is a necessity. We all encounter complex and unfamiliar problems in our lives. Those who can tackle these problems -- without clear guidelines and with the clock ticking -- enjoy an extraordinary advantage. Think Like a Rocket Scientist will inspire you to take your own moonshot and enable you to achieve liftoff.

How are you going to snag one if you don't know how to....Think Like a Guy? E! News anchor Giuliana DePandi knows that if you want a little piece of his heart, you're going to have to learn to get into his head--and she shares her knowledge as an on-the-town dater in L.A. into this funny but oh-so-practical and effective volume. DePandi knows what it's like "out there", and has done extensive field work to learn what turns guys off...and on. Here's a pop quiz: Should you ...mention your mom on a first date? ...cook a guy breakfast after your first sleepover at his place? ...pick at your food when he takes you to dinner? ...tell him how many lovers you've had before he came along? ...leave him long voicemails if you can't reach him on the phone? The resounding answer to all the questions above, according to DePandi, is: NO! You should, in fact, be busy and breezy, offer to pay for dinner, leave short voicemails (and none at all if you don't

## Where To Download Think Like A

have anything concrete to say), stay well-dressed and -groomed, and make your guy feel like he's the first to introduce you to anything kinky in bed. Think Like a Guy is a hard-headed practical book for women who acknowledge that men and women simply think differently.

A feline behaviorist offers guidance on understanding and addressing cats' positive and negative behaviors, as well advice on basic health care, avoiding litter box problems, and selecting a veterinarian.

Data science is more than just a set of tools and techniques for extracting knowledge from data sets and data streams. Data science is also a process of getting from goals and questions to real, valuable outcomes by exploring, observing, and manipulating a world of data. Traversing this world can be difficult and confusing. Software developers and non-technical folks may struggle with the uncertainty and fuzzy answers that data invariably provide, and statisticians may have trouble working with any of the multitude of relevant software tools that lie outside of their expertise. Others may not even know where to begin. Think Like a Data Scientist presents a step-by-step approach to data science, combining analytic, programming, and business perspectives into easy-to-digest techniques and thought processes for solving real world data-centric problems. This book helps you fill in conceptual knowledge gaps in the daunting fields of

## Where To Download Think Like A

statistics and software development, and relates those skills to the real concerns of data science in the business world. As you work through the many practical examples, you'll use your existing knowledge of statistics and programming to solve real problems in data science. Purchase of the print book includes a free eBook in PDF, Kindle, and ePub formats from Manning Publications.

Jay Shetty, social media superstar and host of the #1 podcast *On Purpose*, distills the timeless wisdom he learned as a monk into practical steps anyone can take every day to live a less anxious, more meaningful life. When you think like a monk, you'll understand: -How to overcome negativity -How to stop overthinking -Why comparison kills love -How to use your fear -Why you can't find happiness by looking for it -How to learn from everyone you meet -Why you are not your thoughts -How to find your purpose -Why kindness is crucial to success -And much more... Shetty grew up in a family where you could become one of three things—a doctor, a lawyer, or a failure. His family was convinced he had chosen option three: instead of attending his college graduation ceremony, he headed to India to become a monk, to meditate every day for four to eight hours, and devote his life to helping others. After three years, one of his teachers told him that he would have more impact on the world if he left the monk's path to share his experience and wisdom with others. Heavily in debt, and with no recognizable

## Where To Download Think Like A

skills on his re?sume?, he moved back home in north London with his parents. Shetty reconnected with old school friends—many working for some of the world’s largest corporations—who were experiencing tremendous stress, pressure, and unhappiness, and they invited Shetty to coach them on well-being, purpose, and mindfulness. Since then, Shetty has become one of the world’s most popular influencers. In 2017, he was named in the Forbes magazine 30-under-30 for being a game-changer in the world of media. In 2018, he had the #1 video on Facebook with over 360 million views. His social media following totals over 38 million, he has produced over 400 viral videos which have amassed more than 8 billion views, and his podcast, On Purpose, is consistently ranked the world’s #1 Health and Wellness podcast. In this inspiring, empowering book, Shetty draws on his time as a monk to show us how we can clear the roadblocks to our potential and power. Combining ancient wisdom and his own rich experiences in the ashram, Think Like a Monk reveals how to overcome negative thoughts and habits, and access the calm and purpose that lie within all of us. He transforms abstract lessons into advice and exercises we can all apply to reduce stress, improve relationships, and give the gifts we find in ourselves to the world. Shetty proves that everyone can—and should—think like a monk.

Prime Minister of the UK from 1940 to 1945 and again from 1951 to 1955, Winston Churchill will always be remembered for his leadership of his country during the Second World War. His commitment to 'never surrender', as well as his stirring speeches and radio broadcasts, helped inspire British resistance to the Nazi threat when Britain stood alone against an occupied Europe. As well as a hugely successful politician, Churchill was an officer in the British Army, a journalist, historian and a writer, winning the Nobel Prize for Literature. However, his political career did not always show a continual upwards trajectory. After the First World War, he left government and spent the 1930s in the political 'wilderness'. But, as one of the few voices warning about Nazi Germany he returned to government to play his part in defeating Nazism and becoming one of the defining figures of the twentieth century. In How to Think Like Churchill, author Daniel Smith looks at defining moments in Churchill's life and reveals the key principles, philosophies and decisions that made him the man we remember him as: leader, visionary and national hero. Studying how and why he accomplished what he did, how he

overcame adversity and stood strong in the face of overwhelming odds, with quotes and passages by and about the great man, you too can learn to think like Churchill.

Nature holds the secret to your happiness, health and wellbeing. Now at last, you can unlock it.

We associate trees and woodlands with harmony, health and vitality. And yet, so often, we struggle to experience these qualities in our everyday lives. What if we could harness the wisdom of the forest for ourselves? Think like a Tree, the first guide of its kind, reveals the underlying principles of nature's secrets of success one by one. These natural principles evolved over billions of years--they're the rules and patterns that all living things have in common for: finding purpose; growth and success; solving problems; building resilience; creating ideal conditions to thrive; developing positive relationships; and leaving a lasting legacy. Drawing on woodland examples from around the globe, Think like a Tree shares the amazing abilities of trees, their, evolutionary success stories and their abilities to heal. Real-world case studies demonstrate how the Think like a Tree principles are being applied right now by people around the world. Exercises for each of the principles allow readers to put into practice the wisdom shared by the living world in this unique and practical personal development book. This book guides you to discover your own personal route to happiness, health, success and fulfilment--whatever your circumstances. The natural principles, harnessed from observations in nature, can be used for: -wellbeing -physical health -psychological health and happiness -overcoming a life challenge -staying motivated -relationship issues -employment -business management -planning your free time -being an active part of your community -initiating change -learning how to live sustainably -looking forward to the future -and more In addition, the book shares secrets from biomimicry,

permaculture, green living and sustainable business, to make this a comprehensive guide for living the life that you want to lead, whilst considering your impact on the living world. Author, Sarah Spencer Sarah Spencer is passionate about trees. She lives on a smallholding in the National Forest in Derbyshire in the centre of the UK with her family, and loves growing vegetables, fruit and cut flowers. She manages a woodland that she designed and planted from scratch. Whilst designing landscapes, gardens and woodlands, Sarah came to realise that the same principles that make forests successful and enduring can be applied to our own lives. Sarah has used these tools and principles in a wide range of applications in her own life. Throughout the book Sarah shares her story of incredible health recovery - how she used the natural principles to overcome significant illness, find her purpose and achieve happiness. She now spends her time inspiring others to use trees and nature to design the life they want to lead via books, workshops and online courses. Beautiful illustrations by Eva Elliott Spencer make this a book to treasure.

Basic computer programming knowledge has become an essential requirement for many jobs, and it can even come in handy in everyday situations. In this book, readers will learn about programming concepts such as algorithms, binary code, and debugging. They will also learn why software developers use different programming languages, what new kinds of software are changing the ways we use computers, and much more. Features include detailed sidebars to show useful tips for beginning coders; timelines to highlight coding breakthroughs; glossaries; charts, diagrams and more.

Steven Levitt and Stephen Dubner single-handedly showed the world that applying counter-intuitive approaches to everyday problems can bear surprising results. Think Like a Freak will

take readers further inside this special thought process, revealing a new way of approaching the decisions we make, the plans we create and the morals we choose. It answers the question on the lips of everyone who's read the previous books: How can I apply these ideas to my life? How do I make smarter, harder and better decisions? How can I truly think like a freak? With short, highly entertaining insights running the gamut from "The Upside of Quitting" to "How to Succeed with No Talent," Think Like a Freak is poised to radically alter the way we think about all aspects of life on this planet.

"This book offers a short, spirited defense of rhetoric and the liberal arts as catalysts for precision, invention, and empathy in today's world. The author, a professor of Shakespeare studies at a liberal arts college and a parent of school-age children, argues that high-stakes testing and a culture of assessment have altered how and what students are taught, as courses across the arts, humanities, and sciences increasingly are set aside to make room for joyless, mechanical reading and math instruction. Students have been robbed of a complete education, their imaginations stunted by this myopic focus on bare literacy and numeracy. Education is about thinking, Newstok argues, rather than the mastery of a set of rigidly defined skills, and the seemingly rigid pedagogy of the English Renaissance produced some of the most compelling and influential examples of liberated thinking. Each of the fourteen chapters explores an essential element of Shakespeare's world and work, aligns it with the ideas of other thinkers and writers in modern times, and suggests opportunities for further reading. Chapters on craft, technology, attention, freedom, and related topics combine past and present ideas about education to build a case for the value of the past, the pleasure of thinking, and the limitations of modern educational practices and prejudices"--
