Patrick's Day in 1990, a guard at the Isabella Stewart Gardner Art Museum was tricked into allowing a pair of thieves disguised as police officers to enter the building. The thieves used duct tape to secure the two guards on duty in the basement while they stole 13 pieces of art. The art, and the thieves, have never been recovered. The famous tale of the Isabella Stewart Gardner Museum art heist, the first of five stories in *Daring Heists: Real Tales of Sensational Robberies and Robbers*, introduces readers to the mystery and suspense of interesting crimes. Other topics discussed in the book include the stories of famous robbers D.B. Cooper and Marm Mandelbaum, the Great Train Robbery of 1963, and the Christmas Eve art theft at the Mexico City Museum in 1985. *Daring Heists* is the third book in a new series called *Mystery & Mayhem*, which features true tales that whet kids' appetites for history by engaging them in genres with proven track records—mystery and adventure. History is made of near misses, unexplained disappearances, unsolved mysteries, and bizarre events that are almost too weird to be true—almost! The *Mystery & Mayhem* series delves into these tidbits of history to provide kids with a jumping off point into a lifelong habit of appreciating history. Each of the five true tales told within *Daring Heists* is paired with a map, as well as fun facts about the setting, industry, and time period. A glossary and resources page provide the opportunity to practice using essential academic tools. These nonfiction narratives use clear, concise language with compelling plots that both avid and reluctant readers will be drawn to. Winner of the Scott O'Dell Award Five Starred Reviews! Can Rip solve the mysteries that surround the camp and one intriguing girl in particular? Readers will follow Rip's misadventures in his whimsically illustrated journal, helping him to solve puzzles and beat the bad guys, as he learns that friendship can be more valuable than ancient treasure, and more powerful than a well-placed land mine.

A Vogue Best Book of the Year "What Ferrante did for female friends--exploring the tumult and complexity their relationships could hold--Spiegelman sets out to do for mothers and daughters. She's essentially written My Brilliant Mom." --Slate A memoir of mothers and daughters--and mothers as daughters--traced through four generations, from Paris to New York and back again. For a long time, Nadja Spiegelman believed her mother was a fairy. More than her

famous father, Maus creator Art Spiegelman, and even more than most mothers, hers--French-born New Yorker art director Françoise Mouly--exerted a force over reality that was both dazzling and daunting. As Nadja's body changed and "began to whisper to the adults around me in a language I did not understand," their relationship grew tense.

Unwittingly, they were replaying a drama from her mother's past, a drama Nadja sensed but had never been told. Then, after college, her mother suddenly opened up to her.

Françoise recounted her turbulent adolescence caught between a volatile mother and a playboy father, one of the first plastic surgeons in France. The weight of the difficult stories she told her daughter shifted the balance between them. It had taken an ocean to allow Françoise the distance to become her own person. At about the same age, Nadja made the journey in reverse, moving to Paris determined to get to know the woman her mother had fled. Her grandmother's memories contradicted her mother's at nearly every turn, but beneath them lay a difficult history of her own. Nadja emerged with a deeper understanding of how each generation reshapes the past in order to forge ahead, their narratives both weapon and defense, eternally in conflict. Every reader will recognize herself and her family in *I'm Supposed to Protect You From All This*, a gorgeous and heartbreaking memoir that helps us to see why sometimes those who love us best hurt us most.
