Do you want to avoid mistakes that will ruin your chances of getting fair compensation from your vehicle accident case? Being honest and legitimately hurt is not enough to guarantee you will receive fair compensation from an insurance company. Your insurance company is not interested in paying you "fair" compensation; rather, its goal is to pay you as little compensation as possible. Your lack of knowledge of how the system works means that you will make mistakes that will hurt your case. You are the best person to look out for your own interests after a car, truck or motorcycle accident. Not taking time to educate yourself about how the compensation system works is the worst mistake you can make. With *A Beginner's Guide to New Brunswick's Car Accident Compensation System* you will gain a better understanding of how the system works.
