There is a growing crisis among our men and boys in the area of sexual temptation and sin: pornography use is skyrocketing and increasing numbers of men find themselves entangled in a web they can't seem to escape. Yet many men feel greatly misunderstood by their women, while just as many women feel mystified and powerless to help their men. —Mary Farrar, Reading Your Male Now author Mary Farrar confirms that every woman—whether a wife, mother, or single woman—can play a powerful and pivotal role in the male sexual struggle by entering into her man's world, and: seeing through his eyes, thinking with his mind, feeling with his emotions, connecting with his soul. Reading Your Male de-mystifies inner male sexuality, exposes the enemy's tactics in taking down our men, and equips women to use their innate gifts in becoming a man's greatest ally in the fight for victory. Using biblical insight and up-to-date research, Farrar also tackles some of the most elusive questions women are asking today, such as: Why do men struggle so deeply in the area of sexuality? What are we to think about pornography and masturbation? Why does this generation of men appear to be so reticent? What does a man crave most from a woman? What is a woman's most powerful gift to her man? How can a woman draw out an emotionally unavailable man? What is a healthy view of strong femininity and beauty?

believes would never want more than friendship. But what Beth fails to realise is that there are definitely two sides to every story. Could Amy Fletcher be Beth's Princess Charming? Could her story end with a happily ever after? This is a book that's long overdue: One that provides information that has never before been published, compiled or analyzed in a way that's designed to help fighters. This is a guide to the science of kicking and punching that can settle the debates about which techniques are the most effective and why. It will help a fighter to fight, an instructor to teach and martial artists to advance by working things out for themselves. There is no magic involved in the martial arts. The force and power that is displayed by an expert fighter is the consequence of rigorous training in the accurate application of physical laws. Understanding how to use these laws of physics to create massive impact forces will provide a personal insight into the practice of correct technique and form. This unique piece of work will act as a technical reference that provides the facts and figures that fighters seek, including records of the maximum force and speed achieved by some of the best present day warriors, helping to answer many of the most difficult questions in the martial arts. The freezing temperature is the only thing cool about Jason's trip to the North Pole, but things heat up when his father discovers a book buried deep in the ice. This is no ordinary book, mind you. knots. Without the confidence that his knots would hold, he never would have left the ground. In fact, while most of us don't think about them beyond tying our shoelaces, the humble knot is crucial in countless contexts, from sailing to sports to industrial safety to art, agriculture, and more. In this truly unique book, Petit offers a guide to tying over sixty of his essential knots, with practical sketches illustrating his methods and clear tying instructions. Filled with photos in which special knots were used during spectacular high-wire walks, quirky knot trivia, personal anecdotes, helpful tips, magic tricks, and special tying challenges, *Why Knot?* will entertain and educate readers of all ages. "In reading Philippe's book we are cogently reminded that without the ability to secure a rope, or tether a goat, or make fast the sheets of a galley, much of the civilization that we take for granted would disappear as easily as a slipknot in the hands of a Vegas conjuror." —Sting, musician and activist "His descriptions are clear, he deploys humor frequently and he makes his points with anecdotes that are colorful and memorable. Explaining the purpose and creation of knots and thanks to those flawless drawings Mr. Petit earns perfect marks." —The Wall Street Journal

In *Ojibwe Stories from the Upper Berens River* Jennifer S. H. Brown presents the dozens of stories and memories that A. Irving Hallowell recorded from Adam (Samuel) Bigmouth, son of Ochiipwamoshiish (Northern Barred Owl), at Little Grand Rapids in the summers of 1938 and 1940. The stories range widely across the lives of four generations of Anishinaabeg along the Berens River in Manitoba and northwestern Ontario. In an open and wide-ranging conversation, Hallowell discovered that Bigmouth was a vivid storyteller as he talked about the eight decades of his own life and the lives of his father, various relatives, and other persons of the past. Bigmouth related stories about his youth, his intermittent work

for the Hudson's Bay Company, the traditional curing of patients, ancestral memories, encounters with sorcerers, and contests with cannibalistic windigos. The stories also tell of vision-fasting experiences, often fraught gender relations, and hunting and love magic—all in a region not frequented by Indian agents and little visited by missionaries and schoolteachers. With an introduction and rich annotations by Brown, a renowned authority on the Upper Berens Anishinaabeg and Hallowell's ethnography, *Ojibwe Stories from the Upper Berens River* is an outstanding primary source for both First Nations history and the oral literature of Canada's Ojibwe peoples.

Flying Cloud is the riveting and thoroughly researched tale of a truly unforgettable sea voyage during the days of the California gold rush. In 1851, navigator Eleanor Creesy set sail on the maiden voyage of the clipper ship Flying Cloud, traveling from New York to San Francisco in only 89 days. This swift passage set a world record that went unbroken for more than a century. Upon arrival in San Francisco, Flying Cloud became an enduring symbol of a young nation's daring frontier spirit. Illustrated with original maps and charts as well as historical photographs, Shaw's compelling narrative captures the drama of this thrilling adventure. In a position almost unheard of for a woman in the mid-19th century, Eleanor Creesy served as the ship's navigator. With only the sun, planets, and stars to guide her, she brought Flying Cloud safely around Cape Horn at the height of a winter blizzard, faced storms, dodged shoals, and found her way through calms to make the swift passage possible. Along with her husband, Josiah, the ship's captain, she sailed the mighty 3-masted clipper through 16,000 miles of the fiercest, most unpredictable oceans in the world. Shaw vividly recreates 19th-

century seafaring conditions and customs, for both the crew and the passengers who entrusted their fate to an untested ship. Including excerpts from letters and diaries of passengers, Shaw recounts Flying Cloud's victory in the face of adversity—including sabotage, insubordination, and severe damage to the clipper's mainmast that might have sunk her with all hands lost. But the ship triumphed and would ultimately sail the world. Flying Cloud brings to life, for the first time, the glory of one of America's most important seafaring tales and one woman's incredible achievements.

Who am I? This question has defied answer since time immemorial! World famous psychologists and scientists have tried to find an answer to this question without success. In fact, you know me very well. You meet me daily, live with me, work with me, work for me, supervise me, make me work for you; and my mistakes cause disasters, in which you and I perish! You meet me as a father, mother, brother, sister, husband, wife, friend, lover, employer, employee... the list is endless. No venture or activity can ever be accomplished without me. You need me. You cannot get anything done without me. It is I with whom you want a relationship; who creates the greatest love story or heartbreak; makes any undertaking a success or a failure; is the single largest cost item in any company's balance sheet; and matters the most in any activity. Yet, I am least understood and cared! Your inability to understand me leads to most of the organizational and interpersonal problems, even accidents and disasters, in the world today. It is beyond all dispute, that there is an inheritance in light; and it is most strenuously asserted in Holy Scripture that there must be a fitness and suitability for it (Col. 1:12). If anyone asks, "Who shall ascend into the hill of the Lord?" the answer is, "He who has clean hands, and a pure heart" (Psalm 24:4). To describe such a person is the work of this ensuing treatise. Here you have the godly man's portrait, and see him portrayed in his full lineaments
